QualityofLifeSTAT July 17, 2014

# Agenda

- Introduction and Announcements
- Open and Effective Government
- Sustainable Communities
- Public Safety
- Children and Families

# Purpose and Scope

**Purpose:** The Landrieu Administration developed a strategic framework to map out the City's overall direction. The framework links services, programs, strategies, objectives, and goals to the City's mission, values, and vision, and incorporates performance measures to assess performance.

In QualityofLifeSTAT, City leaders and managers review key performance results related to citizens' quality of life. In order to improve results, City leaders and managers review and assess progress achieved, overall trend data, and the likelihood of meeting performance targets. For programs at risk of not meeting targets, leaders and managers identify prospects and tactics for performance improvement, and make adjustments to operational plans as needed. To account to citizens and Councilmembers for the spending of resources provided, QualityofLifeSTAT meetings are open to the public.

**Scope:** QualityofLifeSTAT focuses on Citywide topics that lead to a perception of neglect and are reported frequently to multiple sources (e.g. 311, Councilmembers, department heads, the NOPD, and at community meetings). QualityofLifeSTAT does not focus on performance managed in other STAT programs or initiatives, nor does it include in depth discussions of complaints about specific locations.

***Questions and Comments:** Index cards are available to the public at the sign-in table, which can be used to submit questions and comments or to report specific issues. Throughout the meeting, completed cards will be reviewed. General questions and comments may be discussed by the group and specific issues will be assigned to departments.*

# City Strategic Framework

## Mission

The City of New Orleans delivers excellent service to its citizens with courage, competence and compassion.

## Values

Integrity, Excellence, Transparency, Teamwork, Responsiveness, Innovation, Diversity and Inclusion

## Vision

New Orleans is a model city. We are a unified city. We are a creative city.

## Result Area Goals and Objectives

# Open and Effective Government

**Goal: Ensure sound fiscal management and transparency, promote effective, customer-driven services and foster active citizen engagement in City government.**

Objectives and Strategies	Outcome Measures
<b>Exercise effective management and accountability for the City's physical resources</b> <ol style="list-style-type: none"> <li>Effectively steward the City's financial resources</li> <li><b>Manage the City's information and analyze the City's performance data</b></li> <li>Manage vendor relationships and provide oversight of City contracts</li> <li>Responsibly support the City's capital assets</li> </ol>	<ul style="list-style-type: none"> <li>Bond ratings</li> </ul>
<b>Attract, develop, and retain public servants throughout City government empowered to deliver high-quality customer service</b> <ol style="list-style-type: none"> <li>Cultivate a high-quality City workforce</li> <li>Provide fair and reasonable benefits to City employees and retirees</li> </ol>	<ul style="list-style-type: none"> <li>Rate of employee turnover</li> <li>Percent of employees engaged and satisfied</li> </ul>
<b>Facilitate the legal, administrative, and policy work of governmental bodies serving City residents</b> <ol style="list-style-type: none"> <li>Govern the City with integrity and accountability</li> <li>Defend the City's legal interests</li> <li>Promote civic engagement</li> <li>Facilitate, link, and leverage resources with external organizations</li> </ol>	<ul style="list-style-type: none"> <li>Percent of citizens satisfied with overall government services</li> </ul>

# 311 Roadmap

2014

# Sustainable Communities

**Goal: Support sustainable communities that integrate quality housing, transportation, schools, commercial development, energy efficiency, parks and green space, flood protection and cultural assets.**

