

2023 1st and 2nd Quarter Community Engagement and Policing Report

NOPD agrees to prepare a publicly available report on at least a quarterly basis detailing its community policing efforts in each District, including developing community partnerships and participating in public meetings, and its problem-solving activities, including specific problems addressed and steps taken by NOPD and the community toward their resolution. This report also shall identify obstacles faced and recommendations for future improvement. At least annually, NOPD agrees to issue a publicly available report that summarizes these problem-solving and community policing activities. [Consent Decree ¶228]

Policy Statement¹

1. The New Orleans Police Department (NOPD) shall promote and strengthen community partnerships, work constructively with the community, ensure collaborative problem solving, ensure ethical and bias-free policing, and work to increase community confidence in the Department.
2. The New Orleans Police Department will effectively engage the community in collaborative problem solving. NOPD will partner with residents and stakeholders to identify and solve problems that contribute to crime, fear of crime, and quality of life problems in communities. The Department is committed to proactively solving problems as well as reacting to their harmful consequences.
3. The mission of the New Orleans Police Department is to provide professional police services to the public to prevent crime, maintain order and protect life and property. NOPD is committed to the philosophy and practice of community problem-oriented policing to inform organizational decisions, shape policies, identify training needs, and prioritize crime fighting by engaging each neighborhood and community organization in collaborative problem-solving partnerships. Community problem-oriented policing, and community policing and engagement are critical methods toward achieving NOPD’s mission.
4. The New Orleans Police Department will collaborate with community stakeholders and partners on policing and engagement efforts. The Department encourages its members to develop problem solving partnerships with community residents.
5. NOPD recognizes that it serves many diverse communities. Communities arise not only from shared geography but also social ties, common perspectives, and shared circumstances (for example, the LGBTQ+ or LEP community). NOPD shall seek to engage all communities in its community policing and engagement efforts.
6. NOPD’s recruitment efforts shall focus on hiring officers who can build relationships and work collaboratively with all communities.
7. This Chapter operates in tandem with many programs and policies focused on properly serving and collaborating with a variety of communities, including but not limited to **Chapter 41.13 – Bias-Free Policing, Chapter 41.13.1 – Interactions with LGBTQ Persons, and Chapter 55.4 – Limited-English Proficiency Services.**

¹ New Orleans Police Department Policy Chapter 10.0: Community Policing and Engagement

8. The Department sets forth its community policing vision in its Community Policing and Engagement Manual. The Department shall review the Manual annually and update the manual as necessary.

Definitions²

Community Engagement—Activities that foster positive interactions between citizens and officers, employ community policing ideals, create opportunities for constructive exchanges, and foster substantive collaboration with the community, while enhancing trust and legitimacy.

Community Liaison Officer (CLO)—A member of the NOPD who is responsible for facilitating communication between the community and their assigned police district. A CLO's primary function is to focus on problem-oriented policing and resolution in the communities they serve, specifically to address community quality of life issues and build trusting relationships between the NOPD, District, officers and the residents and stakeholders in each police district.

Community Policing—A philosophy and operational strategy that promotes organizational practices that support the systematic use of partnerships and problem-solving techniques to work with the community to address the immediate conditions that give rise to public-safety issues such as crime, social disorder, and fear of crime.

Community Policing Forms (CPF)—The document used by the NOPD to record and track Community Policing and Engagement activities, such as events, meetings, quality of life concerns, problem-solving initiatives and actions, and updates to District Community Policing Plans. Forms are completed by the officers engaged or responsible for the resolution of the issues.

Community Policing Plan—A district-specific blueprint of collaborative partnerships with the community. The Community Policing Plan will address the unique needs of the communities serviced in each District. Each district's Captain is responsible for plan development.

Community Policing Signals—Community policing signals allow the Department to document specific tasks for proactive and community policing. The signals are Area Check, Business Check, Directed Patrol, Residence Check, Quality of Life, and Walking Beats. When dispatched on community policing signals, officers will employ procedural justice techniques.

Area Check—Officers will utilize the area check signal when patrolling an area within the District that has been pre-determined as an important area either by the community or the Department.

Business Check—Officers will utilize the business check signal to engage occupants at a business within the District.

² New Orleans Police Department Policy Chapter 10.0: Community Policing and Engagement

Directed Patrol—Officers will utilize the directed patrol signal to execute a focused collaborative problem-solving, departmental problem-solving, or community policing and engagement in the targeted area.

Residence Check—Officers will utilize the residence check signal when the officers physically exit the patrol car and engage occupants at a specific residence absent a call for service.

