Taylor Playground: Info & Design Approach

Taylor Playground is a 3 acre park in the Hoffmann Triangle neighborhood in Central City, located at 2601 S. Derbigny Street.

Existing park features include:

- *Baseball field*
- *Multi-use practice field*
- *Swimming pool*
- *Covered basketball court*
- *Playground for kids ages 5 to 12*
- *Building with changing rooms and restroom facilities*

This project was conceived as a repair and enhancement project for Taylor Playground. Due to limited budget, the design team was tasked with addressing life and safety concerns first, then proceeding to enhance certain site features as directed from meeting with NORDC and community outreach. The project scope of work includes:

- *Replacing & repairing the existing perimeter fencing*
- *Replacing & repairing existing high mast lighting*
- *Replacing & repairing lighting under basketball canopy*
- *Resurfacing basketball court*
- *Replacing damaged playground safety surface*
- *Replacing pathways on the interior of the site*
- *Additional pathway to connection basketball court and pool*

Taylor Playground has a construction budget of \$305,425. The funding source is City Bonds.

Taylor Playground: Existing Conditions

Sidewalk and fence along Third Street

Path and high mast lights along northern portion of site

Pedestrian entrance at corner of Third Street and S. Derbigny Street

Pedestrian entrance at corner of S. Derbigny Street & Washington Avenue
