

CITY PLANNING COMMISSION PLANNING ADVISORY COMMITTEE

AGENDA – March 13, 2013

There will be a meeting of the Planning Advisory Committee on Wednesday, March 13, 2013 at 2:00 p.m. The meeting will be held in the City Planning Commission conference room, City Hall Room 7W03.

- 1) **Consideration:** Minutes from the February 27, 2013 PAC meeting.
- 2) **Consideration:** **ZONING DOCKET 027/13** - Request by HOLY CROSS COLLEGE for a Conditional Use to permit a development in excess of 10,000 square feet and a Zoning Change from an RD-3 Two-Family Residential District to a C-1A General Commercial District on Square 229, all lots; Square 192, all lots; Square 120, all lots and Square 121, Lot 6; and a Zoning Change from an LI Light Industrial District to a C-1A General Commercial District on Square 121, Lots 1 through 5, in the Third Municipal District, bounded by Deslonde, Burgundy, Reynes Streets and the Mississippi River. The municipal address is 4950 DAUPHINE STREET. (ZBM E-14/PD-8)
- 3) **Consideration:** **ZONING DOCKET 028/13** – Request by LAKE FOREST PLAZA LLC for a Conditional Use to permit the sale of alcoholic beverages for off-premises consumption at a proposed gas station/convenience store in a C-2 General Commercial District within the Eastern New Orleans Renaissance Corridor District and the Eastern New Orleans Renaissance Corridor Interim Zoning District, on an undesignated Square, Lot 7F-2B-1 or 7-H-1A, in the Third Municipal District, bounded by Lake Forest and Read Boulevards, Plaza Drive and Interstate 10. The municipal address is 5700 READ BOULEVARD. (ZBM H-11/PD-9)
- 4) **Consideration:** **ZONING DOCKET 031/13** – Request by JULIEN ENGINEERING & CONSULTING, INC. for a Conditional Use to permit the construction of a development exceeding 10,000 square feet within a C-1 General Commercial District, within the General DeGaulle Urban Corridor District, on Square 23, Lot N6, in the Fifth Municipal District, bounded by General De Gaulle, Life Center and Sandra Drives. The municipal address is UNASSIGNED. (ZBM E-16/PD-12)
- 5) **Consideration:** Grant of servitude of ground rights on/over a portion of Pauline St. and Alvar St. public right-of-ways, adjacent to Square 409, 3rd M.D., bounded by: Marais St., Alvar St., Pauline St., and St. Claude Ave. for proposed encroachments of steps, landings ramps, and handrails. The municipal address is 3819 St. Claude Ave.

- 6) **Consideration:** A grant of servitude of ground rights on/over a portion of Saint Anthony Street, adjacent to Square 499, Lot 11, 3rd M.D., bb: Urquhart St., Annette St., Marais St., and Saint Anthony St. for proposed encroachments of wooden landings, stairs, and handrails. The municipal address is 1338 Saint Anthony St.
- 7) **Any Other Matters:** The next Planning Advisory Committee meeting will be held on Wednesday, March 27, 2013, at 2:00 p.m. in the City Planning Commission conference room (City Hall Room 7W03).

Respectfully yours,

Yolanda W. Rodriguez, Executive Director
March 6, 2013

The PAC was formed to meet and advise the Executive Director of the CPC on technical issues needed in the preparation of reports required as part of CPC official duties. The purpose of the PAC is to eliminate duplicated efforts, and to assist the public in determining the necessary department/agencies to meet with to resolve any technical problems that may need to be discussed or resolved prior to consideration by the CPC. A vote of "no objection" by the PAC does not give any blanket approval for a particular project or a zoning issue or a re-subdivision request, or a sale or lease of city-owned property, but only a statement on the technical issues considered by PAC.

