ABSOLUTELY NOT!

We have precious little retail on the scale of the Lowes and we do not, under any circumstances need to make it more difficult for someone like them to locate a store in our city.

I completely and vehemently oppose PD7-02

Comment/Question: It makes great sense to add mixed use to this neighborhood. More housing is needed in the city in general. Great change I hope it will help more IL zones will change in the future to allow for more affordable housing and other uses. Thanks

Proposed Amendment No. PD07-06

Comment/Question:

I am in support of the proposed amendment. I believe that this is an appropriate change for this formerly industrial area. This zoning change will allow for more housing and work space for artists and crafts people. This will make the neighborhood more desirable and reduce the number of abandoned buildings.
