### **Board Meeting of January 22, 2024, at 3:40 P.M. at Loyola Law School**

#### **Minutes**

1. *Call to Order.*

1.1. The chair called the meeting to order at 3:48 p.m.

1.2. ERB members present:

1.2.1. Dawn Broussard

1.2.2. Elizabeth Livingston de Calderon

1.2.3. Holly Callia, Chair

1.2.4. Monique G. Doucette (arrived later)

1.2.5. Tyrone G. Jefferson, Jr.

1.2.6. Patrice Sentino (arrived later)

1.3. ERB members absent:

1.3.1. Wanda A. Brooks

1.4. Staff members present:

1.4.1. Dane S. Ciolino, Executive Administrator and General Counsel.

1.4.2. Jordy Stiggs, Ethics Trainer

1.5. Staff members absent:

1.5.1. None.

- 1.6. The agenda for the meeting is attached.
2. *Approval of Minutes.* Upon a duly made and seconded motion, the ERB unanimously approved the minutes of the regular ERB meeting on November 13, 2023.
3. *Monthly Report of the Office of the Inspector General.*
  - 3.1. Ed Michel appeared on behalf of the Office of the Inspector General. He also appeared with various staff members including Mike Laughlin, general counsel for OIG.
  - 3.2. The board accepted his monthly written report (attached).
  - 3.3. Mr. Michel began with a summary of his office's work last year. Among other things, his office has gone from 3 reports to 17 reports, the most ever for the OIG. His office culture has also been transformed.
  - 3.4. Mr. Michel's office has identified or recovered \$4.2 million for the City. Mr. Michel provided some examples of the recovery of properties and funds of the City, including the city council ordinance putting the Mayor's Pontalba apartment back into commerce. He also used as an example the recovery of improper homestead exemption properties.
  - 3.5. Ms. Calderon asked how long the OIG will do the assessor's job when the homestead exemption problem should be solved and addressed by the assessor's office. Mr. Michel responded that he has coordinated communications with the assessor's office and the assessor can take over the responsibilities of assuring that only eligible properties will be able to claim the exemption. He noted that this was "fraud" within his office's responsibilities.
  - 3.6. Mr. Michel also noted that in June he submitted his performance assessment for purposes of salary.
  - 3.7. Mr. Michel's office will look at SWB, Public Works, Safety and Permits, and various other departments and boards. His office's agenda for this year is ambitious.
  - 3.8. Noted that his website is updated and that his office now has more than 2,000 followers on X (formerly Twitter).
  - 3.9. Ms. Calderon asked whether all reports are available for the public on the website. Mr. Michel confirmed that all reports are posted for the public.
4. *Monthly Report of the Office of Independent Police Monitor.*
  - 4.1. Stella Cziment appeared on behalf of the Office of the Independent Police Monitor. She was accompanied by various staff members, including her counsel Sharonda Williams and Ms. McGowan, the new Deputy Police Monitor.

- 4.2. The board accepted Ms. Cziment's monthly report (attached).
- 4.3. Ms. Cziment noted that it is an exciting time. There are a number of meetings in progress with the federal monitors, NOPD, and the EDLA federal court regarding consent decree issues.
- 4.4. Ms. Cziment stated that the peer reviewers are in the process of reviewing her office. The report of the review team will be distributed soon and the second peer review process will begin.
- 4.5. Ms. Cziment noted that she has participated in trainings across the country relating to the consent decree.
- 4.6. Ms. Cziment noted that consent decree compliance meetings are underway and that the "sustainment" period hopefully will begin soon. Her office is doing much of the heavy lifting in formulating an aspirational and realistic sustainment strategy. She will consult with the ERB as these plans develop, particularly because it will affect her funding and legislative priorities. She will include the ERB in all of these discussions.
- 4.7. Noted that her office recently reduced its 2024 work plan. That work plan is attached to the agenda of the ERB meeting for the benefit of the board.
- 4.8. Noted that the lengthy period of time it took to do an RFP for vendors for a call center.
- 4.9. Noted that her office is putting together FAQ materials for the public about NOPD, investigations, and municipal laws and regulations. This will help the community understand the policing universe in New Orleans.
- 4.10. Ms. Calderon asked what LSP troopers would be doing in New Orleans and what role OIPM will have with monitoring them. Ms. Cziment says her office will need a new protocol and perhaps a new MOU with LSP to discuss what OIPM will do by way of interaction with LSP. This is still developing. LSP has a different culture, different procedures, etc., that will have to be considered. LSP has agreed to a meeting with OIPM, something that in the past LSP would not agree to such a meeting. She reported that this is a "good sign."
- 4.11. Ms. Callia reported on some of the plans LSP has for New Orleans that she learned during a Crime Commission meeting. This appears to be a long-term plan LSP has for policing in New Orleans under the moniker "Troop NOLA."
- 4.12. Ms. Callia noted that the board is available to support the work of the OIPM.
- 4.13. Rev. Jefferson and other board members thanked Ms. Cziment and her office for their work.

5. *Monthly Report of Ethics Trainer.*
  - 5.1. Mr. Jordy Stiggs appeared.
  - 5.2. The board accepted Mr. Stiggs's monthly written report (attached).
  - 5.3. Mr. Stiggs reported on his efforts to develop the website into a more welcoming site with downloadable documents and materials.
  - 5.4. Mr. Stiggs showed the board some examples of the new website training materials.
  - 5.5. Mr. Stiggs reported that he has received a quote from a website developer to modernize the site and make it more user friendly and accessible.
  - 5.6. Mr. Stiggs will put a vote on the appropriation for the web design on the agenda for the next board meeting.
  - 5.7. Ms. Callia suggested that Mr. Stiggs reach out to the NOPD to offer training.
6. *Report of the Executive Administrator and General Counsel.*
  - 6.1. The board will consider a promotion for Mr. Stiggs at a future meeting.
  - 6.2. Mr. Ciolino presented his written report.
  - 6.3. Mr. Ciolino reported that the ERB has received one new complaint, No. 2024-01.
  - 6.4. Mr. Ciolino reported on the addition of an anonymous complaint submission form on the website.
7. *Report on Appointments to ERB and Quality Assurance Review Advisory Committees.*
  - 7.1. Mr. Ciolino reported that two ERB positions must be filled. The mayor's office is working on this.
  - 7.2. Mr. Ciolino reported that four (4) Council and Mayoral appointments remain unfilled on QARACs for the IG and the IPM.
  - 7.3. Mr. Ciolino will discuss with Loyola and Tulane the engagement of pro bono law student volunteers to serve on QARACs. The board will consider this in more detail at the next meeting.
8. *Discussion of Salaries of IPM and IG*
  - 8.1. The board discussed the salaries of the IG and IPM.

- 8.2. Mr. Ciolino will redistribute the salary materials that were previously distributed in August 203 so that the board can vote on these increases during the February meeting.
9. *Promotion of Jordy Stiggs*
  - 9.1. Upon motion duly seconded, the board voted unanimously to promote Mr. Stiggs to Development Management Specialist 2 (from Development Management Specialist 1).
  - 9.2. This promotion is contingent on Mr. Stiggs completing the requisite training.
10. *Executive Session to Discuss Complaint No. 2024-01.*
  - 10.1. On motion duly seconded, the board unanimously voted at 5:51 p.m. to go into executive session pursuant to Louisiana Revised Statutes section 42:17 to discuss investigative proceedings regarding allegations of misconduct as to ERB Complaint No. 2024-01.
  - 10.2. On motion duly seconded, the board unanimously voted at 6:05 p.m. to adjourn the executive session and to return to public session
  - 10.3. On motion duly seconded, the board voted unanimously to disposition of Complaint No. 2024-01 pending the receipt of additional information.
11. *Adjournment.*
  - 11.1. A motion was made to adjourn the ERB meeting.
  - 11.2. The motion was seconded.
  - 11.3. The ERB unanimously voted to adjourn. The meeting was adjourned at 6:06 p.m.

## ADMINISTRATIVE INVESTIGATIONS (JANUARY HIGHLIGHTS)

### Failure to follow contract requirements while utilizing Wisner Trust funds

#### Purpose of the Report

This investigation was predicated on information received from an anonymous complaint that alleged Wisner Funds were being mismanaged by the City of New Orleans (City) and the Center for Employment Opportunities (CEO) for contracted grass-cutting and lot abatement. The allegation was that the allocated one million dollars in the Cooperative Endeavor Agreement (CEA) between CEO and the City could not be spent in the allotted one-year time frame. Concern was that any unspent funds would not be accounted for properly.