Quality of Life—Officers will utilize the quality-of-life signal when responding to any type of quality-of-life problem.

Walking Beat—Officers will utilize the walking beat signal while executing a defined and assigned walking beat.

New Orleans Neighborhood Police Anti-Crime Council (NONPACC)—NONPACC is a partnership amongst the community, district captains, and officers to create conversations, identify problems, and devise solutions. Members of the public voice their concerns directly to the District Captain during face-to-face meetings.

Police Community Advisory Board (PCAB)—A board consisting of five to seven citizen volunteers from their respective police districts. PCAB members serve a two-year term and meet quarterly to address community issues. The City’s Office of Neighborhood Engagement coordinates the application and selection process for PCAB volunteers. The Superintendent has final approval on the selection of members to serve on PCABs.

Problem—A situation that concerns, causes, or carries the potential to cause harm to citizens, not just the police. A problem generally involves a situation of substantial community concern, or repeated incidents occurring in a community with related characteristics (time, place, behavior, victim(s), offender(s)) that concern the community.

Problem-Oriented Policing—A proactive problem-solving approach that uses the SARA model to focus on proactive solutions, specific crime problems and achieving crime and fear reduction results. The problems should be those that the community recognizes as important.

Procedural Justice—Procedural justice refers to the idea of fairness in the processes that resolve disputes and allocate resources and specifically how the characteristics of police community interactions shape the public’s trust of the police. Procedural justice speaks to four principles, often referred to as the four pillars:

- (a) Fairness in the processes
- (b) Transparency in actions
- (c) Opportunities for voice
- (d) Impartiality in decision making

Scanning, Analysis, Response, Assessment (SARA) Model—An approach wherein the community and the department work together to scan for problems, analyze information, respond through implemented strategies, and assess the effectiveness of implemented strategies.

Community Engagement and Policing Activities: Overview

The first and second quarters' data and assessment information will be combined into one report. During these two quarters, the eight police districts worked to update their Community Policing Plans, which will be renamed in June 2023 to "Community Action Plan: Crime Reduction and Community Engagement Strategy" and will be effective for the next two years. PSAB conducted one Daily Training Bulletin on Community Engagement and Bias Free Policing for the month of May for completion by NOPD employees.

The Community Engagement Section worked to provide public safety strategies with engagement during the first half of the year. NOPD partnered with the "Lock It Up" campaign to promote gun safety. All NOPD police stations distributed gun cable locks so that gun owners can safely store their firearms. NOPD, New Orleans Recreation Development Commission (NORDC), and the Mayor's Office of Gun Violence gave away Gun Safes/Gun Locks at the "Ball for Life Gun Violence Awareness Summit" conducted at Rosendale Gym. In addition, the Community Engagement Unit partnered with the U.S. Attorney Office and Sci Tech Academy to present the Student Pledge Against Gun Violence. 300 students participated in the pledge in which the students raised their right hand and pledged to not use Gun Violence to resolve conflict. Sgt. Brewer participated in a question-and-answer session with the students and provide the students with information on the department community outreach.

During the Mardi Gras Season, the Community Engagement Section and NOPD Juvenile Division teamed up to provide child identification bracelets on the parade routes. With large crowds expected during the return of parades after COVID 19, the ID bracelets provided an extra layer of security to residents and visitors. The glow in the dark bracelets, allowed parents to write their child's name, phone number and parents information directly on the bracelet, in case the child was lost during the festivities.

Officers Valentino, Guzman, and Conway attended and spoke at the St. Mary's Academy Career Day. Officers provided information on their career and experiences with NOPD. As all three officers serve the Department in different capacities, the students were able to get a range of various information and experiences from the officers presenting.

The NOPD conducted its 2023 Citizens Police Academy beginning with a welcome ceremony that included remarks from Superintendent Michelle Woodfork and members of her Executive Team and Command Staff. The Citizens Police Academy is a vital program for Community Outreach. This program provides citizens with information and insight into the inner workings of the Criminal Justice System and the New Orleans Police Department. On March 28, 2023, The New Orleans Police Department in partnership with the NORDC, launched its first ever Junior Citizens Academy. Similar to the Citizens Police Academy, local students, ages 16 and 17, participate in hands-on learning experiences with our Criminal Justice Leaders. This is 6-week program includes learning about Community Policing and Bias Free Policing, duties of patrol officers, NOPD

technology, Crime Lab tutorials and presentations, visiting the OPDC, along with other Department site visits and lecture presentations.

