

NEW ORLEANS POLICE DEPARTMENT
2022 COMMUNITY POLICING AND ENGAGEMENT ANNUAL REPORT

NOPD agrees to prepare a publicly available report on a quarterly basis detailing its community policing efforts in each District, including developing community partnerships and participation in public meetings, and its problem-solving activities, including specific problems addressed and steps taken by NOPD and the community toward their resolution. This report also shall identify obstacles faced and recommendations for future improvement. Annually, NOPD agrees to issue a publicly available report that summarizes these problem-solving strategies and community policing activities for the entire year. [Consent Decree ¶228]

The purpose of this report is to assess the effectiveness of NOPD’s community partnership and problem-solving strategies in accordance with Consent Decree ¶ 228.

Policy Statement¹

The New Orleans Police Department (NOPD) shall promote and strengthen community partnerships, work constructively with the community, ensure collaborative problem solving, ensure ethical and bias-free policing, and work to increase community confidence in the Department.

The New Orleans Police Department will effectively engage the community in collaborative problem solving. NOPD will partner with residents and stakeholders to identify and solve problems that contribute to crime, fear of crime, and quality of life problems in communities. The Department is committed to proactively solving problems as well as reacting to their harmful consequences.

The mission of the New Orleans Police Department is to provide professional police services to the public to prevent crime, maintain order and protect life and property. NOPD is committed to the philosophy and practice of community problem-oriented policing to inform organizational decisions, shape policies, identify training needs, and prioritize crime fighting by engaging each neighborhood and community organization in collaborative problem-solving partnerships. Community problem-oriented policing, and community policing and engagement are critical methods toward achieving NOPD's mission.

The New Orleans Police Department will collaborate with community stakeholders and partners on policing and engagement efforts. The Department encourages its members to develop problem solving partnerships with community residents.

NOPD recognizes that it serves many diverse communities. Communities arise not only from shared geography but also social ties, common perspectives, and shared circumstances (for example, the LGBTQ+ or Limited English Proficiency (LEP) community). NOPD shall seek to engage all communities in its community policing and engagement efforts.

NOPD's recruitment efforts shall focus on hiring officers who can build relationships and work collaboratively with all communities.

This Chapter operates in tandem with many programs and policies focused on properly serving and collaborating with a variety of communities, including but not limited to **Chapter 41.13 – Bias-Free Policing, Chapter 41.13.1 – Interactions with LGBTQ Persons, and Chapter 55.4 – Limited-English Proficiency Services.**

The Department sets forth its community policing vision in its **Community Policing and Engagement Manual**². The Department shall review the Manual annually and update the manual as necessary.

² NOPD Community Policing Manual revised July 2021 can be found at: <https://nola.gov/getattachment/NOPD/Policies/Community-Engagement-Manual-2021.pdf/?lang=en-US>

Definitions³

Community Engagement—Activities that foster positive interactions between citizens and officers, employ community policing ideals, create opportunities for constructive exchanges, and foster substantive collaboration with the community, while enhancing trust and legitimacy.

Community Liaison Officer (CLO)—A member of the NOPD who is responsible for facilitating communication between the community and their assigned police district. A CLO's primary function is to focus on problem orientated policing and resolution in the communities they serve, specifically to address community quality of life issues and build trusting relationships between the NOPD, District, officers and the residents and stakeholders in each police district.

Community Policing—A philosophy and operational strategy that promotes organizational practices that support the systematic use of partnerships and problem-solving techniques to work with the community to address the immediate conditions that give rise to public-safety issues such as crime, social disorder, and fear of crime.

Community Policing Forms (CPF)—The document used by the NOPD to record and track Community Policing and Engagement activities, such as events, meetings, quality of life concerns, problem-solving initiatives and actions, and updates to District Community Policing Plans. Forms are completed by the officers engaged or responsible for the resolution of the issues.

Community Policing Plan—A district-specific blueprint of collaborative partnerships with the community. The Community Policing Plan will address the unique needs of the communities serviced in each District. Each district's Captain is responsible for plan development.

Community Policing Signals—Community policing signals allow the Department to document specific tasks for proactive and community policing. The signals are Area Check, Business Check, Directed Patrol, Residence Check, Quality of Life, and Walking Beats. When dispatched on community policing signals, officers will employ procedural justice techniques.

- **Area Check**—Officers will utilize the area check signal when patrolling an area within the District that has been pre-determined as an important area either by the community or the Department.
- **Business Check**—Officers will utilize the business check signal to engage occupants at a business within the District.
- **Directed Patrol**—Officers will utilize the directed patrol signal to execute a focused collaborative problem-solving, departmental problem-solving, or community policing and engagement in the targeted area.
- **Residence Check**—Officers will utilize the residence check signal when the officers physically exit the patrol car and engage occupants at a specific residence absent a call for-service.
- **Quality of Life**—Officers will utilize the quality-of-life signal when responding to any type of quality-of-life problem.

³ NOPD Chapter 10.0: Community Policing and Engagement

- **Walking Beat**—Officers will utilize the walking beat signal while executing a defined and assigned walking beat.

New Orleans Neighborhood Police Anti-Crime Council (NONPACC)—NONPACC is a partnership amongst the community, district captains, and officers to create conversations, identify problems, and devise solutions. Members of the public voice their concerns directly to the District Captain during face-to-face meetings.

Police Community Advisory Board (PCAB)—A board consisting of five to seven citizen volunteers from their respective police districts. PCAB members serve a two-year term and meet quarterly to address community issues. The City’s Office of Neighborhood Engagement coordinates the application and selection process for PCAB volunteers. The Superintendent has final approval on the selection of members to serve on PCABs.

Problem—A situation that concerns, causes, or carries the potential to cause harm to citizens, not just the police. A problem generally involves a situation of substantial community concern, or repeated incidents occurring in a community with related characteristics (time, place, behavior, victim(s), offender(s)) that concern the community.

Problem-Oriented Policing—A proactive problem-solving approach that uses the SARA model to focus on proactive solutions, specific crime problems and achieving crime and fear reduction results. The problems should be those that the community recognizes as important.

Procedural Justice—Procedural justice refers to the idea of fairness in the processes that resolve disputes and allocate resources and specifically how the characteristics of police community interactions shape the public’s trust of the police. Procedural justice speaks to four principles, often referred to as the four pillars:

- (a) Fairness in the processes
- (b) Transparency in actions
- (c) Opportunities for voice
- (d) Impartiality in decision making

Scanning, Analysis, Response, Assessment (SARA) Model—An approach wherein the community and the department work together to scan for problems, analyze information, respond through implemented strategies, and assess the effectiveness of implemented strategies.

Community Engagement Section Overview

The Community Engagement Section is comprised of several sub-sections to meet the needs of the entire New Orleans Community. Those sections include but are not limited to, Community Liaison Officer, School Resource Officers, Police Athletic League, Language Access Coordinator, NONPACC/APACC, LGBTQ Liaisons, Police Community Advisory Board, Victim/Witness Assistance Program.

The New Orleans Police Department is committed to ensuring the philosophy of Community Engagement and Community Policing is embedded in every aspect of policing. Through the areas of Community Engagement, the New Orleans Police Department meet directly with Community members, to listen to and address their concerns, with the assistance of community partners and other city agencies.

The New Orleans Police Department is committed to continuing the Community Engagement and Community Policing Philosophy to improve the quality of life for all residents.

During 2022, the Professional Standards and Accountability Section (PSAB) issued Department Training Bulletins (DTBs) each quarter to refresh employees on policies, procedures, trainings, and basic concepts of the Department's Community Engagement and Policing Philosophy and Bias Free matters. The DTBs and timeframes were as follows, February and July covered Limited English Proficiency, including the usage of language interpretation services and translations, and June and November covered Community Engagement and Bias Free, including matters regarding Stops and Searches of the individuals based on gender identity.

Department Community Engagement and Policing Activities

In 2022, the New Orleans Police Department hosted and attended many events during the year. These events are separate from the various events hosted and/or attended by each police district and/or specialty division/unit. Events hosted by the Department are publicized and advertised via social media and news media outlets in order to reach the entire city and surrounding areas, including flyers which are translated into Spanish and Vietnamese for the LEP Community.