#### What the OIG Found

- The City did not follow the Cooperative Endeavor Agreement (CEA) and made quarterly installment payments to CEO totaling \$500,000 in advance of services provided in possible violation of the Louisiana Constitution.
- The City could not accurately track the work provided as described in the terms of the CEA since funds were improperly distributed in quarterly payments without verification of the work performed.
- The City did not utilize its Land Management Software (LAMA) to manage the program in accordance with the terms of the CEA. Additionally, LAMA did not have the capabilities to manage the program in accordance with those terms.

Issued a press release detailing that the City of New Orleans Bureau of Treasury has issued 32 revised real estate tax bills for residential properties that the OIG identified as having benefited from homestead exemptions and a senior freeze reduction despite the listed homeowners being deceased. The Assessor's Office has also removed these properties' homestead exemptions and senior freeze reductions. According to the Bureau of Treasury, the City of New Orleans is due more than \$204,555 in additional property tax revenue from these 32 properties.

## **ADMINISTRATIVE INVESTIGATIONS (JANUARY HIGHLIGHTS)**

(Continued)

Issued three requests for documents in ongoing investigations.

Issued a referral letter to the Department of Safety and Permits regarding a blighted property.

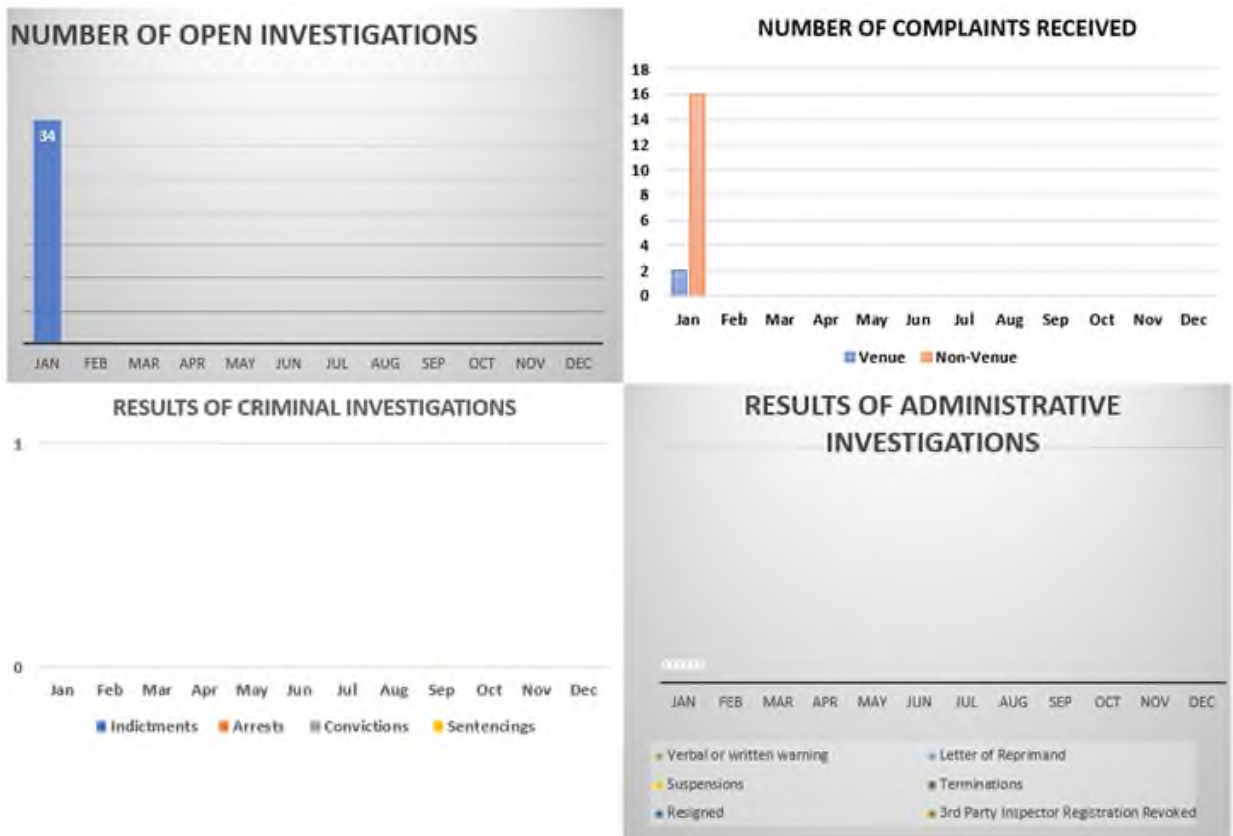

Issued a letter to the S&WB regarding a possible billing error of a customer.

# OFFICE OF THE INDEPENDENT POLICE MONITOR

## MONTHLY COMMUNITY REPORT

---

### January 2024

**Transparency. Accountability. Respect.**

# LETTER TO THE COMMUNITY

Dear New Orleans Community,

On behalf of the Office of the Independent Police Monitor, I wish you a happy start to 2024! This is a year of great change - from the swearing in of a new governor with a new legislative agenda for policing and New Orleans, to, potentially, the transition of the Consent Decree to the Sustainment Phase. The OIPM is preparing for all the possibilities that lay ahead and determining where we are best suited to serve our community and achieve our mission of police accountability, public transparency, and oversight.

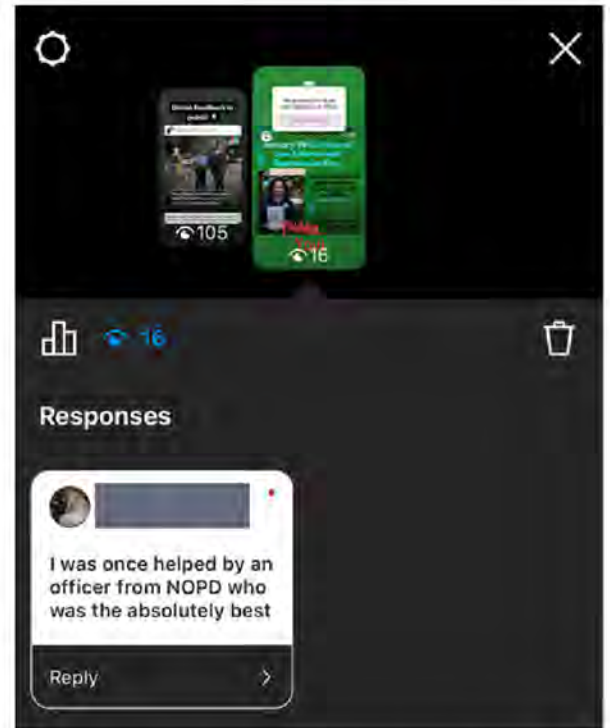

As we announced in our 2024 Work Plan released in January, this year we're taking on some ambitious projects designed to improve accessibility to all, expand our services, and improve how we serve New Orleans. Some of our priorities and goals include: building our 24 hour hotline, creating a public facing database with officer misconduct, force, and award history, releasing more informational one pagers with relevant information for the community, building a public archive with policing information and reports, and expanding our mediation program into our communities and districts.

In January, we hit the ground running to start achieving these goals. We hosted our first public forum in Algiers. During the public forum we discussed the role of oversight, the Consent Decree, and had a robust discussion with Councilmember King and the public on policing issues. The IPM and the Deputy participated in three days of meetings with NOPD leadership, the Federal Monitors, and the Department of Justice to discuss Consent Decree compliance strategies and how to address areas where the NOPD is still trying to reach full and effective compliance. Our mediation department completed a whirlwind of media appearances to advertise the program and finished the application process for our new cohort of mediators. The candidate interviews have started and we look forward to announcing our next cohorts soon. Our director of mediation also presented about the program to officers in the Fraternal Order of Police (FOP).

We hope to see you at our next public forum on February 22nd. Stay tuned for time and location!

Again, thank you for all your continued support of the OIPM! Have a happy and safe Mardi Gras season!

Thank you,  
*Stella Ciment*

Below are screenshots of some of the media the OIPM conducted related to the NOPD's prompt and responsible response to the allegation of an officer's drug use on the job.