CITY PLANNING COMMISSION PLANNING ADVISORY COMMITTEE

Minutes – February 27, 2013

A meeting of the Planning Advisory Committee was held on Wednesday, February 27, 2013 at 2:00 PM in the Conference Room of the City Planning Commission, City Hall Room 7W03. Those in attendance were:

MEMBERS

Edward Horan (S&P)
Denise McCray (SWB)
Brian Jones (SWB)
Elsie Cobb-Wright (RER)
Martha Griset (RER)
Arlen Brunson (CPC)
Richard Schierman (DPW)
Bao Vu (DPW)
LaJoyce Steib (DPW)
Lindsay Smith (PPW)

GUESTS

Susan Danielson
Kenneth Haik
Edwin J. Mazoué
Rick Query
Ron Bogard
George Crawford
Troy M. Gant
Jamie Saxon

CPC STAFF

Editha Amacker
Stephen Kroll
Kelly Cottrell
Leila Manouchehri
Dubravka Gilic

NON-VOTING DEPARTMENTS

None present

1) Consideration: Minutes from the February 6, 2013 PAC meeting.

CPC made a motion to approve the minutes as written, which was seconded by DPW and adopted.

2) Consideration: ZONING DOCKET 023/13 – Request by DUTCH PROPERTIES LLC to permit a Wine Bar, Wine Shop and Wine Education as a Conditional Use in an HMC-1 Historic Marigny/Tremé Commercial District, on Square 263, Pt. Lot 13, in the Third Municipal District, bounded by Burgundy, Dauphine, Pauger and Touro Streets. The Municiple Address is 1938-40 BURGUNDY STREET. (ZBM D-13, PD-7)

Troy Gant appeared before the committee. He explained that the proposal includes a wine shop with delivery that serves espresso and sells complimentary items such as cheese. He noted that there is an apartment upstairs and that he is trying to secure off-street parking in a lot on Touro Street. The representative from HDLC informed the applicant that they will need to apply to HDLC for approval of any signage. The representative from RER noted that the applicant needs to apply for a lease due to the encroachment of the balcony over the public right-of-way. The committee passed a motion of no objection, subject to further review by CPC, RER, and HDLC.

- 3) **Consideration:** **ZONING DOCKET 024/13** – Request by ST. CLAUDE PROPERTIES LLC to permit the expansion of an existing Conditional Use as a Dental Clinic in a B-1A Neighborhood Business District, on Square 351, Lots 2B, C or 3, Pt 1 and Pt 4, in the Third Municipal District, bounded by France, Lesseps and North Rampart Streets and Saint Claude Avenue, The municipal addresses 4228-4234 SAINT CLAUDE AVENUE. (ZBM E-14/PD-7)

The applicant's architect was present to describe the project. The representative from the DPW stated that the rollover curb access to the parking area is against the DPW standards and recommended some design solutions for the parking lot. The representative from the CPC instructed the architect to revise the site plan to include the design for the corner lot on-site parking. The Committee passed the motion of no objection subject to further review by the DPW and CPC.

- 4) **Consideration:** **ZONING DOCKET 026/13** – Request by SARATOGA LOFTS LLC for a Conditional use to permit a Cocktail Lounge in a CBD-1 Central Business District, on Square 299, Lot X, in the First Municipal District, bounded by Gravier Street, South Rampart Street, Loyola and Tulane Avenues. The municipal address is 212 LOYOLA AVENUE. (ZMB C-14/PD-1A)

RER noted that a lease of servitude would need to be finalized prior to closing of the conditional Use. CPC made a motion of no objection, subject to further review by CPC and RER. The motion passed unanimously.

- 5) **Consideration:** Grant of servitude of air and ground rights on/over portions of Spanish Plaza South Arcade, Julia St., and Canal St. public right-of-ways, adjacent to Square 3A-30A, 1st M.D., bb: Poydras St., Convention Center Blvd, and Mississippi River for proposed and existing encroachments of planters, stairs, railings and mall entry portals. The municipal address is One Poydras St

The applicant's architects were present to describe the request.

SWB said it would require revised plans showing the locations of SWB's utilities.

DPW said it would require a copy of the same utility plan.

The committee passed a motion of no objection subject to further review by SWB and DPW.

- 6) **Consideration:** Grant of servitude of ground rights on/over a portion of Julia St. public right-of-way, adjacent to Square 573, Lot Z, 1st M.D., bounded by: Poydras St., South Rocheblave St., South Dorgenois St., and Julia St. for existing encroachments (raised concrete slab and ramp) and proposed concrete landing, stairs and railings. The municipal address is 2532 Poydras St.