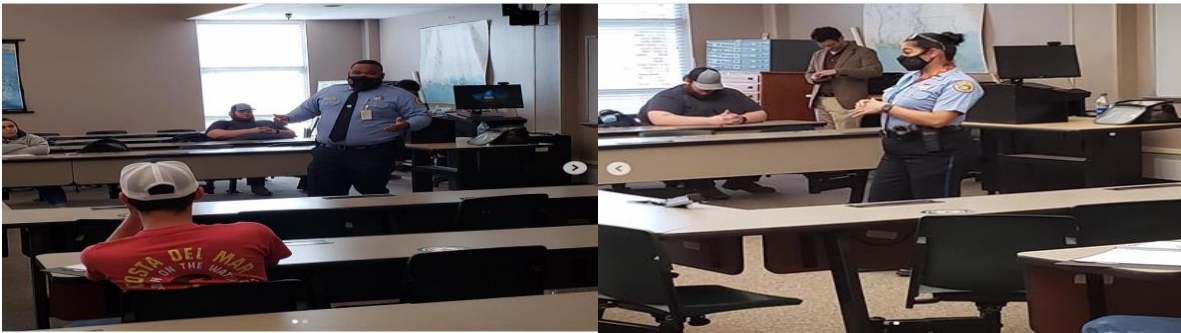

A list of all 2022 Community Engagement Events and a summary of the event:

- On February 5, 2022. Officer Jerry Baldwin and Sgt. Shannon Jones-Brewer spoke with our youth about NOPD PAL and mentoring. The students had an opportunity to ask questions about Community Policing and Recruitment.

- **Community Engagement at Southeastern University**

On February 21, 2022, the Community Engagement Section met with the Criminal Justice Program at Southeastern University to speak about the NOPD Community Engagement and Community Outreach across the city. The students learned firsthand, about the organization transformation of the NOPD in adopting the Community Engagement and Community Policing Philosophy. Officer Baldwin provided information on PAL and Officer Guzman provided information on Language Access.

- **Crane Rehab**

On Thursday, March 24, 2023, The Community Engagement Section met with the staff at Crane Rehab center. The Community Engagement Section provided a Business Evaluation for Crane Rehab including suggestions for parking, lighting, personal safety tips for staff and patients. Staff was provided information on additional patrols methods implemented by the department and how community policing and community engagement can assist with keeping them safe.

- **Conquering Dreams Mentor Program**

On June 4, 2022, the “Conquering Dreams/ Zulu Basketball Camp” took place on Saturday, June 4, 2022, at the Xavier Convocation Center. The event was a huge success. The organizers were ecstatic and supportive of NOPD’s participation in the event. Community Engagement Section Manager Sgt. Shannon Jones-Brewer spoke at one of the breakout sessions.

- **Men of Power Community Walk Against Violence**

On June 18, 2022, The New Orleans Police Department partnered with On Saturday, June 18, 2022, the New Orleans Police Department was invited to participate in the ‘Men Of Power Community Peace Walk’, which was led by Pastor Brandon M. Boutin of United Fellowship Full Gospel Church. Superintendent Ferguson, Chief Deputy Superintendent Goodly, and members of the New Orleans Police Department walked side by side with the community to help bring awareness to violent crime throughout the city of New Orleans.

- **Citizens Police Academy**

On August 13, 2022, the New Orleans Police Department launched its first Citizens Police Academy since 2019. This is a great opportunity for residents of New Orleans to meet and hear from our Criminal Justice Partners, while participating in hands-on learning experiences with fun

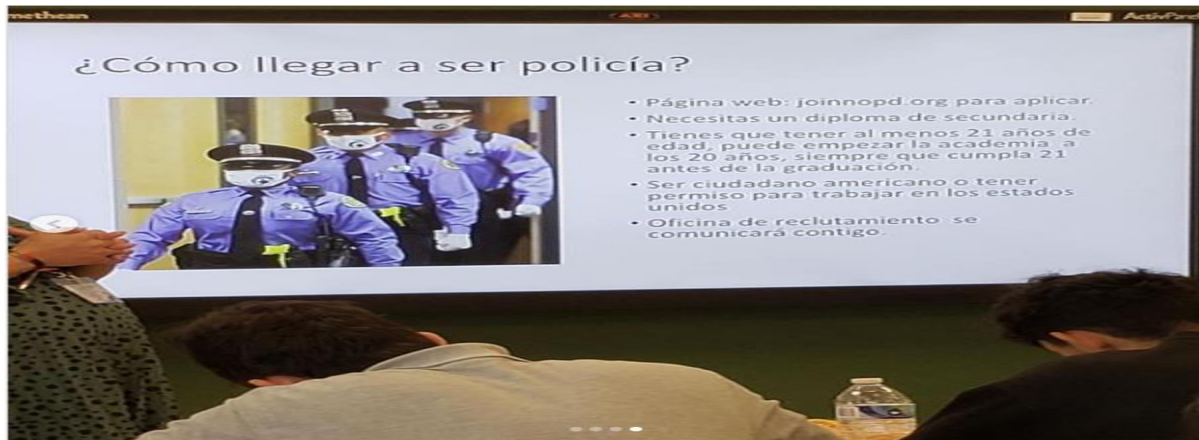

interactive learning tools. Participants will learn about Community Policing, Patrol Duties, new technology used by the NOPD, Crime Lab and much more. The Citizens Police Academy is a seven-week program at various NOPD facilities.

- **Hispanic Heritage Month**

On September 28, 2022, the New Orleans Police Department Community Engagement Section partnered with Las Sierras Academy at Carver High School to provide the NOPD Community Engagement and Community Policing Philosophy in Spanish. With the assistance of Officer Leslie Guzman and Detective Mario Bravo, students experienced a hands-on learning of how the NOPD responds to calls for service using the Smart Phone Service (VOIANCE).

- **Night Out Against Crime**

On October 4, 2022, The New Orleans Police Department participated in the 39th Annual ‘Night Out Against Crime. Community Leaders, Criminal Justice Partners, Citizens and stakeholders all came out to engage with one another to discuss crime prevention solutions. NOPD and local community partners came out to enjoy a night of music, games, food and community engagement.

- **Faith and Blue**

On October 22-23, 2022, the New Orleans Police Department in partnership with the National Faith and Blue Organization and participated in National Faith and Blue Weekend. With a Peace walk and Community Church Service, the NOPD partnered with New Home Ministries and pastor Jamal Weathersby to engage with faith-based organizations. The Faith and Blue Philosophy is Building Bridges to more inclusive communities. This initiative can reinforcement of connections between law enforcement professionals and the communities they serve through the reach of houses of worship.

- **Student Pledge Against Gun Violence**

On October 26, 2022, The New Orleans Police Department and the Eastern District of Louisiana U.S. Attorney’s Office, participated in the Student Pledge Against Gun Violence. Students from M.L.K. Charter School and Booker T. Washington High School. There were 500 students in attendance with the program. The students had an opportunity to hear about the NOPD Community Engagement Philosophy and Community Policing initiatives which include the School Resource Officers. This was an opportunity for students to use their collective voices in the community and reduce gun violence.

- **Raintree Group Home**

On December 13, 2022, the New Orleans Police Department in partnership with Raintree Services for Youth, provided mentorship to participants at Raintree Group Home. The participants met with NOPD Community Engagement team to discuss the department efforts to reduce violence, Sex Trafficking, and Domestic Violence. Most of the residents at Raintree Group Home have experienced some form of abuse or have been a runaway. The participants had an open discussion on solutions to improve police relations with youth in the community.