# RELEVANT UPDATES; WORK

## Goal: Consent Decree Retreat with the Department of Justice, Federal Monitors, and NOPD Leadership

This month the IPM and the Deputy IPM participated in three days of meetings with the Department of Justice, the Federal Monitors, and NOPD leadership to discuss Consent Decree compliance. These meetings were an opportunity to review recent audits and learn about how corrective active strategies were implemented. Through these discussions, the parties determined appropriate next steps to get the NOPD to full and effective compliance. The different parties left these meetings with a stronger understanding of shared expectations and having engaged in discussions around measurement metrics on the remaining sections of the Consent Decree.

Above, Stella Cziment, the IPM, shares in a discussion with Chief Kirkpatrick. Below is the set up of the Consent Decree retreat meetings.

The OIPM continued to voice local concerns around community engagement and the Police Community Advisory Boards (PCAB) and reiterate the need for community involvement in any compliance and sustainment process. The OIPM also highlighted concerns around the Use of Force Review Board determinations in concert with officer discipline.

**The next Consent Decree public hearing will be held in Federal Court on February 21st and is an opportunity for the Federal Monitor to publicly report their understanding of where the NOPD is with the Consent Decree.**

## Goal: Released the RFP for the 24 Hour Hotline Project

In January, the RFP for the 24 hour hotline was released to the public and interested vendors. The OIPM released this updated RFP for the second time, having last released it in the fall of 2022. Unfortunately, after months of negotiation, the OIPM and the City of New Orleans was unable to secure a vendor after the first RFP. Now, the OIPM clarified and improved the RFP language to ensure that potential vendors understand the project and legal limitations of working with the city, and can submit thoughtful and successful bids for project. The RFP closes soon and the OIPM recently participated in the pre-submittal conference. The OIPM looks forward to the next phase of this project and seeing this hotline become a reality in 2024.

### New RFP Alert

The OIPM is seeking bids from vendors to build and operate a 24 hour hotline call center with web and text submission capabilities. Hotline would be to report officer misconduct.

## Goal: Released the 2024 OIPM Work Plan

Each year, the OIPM releases our work plan outlining the projects and priorities that the OIPM intends to achieve. This public roadmap of the year is meant to provide information and accountability so the public, stakeholders, governmental leaders, the Ethics Review Board, NOPD leadership, and community partners can both engage in our work and understand where our limited resources and capacity is being best utilized. This work plan is now available on our website and will be released on social media in the coming month.

# RELEVANT UPDATES; WORK

## Goal: Mediation Recruitment

The OIPM Community-Police Mediation Director, Jules Griff, spent much of January coordinating the recruitment and application process for the new cohort of mediators for the program. Jules joined some of our mediators and appeared on WWL and OZ radio to discuss the program and benefits of being a trained mediator for the OIPM. The applications closed in mid-January, and interviews began at the end of January through February. We hope you submitted your application for this unique opportunity!

Above is the Instagram post showcasing the mediation recruitment efforts.

## Goal: Accountability for NOPD Joint-Operations with the Louisiana State Police When Force Is Involved

In January, the IPM attended a meeting where the NOPD's Force Investigation Team met the Louisiana State Police's Force Investigation Team. At this meeting, the two teams discussed how to address joint investigations regarding force and officer involved shootings. The IPM was able to explain her role in monitoring the on-scene investigations, provided an example of recommendations the OIPM may make after monitoring a shooting scene, and prepared the LSP Force Team for our presence at these scenes - including what we do and don't do while monitoring.

Below is a photo the IPM took at the meeting between the two Force Investigation Teams of the NOPD and the Louisiana State Police. The Louisiana State Police are on the left side of the photo.

## Goal: Public Forum in Algiers

A big goal in 2024 for the OIPM is to hold a public forum every month for the community, stakeholders, and concerned individuals to discuss policing issues, hear about our projects, provide input on upcoming meetings and policy revisions, and be an active part in our oversight work. In January, the OIPM held our first public forum on the Westbank in Algiers. We were joined by Councilmember King and members of the Police Community Advisory Board (PCAB) for the Fourth District. During this public forum we discussed community engagement, questions about the Consent Decree, and received input on the executive protection detail before the IPM met with the new sergeant over the detail and the Professional Standards and Accountability Bureau.

The OIPM thanks everyone for coming out and hopes to see you at our next public forum on February 22nd . Location and time to be announced.

# WHO WE ARE

The OIPM is an independent, civilian police oversight agency created by voters in a 2008 charter referendum. Its mission is to improve police service to the community, community trust in the NOPD, and officer safety and working conditions. Since first opening its doors in August 2009, the Office of the Independent Police Monitor has been responsible for representing the community of New Orleans, providing accountability and oversight to the NOPD, and assisting in the reforms required under the Federal Consent Decree.

The OIPM is protected and required by City Charter and Ordinance. The OIPM operates through a Memorandum of Understanding (MOU) with the City of New Orleans and the New Orleans Police Department and has distinct responsibilities outlined by ordinance. This means this office was created by the people of New Orleans to represent all people interacting with the New Orleans Police Department to improve the way our community is policed.

## Ensuring Compliance and Reform

- The OIPM reviews the NOPD's policies, practices, and investigations to ensure that every action taken is compliant with local, state, and federal law, and Consent Decree reforms.
- The OIPM advises on policy, tactics, training, and supervision to ensure that the NOPD is adopting national best practice and building a nondiscriminatory, safe, effective, and respectful police department that is responsive to the needs of the community and their employees.
- The OIPM does this through monitoring, case reviews, audits, and policy recommendations.

## Amplifying the Needs of the Community

- The OIPM engages with the community to ensure that they both know about our services and understand how the police department works. Through providing information, the OIPM is equipping and empowering the community to navigate police encounters safely and demand what they need.
- Provides Complaint Intake.
- Operates the Community-Police Mediation Program.
- Partners with Families Overcoming Injustice.
- Coordinates public forums and outreach opportunities for the community to provide vital input on the way they are policed.

## Making the NOPD a Safer and Nondiscriminatory Workplace

- The OIPM provides recommendations and assessments to ensure that the NOPD is a safe and nondiscriminatory work place for all employees.
- The OIPM assesses supervision and training to ensure that employees are being equipped and supported.
- The OIPM meets with police associations to hear concerns from their membership.
- The OIPM monitors disciplinary hearings to ensure that discipline is consistent and nonretaliatory.
- The OIPM receives commendations and accounts of positive policing from the community.

# WHAT DO WE DO?

## Mission, Vision, Work

We serve the community, ensure police transparency, compliance, and accountability, and make policing a safer and more rewarding employment experience.

### WHAT WE DO

**Misconduct Complaints**

**Disciplinary Proceedings**

**Data Analysis**

**Community Outreach**

**Use of Force**

**Community-Police Mediation Program**

**Audits and Policy**

**Commendations**

The OIPM is the oversight body for the New Orleans Police Department (NOPD). The OIPM provides oversight through monitoring, reviewing, and auditing police activity and data. The OIPM is responsible for conducting complaint and commendation intake, on-scene monitoring of critical incidents and uses of force, overseeing the community-officer mediation program, reviewing investigations, providing assessments, identifying patterns, and making recommendations for improved practice, policy, resource allocation, and training. There are three components to the OIPM's work and mission:

The OIPM envisions a police force where the community is a valued and respected partner in public safety and law enforcement. This is achieved through:

- Assurance of transparency, accountability, and fairness within the NOPD and in all policing practices
- Community-driven policing policy that reflects the changing and dynamic needs of New Orleanians
- Continued efforts to engage the community and collaborate with community partners
- Recruitment and retention of a police force that is representative of and responsive to the community it serves
- Utilization of de-escalation techniques and methods when responding to calls of service
- Conducting only lawful and necessary arrests free of discriminatory practices
- Thorough and effective investigations resulting in appropriate arrests and prosecutions
- Clear and professional communication with victims and witnesses of crime and all that come into contact with the NOPD
- Responsible utilization of equipment and allocation of resources
- Development of highly trained supervisors and organizational leadership
- Interactions with the public and internally within the police force that are based in mutual trust and respect

**The OIPM seeks to amplify the voice of the community to ensure that all within the city – visitors and residents alike – can access police services equally and have a positive experience with officers.**

# MISCONDUCT WORK

## Relevant Definitions

### Complaint

A complaint is an allegation of misconduct filed against a NOPD officer(s) by a member of a public or civilian (external) or another officer (internal). A complaint may concern an action or lack of action taken by a NOPD officer(s), an interaction with a NOPD officer, or a witnessed interaction with a NOPD officer.

