

## 2019 Public Integrity Bureau Annual Report

PIB shall include in its annual report a summary of each misconduct complaint, including a description of the allegation, the final approved disposition, and any discipline imposed. PIB's annual report shall also include aggregate misconduct data showing the number of each type of complaint and the number and rate of sustained cases after final approval, and shall provide an analysis of this data that identifies trends and concerns and documents NOPD's response to the identified trends and concerns. The PIB and IPM should coordinate and confer with each other in collecting, analyzing, and reporting this data to avoid or minimize duplication of efforts or resources. [Consent Decree ¶426]

The Public Integrity Bureau (PIB), commanded by Deputy Superintendent Arlinda Westbrook, is responsible for the fair and consistent implementation of the disciplinary process, from the receipt of a complaint through its final resolution. This includes the assignment and processing of all disciplinary investigations; review of disciplinary investigations for fairness, impartiality, and thoroughness; review of recommendations in all disciplinary investigations and hearings; maintenance of disciplinary records; and the coordination of specific investigations with outside agencies such as the Federal Bureau of Investigations and the Independent Police Monitor.

All bureaus and divisions are included in the disciplinary process. Although officers assigned to PIB investigate allegations of criminal misconduct against both police officers and civilian employees, the investigation of violations of administrative regulations are shared with first-line supervisors. In order to hold first-line supervisors accountable and ensure their involvement in complaints against their subordinates, many administrative complaints are forwarded to division commanders through their bureau chiefs for investigation. These investigations are reviewed through that bureau's chain of command, then ultimately by PIB and the Superintendent of Police.

The purpose of this report is to summarize misconduct complaint data collected for the past year, analyze that data, and identify trends and concerns in the areas of misconduct and discipline. This report identifies demographic information on the individuals who file complaints, as well as the officers who are accused of misconduct; the status and dispositions of misconduct investigations opened in the previous year; the types of allegations filed against officers; and summaries of the alleged misconduct, as stated by the individuals filing the complaints.

To ensure the quality and integrity of the Department's complaint process, the Office of the Consent Decree Monitor (OCDM) conducts bi-annual audits of NOPD misconduct investigations. PIB also has an internal Quality Assurance Unit, including commissioned and civilian employees, focused on ensuring misconduct investigations handled by PIB and District investigators all maintain the same high standards set forth by the Department.

## **Key definitions**

**Complaint**—Any allegation of misconduct committed by any NOPD employee that is reported by any person, including any NOPD employee.

**DI-2 (Documentation of Counseling)**—A DI-2 may be submitted when a supervisor becomes aware of an infraction committed by an officer, and the behavior is considered to be so minor that it is correctable by simple counseling or minimal intervention by a supervisor. The action taken must originate from a supervisor’s knowledge of an employee’s behavior which involves a minor administrative violation of a Departmental order, policy, or procedure. The behavior must not severely impair or impact the efficiency of the public service, or the mission and goals of the Department.

**Exonerated**—The outcome of a disciplinary investigation in which a preponderance of the evidence demonstrated that the alleged misconduct occurred but did not violate NOPD policies, procedures, or training.

**Formal Disciplinary Investigation**—Internal New Orleans Police Department investigation that may result in disciplinary action as set forth in Civil Service Rules.

**Misconduct**—Any action or inaction that violates any Departmental Rule, Policy, Procedure, Order, verbal or written instruction, or criminal law.

**Minor violation/infraction**—A violation of a Departmental Rule, Policy, Procedure, Order, regulation, or verbal/written instructions that a supervisor believes requires minimal intervention through redirection, retraining and/or counseling to correct the employee’s behavior (e.g., tardiness, uniform requirement, forgetting to complete an FIC, and cleanliness of vehicle). The behavior must not be the subject of a public complaint and must be sufficiently minor that it is correctable by minimal intervention by the supervisor, with the goal of non-repetitive behavior. Repetition of similar violations within a twelve-month period (based on the date of the observed violation) may require discipline. Refer to Chapter 35.1.7, “Non-Disciplinary Responses to Minor Violations,” for guidance

**No Formal Investigation Merited (NFIM)**—A complaint action in which the allegation, on its face, does not constitute a violation by an employee of any Departmental Rule, Policy, Procedure, verbal or written instruction, or criminal or civil law.

**Not Sustained**—The outcome of a disciplinary investigation in which a preponderance of the evidence did not demonstrate that the alleged misconduct occurred.