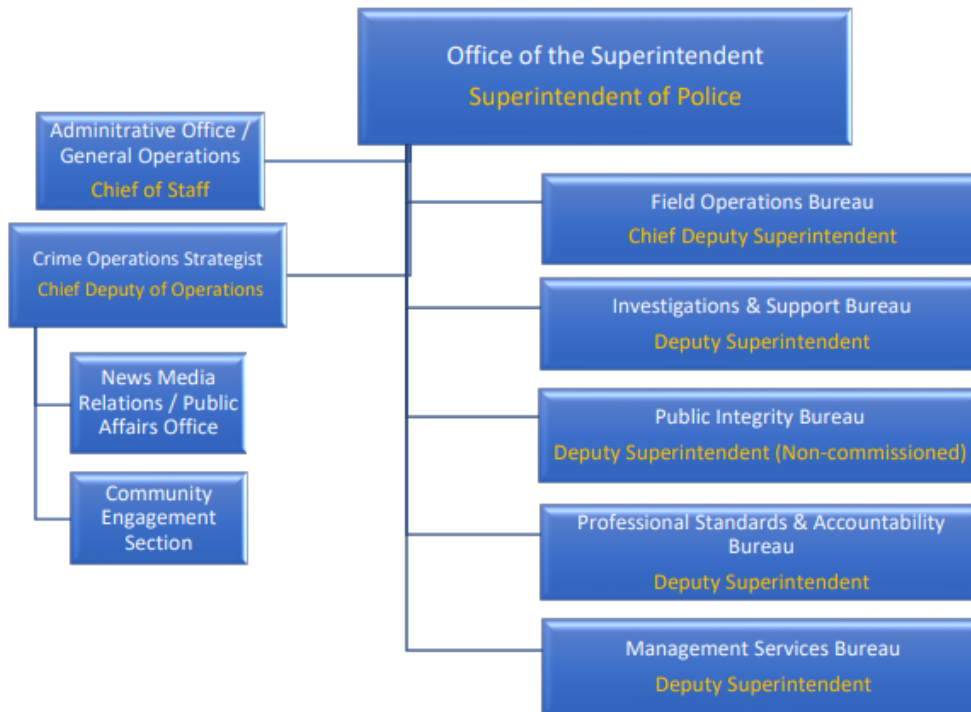

- On December 21, 2022, The New Orleans Police Department, in partnership with the New Orleans Recreation Department, participated in Holiday at the Park. Students from various schools participated in a group discussion centered around Community Engagement and Community Policing at Joe Brown Recreation Center. Students were able to give input on the NOPD and its progress in engaging with Youth in the Community. Students received a free haircut, refreshments and played basketball with our NOPD Basketball Team.

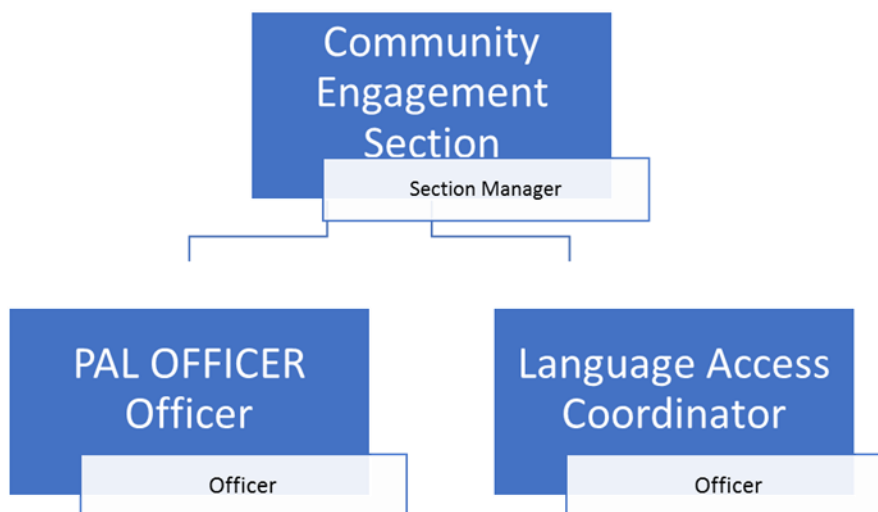

Below is the organizational chart for the New Orleans Police Department and the illustration of the Community Engagement Section hierarchy.

New Orleans Police Department

Office of the Superintendent

The below chart demonstrates the structure of the Community Engagement Section.

Police Community Advisory Board (PCAB) Overview

In 2022, due to some residents resigning or moving out of the district, the Office of Neighborhood Engagement opened the application process for new members in February 2022. Once the application process closed, PSAB and the Office of Community Engagement, with Superintendent Ferguson, held a virtual “Chat with the Chief” to discuss the importance of District PCABs and NOPD’s commitment to collaborating with the boards and board members. The Office of Neighborhood Engagement held an in-person training in June 2022 for all new members. To further enhance the process, the office of Community Engagement held a follow up workshop to allow all PCAB members to meet with their district Captains and Community Liaison Officers at the Education and Training Academy to discuss community concerns, re-iterate the requirements set in the PCAB Manual for both parties, and get to meet additional City and NOPD personnel.

All 8 (eight) district PCABs were able to host a meeting in 2022, however, only 4 (four) district PCABs submitted recommendations. At the conclusion of 2022, all 8 (eight) police districts remained committed to the process and continued working with PCAB. Although some PCAB members resigned or moved out of their districts, meetings continued to commence.

There are currently active PCABs in all districts, with the exception of the 7th District. All districts were able to meet and have robust discussion on Community needs.

The recommendation submitted by the 1st District which included a Gun Safety PSA, media support for Gun Safety through Crime Stoppers, City Council support for Gun Safety, and residents being informed at community meetings to safely store their weapons. Based in the process of data collection (all gun thefts are combined including from residence, vehicle or vehicle theft) there is no way to determine if the recommendation and the implementation of the department strategies put in place, had an impact on crime reduction. All government entities worked together to support this initiative.

The Community Engagement Section Manager and the Office of Neighborhood Engagement will continue to work diligently to build and strengthen the Police Community Advisory Boards with continuous meetings, follow-up with members and support through participation in community initiatives. The New Orleans Police Department has remained fully committed to working with and including input from community members in our policing strategies.

The Community Engagement Review Procedures require the following to determine compliance with the PCAB Meeting and Recommendation requirements:

PCAB Meetings & Recommendations Review: Checklist⁴

PCAB Meeting Attendance—Did the District Captain, or District Lieutenant, attend a scheduled PCAB meeting? [Y/N/NA]

PCAB Recommendation Timeliness—Did the District Captain accept or reject the recommendation within 20 business days? [Y/N/NA]

NOPD Response – Did the District Captain explain the reason for a rejection? [Y/N/NA]

Course of Action –Did the NOPD District Captain document the next course of action for any recommendation that is adopted?

⁴ A response of “N/A” will be given for applicable answers when a PCAB meeting did not occur or there weren’t enough members in attendance to vote on recommendations for the districts as stated in the [PCAB Manual](#).

The below chart illustrates the assessment of PCAB recommendations and NOPD District Responses for the fourth quarter of 2022:

PCAB Meeting Review Checklist								
District:	1	2	3	4	5	6	7	8
Meeting Attendance	Y	N/A	Y	Y	N/A	Y	N	Y
Timely Acceptance/Rejection	Y	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Recommendation Response	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Follow-up Course of Action	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A

During the 4th Quarter, the NOPD 1st District submitted a recommendation for a PSA for Gun Safety. No other districts submitted recommendations during that period. The Fifth District did not have meetings due to open board positions. The second district board is currently working on a survey to gather community participation and concerns. No meetings were held during that time period.

Limited English Proficiency Services (LEP)

In 2022, NOPD received **987** LEP calls according to the Computer Aided Dispatch (CAD) data through Orleans Parish Communications District (OPCD). Of those calls, 220 LEP incidents received interpretation from an NOPD Authorized Interpreter (NOPDAI). The NOPD maintained 32 NOPDAIs; 30 Spanish speaking interpreters and 2 Vietnamese speaking interpreters.

The Department has a contract with VOIANCE, a third-party company, to complete document translations for the LEP community. Currently the Department has 35 documents and forms that have been translated into Spanish and Vietnamese for individuals needing these resources.

Below illustrates the number of LEP calls based on the CAD report for the fourth quarter. Of the fourth quarter's data involving LEP calls, **100** resulted in positive dispositions where some action or report was taken, **63** involved calls where subjects were gone when officers arrived, and **16** were duplicates or voided in the CAD system.