### Complainant

A complainant is the individual who files a complaint against a NOPD officer(s). A complainant may be generated internally (by another officer or a supervisor) or externally (by a member of a public). The complainant does not need to be personally affected by the incident.

### OIPM Complaint Codes

When the OIPM receives a complaint referral, the OIPM organizes the complaint according to the source of the complaint.

- Civilian based complaints are classified as: CC.
- Complaints from police officers are classified as: PO.
- Complaints from civilians working within the NOPD are classified as: CN.
- Anonymous complaints are classified as: AC.

### Misconduct

Officer action or failure to take action that violates any rule, policy, procedure, order, verbal or written instruction of the NOPD or is a violation of any city ordinance, state or federal criminal law. Misconduct includes, but is not limited to:

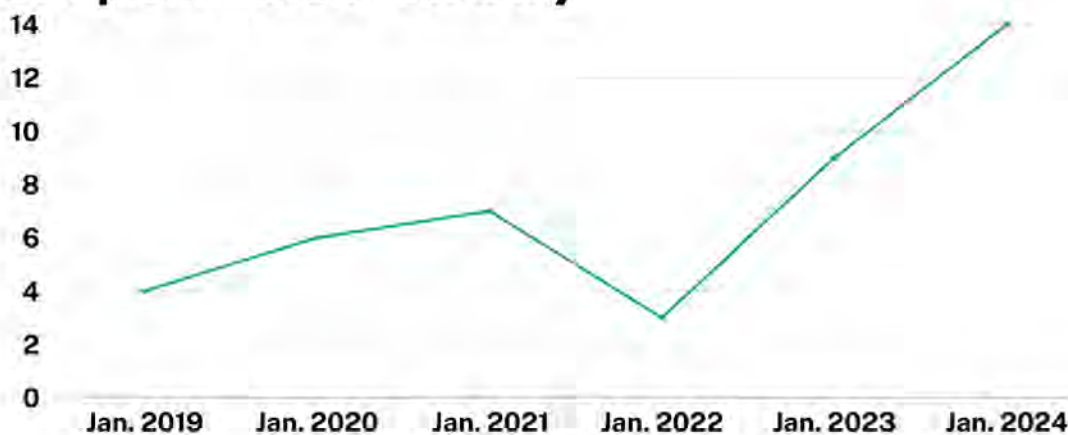

- Use of Force
- Abuse of Authority such as unlawful searches and seizures, premises enter and search, no warrant, threat to notify child services, threats to damage of property, etc., refusal to take complaint, refuse to identify themselves, damages to property seized
- Failure to supervise
- Falsification of records
- Inappropriate language or attitude
- Harassment
- Interference with Constitutional rights
- Neglect of duty
- Discrimination in the provision of police services or other discriminatory conduct on the basis of race, colors, creed, religion, ancestry, national origin, gender, sexual orientation
- Theft
- Retaliation for filing complaint with NOPD or the OIPM

## Complaint Procedures

The OIPM does not verify the statements made during complaint intake or agree with the statements provided by the complainant. The OIPM strives to accurately capture the words, emotions, goals and narrative shared by the complainant and selects the policy, practice, or rule that each allegation of behavior / incident could have violated if determined to be true. OIPM personnel may review information in NOPD systems regarding the interaction complained of, including body worn camera video, in car camera video, electronic police reports and field interview cards. The OIPM may include information obtained from NOPD information systems in the complaint referral.

The OIPM assesses whether in the information provided should be provided confidentially or if the OIPM would recommend covert operations conducted by the Special Investigation Squad (SIS). Anything shared in this report is public information.

# DISCIPLINARY PROCEEDINGS

After the misconduct investigatory process, if the investigating officer sustained an allegation, then that allegation must be affirmed by NOPD leadership in order for that accused officer to be disciplined. This occurs through the disciplinary proceeding process. The disciplinary proceedings are conducted by the NOPD - either by Captains or Deputy-Chiefs. The OIPM monitors and assesses the efforts of NOPD to ensure all disciplinary investigations and proceedings are conducted in a manner that is non-retaliatory, impartial, fair, consistent, truthful, and timely in accordance with NOPD policies and law. Adjudication of misconduct is handled internally by the PIB or the Bureau of the officer / employee.

The OIPM may monitor the process conducted by the PIB or by the Bureau; however, under the MOU, there are detailed directions regarding how the OIPM is notified of investigations by the PIB and similar protocol does not currently exist for Bureaus. For that reason, the OIPM tends to be more involved with investigations and disciplinary proceedings conducted by the PIB. During every disciplinary proceeding, the OIPM remains in the room for deliberation with the NOPD leadership to give the hearing officers feedback and input. This process is how the OIPM provides our recommendations and feedback regarding the strength of the investigation, liability and risk management concerns, and areas where the policy required clarification or was being applied inconsistently. Though OIPM may provide this feedback in memorandums to the NOPD prior to the hearing or supplementing these hearings, these discussions during the deliberation process enable the NOPD to consider and digest our points before any final decision was made on the matter. These discussions are an opportunity for the OIPM to provide and receive insight into the NOPD investigation and often these comments lead to meaningful discussion with not just the hearing officers, but the assigned investigator on the case, since it was an opportunity for that investigator to explain investigatory decisions and to answer questions.

OIPM tracks Disciplinary Proceedings based on the date notice is received from NOPD and not necessarily on when the disciplinary proceeding occurs. Additionally, this figure does not account for investigations in which multiple officers are accused, or for hearing notifications received in a prior year but rescheduled to the current month. These proceedings are often rescheduled for scheduling conflicts. Tracking by notification date allows for consistent and accurate data collection.

# USE OF FORCE

## Relevant Definitions

### Critical Incident

Critical incidents are an internal definition that was agreed upon by the OIPM and the NOPD through the November 10, 2010 Memorandum of Understanding. This definition captures that the OIPM should be notified of deaths, certain levels of injuries, and officer involved shootings within an hour so the OIPM has the ability to monitor the on scene investigation by the Force Investigation Team. According to this shared definition, critical incidents are:

- All incidents including the use of deadly force by an NOPD officer including an Officer Involved Shooting ("OIS");
- All uses of force by an NOPD officer resulting in an injury requiring hospitalization;
- All head and neck strikes with an impact weapon, whether intentional or not;
- All other uses of force by an NOPD officer resulting in death; and
- All deaths while the arrestee or detainee is in the custodial care of the NOPD.

### Use of Force

Use of Force is when an officer uses physical contact on an individual during a civilian-police interaction. The force can be mild to severe based on the levels of force outlined in the NOPD policy. The force may be considered justified by NOPD policy considering the facts and circumstances known to the officer at the time which would justify that appropriate physical contact based on how officers are trained to handle that interaction. Force will be assessed based on the type of contact utilized compared to the resistance encountered, resulting injuries, witness statements, officer statements, and evidence found.

### Levels of Force

- **Level 1:** Includes pointing a firearm at a person and hand control or escort techniques (e.g., elbow grip, wrist grip, or shoulder grip) applied as pressure point compliance techniques that are not reasonably expected to cause injury; takedowns that do not result in actual injury or complaint of injury; and use of an impact weapon for non-striking purposes (e.g., prying limbs, moving or controlling a person) that does not result in actual injury or complaint of injury. It does not include escorting, touching, or handcuffing a person with minimal or no resistance.
- **Level 2:** Includes use of a CEW also known as "tasers" (including where a CEW is fired at a person but misses); and force that causes or could reasonably be expected to cause an injury greater than transitory pain but does not rise to a Level 3 use of force.
- **Level 3:** Includes any strike to the head (except for a strike with an impact weapon); use of impact weapons when contact is made (except to the head), regardless of injury; or the destruction of an animal.
- **Level 4:** Includes all 'serious uses of force' as listed below:
  - (a) All uses of lethal force by an NOPD officer;
  - (b) All critical firearm discharges by an NOPD officer;
  - (c) All uses of force by an NOPD officer resulting in serious physical injury or requiring hospitalization;
  - (d) All neck holds;
  - (e) All uses of force by an NOPD officer resulting in a loss of consciousness;
  - (f) All canine bites;
  - (g) More than two applications of a CEW on an individual during a single interaction, regardless of the mode or duration of the application, and whether the applications are by the same or different officers, or CEW application for 15 seconds or longer, whether continuous or consecutive;
  - (h) Any strike, blow, kick, CEW application, or similar use of force against a handcuffed subject; and
  - (i) Any vehicle pursuit resulting in death, serious physical injury or injuries requiring hospitalization.

