### Capital Budget Request Form

Agency Number	220	Department Name	Chief Administrative Officer
Project Name	NOFD Fire Apparatuses	Department Priority Ranking	1
Project Type	Equipment	Is a Land acquisition needed? (Y/N)	No
Will this project be a permanent immovable improvement?	No	Does the request meet the General Obligation Bond requirement?	Yes
Project Address	317 Decatur	Council District	A
Detailed Summary: Include scope of work, parking requirements, landscaping, etc.	<p>2017 -- The NOFD has continually endeavored to address the adequate replacement of all of its emergency response vehicles. Maintaining vehicles beyond their useful life is a financial hardship on the city's budget. It reduces the reliability of these vehicles to perform critical functions and it impacts the safety of the community, as well as fire personnel. The FD requires a fleet of 23 - pumpers (4 spares), 7- Sqrts (no longer manufactured and will be replaced with 77' Quints), 8 - Ladder Trucks (2 spares) and 3 - Heavy Rescue/Haz Mat Units. Currently, the department is under contract to lease a portion (14) of their fire apparatuses through the year 2015. Most of the remainder of the fleet was purchased after Katrina with PW funding. A balloon payment is required in the final year of the contract, creating a balance of \$1.00. The FD will be purchasing these units due to the fact that this manufacture, American LaFrance (ALF) filed for bankruptcy in 2008 and shut its doors completely on January 17, 2014. The NOFD is having difficulty obtaining warranty repairs and parts for units in their fleet. Renewing the existing lease with ALF is not an option. Due to the length of time to design and manufacture fire apparatuses to serve the needs of the NOFD and the community, negotiations should begin immediately to ensure the fleet remains viable. The FD is requesting the city fund an annual lease payment or purchases the vehicles out right. The NOFD is requesting 0 - Pumpers, 2 - Ladder Truck, 1 - 77' Quint and 1 Rescue for the year 2017</p> <p>2018--The NOFD has continually endeavored to address the adequate replacement of all of its emergency response vehicles. Maintaining vehicles beyond their useful life is a financial hardship on the city's budget. It reduces the reliability of these vehicles to perform critical functions and it impacts the safety of the community, as well as fire personnel. The FD requires a fleet of 23 - pumpers (4 spares), 7- Sqrts (no longer manufactured and will be replaced with 77' Quints), 8 - Ladder Trucks (2 spares) and 3 - Heavy Rescue/Haz Mat Units. Currently, the department is under contract to lease a portion (14) of their fire apparatuses through the year 2015. Most of the remainder of the fleet was purchased after Katrina with PW funding. A balloon payment is required in the final year of the contract, creating a balance of \$1.00. The FD anticipates the replacement of 10% of their fleet a year to keep the city's fire protection vehicles current and operational.</p> <p>This will reduce maintenance cost and increase the functionality of the department.</p> <p>Funding for purchases or a new lease is requested. From information gathered, the NOFD would like to establish an Emergency Vehicle Replacement Program. Emergency Vehicle Life Expectancies have been established as followed: Pumpers -- 10 years front line service and 5 years reserve. Ladder Trucks -- 12 years front line service and 5 years spare. Heavy Rescue -- 10 years front line service and 5 years spare. Hose Tender, Water Tenders &amp; Salvage Units -- 20 Years front line service -- 5 years spare. Current 2015 Emergency Vehicle Cost: Pumper --</p>		
Five Year Summary	<p>The FD anticipates the replacement of 10% of their fleet a year to keep the city's fire protection vehicles current and operational.</p> <p>This will reduce maintenance cost and increase the functionality of the department.</p> <p>Funding for purchases or a new lease is requested. Has an Architect or Engineer prepared drawings for this project?		If Yes please explain how this was funded and current status	
Will this project increase your department's current operating expenses? (i.e. require additional staff, maintenance, utilities)		Please provide estimate of increase or decrease operating costs.	
Estimated Cost of Project: (Include Design, Construction, Testing, Contingency, etc.)	\$13,425,000.00	Proposed Funding Source	Bond Funds
Does this project fall in line with the current zoning requirements	Yes	If no please list required change	

<p>Please discuss how the project conforms to objectives and recommendations of the Master Plan?</p>	<p>The Fire Department plans to implement a replacement program for their apparatuses are in direct alignment with the goals described in their Master Plan. By updating their fleet in a timely manner, service capability will improve. The FD foresees the advancement of the public safety goals and objectives, continued support and expansion of community based public safety programs and our ability to strengthen respond to emergencies by having modern vehicles from which they can operate.</p>												
<p>Does the project improve runoff water quality or reduce the impacts of flooding? If yes, please explain how this is achieved, describing the area that is impacted. If no, please describe any negative impacts and the area impacted.</p>													
<p>What Benefit(s) will be provided to Public from this project?</p>		<p>For what year are you requesting the Project? 2017, 2018, 2019, 2020 or 2021? Enter:</p> <table border="1"> <tr> <td>2017</td> <td>\$2,975,000.00</td> </tr> <tr> <td>2018</td> <td>\$3,650,000.00</td> </tr> <tr> <td>2019</td> <td>\$2,975,000.00</td> </tr> <tr> <td>2020</td> <td>\$2,250,000.00</td> </tr> <tr> <td>2021</td> <td>\$1,575,000.00</td> </tr> </table>	2017	\$2,975,000.00	2018	\$3,650,000.00	2019	\$2,975,000.00	2020	\$2,250,000.00	2021	\$1,575,000.00

### Capital Budget Request Form

Agency Number	220	Department Name	Chief Administrative Officer
Project Name	Wall Street Fuel Canopy	Department Priority Ranking	3
Project Type	New Construction	Is a Land acquisition needed? (Y/N)	No
Will this project be a permanent Immovable Improvement?	Yes	Does the request meet the General Obligation Bond requirement?	Yes
Project Address	2341 Wall Street	Council District	C
Detailed Summary. Include Scope of work, parking requirements, landscaping, etc.	New 30' X 50', lighted, metal canopy for the Wall Street fuel facility. Currently protection from the elements are not provided at this location.		
Five Year Summary	N/A		
Has an Architect or Engineer prepared drawings for this project?	No	If Yes please explain how this was funded and current status	
Will this project increase your department's current operating expenses? (i.e. require additional staff, maintenance, utilities)	No	Please provide estimate of increase or decrease operating costs.	
Estimated Cost of Project: (include Design, Construction, Testing, Contingency, etc.)	\$180,000	Proposed Funding Source	Bond Funds
Does this project fall in line with the current Zoning requirements	Yes	If no please list required change	
Please discuss how the project conforms to objectives and recommendations of the Master Plan:			
Does the project improve runoff water quality or reduce the impacts of flooding? If yes, please explain how this is achieved, describing the area that is impacted. If no, please describe any negative impacts, and the area impacted.			
What Benefit(s) will be provided to Public from this project?	This project provides security and protection for employees while fueling City vehicles.	For what year are you requesting the Project? 2017, 2018, 2019, 2020 or 2021? Enter amount:	
		2017	
		2018	\$20,000
		2019	\$160,000
		2020	
	2021		
Is the surrounding infrastructure (i.e. utilities, road network) sufficient to support the intended use of the project?	Yes	If no please discuss required improvements and estimated costs