Police Community Advisory Board (PCAB)

PCABs allow community members an opportunity to meet and discuss problem areas that directly each area of their district. During the 1st and 2nd quarter, with the exception of the 7th district, all other districts held meetings. The collaborative process has resulted in recommendations and real time solutions to better improve the quality of life in the community. Recommendations were submitted by the 1st and 3rd district boards. The New Orleans Police Department remains committed to working and collaborating with PCAB and the Mayor’s Office of Neighborhood Engagement to ensure this program is a success and the community feels they have a voice in the improvement of their communities.

The Community Engagement Review Procedures require the following to determine compliance with the PCAB Meeting and Recommendation requirements:

PCAB Meetings & Recommendations Review: Checklist³

PCAB Meeting Attendance—Did the District Captain, or District Lieutenant, attend a scheduled PCAB meeting? [Y/N/NA]

³ A response of “N/A” will be given for applicable answers when a PCAB meeting did not occur or there weren’t enough members in attendance to vote on recommendations for the districts as stated in the [PCAB Manual](#).

PCAB Recommendation Timeliness—Did the District Captain accept or reject the recommendation within 20 business days? [Y/N/NA]

NOPD Response – Did the District Captain explain the reason for a rejection? [Y/N/NA]

Course of Action –Did the NOPD District Captain document the next course of action for any recommendation that is adopted?

District Quarterly Initiatives and Reports

The below sub-sections give a detailed overview of each district’s Community Policing Signal usage, Community Policing Forms assessment and scorecard, Community Policing Plan updates, Geo-deployment data, NONPACC/APAC Meeting assessment, and the progress and/or initiation of POP Projects. The district data has been separated to illustrate the holistic overview of all Community Engagement tools and mechanisms working together to achieve district specific goals. The data collected will vary in each district as they each have different focuses, goals, tasks, and measurable achievements specific to their area and community on a continuous basis.

- **Community Policing Signals:** NOPD uses community policing signals to document both its response to district Community Policing Plans and its broader community policing activities. The goal of the Community Policing Signals is to track officers' efforts to build relationships and partnerships with citizens, business owners, and stakeholders in their perspective districts. Community Policing signals are used to capture proactive self-initiated problem-solving activities, as well as quality of life activities, in an efficient, geo-coded, time-stamped manner. NOPD can track its community policing activities and analyze the impacts of those efforts. In the first and second quarters of 2023, NOPD initiated **8,366 (4,484** in the first quarter and **3,882** in the second quarter) community policing signals throughout all eight districts and specialized patrols. The community policing signals and new coding name are included below:

Area Check (*AreaCk* = 22A) —Officers will utilize the area check signal when patrolling an area within the District that has been pre-determined as an important area either by the community or the Department. An important area is a location where there is an issue that requires increased patrol. An important area can be determined by an increase in calls for service for a type of police matter, or crime trend, increase citizen complaint regarding crime or disorder in an area, or an area of focus indicated in the District Community Policing Plans. This signal is also used when patrolling a general area without a specific problem-solving strategy attached. Officers are scanning the area when utilizing this signal.

Business Check (*BusCk* = 22B) —Officers will utilize the business check signal to engage occupants at a business within the District.

Directed Patrol (*DirectP* = 22D) —Officers will utilize the directed patrol signal to execute a focused collaborative problem-solving, departmental problem-solving, or community policing and engagement in the targeted area. For example, a 22D would be used to conduct any police activity linked to a problem oriented policing project documented in the District's Community Policing Plans, among other reasons.

Residence Check (*ResdCk* = 22R) —Officers will utilize the residence check signal when the officers physically exit the patrol car and engage occupants at a specific residence absent a call-for-service.

Quality of Life (*QOLife* = 21Q) —Officers will utilize the quality-of-life signal when responding to any type of quality-of-life problem. Quality of life concerns include, but are not limited to, citizen concerns regarding abandoned vehicles, blighted property, illegal tire dumping, and noise complaints. Quality of Life (QOL) matters include all issues where citizens request assistance from NOPD, excluding criminal complaints or threats to public safety.

Walking Beat (*WalkBt* = 22W) —Officers will utilize the walking beat signal while executing a defined and assigned walking beat.

- **Community Policing Forms Assessment and Scorecard:** Community Policing Forms (CPFs) were implemented to highlight various community policing efforts in each district. In addition to community policing signals, the department continues to support community groups by capturing outreach and problem-solving partnerships through documentation on Community Policing Forms. Documentation of community engagement activities and district plan updates are housed in an electronic internal database called SharePoint. The data collected from these form entries are also displayed for public view on the MAX dashboard at nopdnews.com/transparency/dashboards/. The NOPD's completion of the CPFs is a major component of tracking and monitoring Community Engagement throughout the Department. Assessing these forms for its completeness and accuracy determines compliance of the documentation process set forth in the Community Engagement Review Procedure and Manual.