## Critical Incident / Use of Force Chain of Events

# Use of Force Work

Use of Force monitoring and reviews are an opportunity for the OIPM to conduct a qualitative assessment of an investigation to ensure thoroughness, timeliness, fairness, transparency, accountability, and compliance with law, policy, and the Federal Consent Decree. The OIPM monitors and reviews the use of force, in-custody death, and critical incident investigations conducted by the Force Investigation Team (FIT) within the Public Integrity Bureau (PIB) of the NOPD. The OIPM is required by City Code § 2-1121 and by the MOU to monitor the quality and timeliness of NOPD's investigations into use of force and in-custody deaths. The OIPM will attend the investigation or the relevant activity, and will document the activity taken and not taken by the NOPD. The expectation is that the OIPM representative does not participate in the activity, but instead observes the police actions and takes notes.

While OIPM is notified of each use of force that occurs, OIPM gives the most attention to the most serious uses of force incidents, Critical Incidents. However, OIPM will often review lower-level uses of force incidents to ensure NOPD policy is being upheld.

# COMMUNITY ENGAGEMENT

The community is vital to police oversight and the center of the work conducted by the OIPM. In the Memorandum of Understanding, the OIPM committed to developing relationships with community and civil groups to receive civilian and anonymous complaints, meeting with police associations, and conduct public outreach meetings and engagement activities. In this section of the Monthly Report, the OIPM explains the community outreach and public events that the OIPM coordinated or participated in the last month.

# COMMUNITY-POLICE MEDIATION

## Relevant Definitions

### Mediation

A mediation process helps parties develop a mutual understanding of a conflict. Mediation may help the parties identify disputed issues, facilitate communication, provide an opportunity to improve community relationships, and generate options that may help the parties reach a mutually acceptable resolution.

### Consent

All parties must voluntarily agree to participate in mediation and give consent. The consent process involves communication between the participant and the Mediation Director or program staff about the mediation process, what to expect, and clarification of any questions. Consent forms are signed in advance of confirming the mediation session.

### Mediator

The role of the mediator is to be a neutral and trained third party who listens, clarifies, and facilitates conversation. Mediators are non-judgmental and do not give advice, take sides, or decide who is right or wrong. Mediators do not influence or pressure participants to come to an agreement. Mediators are trained and recruited by the OIPM.

### Voluntary

All participants engage in mediation at their own free will. They can end the process at any time and will not be forced to do anything or say anything they do not want to. No one is forced to agree to anything they do not want to.

## Mediation Numbers for January

## What is Mediation?

Mediation is an alternative to the traditional process of resolving complaints of police officer misconduct. Mediation provides a process facilitated by two professionally-trained community mediators to create mutual understanding and allow the officer and civilian to be fully heard and understood in a non-judgmental way. Mediation creates a safe, neutral space for officers and civilians to speak for themselves, share about their interaction and how it impacted them, explain what is important to them, and come to their own agreements and solutions about moving forward.

The Public Integrity Bureau (PIB) of the NOPD determines which complaints are referred to the Mediation Program. The types of complaints that are most often referred to mediation are those that allege lack of professionalism, neglect of duty, or discourtesy. Complaints such as unauthorized use of force, unlawful search, and criminal allegations are ineligible for mediation and continue through the formal complaint investigation process by the PIB.

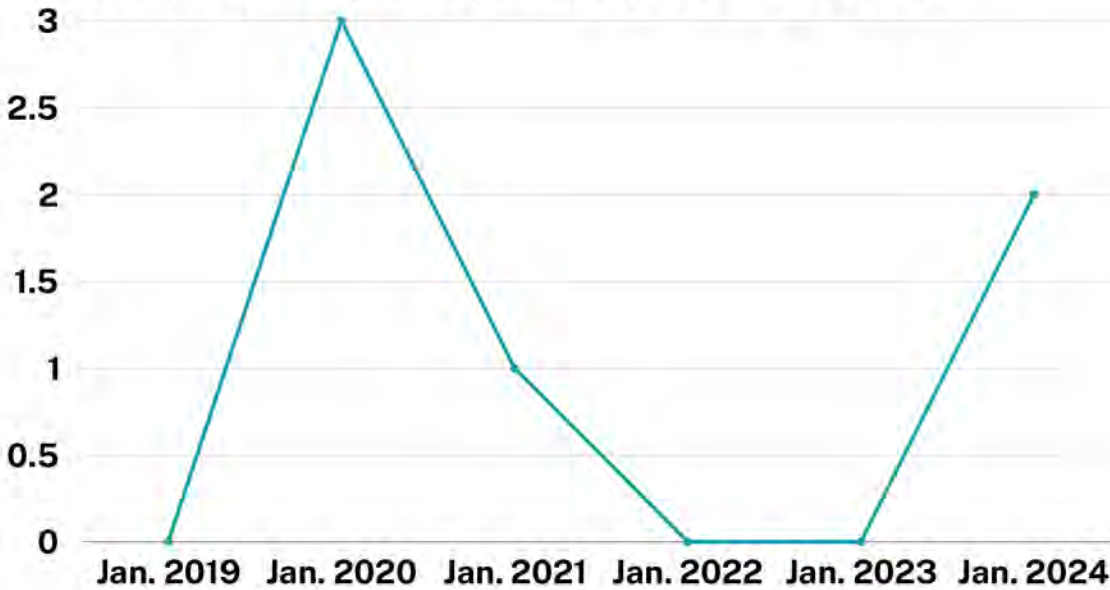

**Non-judgmental**  
**Confidential**  
**Voluntary**

**Mediation is:**

- ➔ A participant-guided process that helps the community member and the officer come to a mutually-agreeable solution. This helps to create mutual understanding and improve relationships.
- ➔ A space of discussion without the need to say who is right or wrong. No evidence is needed. The mediators are not judges. The mediators do not present their thoughts on the issue.
- ➔ It's about dialog, not forced resolutions. People are not forced to shake hands or make-up. The role of the mediators is to be neutral 3rd party facilitators. They will not pressure either participant to come to an agreement.
- ➔ An opportunity for the community member and the officer to be in charge of their own process and outcome. It will not be decided by an outside agency or person. It is outside of any punishment framework or the legal process. There is no appeal because mediation is voluntary.

# CONSENT DECREE & OVERSIGHT BACKGROUND

---

The OIPM is providing the following information in our monthly reports as a way to keep our partners and the public informed of the role of oversight, the policing history that led to the creation of the Consent Decree, and the differences between different types of oversight.

The OIPM wants to use every opportunity available to share valuable information and historical context to our work so everyone working towards the goal of accountability, transparency, and police oversight can be equipped, informed, and engaged.

Over the year, the OIPM may add to this section additional resources and information that we assess as helpful and empowering.

# LEGAL JURISDICTION; OBLIGATIONS OF THE OIPM OFFICE AND STAFF

The OIPM operates under three core legal documents that guide the scope of local oversight and the jurisdiction of our work. Additionally, below are overviews of other ordinances that affect our work and create new legal obligations on the OIPM.

## **New Orleans Code of Ordinances Stat. § XIV: Office of the Independent Police Monitor**

This statute was created by voter referendum and provides the legal responsibilities, perimeters, and budgetary support of the OIPM. This was put to a public vote in November 2016 and passed. This statute states the responsibilities of the OIPM and requires particular work streams and tasks. The statute also describes the disclosure requirements of the office.

## **Louisiana Revised Stat. § 33:2339: Detail or Secondary Employment; City of New Orleans**

This statute was created in 2013 and gives legal abilities and subpoena power for the OIPM to investigate allegations of misconduct in the secondary employment system operated by the Office of Police Secondary Employment. The statute is silent as to the ability for the OIPM to refer these investigations to the NOPD or the District Attorney's Office for subsequent criminal or administrative accountability based on the OIPM investigation.