Objectives and Strategies	Outcome Measures
<b>Maintain and improve public infrastructure</b> 1. Maintain and improve road surface infrastructure 2. Consistently implement Complete Streets philosophy in streets investments 3. Effectively administer the City's capital improvements program 4. Optimize the City's subsurface drainage infrastructure to ensure resilient neighborhoods	<ul style="list-style-type: none"> <li>Percent of citizens satisfied with condition of streets</li> <li>Mean travel time to work</li> <li>Percentage of workers commuting to work by means other than driving alone</li> <li>Percent of citizens satisfied with drainage/flood control</li> <li>Percent of citizens satisfied with public transportation</li> <li>Percent of citizens satisfied with traffic congestion</li> </ul>
<b>Promote Quality Neighborhoods</b> 1. Reduce blighted properties by 10,000 by the end of 2014 2. Provide effective sanitation services to residents and businesses 3. Protect and preserve parks and other green spaces 4. Regulate land use to support safe, vibrant neighborhoods and preserve historic properties	<ul style="list-style-type: none"> <li>Percent of citizens satisfied with control of abandoned houses</li> <li>Percent of citizens satisfied with parks and recreation</li> <li>Percent of citizens satisfied with control of trash and litter / trash pickup</li> <li>Percent of citizens satisfied with life in New Orleans</li> <li>ParkScore (based on acreage, service and investment, and access)</li> <li>Percent of citizens satisfied with zoning</li> </ul>
<b>Promote energy efficiency and environmental sustainability</b> 1. Restore the City's marshes and coastline 2. Promote green energy and other sustainability measures 3. Remediate brownfields, lead, and other environmental hazards	<ul style="list-style-type: none"> <li>Percent of days with healthy air quality</li> <li>Number of health based drinking water violations</li> <li>Number of certified green buildings</li> <li>Number of land acres in Orleans Parish</li> </ul>

**Responsible Organization:**

 Key measure that  
best indicates whether City  
activities are achieving the  
desired results

## DPW remained on target to reach its annual goal of potholes filled.

2011		2012		2013		2014		
Actual	Target Met?	Actual	Target Met?	Actual	Target Met?	YTD Actual	Annual Target	Status
54,637	●	60,401	●	31,299	●	15,809	20,000	●

**Responsible Organization:**  
Department of Public Works

**Data Source:**  
311

**Definitions:**

*Service Request:* A 311 call requesting the City to perform a specific task.

*Open Request:* A service request that has not been completed.

*Closed Request:* A service request that has been completed.

**Related Strategy:**

Maintain and improve road surface infrastructure

**Notes:**

Expected days to close, developed in 2012: 60-365 days.

While 311 pothole/roadway surface repair reflects maintenance crew and pothole killer activity, the pothole killer requests are not systematically captured at this time.

In rare instances, a 311 service request is reopened after being previously closed. In such cases, this may result in the number of open requests not tying exactly with the number of closed and opened cases.

## The backlog of 311 pothole service requests continued to increase.

## Sewerage and Water Board of New Orleans Meters Read as a Percentage of Total Meters

**Constituency:**  
Customer Ratepayers

**Objective:** Provide  
Accurate Bills

**Goal:** Read 98% or  
more of meters each  
month

**Currently Meeting  
Goal:** Yes

**Process Operating  
Within Control Limits:**  
Yes

**Trend:** Favorable

### Analysis

The purpose of the customer billing and collection processes is to collect revenues from customer accounts that are billed according to the service rules and are based upon accurate metered consumption. Obtaining an accurate reading is the first step in that process. Staff has maintained a reading rate near or above the goal since since April 2010 except for two months affected by Hurricane Isaac.

### Plans for Improvement

Staff is working to reduce the number of estimated and erroneous readings. Also, the Automated Meter Reading pilot project is also intended to reduce the number of estimated and erroneous readings, as well as to reduce the cost of obtaining a validated reading.

Data Table											
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov
2012	98.1%	99.1%	99.3%	99.3%	99.3%	99.3%	98.9%	87.9%	96.2%	99.0%	99.2%

## Sewerage and Water Board of New Orleans Bills Estimated as a Percentage of Total Bills

**EUM Attribute:**  
**Customer Satisfaction**

**Description:** Provides reliable, responsive, and affordable services in line with explicit, customer-accepted service levels. Receives timely customer feedback to maintain responsiveness to customer needs and emergencies.

**Constituency:**  
**Customer Ratepayers**

**Objective:** Provide Accurate  
Bills

**Goal:** Bill Accounts  
With Less Than 2%  
Estimated

**Currently Meeting  
Goal:** Close

**Process Operating  
Within Control Limits:**  
Yes

**Trend:** Close

### Analysis

A bill is estimated if the meter is not read by the designated billing date. Bills are also estimated when a meter is read and the reliability of the reading is doubtful and the account is placed on an exception report. If the reading is not verified by the billing date, the bill will be estimated. Spikes in estimated bills usually occur when the Meter Reading department is unable to read a large section of meters during extreme weather.