During the first quarter of 2023 (January, February, March), NOPD employees throughout the Department completed **300** Community Policing Forms and in the second quarter of 2023 (April, May, June) employees throughout the Department completed **416** Community Policing Forms covering the following appropriate topics:

- a. Strengthening Relationship
- b. Crime Prevention
- c. Problem Solving (SARA)
- d. Crime Trends
- e. Residence Business Security Evaluation
- f. Event Coordination
- g. Meeting
- h. Community Policing Plan

Of those 300 forms created, **83** forms were selected for audit and of the 416 forms created, **89** forms were selected for audit according to the Community Engagement Review Procedures⁴ as explained below:

CPF entries are fed into and housed on a secured internal network drive accessible to all NOPD personnel (NOPD Web Applications). The PSAB Innovation Manager exports the form entries from the database into a Microsoft Excel spreadsheet⁵ and selects a sample size from the entries based on activity type and forms completed for the targeted time frame

⁴ The Community Engagement Review Procedure was developed in 2021, and approved by the U.S. Department of Justice, to ensure NOPD's community engagement activities and community policing philosophy are consistent with the U.S. Constitution, other federal, state, and local laws as well as NOPD policy. This is an internal document housed with the Community Engagement Section and PSAB.

⁵ The data that is collected to conduct this audit and produce the audit results is kept internally and is not released to the public.

of the audit. The CPF entries are sorted by activity type and saved in five separate Microsoft Excel spreadsheets according to the below criteria:

- i. Spreadsheet #1 contains all “Strengthening Relationship”, “Event Coordination”, “Meeting”, and “Other” entries;
- ii. Spreadsheet #2 contains all “Crime Prevention” and “Residence Business Security Evaluation” entries;
- iii. Spreadsheet #3 contains “Problem Solving (SARA)” entries;
- iv. Spreadsheet #4 Crime Trends⁶; and
- v. Spreadsheet#5 Community Policing Plans.

The PSAB Innovation Manager, or designee, selects a sample size from each Spreadsheet according to the eight police districts and other divisions completed by Department personnel. A randomizer is used to select four (4) form entries from each district on each spreadsheet, if a district or division has less than four (4) entries then all entries are selected. This process is only used for Spreadsheet #1- #4. All form entries are audited for Spreadsheet #5.

An analysis of the CPF assessment will be included in the District Overview and the scorecard is provided below. Each District has been notified of their results in each area analyzed and areas in need of improvement. The District Captains and his/her Command Staff are working to improve the results in each area. District CLOs, SROs, and District Administrative Sergeants have attended meetings with the Community Engagement Section Manager and/or Innovation Manager of Community Engagement to address the areas of the concern and have received reiterated instructions of the expectations with Community Policing Form entries (lack of form entries in a category), Community Policing Signal usage, recommendations received from District PCABs, and NONPACC/APAC Meeting recordation requirements.

The Community Engagement Review Procedure calls for an assessment of the Procedural Justice Scorecard and the Corrective Action taken from the Stop, Search, and Arrest Audit. The results of the June 2023 Stop, Search, and Arrest Audit are available at [SSAPJ-June-2023-Audit-Report-Public_1.pdf \(nola.gov\)](#)

The first quarter scorecards are below:

⁶ The “Crime Trends” category forms are no longer being assessed and collected.

1st District

The First District’s priorities include the following: utilize geographic deployment to reduce crime and build trusting relationships, reduce nuisances and illegal activities (enforce city ordinances) in targeted zones, and create positive interactions with juveniles. The 1st District is neighbors to the historical 8th District encompassing the French Quarter and Central Business District; with that being the case this district includes residential homes and occupants, tourist attractions, businesses, and schools.

The First District has continued the use of Geo-Deployment, with minimal use of deviation forms. The district focused on unpermitted alcohol beverage establishments along the Claiborne corridor. The district partnered with the Department of Revenue to issue summons to unpermitted vendors. The unpermitted vendors in the area caused an increase in nuisance complaints, loitering, illegal dumping, and encampments in the area.

The district partnered with the family of fallen Officer Everette Briscoe for Mardi Gras, to provide officers with hot meals while working the parade route.

The district has continued to work with business and residents to address the area of N. Claiborne, from Esplanade Avenue to Saint Bernard Avenue. The 1st District partnered with the Department of Health, Sanitation and Department of Revenue to address the Quality-of-Life concerns in the area. This is a continuing project.

The detailed count of Community Policing Signals captured by the 1st District in the first and second quarters are shown below.