## **Memorandum of Understanding between NOPD and OIPM Executed November 10, 2010**

The MOU is a Memorandum of Understanding between the NOPD and OIPM which outlines the responsibilities, expectations, and authority of the OIPM when providing oversight to the NOPD. Through this MOU, there is clarity regarding the work the OIPM will complete and how the OIPM will access NOPD records, data, and reports and monitor NOPD during on scene investigations. The MOU was entered into in November 2010 and in the coming year the OIPM intends to work with NOPD leadership to review this agreement and determine if it should be updated to ensure it is still relevant and considers updates to technology.

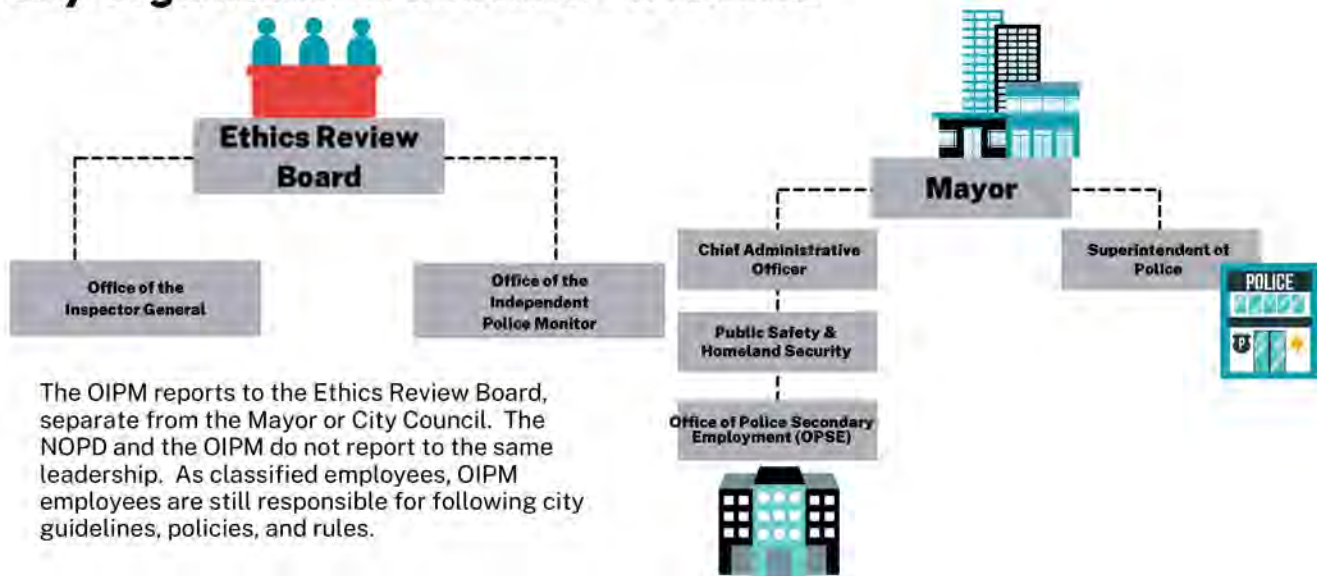

## **Ordinance 29130: Sharing of Data**

Ordinance 29130 requires that our office (along with other public safety agencies) provide data monthly to City Council.

## **Ordinance 29063: Quarterly Presentations to the Criminal Justice Committee**

Ordinance 29063 requires that our office (along with other public safety agencies) present quarterly to the City Council Criminal Justice Committee.

# OVERSIGHT MODELS

## Different Reasons Why There is Oversight / Monitors

### Court Ordered

Court ordered monitors through litigation brought by the US Dept. of Justice to end "patterns and practices" of unconstitutional policing under federal law.

### Consent Decree Monitors

Monitors that are the result of federal Consent Decrees.

### Oversight Agencies

Oversight agency like civilian oversight that is responsible for review, auditing, or investigation.

.....  
New Orleans has both of these types of oversight  
.....

## Models of Civilian Oversight

### Review-Focused Model

*Review-Focused models tend to utilize volunteer boards and commissions.*

- Review-focused models assess the quality of finalized investigations conducted by an internal affairs division or the police department
- Conduct reviews of the agency's policies, procedures and disciplinary proceedings.
- Hold public forums, hear appeals, or make recommendations for investigations regarding allegations of misconduct

OIPM reviews the quality of finalized investigations conducted by the Public Integrity Bureau (which is the internal affairs of the NOPD)

### Investigative-Focused Model

*Investigative-focused models will employ professionally trained staff*

- Investigative-Focused Conduct independent misconduct investigations
- Operate as an intake site for complaints.
- These models may: mediate complaints, analyze policies and practices issue recommendations to the police and public.

OIPM is a complaint intake site and OIPM has investigatory power over the secondary employment office.

### Review-Focused Model

- Auditor / Monitor-Focused Assess systemic reform efforts.
- Review processes, evaluate policies, practices, and training. Based on those assessments, this oversight model will identify patterns and make recommendations Share findings with the public.
- These oversight agencies may participate in investigations.

OIPM assesses systemic efforts and will evaluate and review policies, practices and training then provide recommendations to NOPD.

### Hybrid Civilian Oversight Model

Hybrid Civilian Oversight Hybrid civilian oversight means there is one office serving functions from different models or multiple agencies in one jurisdiction which may be different models (like an advisory civilian board and the investigatory OIG).