The applicant was present to describe the project.

DPW asked questions about the specifics of the area for which the servitude would be granted but did not object to the request.

The committee passed a motion of no objection subject to further review by RER.

- 7) **Consideration:** Grant of servitude of air rights on/over a portion of O'Keefe Ave. public right-of-way, adjacent to Square 259, 1st M.D., bounded by: O'keefe Ave., Lafayette St., Poydras St., and Baronne St. for proposed encroachments of a canopy and marquee. The municipal address is 533 Baronne St.

The applicant's architect was present to describe the request.

There were no comments or objections to the proposal.

The committee passed a motion of no objection subject to further review by RER.

- 8) **Consideration:** Sale of a strip of land between Lot -1 and Jourdan Rd., adjacent to Square F, 3rd M.D., bounded by: Inner Harbor Navigation Canal, U.S. Highway 90 (Chef Menteur Hwy.), Inter-State Highway (I-10), and Jourdan Road.

RER described the application, noting that it was a request by the Port of New Orleans.

SWB said it would require a full width servitude due to the location of utilities within the strip of land.

The committee passed a motion of no objection subject to further review by RER, SWB, DPW, and CPC.

- 9) **Consideration:** Sale or long-term lease of a triangular lot (rear portions of former Lots 22, 23, 24, and a fraction of 21), Square 144, 7th M.D. This is a request by the adjacent property owner, Krewe of Carrollton. The municipal address is 1215 General Ogden St.

The applicant's representative was present to describe the request. He noted that the area is intended for use for off-street parking and that it could potentially be developed in the future.

The committee passed a motion of no objection to the sale of the property subject to further review by RER and CPC.

10) Any other matters:

Consideration: A servitude agreement for ground rights in/on/over a portion of Nashville Avenue, adjacent to Hurstville, Square 25, Lot 7, 6th M.D., bounded by Nashville Avenue, Magazine Street, Constance Street, and Arabella Street for the proposed encroachments of a driveway. The municipal address is 727 Nashville Avenue.

The applicant was present, noting that this request is associated with a variance application that is currently pending before the Board of Zoning Adjustments (BZA 025-13).

The committee passed a motion of objection to the application because the proposal to park in the required front yard is in conflict with the Comprehensive Zoning Ordinance.

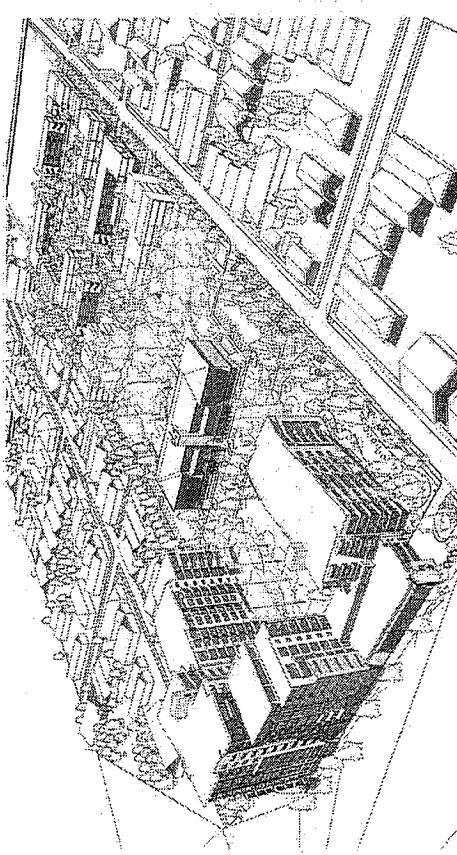

Item # 2

Consideration: ZONING DOCKET 027/13 - Request by HOLY CROSS COLLEGE for a Conditional Use to permit a development in excess of 10,000 square feet and a Zoning Change from an RD-3 Two-Family Residential District to a C-1A General Commercial District on Square 229, all lots; Square 192, all lots; Square 120, all lots and Square 121, Lot 6; and a Zoning Change from an LI Light Industrial District to a C-1A General Commercial District on Square 121, Lots 1 through 5, in the Third Municipal District, bounded by Deslonde, Burgundy, Reynes Streets and the Mississippi River. The municipal address is 4950 DAUPHINE STREET. (ZBM E-14/PD-8)

This figure contains two architectural elevation drawings of a building's exterior, labeled "LEFT EXTERIOR ELEVATION" and "RIGHT EXTERIOR ELEVATION".

