**CITY OF NEW ORLEANS
EMPLOYEE GROWTH & DEVELOPMENT DIVISION
CIVIL SERVICE DEPARTMENT**

AN EQUAL OPPORTUNITY EMPLOYER

Dear Employees:

We look forward to seeing you in the classroom this year! We believe training is crucial in helping employees develop the specific skills needed to excel in their roles. We encourage employees and supervisors take full advantage of the courses offered, as they provide valuable opportunities to enhance your skills and support the growth of your teams.

While certain courses are required for employees seeking promotions in clerical, administrative, professional, and other roles, we strongly encourage everyone to invest in their professional and personal development by participating in these learning opportunities.

A big thank you to our instructors who work diligently to strengthen our workforce. This program wouldn't be possible without their dedication and expertise.

We're always open to your suggestions, so please feel free to share any ideas for new courses or improvements to existing ones.

Amy Trepagnier
Director, Civil Service Department

ATTENTION!

Only attend classes for which you have received an **official notification** from Civil Service.

Please include a **functioning, direct phone number** on your training application in the event Civil Service needs to notify you about any changes to your scheduled class(es).

Please be sure to include an **up-to-date email address** with your application to receive notification of scheduling; we will not be able to schedule you for your requested courses without a legible email address.

Please read the **course description** for information and prerequisites before registering for a course to avoid receiving rejection letters/inaction due to ineligibility.

You are required to attend all dates of a course session to receive credits. Missing any date(s) will result in having to resubmit an application. There will be **no make-up classes/exams** for the dates you miss!

There is a 15-minute grace period for getting to class on time for half day classes, and a 30 minute grace period for getting to class on time for all-day classes. You will be requested to leave if you arrive outside of these timeframes.

Civil Service may conduct test-outs as noted in the course descriptions. Registered employees will be notified of the test-out dates as they are finalized/as sessions approach.

Transcripts are always available upon request via email. ***One should allow at least 2-3 weeks before transcripts can be updated with recent grades.***

For additional information (not covered in this catalog), please contact the Employee Growth and Development division.

We are in the process of converting to an online catalog and course enrollment, so please bear with us, as our response times to your requests may be longer than usual.

Please note: Employees can always apply for courses prior to the release of each year's catalogue. You can apply at any time. If the catalog has not been released, simply submit the application and include the Course Title/Course Number and leave the Session Choice blank. You will automatically get scheduled for the next available session of the course. Courses are filled on a first come first served basis so please do not wait to apply.

APPLICATION PROCESS FOR COURSES

- 1) This training program is in compliance with the Americans with Disabilities Act and does not discriminate against individuals with disabilities. Employees who need information or special accommodations should make requests prior to the class. Persons with disabilities who need assistance should call 658-4020, 658-4017 (fax), or TTY/VOICE at 658-4475.
- 2) To apply for a course, an employee must thoroughly complete a training course application and submit it to the Civil Service Department - Suite 900, 1340 Poydras St., **no later than three weeks before the date of the first class of the requested course session.** Submit the application in person, via email (wdcarriere@nola.gov), or by fax (658-3598). *(Sending by email will assure a confirmation receipt of your application.)*
- 3) The training course application form immediately follows these instructions. It may be photocopied, printed from a scanned version of this document, or obtained from either departmental personnel offices or Civil Service. **It is imperative that you provide your “full social security number” (not just the last four), “full work address” (including room number/zip code), classification, e-mail address, and “supervisor’s signature”.** *We are working to transition away from the use of social security numbers, but until we do please be sure to include it.* Omission of any of these items can cause mail delays or be grounds for your application being returned to you for completion and can lead to you missing upcoming requested sessions of a course.
- 4) An employee may apply for no more than five courses on one application. Courses in excess of five will **NOT** be processed. Employees may indicate a first and second choice for each course desired. Sections I and II of the application must be filled out completely before it is submitted to the Civil Service Department. If requested course sessions are full/*no Session Choice is given*, an attempt will be made to schedule the employee for the next available session.
- 5) Employees should **NOT** resubmit applications if their original applications have been received by the Civil Service Department. If requested sessions this year become full, employees will automatically be scheduled for the next available sessions in the next calendar year.
- 6) Those who wish to apply for courses that are limited to employees at certain levels or in certain classifications may request a waiver of these requirements. Please send your written request with reasons for wishing to enroll in the course to:
Wayne Carriere
wdcarriere@nola.gov
Employee Growth and Development - Civil
Service Suite 900 – 1340 Poydras St.
New Orleans, LA 70112
- 7) Employees should make every effort to attend scheduled classes. Absences may result in employees being scheduled to take the course again at a much later date. *If you know you will be unable to attend and would like to reschedule, please notify our office at 658-3529 **within 48 hours of the start date of the session.*** Otherwise, you will be marked as

absent, and you will be required to submit another course application in order to get scheduled again.