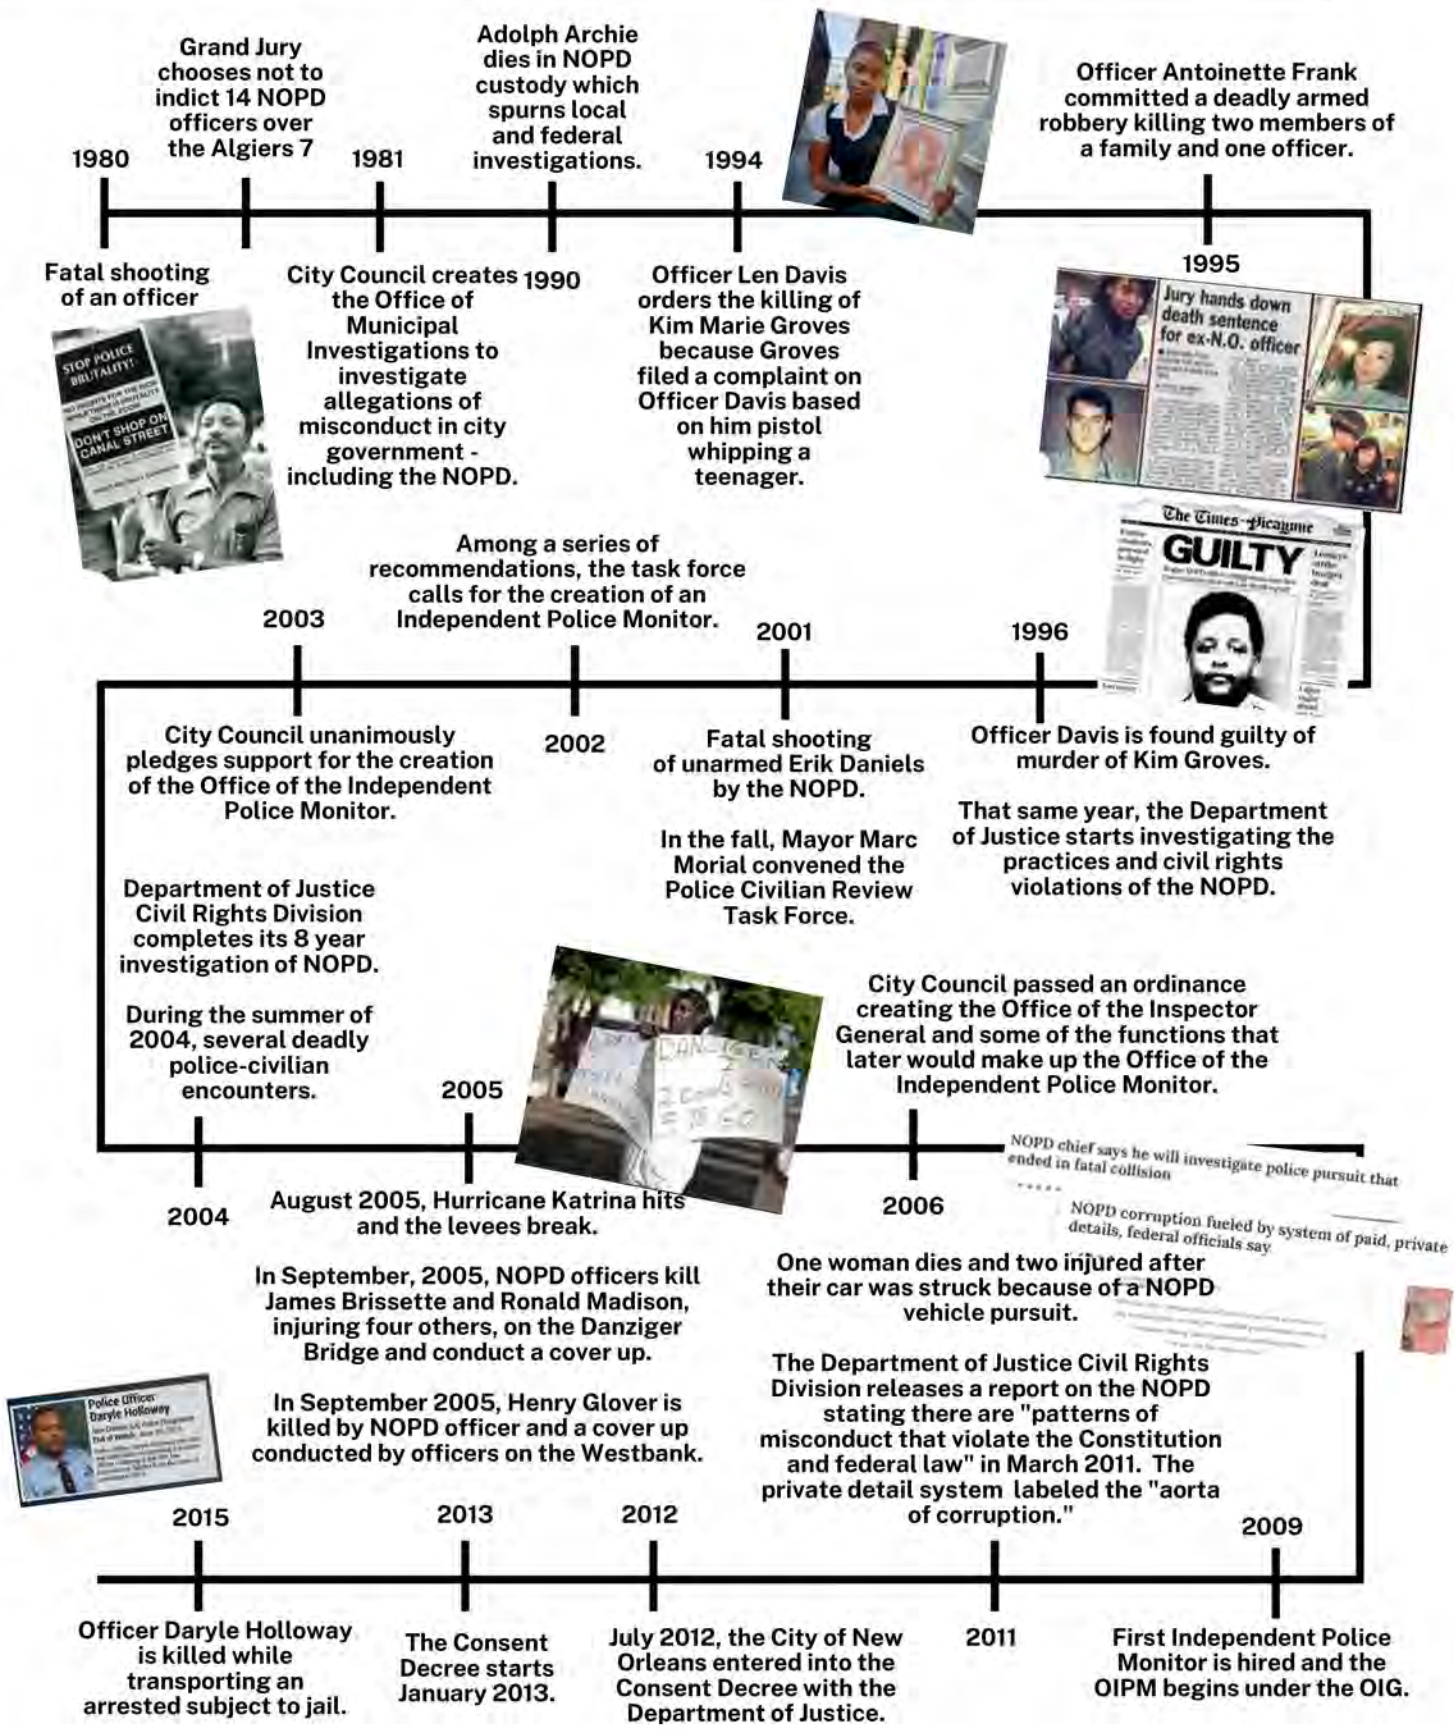

OIPM is a hybrid oversight agency because it has elements of all the different types of oversight models. Additionally, New Orleans has hybrid civilian oversight since we have multiple oversight agencies serving different functions.

## 13 Principles of Effective Oversight

The National Association for Civilian Oversight of Law Enforcement (NACOLE) identifies these 13 principles as necessary for effective oversight. The OIPM adopted these principles:

- Independence
- Clearly defined and adequate jurisdiction and authority
- Unfettered access to records and facilities
- Access to law enforcement executives and internal affairs staff
- Full cooperation
- Sustained stakeholder support
- Adequate funding and operational resources
- Public reporting and transparency
- Policy patterns in practice analysis
- Community outreach
- Community involvement
- Confidentiality, anonymity, and protection from retaliation
- Procedural justice and legitimacy

# BRIEF HISTORICAL HIGHLIGHTS OF THE CONSENT DECREE; POLICING IN NEW ORLEANS

# UNDERSTANDING THE CONSENT DECREE AND HISTORY

New Orleans entered a formal consent decree in January, 2013. This Consent Decree process started in the years prior with the investigation of the patterns and practices of the NOPD by the Department of Justice's Civil Rights Division. In order to understand the necessity of the Consent Decree and the reforms required within it, it's important to understand the historical context of the city and the NOPD's problematic behavior within the community.

The NOPD had a long history of misconduct, violence, discriminatory practices, and corruption stemming back decades. In the 1980s was the beginning of a community effort to organize civilian based oversight of the NOPD. This effort resulted in multiple initiatives from the Office of Municipal Investigations to the Police Civilian Review Task Force to eventually the creation of the Office of the Inspector General to the Office of the Independent Police Monitor.

While these local efforts were evolving, simultaneously, the federal government was conducting ongoing investigations of the NOPD, the most recent ending in March 2011. Ultimately, the Department of Justice found that the patterns and practices of the NOPD violated the Constitution and federal law. The report identified systemic deficiencies in multiple operational and substantive areas including policy, supervision, training, discipline, accountability - all of which "led to unconstitutional discrimination, uses of force, stops, searches, and arrests." The findings of the Department of Justice may have surprised the country, but the community of New Orleans was already well aware of the violent and unchecked behavior of the NOPD and the culture of obstructionism and discrimination that existed within the department.

This shared history of policing is briefly overviewed on the next page and the OIPM included examples of the dynamics of the NOPD and the crimes committed that directly impacted the safety of the community and public trust in the police department.

The OIPM strives to acknowledge and remember those in the community who both fought for oversight and were impacted by the pain caused by the NOPD. This is why a tenant of the work completed by civilian oversight is to amplify the voice of the community. It is in that memory that the OIPM works and stays vigilant monitoring the policing occurring today because a possible backslide from compliance, depending on the severity, could result in a return to a pattern and practices of policing that was corrupt, violent, and unconstitutional.

The goal of the Consent Decree is for the reforms to be so deeply enmeshed into the operations, policies, systems, and culture of the police department that to dismantle those reforms would be easily catchable and not only cause alarm in the community but also be virtually impossible because of the changed culture and expectations within supervision and the police department.

The position of the OIPM is that New Orleans must own our history with the police. Our history informs our fears. This is why there is a fear of history repeating itself. In New Orleans there is a real concern of "backsliding" and a return of the "old NOPD." Our neighbors, friends, coworkers, and loved ones may have experienced injustices at the hands of the NOPD. In our recent history as a city, filing a misconduct complaint about the police could have ended with retaliation or violence, walking in an unfamiliar neighborhood may have resulted in intrusive and illegal searches, arrests were conducted with force, officers could be bought, and supervisors turned a blind eye to a culture of corruption, discrimination, and violence.