**Sustained**—The outcome of a disciplinary investigation in which a preponderance of the evidence demonstrates the alleged misconduct occurred.

**Unfounded**—The outcome of a disciplinary investigation in which a preponderance of the evidence demonstrates the alleged misconduct did not occur or did not involve the accused officer or employee.

### **Relevant Policies**

Chapter 26.2, “Adjudication of Misconduct,” became effective May 15, 2016, partially replacing Policy 1021. This chapter establishes procedures for conducting predisposition conferences and/or disciplinary hearings following internal investigations that identify potential misconduct and for the administration of penalties if allegations of misconduct are ultimately sustained.

Chapter 26.2.1, “Disciplinary Matrix/Penalty Schedule,” became effective May 15, 2016, also replacing portions of Policy 1021. This chapter provides penalty ranges for rule and policy violations. The disciplinary matrix delineates the lowest possible penalty, the presumptive penalty, and the maximum penalty for each level of offense.

Chapter 35.1.7, “Non-Disciplinary Responses to Minor Violations,” was converted to chapter format in 2015, and was again updated in 2017. That policy allows for counseling or training as resolution of minor violations or infractions.

Chapter 52.1.1, “Misconduct Complaint Intake and Investigation,” became effective on July 19, 2015, replacing former Policy 1020. This new policy, which governs the NOPD’s investigation of misconduct complaints, was approved by the Office of the Consent Decree Monitor (OCDM) and the Department of Justice (DOJ), and it is fully compliant with the Consent Decree.

Chapter 52.2, “Negotiated Settlement Agreements,” became effective November 15, 2015, replacing Policy 1023. The policy allows for resolution of misconduct complaints for minor violations reported by supervisors without a formal hearing. It was revised to allow for negotiated settlements involving body-worn camera violations.

## **The Complaint Process**

When a complaint is filed against a NOPD employee, the NOPD's Public Integrity Bureau Intake section conducts a preliminary investigation. Upon receiving a complaint, the Public Integrity Bureau reviews, classifies, and assigns the complaint to either a district or internal PIB investigator. The investigator is required to attempt to contact the complainant and obtain a recorded statement; however, some complainants choose to remain anonymous. The investigator will ask the complainant to provide as much detailed information as possible regarding the incident.