The 1st District received an overall score of **76%** in the assessment of Community Policing Forms audited for the first quarter and **94%** overall score in the second quarter. The First District has improved with completing accurate CPFs, however continue to lack submitting forms for Crime Prevention and Residence Business Security Evaluation. Of the forms entered by the First District, **7** of those forms were audited in the first quarter and **10** of the forms were audited in the second quarter.

More detailed information about the 1st District can be found on their social media platform via this web-address <https://www.facebook.com/NOPDFirst/>

2nd District

The Second District’s priorities include the following: Reduce Auto Burglaries & Auto Thefts, Reduce Narcotics Activity, and Reduce Residential & Business Burglaries. The Command Staff of the Second District continue to assess the needs of the community while maximizing the personnel assigned to the district. The 2nd District has been able to successfully utilize the assistance given by the District Community Action Team (DCAT) to reduce the holding time for calls for service. The District has also been able to see a slight reduction in crime by being able to increase the police presence in the area.

The Second District has continued the use of Geo-Deployment, with the exception of Special Events, using deviation forms when needed. The district implemented walking beats in sector #1 to deter an increase in shoplifting at businesses in the area. The district partnered with city agencies to abate a nuisance property at 7900 Olive Street, due to an increase in crime at the abandoned car wash. Until the property has been completely torn down, a fence has been placed around the location.

The district hosted a Cops and Canvas painting event with community partners. The district partnered with Café Reconcile for community conversations.

⁷ The January NONPACC Meeting was canceled due to a shift scheduling conflict for the holiday week.

⁸ The February NONPACC Meeting was canceled due to Mardi Gras coverage.

The district has experienced an increase in the area near Hickory, specifically with two residential properties. The community liaison officer has partnered with city agencies to address this concern. This is a continuing project.

The detailed count of Community Policing Signals captured by the 2nd District in the first and second quarters are shown below.

The 2nd District received an overall score of **100%** in the assessment of Community Policing Forms audited for the first quarter and **94%** overall score in the second quarter. The district only submitted forms in “Strengthening Relationships, Event Coordination, and Meetings” category in the second quarter. The Community Engagement Section Manager forwarded information to the district community liaison officer and supervisor regarding the importance of documenting community engagement related activities on the proper forms. Of the forms submitted by the 2nd District, **4** of those forms were audited in the first quarter and **7** in the second quarter.

More detailed information about the 2nd District can be found on their social media platform via this web-address <https://www.facebook.com/NOPDSecond>

3rd District

The Third District’s priorities include the following: increase patrols in areas with increasing crime trends, engagement with youth through school activities and events, and community outreach and transparency. The district is committed to maintaining the relationship with Police Community Advisory Board (PCAB). The members of the board have diminished and NOPD has requested the fulfillment of the vacant seats available. The Third District is awaiting the finalization of the new PCAB members from the Mayor’s Office of Neighborhood Engagement. Their first meeting is scheduled to take place on November 15, 2023.

The Third District has continued the use of Geo-Deployment, with minimal use of deviation forms. The district focused on a local corner store, which had been the location of several criminal incidents. The district placed a Real Time Crime Camera at the location to deter and decrease crime.

The district experienced an increase in calls for service and criminal incidents in a specific area of the district near a local motel. The district has partnered with local city leaders to PAD lock the location due to the increase in crime. This is a continuing project.

The detailed count of Community Policing Signals captured by the 3rd District in the first and second quarters are shown below.

4th District

The Fourth District’s priorities include the following: (1) Enhance patrolling strategies to increase visibility within neighborhoods (2) Enhance youth engagement activities (3) Partner with City agencies and community groups for problem-solving partnerships in various capacities.

The Fourth District has continued the use of Geo-Deployment. The district placed a Real Time Crime Center camera at the intersection of Murl and Sandra due to an increase in illegal dumping in the area. The district partnered with the apartment complex manager in the 1300 Block of South lawn to repair a hole in the rear fence at the complex. The hole in the fence allowed trespassing, illegal dumping, and other criminal and nuisance activities inside the complex. The district partnered with the complex to repair the fence and decrease and deter criminal activity at the location.

The district partnered with an apartment complex, which experienced an increase in crime during the 4th quarter. Through this community collaboration and with the assistance of Star Electric, lighting was increased in the area and a security company was hired to monitor the front gate of the complex to deter and decrease non-residents from entering the complex.

7th District

The 7th District’s Community Policing Plan priorities include the following: Focus on Youth Engagement, Enhance the Quality of Life, and Provide More Patrol Visibility.