### Plans for Improvement

Current plans are focused on obtaining readings for accounts each month and verifying the reliability of each reading. Future plans will focus on advanced metering infrastructure that allows for readings to be obtained automatically several times daily.

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
<b>2012</b>	2.8%	2.5%	2.4%	2.6%	3.9%	2.5%	3.6%	5.1%	18.8%	3.6%	2.7%	2.7%

## Sewerage and Water Board of New Orleans Investigations from High Bill Complaints as a Percentage of Total Bills

**Constituency:**  
**Customer Ratepayers**

**Objective:** Provide  
**Accurate Bills**

**Goal:** Reduce  
percentage over time

**Currently Meeting**  
**Goal: No**

**Process Operating**  
**Within Control Limits:**  
**No**

**Trend: Unfavorable**

### Analysis

Customers request an investigation about their usage when the bill is higher than normal amounts. The higher billed amount may be due to: a leak; one or more estimated readings followed by an actual reading; an erroneous meter reading; or increased water, sewer, or sanitation rates. Before an adjustment can be made, an inspection of the meter and service line must be performed.

### Plans for Improvement

Staff is working to reduce the number of estimated and erroneous readings. Also, the Automated Meter Reading pilot project is also intended to reduce the number of estimated and erroneous readings, as well as to reduce the cost of obtaining a validated reading.

**Limits: Yes**

**Goal: Reduce**  
**Triggers of**  
**Customer Calls**

**Trend: Close**

### Analysis

Customers contact the Sewerage and Water Board to start or end service; to request information about their bill; to report concerns about their water service, sewer connection, street flooding, or solid waste sanitation service; and other matters. The Call Center for emergency repairs is operated continuously, while the Call Center for billing and non-emergency issues is operated from 7 AM to 7 PM. Call volumes can vary significantly month to month.

### Plans for Improvement

Staff is analyzing the events that trigger calls in order to determine methods to reduce the volume. Short term plans for improvement will focus on creating more efficient "scripts" for handling routine call matters. Longer term plans will focus on reducing the overall call volumes with interactive voice response capabilities.

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

## Sewerage and Water Board of New Orleans Calls Abandoned by Customers as a Percentage of Total

**Constituency:**  
Customer Ratepayers

**Objective:** Provide Timely  
Information and Respond  
Promptly to Requests

**Goal:** Respond to calls  
with less than 10%  
abandoned

**Currently Meeting Goal:**  
Yes

**Process Operating  
Within Control Limits:**  
Yes

**Trend:** Favorable

### Analysis

Customers abandon their call after waiting for an amount of time considered inconvenient, which varies from customer to customer. Some portion of the volume of abandoned calls is from customers calling and hanging up on multiple occasions.

### Plans for Improvement

In order to resolve the significant increase in abandoned calls, additional employees have been hired and are being trained. Call rollover time has been reduced from 3 minutes to 20 seconds. Medium term plans for improvement will focus on creating more efficient "scripts" for handling routine call matters. Longer term plans will focus on reducing the overall call volumes with interactive voice response capabilities.

**Trend:** Favorable

### Analysis

Customers abandon their call after waiting for an amount of time considered inconvenient, which varies from customer to customer. Some portion of the volume of abandoned calls is from customers calling and hanging up on multiple occasions. Staff is addressing this issue as a top priority. The telephone system was recently upgraded. Since the upgrade the the Telephone Center has experienced malfunctions. Staff and AT&T are dedicated to correcting these problems.

### Plans for Improvement

In order to resolve the significant increase in abandoned calls, additional employees have been hired and are being trained. Call rollover time has been reduced from 3 minutes to 20 seconds. Medium term plans for improvement will focus on creating more efficient "scripts" for handling routine call matters. Longer term plans will focus on reducing the overall call volumes with interactive voice response capabilities.

