

## CITY OF NEW ORLEANS

ReqtoCheckSTAT

Reporting Period: Quarter 2, 2014

#### Context

In order to deliver critical services for its citizens—such as constructing roads, rehabilitating homes, or picking up trash—the City often engages with private companies with specialized expertise. Because these and other services are so critical, Mayor Landrieu has made it a priority for vendors to be selected fairly, for contracts to be negotiated expeditiously and in the best interests of New Orleanians, and for vendors to be paid in a timely manner.

#### What is RegtoCheckStat?

In order to improve the performance, accountability, and transparency of the City's contracting system, Mayor Landrieu asked the Office of Performance and Accountability to design a performance management program for the entire process of contracting out services—from the requisition of budgeted funds to the issuance of check for services rendered. The result is ReqtoCheckStat, a performance management system where key City officials review data to assess how the City is meetings its goals and to hold departments accountable for their results. RegtoCheckStat, which takes place monthly, are working meetings, intended to provoke constructive dialogue on what is working, what is not, and what the City needs to do to improve.

#### Can I participate?

This meetings are open to the public. Members of the public are invited to submit questions, which will be addressed by City officials.

## City Strategic Framework

#### Mission

The City of New Orleans delivers excellent service to its citizens with courage, competence and compassion.

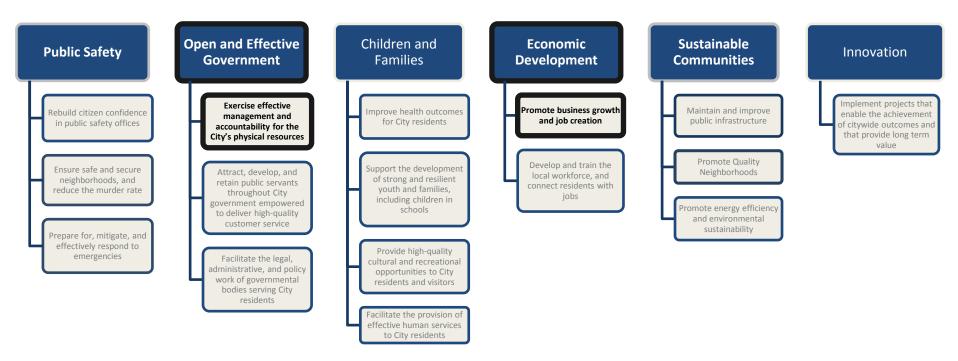

#### **Values**

Integrity, Excellence, Transparency, Teamwork, Responsiveness, Innovation, Diversity and Inclusion

#### Vision

New Orleans is a model city. We are a unified city. We are a creative city.

### **Result Area Goals and Objectives**

## **Open and Effective Government**

Goal: Ensure sound fiscal management and transparency, promote effective, customer-driven services and foster active citizen engagement in City government.

Objectives and Strategies		Outcome Measures				
Exe	rcise effective management and accountability for the City's	•	Bond ratings			
phy	sical resources					
1.	Effectively steward the City's financial resources					
2.	Manage the City's information and analyze the City's					
	performance data					
3.	Manage vendor relationships and provide oversight of City					
	contracts					
4.	Responsibly support the City's capital assets					
Attr	ract, develop, and retain public servants throughout City	•	Rate of employee turnover			
gov	ernment empowered to deliver high-quality customer service	•	Percent of employees engaged and satisfied			
1.	Cultivate a high-quality City workforce					
2.	Provide fair and reasonable benefits to City employees and					
	retirees					
Faci	ilitate the legal, administrative, and policy work of governmental	•	Percent of citizens satisfied with overall government services			
bod	lies serving City residents					
1.	Govern the City with integrity and accountability					
2.	Defend the City's legal interests					
3.	Promote civic engagement					
4.	Facilitate, link, and leverage resources with external					
	organizations					