The Seventh District has continued Geo-Deployment, with minimal deviation forms used. The district focused on an increase in criminal activity in Sector #1, along the Chef Menteur corridor, and several apartment complexes in the area. The address these concerns, officers are encouraged to increase patrols in the area. The NOPD Special Victims Section, along with the 7th district, have partnered to address the increase in complaints of crime along the Chef Menteur corridor.

The district experienced an increase in calls for service and residents’ concerns in several apartment complexes in the district. To address the concerns, the district assigned a unit to direct patrol at the apartment complex. The district has received positive community feedback from the officer’s presence in the area. This is a continuing project.

The detailed count of Community Policing Signals captured by the 7th District in the first and second quarters are shown below.

Geographic Deployment

Geographic Deployment (geo-deployment) is a fundamental component of the Department’s community policing strategy and helps facilitate more contact between the police and the community stakeholders within a particular area. Officers are assigned to the same Car Sector (patrol in their vehicle) or a walking beat to get familiar with the citizens and business while

building relationships in their assigned area. Districts 1-7 have each been divided into 4 (four) Car Sectors: Sectors 1, 2, 3 and 4. The 8th District, which encompasses a smaller geographical footprint, has been divided into 3 (three) Car Sectors and walking beats (Bourbon Promenade): Sectors 1, 2 and 3.

In the event an officer(s) must leave their assigned sectors and handle an incident outside of that sector, their supervisor is required to complete a “Deviation Form” to account for their absence in the sector. In 2022, the Deviation Form was transferred from a manual paper form for completion to an electronic form that is stored on the Department’s internal database.

During the first and second quarters, **113** deviation forms were submitted. (1st Dist. – 8 forms, 2nd Dist. – 30 forms, 3rd Dist. – 6 forms, 4th Dist. - 22 forms, 5th Dist. – 21 forms, 6th Dist. - 22 forms, 7th Dist. – 0 forms, 8th Dist. – 4 forms.) The main reasons indicated for deviations were insufficient staffing and answering a backlog of unanswered calls.

The charts below demonstrate the amount of time officers work within and outside of their sectors for the first and second quarters of 2023.

Community Engagement Specialized Units

Police Athletic/Activity League

The NOPD’s Police Athletic/Activity League (PAL) serves youth by coordinating recreational programs the city and assisting with building relationships and mentorship opportunities with youth. The uniqueness of this program is that it is staffed by a police officer and civilian volunteers. Police Officers throughout the Department volunteer their time to participate in these youth focused activities, events, and seminars to engage with the youth of the City and gain perspective of their concerns and reservations regarding building relationships with the police. This dialogue gives the Department an opportunity to change the mindset of the youth and enlighten them of all police roles, responsibilities, divisions, and programs within the NOPD. Below is a detailed list of events hosted and/or participated by the PAL Coordinator in the first and second quarter:

PAL Coordinator, Off. Jerry Baldwin established a momentous relationship with the Special Olympics of Louisiana and ensured the NOPD’s presence and support gave a lasting impression on the participants and stakeholders of this group. During the first and second quarter, NOPD PAL participated in a series of events for the Special Olympics of Louisiana. Those include:

Special Olympics Louisiana Leadership Conference Thursday, 01/26/23 - Saturday, 01/28/23: Officer Jerry Baldwin attended the Special Olympics Louisiana Leadership Conference. During the conference, Officer Baldwin was a speaker on the panel that focused on how sports can build relationships within the community and stakeholders.

Tulane University/Special Olympics Louisiana Cornhole and BBQ Saturday, 02/04/23: Officer Jerry Baldwin gave assistance with coordinating refreshments and Cornhole activities for the Tulane University/Special Olympics Louisiana Cornhole event. New Orleans Police Department Retired Sergeant/ Fraternal Order of Police Crescent City Lodge #2 President Walter Powers also came out and showed his support and assisted with coordinating the refreshments with Off. Baldwin.

The Law Enforcement Torch Run (LETR) Wednesday, May 03, 2023: the New Orleans Police Department participated in the Special Olympics Law Enforcement Torch Run. The Law Enforcement Torch Run (LETR) is a campaign to benefit the Special Olympics. It began in 1981 in Wichita, Kansas, and is the largest grass-roots fundraising movement for the Special Olympics. LETR is ran by police officers, sheriff’s deputies, correction officers, support staff, police volunteers and other law enforcement professionals from around the world. Close to 97,000 police professionals in over 45 countries participate in this worldwide effort to raise money and awareness for Special Olympics. The Fraternal Order of Police Crescent City Lodge #2 sponsored a team of officers to participate in the event. Various NOPD officers including Superintendent Woodfork participated in this run.