Left Exterior Elevation: This view shows the left side of the building. It includes a large entrance area with a double door, a set of stairs leading up to it, and a row of windows along the ground floor. Numerous light fixtures are indicated by callouts labeled A through D. Callout A points to a cluster of lights above the entrance. Callout B points to a row of lights along the top edge of the building. Callout C points to a set of lights near the base of the building. Callout D points to a set of lights further down the left side. A note at the bottom right specifies a height of 10'-0" for these lights.

Right Exterior Elevation: This view shows the right side of the building. It features a prominent entrance with a double door, a set of stairs, and a series of windows. Light fixtures are labeled A through D. Callout A points to a set of lights above the entrance. Callout B points to a row of lights along the top edge. Callout C points to a set of lights near the base. Callout D points to a set of lights further down the right side. A note at the bottom right specifies a height of 10'-0" for these lights. A note also indicates that "SCE-INTERMEDIATE BACK-UP FOR OTHER LUMINAIRES" applies to these lights.

FINAL ELECTRICAL CONNECTION BY CUSTOMER

THIS SIGN INDICATES THAT THE ELECTRICAL CONNECTION HAS BEEN MADE AND IS THE RESPONSIBILITY OF THE CUSTOMER. THE NATIONAL ELECTRICAL CODE REQUIRES THAT THE UL LISTED INSPECTOR CERTIFY THAT THE CONNECTION IS IN ACCORDANCE WITH THE CODE. THIS SIGN IS PROVIDED AS A RECORD OF THE UL LISTED INSPECTOR'S CERTIFICATION.

Item # 4

Consideration: ZONING DOCKET 031/13 – Request by JULIEN ENGINEERING & CONSULTING, INC. for a Conditional Use to permit the construction of a development exceeding 10,000 square feet within a C-1 General Commercial District, within the General DeGaulle Urban Corridor District, on Square 23, Lot N6, in the Fifth Municipal District, bounded by General De Gaulle, Life Center and Sandra Drives. The municipal address is UNASSIGNED. (ZBM E-16/PD-12)