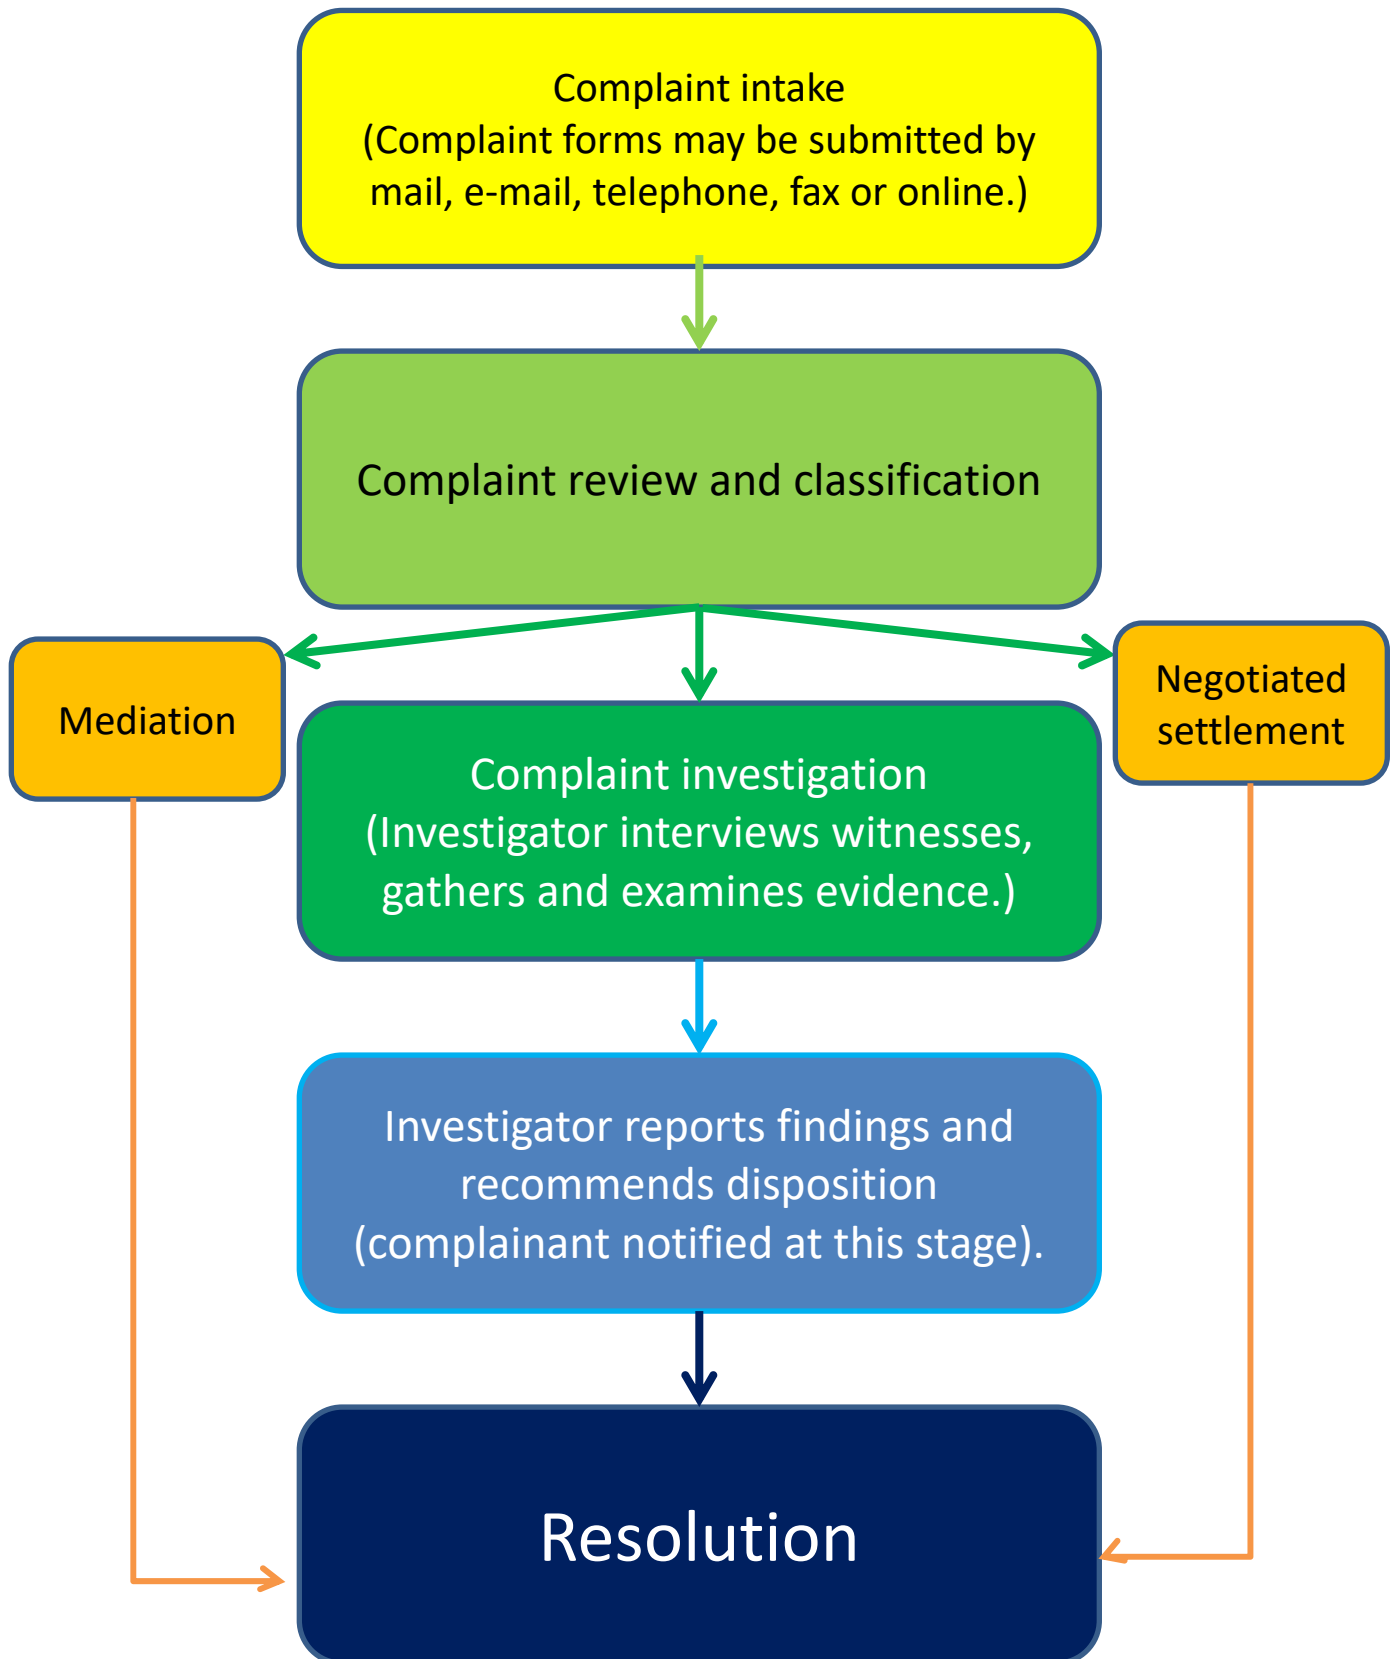

The investigator will contact all available witnesses, including police officers; examine all relevant evidence; and gather all information pertinent to each allegation. The investigator will update the complainant every forty-five days. After all allegations have been fully investigated, the Superintendent of Police will determine what action, if any, should be taken to resolve the complaint.

The investigation may result in several outcomes, depending on the final disposition of the complaint. If the disposition is Exonerated, Unfounded, or Not Sustained, no disciplinary action will be taken. In all cases, the person who made the complaint will be notified in writing of the investigator's findings.

When an allegation is Sustained, the matter may proceed to a disciplinary hearing, at which time a penalty will be recommended. The Superintendent of Police ultimately determines what