- 8) All regular employees shall be allowed to take at least one course per month of available authorized training, subject to supervisor approval, which shall not be unreasonably withheld. In any case, An Appointing Authority shall approve at least four (4) training opportunities for employees each year (see Civil Service Rule VIII, Section 4.2).
- 9) Employees may attempt to **"test out"** of the following courses (*listed alphabetically*):
 - a. Basic Grammar Usage and Proofreading I and II*
 - b. Basic Office Skills
 - c. Basic Math for Utilities Supervisors
 - d. Basic Math for Utilities Workers
 - e. Business Mathematics
 - f. Conflict Management
 - g. Executive Secretarial Skills
 - h. Introduction to Supervision
 - i. Introduction to Workplace Discipline for 1st Line Supervisors
 - j. Principles of Management
 - k. Problem Solving and Decision Making
 - l. Professional/Administrative Creative Problem Solving & Decision Making
 - m. Professional/Administrative Math and Statistics
 - n. Professional/Administrative Supervision
 - o. Reading Comprehension
 - p. Records Management.
 - q. The Office and Office Management
 - r. Team Building

*The test out for Basic Grammar covers both Level I and Level II; one does not need to test out of the two different levels separately. Note: The test out for Sexual Harassment in the Workplace is not offered anymore. Employees are required to complete a mandatory online training (see SUPV 691 for more information).

Employees desiring to test out of any of these courses should complete an application noting the course title and course number. Under "session", write "test out". Employees will be scheduled for the test out in writing. "Test out" sessions may be conducted monthly, and may require shorter length of time for exam/higher passing ratio on exam.

If an employee has already submitted an application for one of these courses and now wants to attempt to test out, the employee should submit another application. Upon receipt of this new application, the employee's name will be removed from the session for which he/she was scheduled. If the employee fails the test out, he/she will be scheduled for the next available session of the course and not necessarily for the session for which he/she was originally scheduled. (1 hour is given to take all 'test out' exams.)

- 10) Employees may apply for classes regardless of where the course is held or where they work.

- 11) Once a completed application is processed by Civil Service, the employee will be notified by email of his/her scheduled course. **Employees must not attempt to attend classes if they have not received a written notification or verbal approval from a member of the Employee Growth & Development Division of the Civil Service Department.** Notifications will be sent to the employee by email. If no email address is provided, the employee will NOT be scheduled. If an employee's email address changes, the employee is required to notify the Civil Service Department, Employee Growth & Development Division.
- 12) Some courses may require an examination for successful completion. In most cases, a test will be given at the end of the course. Results of the tests will be emailed upon request.
- 13) The Civil Service Department reserves the right to: A) cancel courses; B) reschedule courses; C) substitute course requirements; D) determine courses for which a 'test out' option is offered; E) determine the circumstances under which auditing is allowed; and F) approve audit requests. If auditing is permitted, the student must attend the audited course in its entirety and no additional perks are granted.
- 14) City departments can request special training sessions for a group of employees. Such a request should be made at least 45 to 60 days in advance. The Civil Service Department will attempt to accommodate the request solely based on its urgency (i.e. required for promotion), trainer's availability, and the number of attending employees (i.e., min. 12).
- 15) **Good Moral Character** is required of all students. Forgery, misrepresentation of facts, plagiarism, or cheating on examinations is punishable by disqualification, failure of the class, and other penalties. Civil Service instructors are empowered and held responsible to enforce this requirement. **Employees are required to report on time for class. The penalty for late arrival is at the discretion of the trainer (e.g., not being able to attend the class and/or session).**
- 16) Locations of courses in this section are as follows:

*Civil Service Application Room