	Report to	Necessary	Gone on			
Month 2022	follow	Action Taken	Arrival	Duplicate	Void	Total
October	31	11	15	2	2	61
November	25	10	23	3	2	63
Decmber	16	7	25	6	1	55
Grand Total	72	28	63	11	5	179

A complete assessment of the LEP Services and incidents can be found in the 2022 Limited English Proficiency Services Annual Report.⁵

Police Activity/Athletic League (PAL)

The PAL Coordinator, Officer Baldwin, continues to make strides in engagement and building meaningful relationships for the Department. In the fourth quarter 2022, Officer Baldwin partnered with the Special Olympics, Warren Easton High School, and the Domestic Violence Unit to engage the community on different levels of support and awareness. Officer Baldwin notes that PAL, although used to target youth engagement for the Department, will use its platform to remain consistent and connected to the citizens of New Orleans of all ages and backgrounds. Officer Baldwin also uses his assignment as the PAL Coordinator as a recruitment and career mentorship initiative for those interested in becoming a member of the NOPD in various assignments. Below is the list of the PAL events for the fourth quarter:

10/16/22 - Special Olympics "Ghost Bowl". NOPD Officers participated in a bowling tournament with members of the New Orleans Metro Area Special Olympics. The teams consisted of 5 officers and one special Olympic athlete.

10/21/22 - NOPD Special Victims Division 'Walk A Mile In Her Shoes' Domestic Violence Awareness -A Walk In Her Shoe event at Joe Brown Park. The Special Victims Division Domestic Violence Unit partnered, with the Seventh District Investigative Unit and PAL Officer Jerry Baldwin for this event. The event included officers completing a short walk wearing high heels in support of Domestic Violence Awareness Month.

10/28/22 - Walgreens Halloween Candy Giveaway PAL Officer Jerry Baldwin spearheaded the collection of Halloween Candy for the New Orleans Police Department to pass out to the community. Each District and specialized unit received candy to include in their Halloween events.

11/12/22 - NOBLE (National Organization of Black Law Enforcement Executives) Faith & Blue community engagement project. Officers and volunteers painted the residence of a citizen in need.

11/18/22 - Warren Easton "Connecting with Students" On Thursday, 11/18/22, Ms. Faith Butler, Sergeant Willie Jenkins, and Officer Jerry Baldwin met with the students at Warren Easton High School to discuss community involvement and the career opportunities at the New Orleans Police Department. The students interviewed the participants for their individual class project on their future career paths.

11/26/22 - Special Olympics Unified Flag Football Game. On Saturday, November 26, 2022, Superintendent Shaun D. Ferguson kicks off the Bayou Classic Festivities by tossing the coin for the Special Olympics Unified Flag Football Game. The teams were attired in Grambling State University and Southern University football uniforms.

⁵ <https://nola.gov/nopd/nopd-consent-decree/>

LGBTQ+ Liaison Unit

Throughout the year of 2022, the LGBTQ+ Liaison Unit have continued to build and maintain relationships in the LGBTQ+ Community as well as with government and private agencies. The Unit has worked to create diverse initiatives in the community and make the NOPD's presence an on-going effort at most events they are able to attend. And most importantly being an advocate and voice for those in the community of victims of crimes or police misconduct. The Unit ensures all aspect of the investigations are handled with dignity and proper protocols. Strategies and policies are also put in place to ensure that investigators in all matters are upheld to the NOPD standard and investigated without bias.

During the assessment for the Education and Training Division, The Unit was asked to give in-put for the Annual In-service training to supervisors and officers. Members of the community were

asked to join and speak about their concerns with NOPD and its employees when interacting with community members. This focus group allowed for the staff to get first hand information regarding officers' approach, strategies, and communication during these interactions. Amongst the current partnerships established by the LGBTQ+ Liaisons, two (2) new local partnerships with Audubon Nature Institute and the House of Tulip along with the Colorado Springs Police Department.

During the fourth quarter the Liaisons attended a Zoom briefing hosted by the FBI for LGBT Liaison officers around the country relative to the Club Q shooting in Colorado. The meeting was hosted by FBI Deputy Director Bates, Asst US Attorney for Civil Rights Kristen Clark, Colorado FBI SAC Matt Foter and Chief Adrien Vasquez of the Colorado Springs Police. During the Zoom briefing, the group was briefed on the progress of the case and what resources are being provided to the victim's, their families and first responders. The DOJ noted that www.justice.gov/hatecrimes has resources available for first responders and encouraged us to reach out to our local field offices to contact the Community Outreach Agent for future partnerships. The HQ Community Outreach team can be reached at hqoutreach@fbi.gov.

School Resource Officer Reports/Activities

A School Resource Officer (SRO) is a designated officer within a District who provides specific support to schools. The SRO helps school officials cope with school violence and assists in creating a safe and conducive learning environment in public schools. The SRO is not a school disciplinarian. The SRO is a law enforcement officer, educator, and counselor. The SRO position also aids the Department to build trusting relationships with youth and humanize officers beyond the uniform.

During the fourth quarter months (October, November, and December) SROs activities are surrounding the holidays in these fall and winter months. As students and school personnel are getting settled into the school year, adding fun and exciting activities allow the students to be able to establish and form meaningful and trusting relationships with the officers. Planning these events allow the officers to collaborate with the students in a non-lawful manner and possibly establish mentorship opportunities.

School Resource Officers are responsible for completing SRO Activity Forms which are reviewed by the Community Engagement Section Manager and PSAB Innovation Manager. SROs can also document activities in a Community Policing Form if their activity does not correspond with the SRO documentation categories. According to NOPD Policy Chapter 1.20: School Incidents, School Resource Officers⁶, SROs are required to document the following activities:

- a. Provide counselling to a student.
- b. Conduct youth engagement activity session(s);
- c. Participate in school activities that build trust and relationships with the school staff and students;
- d. Refer students to the school's counsellor.
- e. Participate in parent-teacher conferences.

⁶ [Chapter 1.20: School Incidents, School Resource Officers](#)

- f. Conduct student transports (to school if truant, Juvenile Intake Unit or Truancy Center); g. Collaborate with school staff, students, parents, etc. to solve a problem.
- h. Conduct an arrest.
- i. Distribute any departmentally approved materials to the school or students.
- j. Complete a Juvenile Warning Notice consistent with **Chapter 44.3 – Juvenile Warning Notice.**⁷

The below chart illustrates the SRO Activity Reports submitted in the fourth quarter.

Q4 2022								
Districts	1	2	3	4	5	6	7	8 ⁸
October	X	X	X	X	X	X	X	N/A
November	X	X	X	X	X	X	X	N/A
December	X	X	X	X	X	O	X	N/A

0 = no form submitted

X = form submitted

During the month of December, the Sixth District SRO transitioned to a new position. During that time, the new SRO was out on vacation and no report was submitted.

District Specific Assessment and Community Policing

The below sub-sections give a detailed overview of each district’s Community Policing Signal usage, Community Policing Forms assessment and scorecard, Community Policing Plan updates, Geo-deployment data, NONPACC/APAC Meeting assessment, and the progress and/or initiation of POP Projects. The district data has been separated to illustrate the holistic overview of all Community Engagement tools and mechanisms working together to achieve district specific goals. The data collected will vary in each district as they each have different focuses, goals, tasks, and measurable achievements specific to their area and community on a continuous basis.

- **Community Policing Forms Assessment and Scorecard:** Community Policing Forms (CPFs) were implemented to highlight various community policing efforts in each district. In addition to community policing signals, the department continues to support community groups by capturing outreach and problem-solving partnerships through documentation on Community Policing Forms. Documentation of community engagement activities and district plan updates are housed in an electronic internal database called SharePoint. The data collected from these form entries are also displayed for public view on the MAX dashboard at nopdnews.com/transparency/dashboards/ The NOPD’s completion of the

⁷[Chapter 44.3: Juvenile Warning Notice and Summons](#)

⁸ The school in the 8th District (Homer Plessy Elementary) is current undergoing renovations and not opened. The school has relocated to another police district until the renovations are complete.

CPFs is a major component of tracking and monitoring Community Engagement throughout the Department. Assessing these forms for its completeness and accuracy determines compliance of the documentation process set forth in the Community Engagement Review Procedure and Manual.