penalty is appropriate. The penalty may range from oral and/or written reprimand, to remedial training, suspension, fine, demotion, or dismissal from the department.

If the complaint includes allegations of criminal wrongdoing, a criminal investigation may be conducted in addition to any administrative investigation. The District Attorney may then be consulted regarding the filing of criminal charges and the possible arrest of the offending employee.

The following flow chart describes the misconduct complaint process:

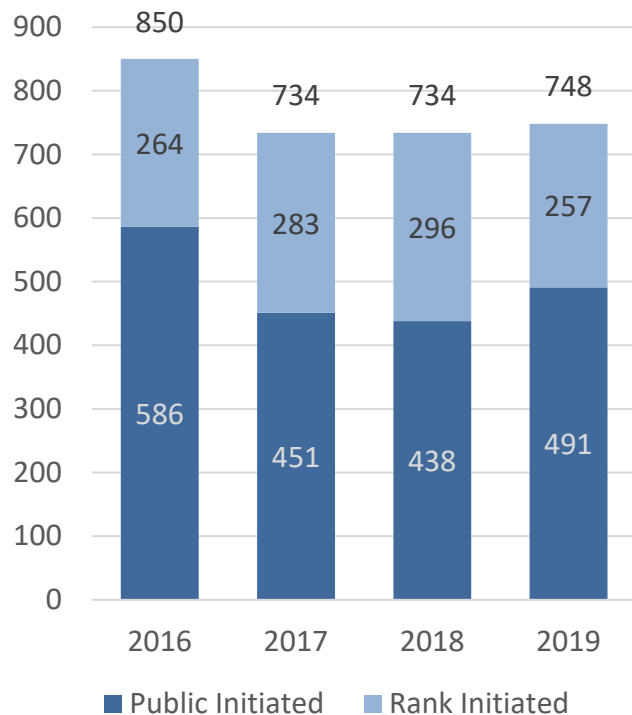

## Misconduct Complaint Findings

In 2019, the Public Integrity Bureau (PIB) processed 748 misconduct complaints, including 491 (66%) lodged by members of the public and 257 (34%) that were initiated by members of the NOPD. The total number of complaints per year decreased from 850 in 2016 to 734 in 2017, held steady at 734 in 2018, and increased slightly to 748 in 2019.