GENERAL NOTES

1. ENGINEER DID NOT INSPECT THIS SITE AND DOES NOT ATTEST TO ANY EXISTING UNUSUAL SITE OR CONDITIONS ON THE BUILDING SITE.
 2. ENGINEER DOES NOT ATTEST THAT SETTLEMENT OF THE FOUNDATION WILL NOT OCCUR CONTRACT).
 4. OWNER IS CAUTIONED TO EXERCISE POSITIVE DRAINAGE OF THE SITE BOTH FROM RAINFALL AND ANY INSTALLED SPRINKLER SYSTEMS.
 5. CONCRETE DESIGN IS BASED UPON A CONCRETE MIX HAVING A MAXIMUM OF 3.0 GALLONS OF FREE AND ADDED WATER PER CUBIC YARD. SUCH A MIX SHOULD GIVE MINIMUM COMPRESSION STRENGTH OF 4,000 P.S.I. AT 28 DAYS. CONCRETE DESIGN MIX SHALL BE IN ACCORDANCE WITH THE ACI 318-17 AND LOCAL BUILDING CODE REQUIREMENT.
 6. ALL CONVENTIONAL REINFORCING STEEL SHALL BE ACI DESIGNATION A-615 (GRADE 60) REINFORCING AND SHALL BE DETAILED AND ACCESSORIES PROVIDED IN ACCORDANCE WITH THE LASTEST ACI MANUAL OF STANDARD PRACTICE FOR DETAILING REINFORCED CONCRETE STRUCTURES.
 7. MESH AND BARS SHALL BE ADEQUATELY AND SECURELY SUPPORTED TO PREVENT VERTICAL AND HORIZONTAL MOVEMENT DURING PLACING OF CONCRETE.
 8. REINFORCEMENT SHALL HAVE A MINIMUM OF 3" COVER IN GRADE BEAM BOTTOMS, 2" COVER IN BEAM SIDES AND TOPS.
 9. ALL SECTIONS SHOWN ARE AT MID-SPAN OF GRADE BEAMS UNLESS OTHERWISE SHOWN.
 10. ENGINEER DOES NOT ATTEST TO THE STRUCTURAL DESIGN OR ADEQUACY OF THE PROPOSED BUILDING.
 11. ANY DEVIATION FROM THIS PLAN OR SPECIFICATIONS WILL VOID ENGINEER'S LIABILITY AND RESPONSIBILITY.
 12. THIS DESIGN SHALL BE USED ONLY FOR THE ATTACHED REFERENCED PROJECT.
 13. CONTRACTOR TO PROVIDE CRAWL SPACE VENTILATION PER IRC 2009, SECTION R408.1.⁽¹⁾ SQUARE FOOT OF VENT AREA PER 150 SQUARE FOOT OF GROSS FLOOR AREA) VENTS SHALL BE PLACED WITHIN 36" FROM ALL CORNERS. ALL VENTS SHALL BE PLACED AT NO MORE THAN 12" ABOVE FINISHED GRADE.
 14. CONTRACTOR TO CONTACT ALL UTILITY COMPANIES FOR ALL UTILITY RELOCATIONS PRIOR TO CONSTRUCTION & ENSURE ELECTRIC METER IS ADJUSTED TO ACCURATELY MEASURE 3 TO 6 FEET FROM THE GRADE IF THE BUILDING STRUCTURE IS RAISED MORE THAN 5 FEET WOOD STAIRS PER SHEET 5 SHALL BE PROVIDED FOR ACCESS.
 15. RULINGS LOCATIONS ARE ONLY AN APPROXIMATION BY ENGINEER, FIELD TO VERIFY EXISTING PLUMB LOCATIONS.
 16. MAXIMUM ALLOWABLE SPAN ON CONCRETE SLAB SHALL NOT EXCEED 14'.
 18. SEPTIC SYSTEM TO BE UPGRADED TO MEET CURRENT HEALTH DEPARTMENT CODES
 19. WIND BORN DEBRIS DAMAGE PROTECTION TO BE PROVIDED UNDER SEPARATE CONTRACT.
 20. THESE PLANS WERE PREPARED FOR THE FOLLOWING ELEVATION CONTRACTOR: ELEVATION DRILLING, CONTRACTORS, HC ENGINEERING IS NOT RESPONSIBLE FOR VERIFICATION OF STATE LICENSING REQUIREMENTS.