During the fourth quarter of 2022 (October, November, and December), NOPD employees throughout the Department completed **351** Community Policing Forms covering the following appropriate topics:

- a. Strengthening Relationship
- b. Crime Prevention
- c. Problem Solving (SARA)
- d. Crime Trends
- e. Residence Business Security Evaluation
- f. Event Coordination
- g. Meeting
- h. Community Policing Plan

Of those 351 forms created, **110** forms were selected for audit according to the Community Engagement Review Procedures⁹ as explained below:

CPF entries are fed into and housed on a secured internal network drive accessible to all NOPD personnel (NOPD Web Applications). The PSAB Innovation Manager exports the form entries from the database into a Microsoft Excel spreadsheet¹⁰ and selects a sample size from the entries based on activity type and forms completed for the targeted time frame of the audit. The CPF entries are sorted by activity type and saved in five separate Microsoft Excel spreadsheets according to the below criteria:

- i. Spreadsheet #1 contains all “Strengthening Relationship”, “Event Coordination”, “Meeting”, and “Other” entries;
- ii. Spreadsheet #2 contains all “Crime Prevention” and “Residence Business Security Evaluation” entries;
- iii. Spreadsheet #3 contains “Problem Solving (SARA)” entries;
- iv. Spreadsheet #4 Crime Trends¹¹; and
- v. Spreadsheet#5 Community Policing Plans.

⁹ The Community Engagement Review Procedure was developed in 2021, and approved by the U.S. Department of Justice, to ensure NOPD’s community engagement activities and community policing philosophy are consistent with the U.S. Constitution, other federal, state, and local laws as well as NOPD policy. This is an internal document housed with the Community Engagement Section and PSAB.

¹⁰ The data that is collected to conduct this audit and produce the audit results is kept internally and is not released to the public.

¹¹ The “Crime Trends” is no longer being assessed and collected.

The PSAB Innovation Manager, or designee, selects a sample size from each Spreadsheet according to the eight police districts and other divisions completed by Department personnel. A randomizer is used to select four (4) form entries from each district on each spreadsheet, if a district or division has less than four (4) entries then all entries are selected. This process is only used for Spreadsheet #1- #4. All form entries are audited for Spreadsheet #5.

• **NONPACC/APAC Meetings:** The NONPACC/APAC (Algiers Police Anti-Crime Council) meeting is held monthly in each of our eight districts and is meant to provide a forum for residents to voice their concerns directly to the District Captain and other key NOPD personnel. In particular, the District Captains present key activities and information related to community events (past and upcoming), community meeting details (upcoming dates, times, and locations), crime prevention, district crime statistics, community policing strategies, quality of life matters, Community Policing Plan updates, and solicit feedback and additional information from the community. Districts NONPACC/APAC Meetings are assessed based on a checklist of three components:

- NONPACC Meeting Held- Absent exigent circumstances, the NONPACC meeting was held on its scheduled date. [Y/N/NA]
- Meeting Minutes – Meeting minutes contained a summary of community concerns discussed. [Y/N/NA]
- Meeting Minutes – Meeting minutes contained a summary of a discussion on the progress of the Community Policing Plans. [Y/N/NA]

With the modification of Covid-19 restrictions, Districts have been able to resume in-person community meetings, while maintaining the virtual platform as an alternative viewing option for the attendees.

NONPACC/APAC Meeting Dates

1st District - 6:00pm at 501 N. Rampart St.- 504-658-6010 (Every Third Tuesday)

2nd District - 6:30pm at 3401 Broadway. - 504-658-6020 (Every Second Tuesday)

3rd District - 6:00pm at 4600 Paris Ave. - 504-658-6030 (Every First Wednesday)

4th District - APAC – 6:00pm at 2405 Sanctuary Dr. - 504-658-6040 (Every Third Wednesday)

5th District – 6:00pm at 3900 N. Claiborne Ave. - 504-658-6050 (Every Second Wednesday)

6th District –6:00pm at 1930 Martin Luther King Blvd. 504-658-6060 (Every Second Wednesday)

7th District – 6:00pm at 10101 Dwyer Rd. - 504-658-6070 (Every Third Wednesday)

8th District – 6:00pm at 334 Royal St. - 504-658-6080 (Every Third Tuesday)

- **POP Projects:** Problem Oriented Policing (POP) Projects are designed to address concerns that have developed outside of the priorities and goals outlined in the District Community Policing Plans. These matters of concern usually involve solving problems that have become a nuisance in a particular location that have attracted criminal activity and decreased the quality of life in a neighborhood. These projects include long term solutions and the collaboration with other City agencies and/or private companies and organizations to fulfill and complete project tasks.

2022 Fourth Quarter Scorecard Review

The assessment of the Community Policing Form (CPF) Scorecard is a review of the accurate and complete documentation of community events, event coordination, meetings, business/resident security checks, problem solving initiatives (using the SARA Model), crime prevention, and strategies towards the completion of District Community Policing Plans. In 2022, there were changes made to improve the assessment of forms by the Community Engagement Section. It was decided that the category “Crime Trends” would no longer be included in the assessment and audit of CPFs. It was recognized that districts were rarely using the CPFs to determine their district crime trends and structure deployment strategies based on the forms and because of this, officers were not completing the forms for this category. The assessment of the forms completed for the “Problem Solving” category, is only completed on projects that have been completed in the districts. The Community Engagement Section Manager reviews all forms that have been entered for each project by using the original referenced CPF entry number once it has been indicated that the project has been completed.

The summary scorecards for the fourth quarter assessment are below. An explanation of the individual districts’ actions are documented in the indicated sections.

Community Policing Scorecard - Overall Summary					Review Period: 4Q 2022
Compliance percentages for Consent Decree for community policing form reporting requirements.

Procedural Justice Scorecard

PSAB has updated the manner in which the scores from the Stop, Search, Arrest, and Procedural Justice (SSAPJ) Audit are reported. The bureau no longer uses the historical scorecard as seen below for the Community Policing Forms, instead summary data are used to illustrate the reports from audits conducted by the PSAB Audit and Review Unit (ARU). The summary and score for the Procedural Justice category can be found in the [2022 SSAPJ Audit Report](#) for incidents reported in January 1, 2022 – May 31, 2022. The ARU is currently auditing for the timeframe including the remainder of 2022. The results of this audit will be published upon its completion.

1st District

The First District’s priorities include the following: utilize geographic deployment to reduce crime and build trusting relationships, reduce nuisances and illegal activities (enforce city ordinances) in targeted zones, and create positive interactions with juveniles.

The 1st District holds its monthly NONPACC Meetings on the third Tuesday of each month at various locations in the district, including the district station, schools, business venues, and community spaces while continuing to utilize WebEx, a virtual platform, for attendees to view at

their convenience. The below chart illustrates the requirements of the NONPACC Meeting Assessment for the fourth quarter.

Month 2022	Meeting Held	Meeting Minutes	Summary of Plan Updates
October	Y	Y	Y
November	Y	Y	Y
December	Y	Y	Y

The 1st District received an overall score of **89%** in the assessment of Community Policing Forms audited for the fourth quarter, with the lack of submitting forms for Crime Prevention and Residence Business Security Evaluation. The 1st District submitted a total of 34 form entries and **9** of those forms were audited. District personnel did not enter any forms in the area of Crime Prevention and Residence Business Security Evaluation. Four (4) form entries were audited for Strengthening Relationships, four (4) forms were reviewed for Problem Solving, and one (1) form was entered for Community Policing Plan Updates.

More detailed information about the 1st District can be found on their social media platform via this web-address <https://www.facebook.com/NOPDFirst/>

2nd District

The Second District’s priorities include the following: Reduce Auto Burglaries & Auto Thefts, Reduce Narcotics Activity, and Reduce Residential & Business Burglaries.

The District is collaborating with Councilman Giarrusso and City Hall to be able to better enforce the noise ordinance and code violations (parking, loitering, littering, disturbing the peace, etc.) of a neighborhood bar that has become a nuisance in the community. The CLO of the district has contacted the owner of the business in order to come to an agreement that will satisfy both parties and surrounding neighbors.

The 2nd District holds its monthly NONPACC Meetings on the second Tuesday of each month at the district station, while continuing to utilize WebEx, a virtual platform, for attendees to view at their convenience.