NOPD has worked to make the complaint process accessible to the public, by posting complaint information and forms online, as well as physical copies in locations across the entire city. Printed complaint forms and brochures are available in English, Spanish, and Vietnamese at every police district station, NOPD Headquarters, PIB, the Office of the Independent Police Monitor, the Orleans Parish Public Defender, City libraries, and courthouses. The Department also created a detailed PowerPoint presentation for the public that explains the misconduct complaint process; the file is available on the NOPD Web site (visit [nola.gov/nopd/citizen-services/complaints](http://nola.gov/nopd/citizen-services/complaints) and scroll down to the Complaint Process section).

**Figure 1: Total Complaints by Source 2016-2019**

Public-initiated complaints decreased and rank-initiated complaints increased each year from 2016 to 2018. In 2019 public-initiated complaints increased and rank-initiated complaints decreased.

Although several factors likely contributed to the decrease in rank-initiated complaints, NOPD continues to explore non-disciplinary alternatives in appropriate situations. For example, remedial training, redirection, and counseling can be effective ways to resolve minor administrative violations.

Since implementing the practice near the end of 2014 through 2019, NOPD worked with the Independent Police Monitor to successfully resolve 168 complaints through mediations between complainants and accused officers.

**Summary of Complaints by Allegation**

Whether public- or rank-initiated, complaints may contain more than one allegation against an accused employee. Table 1 below gives frequencies of allegation types over the last four years.

While complaints increased from 734 in 2017 to 748 in 2019, allegations decreased from 1,484 in 2017 to 1,449 in 2019. From 2018 to 2019 allegations increased from 1,312 to 1,449. From 2016 to 2017 the number of allegations decreased more significantly from 1,825 to 1,484.

The allegations that increased the most from 2018 to 2019 were violations of Rule 4: Paragraph 2 “Instructions from an authoritative source” (80 more), Rule 4: Paragraph 4 “Neglect of Duty” (29 more), and Rule 3: Paragraph 1 “Professionalism” (17 more). On the other hand, in 2019 there were 10 fewer allegations of violations of Rule 2: Paragraph 4 “Discrimination” than in 2018.

**Complaint Dispositions**

Table 2 lists the number and percentage of dispositions and statuses for complaints made from 2016 to 2019. The proportion of complaints that were sustained slowly increased from 27% in 2016 to 33% in 2019. Similarly, the proportion of complaints that were determined to be unfounded slowly increased from 18% in 2016 to 24% in 2019. The number of complaints that resulted in counseling decreased from 10% in 2017 to 2% in 2019.

## Complaints by Demographics

The following tables describe the complaints filed against NOPD organized by the demographic information (race/ethnicity, sex, and age/years of service) provided for both the complainants and the accused employees. NOPD's complaint reporting software does not require input of complete demographics and some individuals involved in the complaint process choose not to provide identifying information making the demographics of some complainants unknown. The tables below represent all complainants listed which is sometimes more than one per complaint. Additionally, because the accused employee is often unknown to the complainant and indeterminable by investigators, the demographics of the accused are sometimes unknown. The following analysis is based on the most accurate information that can be pulled from the data available.

The first group of tables below identifies the complainants, both external to NOPD and internal, by the demographic information provided during the time they filed their complaint. In 2019, 35% of complainants were female (279), 39% (315) were male, and the sex is unknown for 204 (26%). The distribution of complainants by gender remained relatively consistent from 2016 to 2018. The number of complainants with unknown sex increased from 2018 to 2019.

**Table 3: Sex of Complainants**

	<b>2016</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>
Male	404 (47%)	385 (51%)	364 (48%)	315 (39%)
Female	377 (44%)	296 (39%)	322 (43%)	279 (35%)
Unknown/Not Specified	78 (9%)	71 (9%)	69 (9%)	204 (26%)

The following table indicates each year more complainants are black or African-American than any other race/ethnicity. Of all complainants who identified their race/ethnicity in 2019, 407 (51%) identified as black or African-American. Of all other complainants who chose to identify their race/ethnicity, the closest group was white complainants, with 143 (18%). The distribution of complainants by race/ethnicity remained relatively consistent from 2016 to 2018. The number of complainants with unknown race/ethnicity increased significantly from 2018 to 2019.