JET DESIGN CRITERION

1. THE PLUGS BELOW THE BUILDING SHALL FIRST BE EXPOSED BY REMOVING THE SURROUNDING SOILS FOR A DEPTH OF APPROXIMATELY 3 FEET. THEN APPROXIMATELY EVERY OTHER PILE IS CUT LEAVING ROOM FOR A HYDRAULIC JACK TO BE INSTALLED BETWEEN CUT OFF PILE AND BUILDING'S EXISTING SLAB.
 2. A UNIFIED HYDRAULIC JACKING SYSTEM SHALL BE USED TO RAISE THE BUILDING IN A UNIFIED MANNER UNTIL THE DESIGNED ULTIMATE HEIGHT IS ACHIEVED. AT THIS STAGE 8" x 18" SOLID CONCRETE SEGMENTAL BLOCKS ARE PINNED TOGETHER WITH INTERLOCKING PEGS DOWNLES ON TOP OF THE EXPOSED PILE, WHICH DOES NOT HAVE A JACK ON IT. THE JACKS ARE THEN REMOVED FROM THE PILES AND 8" x 18" CONCRETE SEGMENTAL BLOCKS ARE INSTALLED ON THESE, REMAINING PILES. SINCE THE CONCRETE SEGMENTAL PILES ARE GENERALLY INSTALLED UNTIL A MINIMUM UPLIFT OF ONE HALF INCH IS ACHIEVED ON THE STRUCTURE, THE CORRESPONDING GAUGE PRESSURE CONVERTS TO A PILE LOAD CAPACITY OF APPROXIMATELY 7 TONS.
 3. A 24" x 18" FOOTING AND 8" CONTINUOUS CMU WALL SHALL BE INSTALLED AROUND THE PERIMETER OF THE BUILDING ALONG WITH AN ANCHOR SYSTEM, WHEN REQUIRED SECURED WITH TENSION RODS AT THE BUILDING'S CORNERS TO ELIMINATE LATERAL AND VERTICAL MOVEMENT DURING HURRICANE FORCES. THE CMU WALL WILL ALSO BE USED TO TIE ALL THE CONCRETE SEGMENTAL PILES TOGETHER AND TO CLOSE ACCESS TO THE UNDERAGE OF THE FOUNDATION.
 4. ANCHOR SYSTEMS SHALL BE PROVIDED FOR LATENT MOVEMENTS. HOWEVER, BASED ON OUR CALCULATIONS, THEY ARE NOT REQUIRED FOR PEOPLE SINCE THE DEAD LOAD OF THE HOUSES IS GREATER THAN THE UPLIFT FORCE GENERATED BY HURRICANE WINDS. GENERALLY THE DEAD LOAD IS TWICE HIGHER THE UPLIFT FORCE.
 5. THIS STRUCTURE HAS BEEN DESIGNED TO MEET OR EXCEED THE WIND LOAD REQUIREMENTS OF THE 2009 INTERNATIONAL RESIDENTIAL CODE (IRC 2009). DESIGN CRITERIA ARE:
A. BASIC WIND SPEED = 130 MPH
B. WIND IMPEDIMENT FACTOR = 1.0
C. WIND EXPOSURE CATEGORY = B
 6. CONTRACTOR TO VERIFY BUILDING RAISE HEIGHT WITH ELEVATION CERTIFICATE, LOCAL BUILDING DEPARTMENT, AND PERTINENT GRANT ELEVATION MITIGATION ANALYSTS.

THE END OF THE COLD WAR

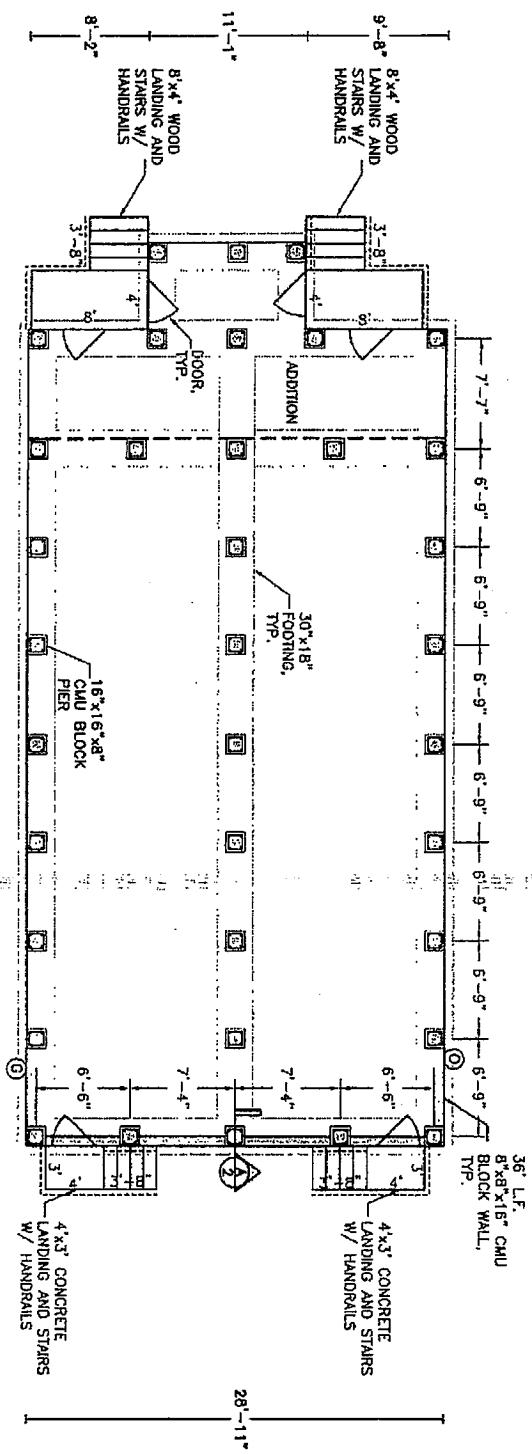

LARGE MISSILE TEST OF ASTM E 1996 AND OF ASTM E 1886 REFERENCED THEREIN.