Month 2022	Meeting Held	Meeting Minutes	Summary of Plan Updates
October	Y	Y	Y
November	Y	Y	Y
December	Y	Y	Y

The 2nd District received an overall score of **81%** in the assessment of Community Policing Forms audited for the fourth quarter. The 2nd District submitted a total of 52 form entries and **17** of those forms were audited. District personnel did not enter any forms in the area of Problem Solving for review. In the remaining categories of Strengthening Relationships and Crime Prevention four (4)

forms were audited with the exception of Community Plan Updates, which called for nine (9) forms to be audited.

More detailed information about the 2nd District can be found on their social media platform via this web-address <https://www.facebook.com/NOPDSecond>

3rd District

The Third District’s priorities include the following: increase patrols in areas with increasing crime trends, engagement with youth through school activities and events, and community outreach and transparency.

The 3rd District has encountered another Captain transfer in the fourth quarter. While other districts may have adjusted with one Captain change, third district has encountered another Captain change which also means other personnel changes that impact strategy adjustments.

The 3rd District holds its monthly NONPACC Meetings on the first Wednesday of each month in person and via WebEx, a virtual platform, for attendees to view at their convenience. With the new Captain, the district has transitioned to host hybrid meeting status, holding meetings in-person and virtually. The below chart illustrates the requirements of the NONPACC Meeting Assessment for the fourth quarter. The Command Staff plans to attend more specific community meetings and invite individuals to NONPACC meetings to increase the attendance numbers of the District NONPACC Meetings. The December meeting was cancelled for the safety of the attendees and officers due to a Tornado Watch/Warning occurring that day.

Month 2022	Meeting Held	Meeting Minutes	Summary of Plan Updates
October	Y	Y	Y
November	Y	Y	Y
December	N	N/A	N/A

The 3rd District received an overall score of **92%** in the assessment of Community Policing Forms audited for the fourth quarter. The 3rd District submitted a total of 30 form entries and **18** of those forms were audited. Four (4) forms were audited for Strengthening Relationships, Crime Prevention, and Problem Solving. While six (6) forms were audited in Community Plan Updates.

More detailed information about the 3rd District can be found on their social media platform via this web-address <https://www.facebook.com/NOPDThird>

4th District

The Fourth District’s priorities include the following: (1) Enhance patrolling strategies to increase visibility within neighborhoods (2) Enhance youth engagement activities (3) Partner with City agencies and community groups for problem-solving partnerships in various capacities.

Algiers Police Advisory Committee (APAC): The 4th District holds its monthly APAC Meetings on the third Wednesday of each month at the district station while continuing to utilize Zoom, a virtual platform, for attendees to view at their convenience. The 4th District continues to utilize virtual platforms, Zoom and/or Facebook Live, for the convenience of the public meetings going forward. Individuals can attend meetings in person; however the district gets more participation from their attendees via the web. The below chart illustrates the requirements of the APAC Meeting Assessment for the fourth quarter.

Month 2022	Meeting Held	Meeting Minutes	Summary of Plan Updates
October	Y	Y	Y
November	Y	Y	Y
December	Y	Y	Y

The 4th District received an overall score of **83%** in the assessment of Community Policing Forms audited for the fourth quarter. The 4th District submitted a total of 63 form entries and **25** of those forms were audited and reviewed. Four (4) form entries were audited in the areas of Strengthening Relationships, Crime Prevention, and Problem Solving. While 13 forms were reviewed for Community Policing Plan Updates.

More detailed information about the 4th District can be found on their social media platform via this web-address <https://www.facebook.com/NOPDFourth/>

5th District

The 5th District Community Policing Plan priorities include the following: expand outreach and engagement, address Public Health and Environmental concerns, establish safe places for youth, and continue District Sector Walks.

The 5th District holds its monthly NONPACC Meetings on the second Wednesday of each month at the district station while continuing to utilize WebEx, a virtual platform, for attendees to view at their convenience. The below chart illustrates the requirements of the NONPACC Meeting Assessment for the fourth quarter.

Month 2022	Meeting Held	Meeting Minutes	Summary of Plan Updates
October	Y	Y	Y
November	Y	Y	Y
December	Y	Y	Y

The 5th District received an overall score of **87%** in the assessment of Community Policing Forms audited for the fourth quarter. The 5th District submitted a total of 104 form entries and **15** of those forms were audited and reviewed. Four (4) forms were audited in the areas of Strengthening Relationships and Problem Solving, two (2) forms in the area of Crime Prevention, and five (5) forms were audited for Community Plan Updates. The 5th District personnel submitted the most forms in the fourth quarter.

More detailed information about the 5th District can be found on their social media platform via this web-address <https://www.facebook.com/NOPDFifth>

6th District

The Sixth District’s priorities include the following: prevent property crime and violent crime, engage the neighborhood through community peace walks and social events, address quality of life concerns, and develop a trusting and lasting relationship between the officers and youth.

The 6th District holds its monthly NONPACC Meetings on the second Wednesday of each month at the district station while continuing to utilize Zoom, a virtual platform, for attendees to view at their convenience. The below chart illustrates the requirements of the NONPACC Meeting Assessment for the fourth quarter.

Month 2022	Meeting Held	Meeting Minutes	Summary of Plan Updates
October	Y	Y	Y
November	Y	Y	Y
December	Y	Y	Y

The 6th District received an overall score of **74%** in the assessment of Community Policing Forms audited for the fourth quarter. The 6th District submitted a total of 13 form entries and **8** of those forms were audited. Four (4) forms were audited in the areas of Strengthening Relationships and Community Plan Updates, while no forms were submitted in the areas of Crime Prevention and there were no completed projects to review and/or assess for Problem Solving. The form entry production continues to increase from the district personnel.

More detailed information about the 6th District can be found on their social media platform via this web-address <https://www.facebook.com/NOPDSixth/>

7th District

The 7th District's Community Policing Plan priorities include the following: Focus on Youth Engagement, Enhance the Quality of Life, and Provide More Patrol Visibility.

The 7th District holds its monthly NONPACC Meetings on the third Wednesday of each month at various locations in the district, including the district station, schools, and community spaces while continuing to utilize Facebook Live, a virtual platform, for attendees to view at their convenience. The meetings are posted on the Facebook page for viewer consumption at a later date. The below chart illustrates the requirements of the NONPACC Meeting Assessment for the fourth quarter.

Month 2022	Meeting Held	Meeting Minutes	Summary of Plan Updates
October	Y	Y	Y
November	Y	Y	Y
December	Y	Y	Y

The 7th District received an overall score of **87%** in the assessment of Community Policing Forms audited for the fourth quarter, which is a slight decrease from the second quarter. The 7th District submitted a total of 33 form entries and **12** of those forms were audited. District personnel completed 4 (four) forms in the area of Crime Prevention and Strengthening Relationships. While one (1) form was reviewed for Problem Solving completion and three (3) forms were audited for Community Policing Plan Updates.

More detailed information about the 7th District can be found on their social media platform via this web-address <https://www.facebook.com/NOPDSeventh/>

8th District

The 8th District Community Policing Plan Priorities include, enforce Covid-19 restrictions and guidelines for businesses and tourist attractions, re-establish the Homeless Assistance Program, prevent graffiti, vagrancy, report city noise ordinances, and collaborating with community stakeholders and being attentive to the community needs absent tourism.

The 8th District has completed their POP Project to map all of the cameras in the French Quarter by the street and hundred block. The includes all cameras (private and public) from Canal Street to Esplanade Avenue and Rampart Street to the Mississippi River. The results of this plan include lessening the footwork of officers and detectives to obtain information needed regarding possible video surveillance and strengthening relationships with the owners of the cameras to retrieve the information required to solve crimes. The neighborhood will have a sense of involvement and accomplishment when assisting officers solve and decrease crime in their areas. As officers engage with the community, they will encourage others to obtain cameras and register them with SafeCam NOLA.

The 8th District holds its monthly NONPACC Meetings on the third Tuesday of each month at the district station and continue to utilize Facebook Live, a virtual platform, for attendees to view at their convenience. The below chart illustrates the requirements of the NONPACC Meeting Assessment for the fourth quarter.