Special Olympics Louisiana State Games Friday, 05/19/23: Sergeant Willie Jenkins and Officer Jerry Baldwin- volunteered at the Special Olympics Louisiana State Games at Southeastern Louisiana University, located in Hammond, Louisiana. There were over 600 participants and guests in attendance at State Games.

Special Olympics Louisiana "Guardians Bowl" Sunday, June 11, 2023: Members of the New Orleans Police Department participated in the Special Olympics Louisiana "Guardians Bowl". Each Law Enforcement team across the state of Louisiana were partnered with a Special Olympic Athlete. There was unlimited bowling, food, music, and all out FUN. NOPD gained two Special Olympics teammate's, Rebeca Hulse and Mikey Love. The attendees appreciated the support from the officers.

March Madness Basketball Clinic Saturday, 03/18/2023: the New Orleans Police Department partnered with YEP (Youth Empowerment Project) and the New Orleans Pelicans to present the March Madness Basketball Clinic. The officers helped the participants learn the fundamentals of basketball and teamwork. After the clinic, the officers played against the YEP mentors and coaches in a friendly game of basketball. The NOPD defeated their opponents by a score of 30 - 25!

Aurora West Civic Association of Algiers Fundraiser Saturday, 04/01/2023: NOPD PAL Coordinator, along with, FOP Community Engagement Chairman Jerry Baldwin and FOP President Walter Powers, attended the annual Aurora West Civic Association of Algiers Annual Membership Sign-up and Fundraiser event. During the event, President Powers and Chairman Baldwin presented the Association leadership with a new Neighborhood Watch sign, donated by the FOP Crescent City Lodge. Off. Baldwin spoke to residents and attendees about the importance of officer and youth engagement to provide a safer city for the future.

LGBTQ+

The LGBTQ+ Liaisons have attended various events, seminars, and interviews throughout the City of New Orleans as representatives for the New Orleans Police Department. Outside of the social and engaging aspect of the unit, the liaisons are also called to assist in investigations to provide a familiar face and trusting balance to those in need of an extra layer of support when dealing with unfortunate situations. As support for the LGBTQ+ community, the NOPD was approved and

wore their NOPD Pride Badges the entire month of June. During this time Chief Woodfork, LGBTQ+ Liaisons and members of the LGBT community had the opportunity to attend a luncheon together for the community to meet the Chief and lay out her initiatives to strengthen and maintain a good relationship. The lunch was sponsored by Crimestoppers.

A list of engagements for the first and second quarter are detailed below.

03/10/23 – LGBTQ+ Liaisons, along with the liaisons from NOEMS, attended New Orleans Pelicans Pride Night game. The tickets were provided to the Department by Pelicans Organization.

03/29/23 – Facilitated a meeting between Homicide/Cold Case and Vaughn Trudeau regarding three homicides, and four aggravated assaults, that targeted gay men during the World’s Fair in 1984. Mr. Trudeau has been researching the Homicides over the years, including speaking with family members of the victims to bring closure to the survivors but have not been able to get clear answers.

The meeting resulted in evidence being reexamined for DNA testing to possibly find answers for the families and victims of the tragic incident.

04/07/23 – Attended Bunnies in the Big Easy event, which is a fundraiser for Crescent Care (formerly known as NoAids Task Force).

04/09/23 – Showed support in the Gay Easter Parade in the French Quarter by riding in one of the various floats.

05/10/23 - The NOPD LGBTQ Liaison Unit attended a LGBTQ community event at Hotel Peter & Paul. The liaisons presented on diversity and inclusion in the community and Department during this networking event.

06/10/23 – Pride Parade: LGBTQ/Allies shared a float from NOPD, NOEMS, State Fire Marshal, Causeway PD, OPCD. The NOPD Liaisons were provided giveaways from various supporters of the NOPD and provide crime tips and solutions to attendees at the parade.

06/21/23 - Misti Gaither, the host of “Let’s Talk About It” podcast, hosted the LGBTQ+ Liaisons on her show for an interview. “Let’s Talk About It” is New Orleans’s only LGBTQ podcast. The podcast is filmed live and rotates around several LGBTQ friendly businesses in the city. During

this interview, the liaisons talked about the outreach they do within the community, and what services and support we provide to the community.

06/24/23 – The Liaisons attended the 50th Anniversary of Upstairs Lounge Arson Attack Memorial. The event was in memory of those 32 individuals who lost their lives on that tragic day.