15. PILING LOCATIONS ARE ONLY AN APPROXIMATION BY ENGINEER. FIELD TO VERIFY EXISTING PILING LOCATIONS.
 16. MAXIMUM ALLOWABLE SPAN ON CONCRETE SLAB SHALL NOT EXCEED 14'.
 17. CONTRACTOR TO ENSURE THAT EXISTING SLAB ADDITIONS AND FOOTINGS ARE STRUCTURALLY CAPABLE TO BE RAISED WITH THE HOUSE. OTHERWISE, SLABS SHALL REMAIN AT GRADE.
 18. SEPTIC SYSTEM TO BE UPGRADED TO MEET CURRENT HEALTH DEPARTMENT CODES.
 19. WIND BORN DEBRIS DAMAGE PROTECTION TO BE PROVIDED UNDER SEPARATE CONTRACT.
 20. THESE PLANS WERE PREPARED FOR THE FOLLOWING ELEVATION CONTRACTOR; ELEVATION SHARING CONTRACTOR. HC ENGINEERING IS NOT RESPONSIBLE FOR VERIFICATION OF STATE LICENSING REQUIREMENTS.

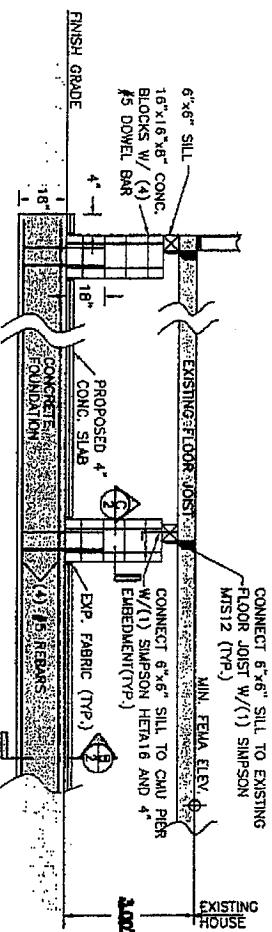

FASTENER TYPE	Punch Span $\leq \frac{1}{4}$ "-O	Punch Span $\leq \frac{1}{2}$ "-O	Punch Span $\leq \frac{5}{8}$ "-O
NO. SCREWS	16"	12"	9"
NO. G. SCREWS	16"	16"	12"
A. FASTENERS SHALL BE INSTALLED AT OPPOSING ENDS OF THE WOOD.			

EFASTENERS SHALL BE LONG ENOUGH TO PENETRATE THROUGH THE EXTERIOR WALL COVERING AND A MINIMUM OF $\frac{1}{4}$ " INTO WOOD WALL FRAMING AND A MINIMUM OF 3 EXPOSED THREADS. FASTENERS SHALL BE LOCATED A MINIMUM OF 2 1/2" FROM THE EDGE OF CONCRETE BLOCK OR CONCRETE.

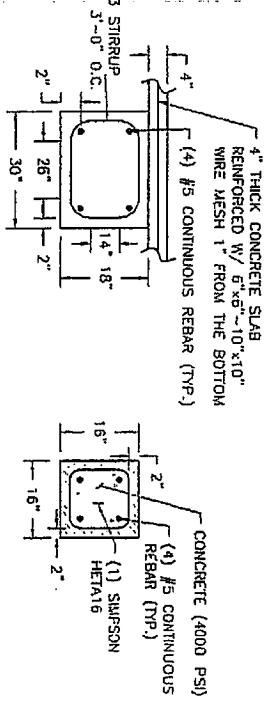

THOSE OVER 140 IN THE SCHOOLS SHOULD WORK ON THESE QUESTIONS. ANY EXPRESSIONS OF DISAGREEMENT OR DISBELIEF IN THESE DOCUMENTS ARE NOT APPROPRIATE.