Month 2022	Meeting Held	Meeting Minutes	Summary of Plan Updates
October	Y	Y	Y
November	Y	Y	Y
December	Y	Y	Y

The 8th District received an overall score of **98%** in the assessment of Community Policing Forms audited for the fourth quarter. The 8th District submitted a total of 22 form entries and **6** of those forms were audited. District personnel only entered one (1) form in the areas of Crime Prevention for audit and Problem Solving for assessment, four (4) forms for Strengthening Relationships, and no forms were entered in Community Plan Updates category. This is the second quarter the 8th District has not submitted forms in the area of Community Plan Updates, the Community Engagement Section Manger will speak to the staff to ensure this area is being covered and documented as required.

More detailed information about the 8th District can be found on their social media platform via this web-address <https://www.facebook.com/NOPDEighth>

2022 Geographic Deployment

Geographic Deployment (geo-deployment) is a fundamental component of the Department’s community policing strategy and helps facilitate more contact between the police and the community stakeholders within a particular area. Officers are assigned to the same Car Sector (patrol in their vehicle) or a walking beat to get familiar with the citizens and business while building relationships in their assigned area. Districts 1-7 have each been divided into 4 (four) Car Sectors: Sectors 1, 2, 3 and 4. The 8th District, which encompasses a smaller geographical footprint, has been divided into 3 (three) Car Sectors and walking beats (Bourbon Promenade): Sectors 1, 2 and 3.

In the event an officer(s) must leave their assigned sectors and handle an incident outside of that sector, their supervisor is required to complete a “Deviation Form” to account for their absence in the sector. In 2022, the Deviation Form was transferred from a manual paper form for completion to an electronic form that is stored on the Department’s internal database.

The charts below demonstrate the amount of time officers work within and outside of their sectors for the year of 2022 and the fourth quarter of 2022.

2022 Geo-deployment Summary

District	Time Out of Sector (Hrs)	Time Working (Hrs)	% of Time In Sector
1	13654	35140	61%
2	14229	40960	65%
3	15404	38991	60%
4	11302	43790	74%
5	15120	36433	58%
6	13976	33969	59%
7	16108	38799	58%
8	13576	35974	62%
Total	113370	304056	63%

2022 First Quarter (January, February, March) Geo-deployment Summary

8	3262	8948	64%

2022 Fourth Quarter (October, November, December) Geo-deployment Summary

District	Time Out of Sector (Hrs)	Time Working (Hrs)	% of Time In Sector
1	4064	9542	57%
2	3899	10536	63%
3	4373	10101	57%
4	3048	10331	70%
5	3915	9383	58%
6	3474	8343	58%
7	4350	10636	59%
8	3683	9837	63%

Community Policing Signal Usage

NOPD uses Community Policing signals to capture proactive self-initiated problem-solving activities, as well as quality of life activities, in an efficient, geo-coded, time-stamped manner. The purpose of the community policing signals is to differentiate the officer's work tasks, and quantify the areas of concern through GPS technology, to ensure that some of the time spent on proactive patrols is spent scanning for problems, analyzing potential problems, and responding to problems in the community. The Orleans Parish Communications District has transferred its codes and signals to a "Plain Text" coding system, the new signal codes are listed below with the earlier version of the signal indications. NOPD can track its community policing activities and analyze the impacts of those efforts. The community policing signals include:

Area Check (*AreaCk = 22A*) — Officers will utilize the area check signal when patrolling an area within the District that has been pre-determined as an important area either by the community or the Department. An important area is a location where there is an issue that requires increased patrol. An important area can be determined by an increase in calls for service for a type of police matter, or crime trend, or increase citizen complaint regarding crime or disorder in an area. This signal is used when patrolling a general area without a specific problem-solving strategy attached. Officers are scanning the area when utilizing this signal.

Business Check (*BusCk = 22B*) — Officers will utilize the business check signal to engage occupants at a business within the District.

Directed Patrol (*DirectP = 22D*) — Officers will utilize the directed patrol signal to execute a focused collaborative problem-solving, departmental problem-solving, or community policing and engagement in the targeted area. For example, a 22D would be used to conduct any police activity linked to a problem oriented policing project documented in the District’s Community Policing Plans, among other reasons.

Residence Check (*ResdCk = 22R*) — Officers will utilize the residence check signal when the officers physically exit the patrol car and engage occupants at a specific residence absent a call-for-service.

Quality of Life (*QOLife = 21Q*) — Officers will utilize the quality-of-life signal when responding to any type of quality of life problem. Quality of life concerns include, but are not limited to, citizen concerns regarding abandoned vehicles, blighted property, illegal tire dumping, and noise complaints. Quality of Life (QOL) matters include all issues where citizens request assistance from NOPD, excluding criminal complaints or threats to public safety.

Walking Beat (*WalkBt = 22W*) — Officers will utilize the walking beat signal while executing a defined and assigned walking beat.

NOPD uses community policing signals to document both its response to district Community Policing Plans and its broader community policing activities. By conducting activities based on the Community Policing Signals, officers are building relationships and partnerships with citizens, business owners, and stakeholders in their perspective districts. In 2022, NOPD initiated **35,938** community policing signals. In the fourth quarter of 2022, NOPD initiated **2,071** community policing signals. See the detailed chart below of the Community Policing Signals used.

NOPD provides extra patrols in Lakeview and Mid-City areas of the city. These are called the Lakeview and Mid-City Security Districts. These areas are located in the 1st and 3rd Police Districts and have been separated to account for their individual actions. These two locations and specialized units are tasked with providing extra patrols while using Community Policing Signals. The below chart includes the amount of Community Policing Signals used during these specialized patrols.

	Fourth Quarter 2022			Total 2022	Year
First District	29		First District	1992	
Quality of Life (21Q)	2		Quality of Life (21Q)	36

Victim Witness Assistance Services

The Victim-Witness Assistance Unit provides immediate and ongoing support to families and victims of homicides and other serious crimes. The VWAU is comprised of Social Service Advocates. The VWAU is also tasked with providing assistance to families and victims of homicide and other violent crimes obtain U-VISAs. ¹²The U-visa is a nonimmigrant visa that is reserved for victims of crime who assist law enforcement. It is meant to protect, and arguably reward, non-citizens who have suffered significant mental or physical abuse from a qualifying criminal activity and who are helpful with law enforcement or government officials in the investigation or prosecution of criminal activity. U-visa holders have legal status in the United States, receive employment authorization (work permit), and even a possible path to a green card and U.S. citizenship.

Each of the eight police districts are assigned Social Service Advocates. The Social Service Advocates are in NOPD's Headquarters but assigned to handle victims within their respective districts.

See below for a detailed breakdown of services provided by the Unit and individuals serviced in 2022.

Obstacles and Recommendations

Obstacles

In 2022, like most other Law Enforcement agencies, the New Orleans Police Department experienced lost in personnel, both commissioned and professional employees. During the auditing process of Community Policing Forms (CPF), it has come to our attention that the questions in the review procedures for auditing the CPFs, did not always align with the officers' actions. Based on this assessment, the Community Engagement Section Manager and Innovation Manager will work closely to develop review procedures to capture the officers' actions more accurately.

The Problem Solving CPFs, were determined to have forms which were initiated based on either a problem observed during Geo Deployment by a patrol Officer, through a 311-ticket initiated by a citizen, or during patrols by the Community Liaison Officer. Officers would document the Problem and Analysis and then use a

separate form for Response and Assessment, depending on the time to gather information and outside resources, to avoid missing the 30-day approval deadline, this caused some of the forms to have incomplete problem-solving narratives.

Recommendations

The current review procedures are specific, while the officers' actions may be fluid. Officers in the field may receive information from several sources, which can generate a Community Policing Form. The current scorecard generated is based on the responses to the review procedure questions. Community Engagement Section Manager and Innovation Manager will work closely to enhance the review procedures to document the officers' actions more accurately. Additional changes need to be made as well, including, removing the Crime Trends Section in its entirety as those forms are no longer being entered as an activity and revising the Problem Solving forms assessment.

Due to a recent change in the Crime Trends Section, the Crime Trends category should be removed from the Community Policing Form data entry in its entirety from the Community Policing Form as this is no longer being used.

The current Review Procedures for the Community Policing Plan Update auditing questions read "Was there at least one update for each priority every month?", during the recent assessment it has been identified that the wording does not align with how officers consistently input forms or complete Community Plan Priorities and/or Tasks. Officers and/or Districts are not working on each priority each month in a two-year period and because of this the answer to the question will yield negative results. It is recommended that the new wording for this question will read "Does this action address a district priority for the quarter and is properly labeled?" The new wording of the question will address the problematic wording of have each priority being addressed every month when districts may focus on one priority for an extensive period of time.