**Limits: Yes**

**Goal: Reduce**  
**Number of Service**  
**Requests**

**Trend: Close**

### Analysis

Customers contact the Sewerage and Water Board to request resolution to low water pressure. System pressure can be impaired by power failures at the treatment plants, by water main breaks, and by certain types of repair activities.

### Plans for Improvement

Staff continues to make repairs to the water system to reduce the number of occasions of low pressure.

## Sewerage and Water Board of New Orleans Water and Sewer Receivables 30 to 120 Days Old

**EUM Attribute:**  
**Financial Viability**

**Description:** Establishes and maintains an effective balance  
between long-term debt, asset values, operations and  
maintenance expenditures, and operating revenues

**Constituency:**  
**Customer Ratepayers**

**Objective:** Efficient use of  
resources in providing  
services

**Goal:** None  
established

**Currently Meeting**  
**Goal: Not Applicable**

**Process Operating Within**  
**Control Limits: Yes**

**Trend: Favorable**

### Analysis

Water and sewer accounts receivable that are 30 to 120 days old are handled by internal staff using service disconnection. When those accounts are turned-off and final bills sent, the remaining balances after 30 days are sent to a collection agency. The uncollectable balances for 2007 and 2008 were higher than normal due to accounts that remained open for vacated facilities and were written off in 2011 and 2012, .

### Plans for Improvement

It appears that the higher post-Katrina accounts receivable balances have been resolved through standard collection practices and that annual collection rates now exceed 98% of annual billings. Staff intends to use standard process improvement methods to continue collection practices pending implementation of new billing and collection system.

Data Table												
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
2012	\$ 3.149	\$ 2.973	\$ 2.735	\$ 2.643	\$ 2.583	\$ 2.544	\$ 2.678	\$ 2.966	\$ 3.770	\$ 3.149	\$ 3.104	\$ 3.327
2013	\$ 3.348	\$ 3.243	\$ 3.127	\$ 2.907	\$ 2.748	\$ 2.860	\$ 2.819	\$ 3.031	\$ 3.149	\$ 3.161	\$ 3.258	\$ 3.287

## Sewerage and Water Board of New Orleans Water and Sewer Receivables 120 Days and Older

**EUM Attribute:**  
**Financial Viability**

**Description:** Establishes and maintains an effective balance  
between long-term debt, asset values, operations and maintenance  
expenditures, and operating revenues

**Constituency:**  
**Customer  
Ratepayers**

**Objective:** Efficient use of  
resources in providing services

**Goal:** None established

**Currently Meeting  
Goal:** Not Applicable

**Process Operating  
Within Control Limits:**  
**Yes**

**Trend:** **Favorable**

### Analysis

Water and sewer accounts receivable that are 120 days and older are handled by a collection agency. When those accounts remain uncollected after three years, the balances are written off as part of an annual process. The uncollectable balances for 2007 and 2008, which were written off early in 2011 and 2012, were higher than normal due to accounts that remained open post-Katrina for residences and businesses but were not occupied.

### Plans for Improvement

It appears that the higher post-Katrina accounts receivable balances have been resolved through standard collection practices and that annual collection rates now exceed 98% of annual billings. Staff intends to use standard process improvement methods to continue collection practices pending implementation of new billing and collection system.

# Sustainable Communities

**Goal: Support sustainable communities that integrate quality housing, transportation, schools, commercial development, energy efficiency, parks and green space, flood protection and cultural assets.**

