

DPW758 Speed Management Program Engineering Study

Capital Improvement Program/City of New Orleans Department of Public Works: October 2024

Legend

- Speed Data Collection Location
- Traffic Safety Study In Progress By Others
- Council District

NOTE :

DPW758 Focuses on streets under control of the City of New Orleans. Exceptions include state routes in the LADOTD Road Transfer Program and state routes with limited clearance between the roadway and adjacent buildings.

Speed Data Collection Locations were selected based on 311 requests for Traffic Calming and Stop Signs, resident requests for the Mobile Traffic Unit (photo enforcement), 5 years of crash data, and input from City Council and DPW.