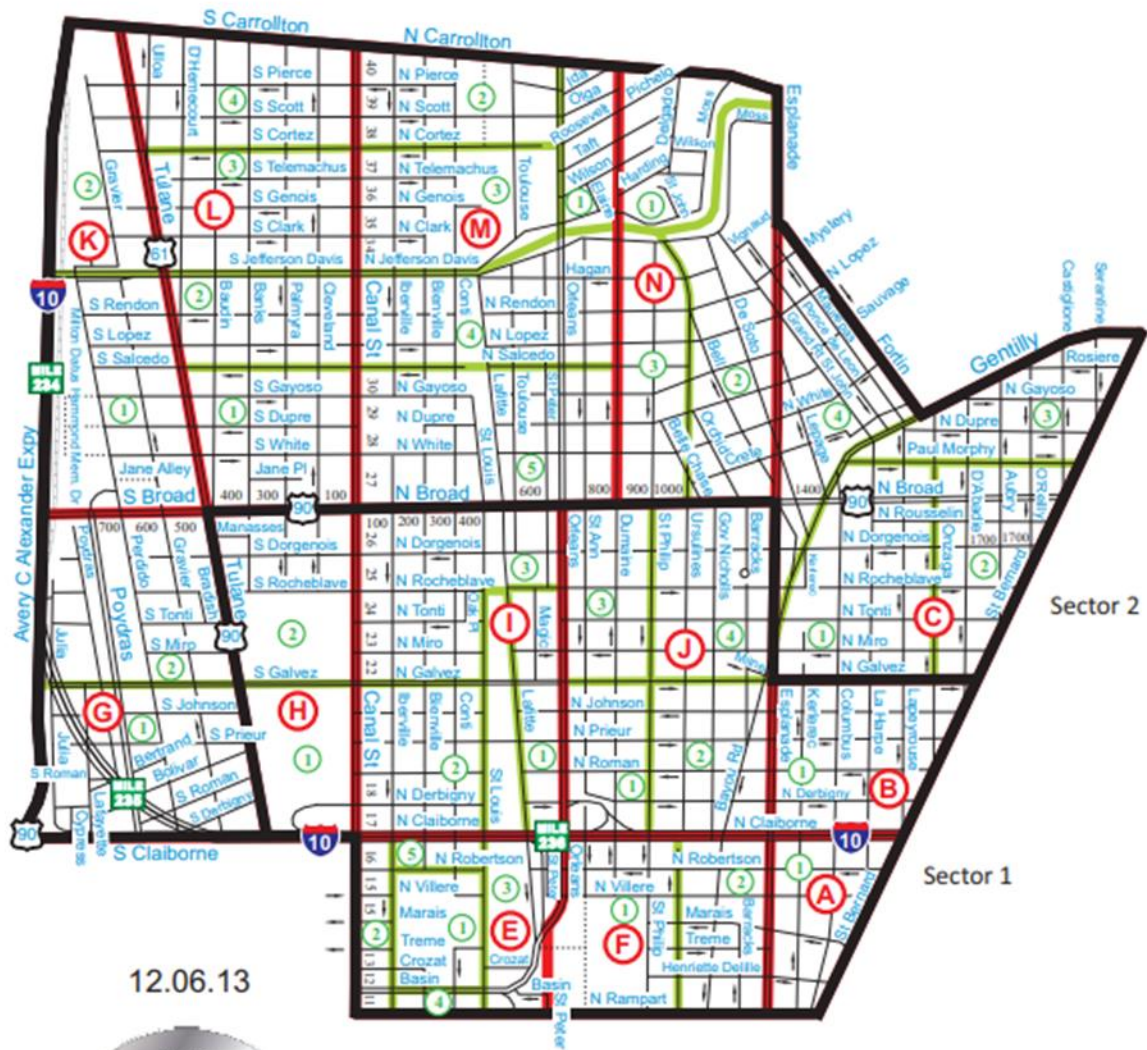

During a review of the Problem Solving CPFs, it was determined that the problem-solving form entries were including forms which also required follow-up. The forms were separated to report and measure only the completed forms. This process will assess the progress of addressing quality of life concerns in each district. The Department will continue to issue Daily Training Bulletins and conduct Roll Call sessions quarterly on specifically on the topic of problem solving and problem-oriented policing.

Conclusion

The New Orleans Police Department has remained committed to the Community Engagement Philosophy. The department is committed to the process of including community input into policing strategies to enhance the quality of life for all its residents and reduce or deter criminal activity in New Orleans. As we enter 2023, we remain focused improving inclusion of community engagement for all and bridging the gap in all of the communities we serve and the officers who serve those communities. NOPD is developing and implementing new strategies and mechanisms while providing additional resources to officers and professional staff in order to better serve the community while working with other City Agencies to improve the City of New Orleans.

Second District

The Second District hosted and participated in numerous events. Along with the complete list of their community engagement and outreach events listed, the district highlights the below events.

Front Porch Roll Call and Peace Walk

On Saturday, February 12, 2022, members of the Second District hosted a Front Porch Roll Call and Peace Walk at Camp Street and Henry Clay Avenue. The event was attended by many community members, community leaders, city employees, and council members. The event was successful and gave residents the opportunity to open up lines of communication with officers in a relaxed environment.

Samuel L. Greene Easter Egg Hunt

On Thursday, April 14, 2022, Second District School Resource Officers and Community Liaison Officers hosted an easter Egg Hunt at Samuel L. Greene Charter School. The officers handed out easter candy and coordinated an Easter egg hunt for the students. The event allowed for the children to see officers in a fun and friendly environment.

Police Show and Tell Event

On Friday, May 27, 2022, Second District Officers hosted and organized a police “show and tell” event at Stuart Hall School. Members of NOPD’s Canine Division, Mounted Division, and Special Operations Division presented equipment and gave presentations on their day-to-day operations to the students.

National Night Out Against Crime

On Tuesday, October 4, 2022, Second District Officers participated in the National Night Out Against Crime. The officers attended numerous events throughout the district. The officers distributed Crimestoppers informational signs, flyers, bracelets, shirts, and Halloween bags to attendees.

Broadmoor Trick or Treat-more Event

On Friday, October 28, 2022, Second District Community Liaison Officer participated in the Broadmoor “Trick or Treat-more” Event. The officer distributed candy, crime stoppers Halloween bags, and T-shirts to children at the event.

Children’s Hospital Light Up the Night Event

On Thursday, December 1, 2022, Second District Officers participated in the Children’s Hospital Light Up the Night Event. The officers lined their vehicles up with various other police agencies, EMS, and NOFD in order to activate their police lights when instructed for the children inside the hospital. The officers then participated in the parade of lights around the hospital.

12/29 to 12/31	French Quarter	Blue Light Patrol	Sugar Bowl Coverage
			conducted enforcement on Frenchmen street between the hours of 10:00p-2:00a
			of the establishments. CLO Officers along with Night watch officers conducted walking beats in the 200-300
			blocks of Decatur for 3 hours.

In the 700 block of Canal Street there were many store fronts littered with drug activity and homeless encampments which prevented pedestrians and/or employees from walking freely on the sidewalk or from entering/exiting the businesses. As a plan of action the officers made daily sweeps in the block which resulted in drug arrests and the issuance of summons' for other offenses. This plan of action resulted in a significant decrease of homeless encampments and drug activity.

In 100 block of Carondelet there were crime cameras installed due to the numerus complaints of drug activity and gun violence. These cameras were used in an deployment strategy which resulted in significant drug arrest and decreased gun violence.

The officers partnered with the City's Health Department and coordinated with the French Market Corp to address the large homeless encampment along the French Market St. corridor. The efforts consisted of placing written notices in the area giving warnings to the individuals who were encamped on the sidewalks and having the sidewalk pressure washed each morning. These efforts have resulted in a significant decrease in the encampments.

The officers were able to remove bar height tables that were permanently bolted into the city sidewalk in front of 730 St. Louis St. The tables being permanently affixed to the sidewalk would be a great hazard to pedestrians in the event of a stampede.