Limited English Proficiency (LEP) Services/Authorized Interpreter (AI)

NOPD received **381 LEP** calls which indicated individuals would need some type of language assistance. At the conclusion of every incident/call answered by an officer a “disposition” is given to inform the Department of the outcome of the matter. The disposition of “Necessary Action Taken” indicates the officer resolved the call for service and no report was required. The disposition “Report to Follow” indicates at the conclusion of the call for service a report was required according to policy or requested by the complainant or victim. The disposition “Gone on Arrival” indicates that the complainant or victim was not on scene when the officer arrived to address the call for service.

The chart below illustrates the number of Limited English Proficiency (LEP) calls with positive dispositions relayed to NOPD by OPCD based on the CAD report for the 1st and 2nd quarters of 2023. A detailed account of the LEP Services provided by the NOPD are indicated below.

School Resource Officers (SRO) Reports/Activities

A School Resource Officer is a designated officer within a District who provides specific support to schools. The SRO helps school officials cope with school violence and assists in creating a safe and conducive learning environment in public schools. The SRO is not a school disciplinarian. The SRO is a law enforcement officer, educator, and counselor. The SRO position also aids the Department to build trusting relationships with youth and humanize officers beyond the uniform.

The SROs are in the process of completing trainings to better serve and communicate with the youth, including the Active Shooter Training and the National School Resource Officer Training. The DARE Training was completed by officers to interact with the Middle School students in partnership Inspire NOLA Charters.

School Resource Officers are responsible for completing SRO Activity Forms which are reviewed by the Community Engagement Section Manager and PSAB Innovation Manager. SROs can also document activities in a Community Policing Form if their activity does not correspond with the SRO documentation categories. According to NOPD Policy Chapter 1.20: School Incidents, School Resource Officers¹⁸, SROs are required to document the following activities:

- a. Provide counselling to a student.
- b. Conduct youth engagement activity session(s);
- c. Participate in school activities that build trust and relationships with the school staff and students;
- d. Refer students to the school’s counsellor.
- e. Participate in parent-teacher conferences.
- f. Conduct student transports (to school if truant, Juvenile Intake Unit or Truancy Center); g. Collaborate with school staff, students, parents, etc. to solve a problem.
- h. Conduct an arrest.
- i. Distribute any departmentally approved materials to the school or students.
- j. Complete a Juvenile Warning Notice consistent with **Chapter 44.3 – Juvenile Warning Notice**.¹⁹

Victim Witness Assistance

The Victim-Witness Assistance Unit provides immediate and ongoing support to families and victims of homicides, sexual assault incidents, child abuse incidents, and other serious crimes, as well as Mental Health Awareness. The VWA Unit also hosts and attend events throughout the year to provide awareness regarding available services and resources for the attendees. The VWA Unit hosts Community Engagement events, meetings, and seminars to build trust with citizens of New Orleans and the families and victims effected by heinous crimes. The unit completed a Sex-Trafficking Prevention and Awareness Training to stay updated on threats and statistics in the area.

See below for a detailed breakdown of services provided by the Unit and individuals serviced in the first and second quarters of 2022. In addition, to the U-VISAs²⁵ were received processed for completion by this unit.

Obstacles and Recommendations

Obstacles

As the department continues to recruit officers, the department has maintained its commitment to the Community Engagement Philosophy.

During a review of the Community Policing Forms (CPF's), Problem Solving section, many of the forms listed "follow-up needed", however, the officers did not document the follow up activities once the project was complete. When the activities or steps taken to complete the project are not documented, the Department does not have a clear understanding if the actions taken have a direct effect on the original problem documented. The officers have continued to work in their respective districts, documenting quality of life concerns and partnering with community groups to address these concerns.

Recommendations

After evaluating the Community Policing Forms Problem Solving section, the officers have been informed to follow-up on the previously submitted forms, to include the submission of a new form, referencing the previously submitted form ID number and problem associated with the form. The CPF Review Procedures have been sent to all police district administrative sergeants for all staff members to reference for completing forms.

Conclusion

In 2023, the NOPD addressed specific concerns in each district through the development of new Community Action Plans and documentation of Problem Oriented Policing Projects, "POP". With community input NOPD developed plans to reduce crime, illegal activities, and quality of life issues through Community Policing.

With an increase in criminal activity involving youth in the community, the NOPD implemented programs such as Summer Basketball League and Junior Citizens Academy, to engage with youth and give them an awareness of the NOPD, its events and programs, and create additional platforms to establish meaningful relationships.

NOPD will continue to identify our weaknesses and develop plans to address them, build on our successes and continue the progress of Community Engagement and our Policing philosophy while remaining a model to other Police Departments in the area of Community Engagement and Policing.