## Procurement Process Overview\*

#### Requisition

#### Procurement / DBE

# Contract Creation and Routing

#### Contract Processing and Approval

#### **Payment**

- Department identifies need, and creates a requisition
- Requisition to use budgeted funds is approved by different offices
- Approved requisition is reviewed by the Bureau of Purchasing
- Requisition is converted to Purchase Order (PO), Bid or Request for Proposal (RFP), depending upon scope of work and dollar amount
- Department routes contract materials through the system in order to obtain a contract
  - Contract is reviewed for form, legality by Law Department
    - CAO, City Attorney, Executive Counsel, Mayor/ Council review and approve contract
- Department reviews invoice and submits payment voucher to Accounts Payable (AP) to process payment
- Accounts Payable processes requests and makes payment

#### **Responsible Organization:**

Office of Information Technology & Information (ITI)

#### **Data Source:**

ITI

#### **Related Strategy:**

Manage the City's information and analyze the City's data.

#### **Definitions:**

Severity 1 Outage: The complete loss of a core organizational or business tool/infrastructure that does not allow work to reasonably continue.

### Great Plains experienced one outage for half a day in May.

		Convene meetings with departments to		
Norman Foster, Vic		discuss challenges with making payments		Finance and OPA held 8 meetings. Several
Spencer, and Oliver	Payment	on time, as well as to generate best	<u>Open</u>	chronic issues were discussed, each with
Wise		practices for driving departmental		potential solutions proposed.
		improvements.		

### Summary of Findings from Payment Processing Meetings

- Issue: Invoices often delivered from vendor directly to Accounts Payable, resulting delays in the correct department receiving their invoice.
  - Proposed Solution: Add an additional line on the Buyspeed delivery address that identifies the department an invoice should be delivered to.
- Issues: Departments sometimes hold invoices because they don't have the funds to pay for them. / Some purchases
   such as those related to vehicle repair are reactionary, as the final price is not always known, resulting in payments made well after work began.
  - Proposed Solution: Departments should use blanket purchase orders to encumber funds for vendors with a large amount of purchases throughout the year (i.e. sanitation, vehicle repair vendors).
- Issue: Departments often receive invoices well after the invoice date, making timely payments seem late.
  - Proposed Solutions:
    - Prompt vendors to re-issue invoices with a more current date when they are not sent to a department until well after the original invoice date.
    - Departments should consider using date stamps to show the date an invoice was actually received by the department.
    - Insert clauses into certain contracts requiring vendors to send invoices within a certain time frame.
- Issue: Staff changes at a vendor renders some vendors' contact information outdated when a departing staff member was the direct contact in BuySpeed.
  - Proposed Solution: Prompt vendors to provide a general email address and/or phone number that won't need to be modified in the event of a staff change.
- Miscellaneous Solutions:
  - Law Department will centralize the delivery of invoices to ensure they know how many invoices are outstanding at all times.
  - Code Enforcement will hire an accountant to process their invoices; Finance will consider opening a fund to specifically pay Code Enforcement's Clerk of Civil District Court fees.
  - Consider processing NOFD fire inspection charges outside of BuySpeed.
  - RegtoCheck reporting
    - Consider excluding travel authorizations from ReqtoCheck payment data.
    - Consider incorporating stamp dates into future ReqtoCheck analyses.

Procurement / DBE **Contract Creation and Routing Contract Processing and Approval** Requisition **Payment** 

#### **Responsible Organizations:**

Every department making capital or grant payments during a given month

#### Data Source:

**Accounts Payable** 

#### **Related Strategy:**

Manage vendor relationships and provide oversight of City contracts

#### Note:

Asterisks denote that a department made a small number of payments during this period.

"Other Departments" denote those with less than 3 capital payments per month.

Each "payment" represents one check, which may constitute more than one invoice, in the case of multiple invoices being sent to a particular vendor by a particular department.

April – June 2014 was analyzed from a sample of 556 Great Plains payments.

OCD data adjusted from previous reports to reflect disaggregation of Code Enforcement invoices; Capital Projects and Public Works data adjusted from previous reports to reflect disaggregation of Property Management invoices.

## The percent of late capital and grant payments in March was lower than the rest of the year, though higher than in 2013 and 2012.

#### Sample of Capital and Grants Payments Vouched for Quarter 2

### **Evaluation Form**

Are you a city employee or a member of the public?

On a scale 1-5, how useful was this meeting to you (1= least useful and 5= most useful)?

What's working?

What's not working?