Objectives and Strategies	Outcome Measures
<b>Maintain and improve public infrastructure</b> 1. Maintain and improve road surface infrastructure 2. Consistently implement Complete Streets philosophy in streets investments 3. Effectively administer the City's capital improvements program 4. Optimize the City's subsurface drainage infrastructure to ensure resilient neighborhoods	<ul style="list-style-type: none"> <li>Percent of citizens satisfied with condition of streets</li> <li>Mean travel time to work</li> <li>Percentage of workers commuting to work by means other than driving alone</li> <li>Percent of citizens satisfied with drainage/flood control</li> <li>Percent of citizens satisfied with public transportation</li> <li>Percent of citizens satisfied with traffic congestion</li> </ul>
<b>Promote Quality Neighborhoods</b> 1. Reduce blighted properties by 10,000 by the end of 2014 2. Provide effective sanitation services to residents and businesses 3. Protect and preserve parks and other green spaces 4. Regulate land use to support safe, vibrant neighborhoods and preserve historic properties	<ul style="list-style-type: none"> <li>Percent of citizens satisfied with control of abandoned houses</li> <li>Percent of citizens satisfied with parks and recreation</li> <li>Percent of citizens satisfied with control of trash and litter / trash pickup</li> <li>Percent of citizens satisfied with life in New Orleans</li> <li>ParkScore (based on acreage, service and investment, and access)</li> <li>Percent of citizens satisfied with zoning</li> </ul>
<b>Promote energy efficiency and environmental sustainability</b> 1. Restore the City's marshes and coastline 2. Promote green energy and other sustainability measures 3. Remediate brownfields, lead, and other environmental hazards	<ul style="list-style-type: none"> <li>Percent of days with healthy air quality</li> <li>Number of health based drinking water violations</li> <li>Number of certified green buildings</li> <li>Number of land acres in Orleans Parish</li> </ul>

Department of Sanitation

**Note:**  
Additional inspections performed and summons issued by the District New Orleans Police Department Quality of Life Officers are not included in the totals.

**Related Strategy:**  
Provide effective sanitation services to residents and businesses

## Sanitation completed a moderate number of inspections.

### Action Items

Date	Responsible Parties	Action Item	Due	Status
3/14/2014	D. Macnamara	Research feasibility of utilizing cameras and electronic processing of citations	Ongoing	Once Sanitation Rangers are allowed to issue citations, (per the action item below), Law can move forward with this.
7/1/2014	E. Williams, C. Sylvain-Lear; M. Torri	Draft procedures for review and approval to allow tickets to be issued and administrative hearings conducted for Quality of Life violations.	Ongoing	House Bill 940 was approved and sent to the Governor for signature.
3/20/2014	E. Kerkow; C. Sylvain-Lear; D. MacNamara	Place cameras in spots with frequent illegal dumping	Ongoing	IT infrastructure is sufficient to support this project. Once Sanitation Rangers are allowed to issue citations, (per the action item above), this can move forward.

QualityofLifeSTAT July 17, 2014 51

Sanitation noted that one of their vendors has had issues going into the system to close out “Start Trash Service” requests, but have had no trouble with physically delivering carts to start service.

# Public Safety

**Goal: Ensure the public's safety and serve our citizens with respect and dignity.**

## Objectives and Strategies

### Rebuild citizen confidence in public safety offices

1. Reform NOPD policies and operations
2. Employ proactive policing and positive community engagement
3. Support oversight entities to promote transparency, accountability, and trust

## Outcome Measures

- Citizens reporting feeling safe in their neighborhood (NOCC survey)
- Percent of citizens reporting confidence in NOPD (NOCC survey)

### Ensure safe and secure neighborhoods, and reduce the murder rate

1. Prevent illegal activity
2. Intervene when conflicts occur to resolve them non-violently
3. Enforce the law with integrity
4. Effectively and fairly administer justice
5. Rehabilitate the incarcerated so that they do not recidivate
6. Coordinate the criminal justice system

- Rate of homicide per 100,000 population
- Rate of violent crime per 100,000 population
- Rate of property crime per 100,000 population
- Felony recidivism rates
- Percent of citizens rating police protection fair, good, or very good (UNO Quality of Life Survey)
- Average number of days from case acceptance to disposition by the court
- Number of fatal traffic accidents per 100,000 population

### Prepare for, mitigate, and effectively respond to emergencies

1. Respond to emergencies, including fire and medical, effectively
2. Plan and prepare for disasters

- Fires per 100,000 population
- Fatalities due to fire
- Percent of citizens rating fire protection fair, good, or very good (UNO Quality of Life Survey)
- Cardiac arrest with pulse at delivery to hospital
- Percent of City plans, procedures, and other strategies that are National Incident Management System (NIMS) compliant
