

A Guide to  
**BEHAVIORAL HEALTH  
RESOURCES IN THE  
GREATER NEW ORLEANS AREA**

The City of New Orleans  
Mitchell J. Landrieu, Mayor  
Dr. Karen DeSalvo, Health Commissioner

*A message from* Dr. Karen Bollinger DeSalvo, Health Commissioner  
for the City of New Orleans:

In keeping with Mayor Mitch Landrieu's commitment to improve the quality of life for the citizens of New Orleans, the Mayor and I are pleased to present this updated Behavioral Health Resource Guide. Mental health and substance abuse continue to pose significant public health challenges in our City. While we know we have more work to do to reduce the burden and improve access to resources, we can start with providing information about available services. The original guide was released in January of 2012, and as services change and grow, we want to ensure that consumers have access to the most current information available.

This guide provides an updated, comprehensive inventory of all behavioral health resources, including important programs, clinics offered by area providers and organizations from the public and private sector. We have also included resources to assist with access to these services such as information on public funding options, websites with more information and housing and supportive services throughout New Orleans.

This version of the guide includes two important additions. The first is the section for children and youth service providers. We realize the burden of mental health and substance abuse issues among this vulnerable population and strive to increase awareness of resources available to the city's young people. The second addition is the identification of providers who are part of the Magellan Health Services, Inc. network. The accreditation process completed by Magellan provides a measure of quality for behavioral health services for the Greater New Orleans area.

To develop this guide, the City worked in collaboration with the Substance Abuse and Mental Health Services Administration (SAMHSA) and President Obama's Strong Cities, Strong Communities (SC2) Initiative. We are thankful for their technical guidance and dedication to improving the health and lives of our residents. We were also aided by our local community partners who helped ensure that the guide was accurate and complete.

As a city, we can improve the health of our population, and our aim is to ensure delivery of affordable, quality healthcare services for all residents. We invite you to use this valuable information to help enhance your health knowledge of available behavioral health resources and make informed choices about care for you and your loved ones.

Sincerely,

A handwritten signature in black ink that reads "Karen DeSalvo".

Dr. Karen Bollinger DeSalvo  
Health Commissioner, City of New Orleans