**Table 4: Race/Ethnicity of Complainants**

	<b>2016</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>
Black or African American	527 (61%)	496 (66%)	473 (63%)	407 (51%)
White	191 (22%)	138 (18%)	169 (22%)	143 (18%)
Hispanic or Latinx	21 (2%)	10 (1%)	15 (2%)	15 (2%)
Asian	4 (0%)	2 (0%)	2 (0%)	1 (0%)
Unknown/Not Specified	116 (14%)	106 (14%)	96 (13%)	232 (29%)

The following table gives the age ranges of complainants in 2016 through 2019. The largest group of complainants in 2019 were between the ages of 40 and 49 (171, 21%). The distribution of complainants by age range remained relatively consistent from 2016 to 2018. The number of complainants with unknown age increased from 2018 to 2019.

**Table 5: Age of Complainants**

	<b>2016</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>
<14	1 (0%)	7 (1%)	8 (1%)	6 (1%)
14-29	98 (11%)	67 (9%)	83 (11%)	54 (7%)
30-39	169 (20%)	155 (21%)	152 (20%)	109 (14%)
40-49	185 (22%)	176 (23%)	198 (26%)	171 (21%)
50-59	139 (16%)	132 (18%)	144 (19%)	160 (20%)

Unknown/Not Specified	209 (24%)	180 (24%)	125 (17%)	269 (34%)

While each complaint is usually filed by individual complainants, multiple officers and/or NOPD staff are more frequently named in a complaint. Because multiple people can be named in any given complaint, the number of “Accused” is higher than the number of individual complaints. While there were 748 complaints filed in 2019, 1,019 individuals were accused. Of those 1,019, complainants external to NOPD initiated complaints against 655 individuals, while internal complainants initiated complaints against 363 individuals.

While there were slightly more males who filed complaints in 2019 than females, the majority of complaints were filed against male NOPD personnel. Of the accused individuals who could be identified by the complainant or the investigator, 757 allegations (74%) were made against males, compared to 187 (18%) made against females. These percentages are similar to the demographics of the department’s commissioned employees, which was consistently 77% male and 23% female from 2016 to 2019.

**Table 6: Accused Employee by Sex**

	<b>2016</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>

Unknown/Not Specified	103 (9%)	88 (9%)	74 (8%)	75 (7%)

Black or African-American officers comprised approximately 52% of NOPD’s officers in 2019, and 45% (460) of the individuals accused by complainants were black or African-American. White officers comprised approximately 41% of NOPD’s officers in 2019, and 39% (398) of the individuals accused by complainants were white.

Employees with 0-5 years of NOPD experience were the subject of the most complaints in 2019 (355, 35%). Employees with 0-5 years of experience are the most likely to be patrol officers, which tend to have more interactions with the public than other types of officers like detectives or officers in administrative roles who tend to have more years of experience. Officers with 0-5 years of experience comprised 35% of NOPD officers in 2019. The distribution of accused individuals by age range varied from 2016 to 2019. For example, employees with 0-5 years of NOPD experience were the subject of 19% (214) of complaints in 2016 and 35% (355) of complaints in 2019.

## **Misconduct Complaint Summaries**

The summaries in Appendix A describe the misconduct complaints lodged against NOPD officers and employees through the Public Integrity Bureau in 2019. The complaint process of the New Orleans Police Department is allegation-driven, and all allegations are taken seriously and investigated thoroughly. However, until a complaint is proven, allegations contained in the complaint have not been verified and should not be read as statements of fact. **It is important to note that the summaries below describe the complaint and not necessarily the specific findings of the investigation.**

Additionally, a “Sustained” disposition does not necessarily indicate that all the complainant’s allegations have been proven. Misconduct complaints often contain multiple allegations, and a “Sustained” disposition reflects that at least one allegation was proven to be true by a preponderance of the evidence. In some cases, an investigator may discover additional allegations that are not contained in the original complaint; therefore, a case may be given a “Sustained” disposition even when none of the complainant’s allegations are proven.

Finally, a complaint may be given a “sustained” disposition when an investigation is completed, but that disposition may change once the complaint is adjudicated during a disciplinary hearing. The disposition of a complaint is not considered final until after the disciplinary hearing is held and the Superintendent of Police has approved the disposition and discipline. Consequently, the disposition of cases for which the discipline is listed as “Awaiting Hearing” or “Pending” may ultimately change.

## **Actions Taken**

The actions taken, or discipline, for each officer accused of misconduct in 2019 can be found in Appendix B. Because multiple officers can be accused of misconduct by a complainant and each officer can be accused of multiple allegations, officers may receive more than one type of discipline. PIB does not document discipline until after the disciplinary hearing is held and the Superintendent of Police has approved the disposition and discipline.
