The 4th annual City of New Orleans and Louisiana Mosquito Control Association Mosquito Academy will be held in New Orleans April 19-21, 2016. This three day Academy will offer comprehensive and in-depth information in all areas of mosquito biology and control. The Academy will place emphasis on field training and mosquito identification. In order to provide hands-on training, the class size is limited to 30 registrants. The Academy will be beneficial for experienced professionals as well as newcomers to the industry. This Academy will include presentations by mosquito control professionals and university experts.

Academy Topics Include:

- Mosquito biology
- Identification
- Integrated pest management
- Larvaciding and adulticiding
- Rate calculation
- Surveillance
- Resistance monitoring
- Biological control
- The label
- Rules and regulations
- Ethics and professionalism
- Arboviruses
- Emerging diseases
- History of mosquito control in Louisiana
- Rodent control and biology
- Certification exam available (8A-D)