For this reason, the OIPM is sensitive of allegations or noncompliance in areas that touch on these historical problems and shared fears that may exist in our community. The OIPM will not sweep these fears under a rug, but instead ensure that these allegations are immediately prioritized and addressed:

## **Criminal activity or associations**

### **Corruption**

### **Violence**

### **Use of Force**

### **Receiving payouts**

### **Field strip searches**

### **Targeting of young African American boys**

### **Supervisors failing to take misconduct allegations**

### **Unauthorized pursuits**

### **Cover-up of wrong doing and manipulation of misconduct investigations**

### **Discriminatory practices**

# LOCAL & FEDERAL OVERSIGHT IN NEW ORLEANS

There are two types of monitors in New Orleans. There are three reasons why a city may have oversight or monitoring:

- Court ordered monitors through litigation brought by the US Dept. of Justice to end "patterns and practices" of unconstitutional policing under federal law.
- Monitors that are the result of federal Consent Decrees.
- Oversight agency like civilian oversight that is responsible for review, auditing, or investigation.

New Orleans has monitors for two of these reasons. There are monitors that a result of a federal consent decree and civilian oversight that is responsible for auditing, review, and / or investigation. The two offices have different responsibilities, were created through different mechanisms, and have different jurisdiction - all of which is described below.

## Timeline of Oversight

Below is the timeline of oversight in New Orleans. While the Office of the Independent Police Monitor is rather new, the concept of oversight and accountability for officers and public employees has existed in New Orleans since 1981. The OIPM was created in 2008 and became independent in 2015, two years after the Consent Decree was entered into by the City of New Orleans.

## Differences Between OCDM and OIPM

### Office of the Independent Police Monitor (OIPM)

- Created by City Council and receives jurisdiction and responsibilities from Ordinance.
- Everyone in the office is a city employee.
- On the ground and community based work - complaint intake site, runs the Community-Police Mediation Program,
- On scene monitoring including Use of Force and disciplinary proceedings.
- Provides recommendations and assessments based on reviews of finalized NOPD investigations and policies.
- Monitors investigations in real time and provides real time recommendations that become exhibits in NOPD investigations.
- Analyzes data and builds tools that will benefit the community and increase transparency.
- Funded through .16% of the general fund

### Office of the Consent Decree Monitor (OCDM)

- Appointed created by the Consent Decree and receives jurisdiction and responsibilities from the Consent Decree.
- Law firm bid on the city contract to monitor the compliance with the Consent Decree. Predominantly monitors from out of state. No one is employed by the city.
- NOPD needs present all policy rewrites and practice changes to OCDM for approval.
- OCDM worked with the Dept. of Justice to finalize all recommendations then presents to Judge Morgan for final sign off.
- OCDM conducted audits to determine NOPD compliance with the changes.
- Only focuses on matters identified in the Consent Decree.
- Monitors are paid through a contract that was entered into with the city as a necessity of the Consent Decree (Section O: Selection and Compensation of the Monitor)

The overlap between OIPM and OCDM is in policy recommendations, monitoring audits, and creating public reports or holding public forums.

Re: *ERB Review of IG and IPM Performance and Salaries*

---

At the Board's regular meeting on Monday, August 14, 2023, the Board will review the performance and salaries of the Inspector General (IG) and the Independent Police Monitor (IPM). The Board will conduct these reviews in executive session pursuant to Louisiana Revised Statutes section 42:17(A)(1). This statute permits the Board to discuss an appointee's character, professional competence, or physical or mental health. Both the IG and the IPM have authorized the Board to conduct these reviews in executive session.

I. MATERIALS

To facilitate the Board's reviews, I attach various materials. Please keep these materials confidential and do not share them with the public. I attach the following materials relevant to the salaries of both positions:

1. 2023-05-14 City of NOLA Pay Plan for Classified Employees.pdf
2. 2021 City of NOLA Employee Salaries.pdf
3. 2022 City of NOLA Employee Salaries.pdf

I attach the following materials relevant to the Board's review of the IG's performance and salary:

1. 2023-08-01 IG Salary Analysis Using COLAs.pdf
2. 2023-08-01 Michel Memo to ERB re Budget Impact of Raise.pdf
3. 2023-08-03 Opengovapay re Inspector General Salaries.pdf

5. 2020-05-13 NOLA Salary Information re IG Quatrevaux for 2015-2017.pdf
6. 2023-03-01 Michel Self-Evaluation for ERB.pdf
7. 2023-07-31 Govsalaries Inspector General Salary Survey.pdf

I attach the following materials relevant to the Board's review of the IPM's performance and salary:

1. 2023-07-31 Gantz Raftelis Email re Salary Information.pdf
2. 2023-08-04 Cziment Budget Memo for ERB re Salary Modification.pdf
3. 2023-08-05 IPM Salary Comparables.pdf
4. 2023-07-31 Cziment Self-Evaluation and Compensation Issues.pdf

Finally, I attach evaluation forms for you to use in your evaluations if you so choose:

1. ERB Evaluation Form for IG.pdf
2. ERB Evaluation Form for IPM.pdf

## II. RECOMMENDATION

I have discussed a salary review methodology with Robert Burg of Anderson & Associates ([robert@ralphandersen.com](mailto:robert@ralphandersen.com)), the executive search consultant whom the Board engaged to assist with its most search for an inspector general. According to Mr. Burg, the best source for an appropriate salary is a review of comparable salaries within city government. I attach a report of all city salaries that I obtained

through a public records request. I also attach comparable salaries from other cities (for what they are worth). Based on this review, it is my recommendation that the Board increase the pay of both the IG and OIPM by 10%-15%. The budgets of both offices can accommodate such pay increases.

**INTEROFFICE MEMORANDUM**

---

---

**TO:** ETHICS REVIEW BOARD

**FROM:** INSPECTOR GENERAL EDWARD MICHEL

**SUBJECT:** PERFORMANCE SELF ASSESSMENT

**DATE:** MARCH 1, 2023

**CC:**

---

Dear Ethics Review Board Members,

I was appointed to the position of Inspector General in November of 2021 and I am submitting my self-assessment of my accomplishments in consideration of my annual review.

**Critical Element 1: Investigations, Audits and Evaluations**

I believe that I have excelled in the effective identification and mitigation of fraud, waste and abuse. I have overseen the efficient collection, analysis and dissemination of information and completed detailed and accurate reports while overcoming multiple barriers in gathering and obtaining information. I have maximized the use of available resources to facilitate excellent work products that both identify and mitigate threats facing the City of New Orleans (City). Our Investigations, Audits and Evaluations teams have produced multiple reports which have facilitated the effective use of City resources. In the 2022 calendar year, the Office of Inspector General (OIG) disseminated a report which resulted in the federal indictment and conviction of a City employee who was using his public office to personally enrich himself. He accepted bribes in exchange for approving building permits which were otherwise unable to meet the minimum standards of construction approval. The OIG also identified more than 70 individuals who were illegally benefitting from a Homestead exemption despite the owner being deceased for several years. Re-assessments of these properties will result in accurate property valuations and thus a substantial increase in revenue for the City. The OIG also investigated financial transactions associated with a local non-profit and shortly thereafter, the City received a reimbursement totaling more than \$1 million dollars, one of the largest single recoveries in the history of the OIG.

Another recent and notable report that I issued in 2022, was our audit of the coordination between the City and the S&WB as it relates to FEMA-funded roadwork. We found that software was so outdated that information provided to the City was not credible and should have been updated prior to coordinating the \$2 billion dollar project. Our office also issued a report which found that City building inspectors failed to perform on-site inspections for construction projects which significantly impacted the safety of citizens and visitors alike. The OIG recommended significant policy changes and operational improvements which will ultimately ensure the safety of the public. The OIG also evaluated the NOLA-311 system and issued recommendations related to the repairs of potholes on City streets which is critical to facilitate a healthy commerce.

#### Critical Element 2: Organizing, Planning and Coordinating:

I believe I have performed this critical element at an outstanding level as I have made significant improvements to the following areas: budget refinement, IT infrastructure, personnel augmentations, enhancement of partnerships and community outreach. I have developed strategies focusing on priorities which have resulted in increased efficiency while maximizing the resources of the OIG. With regard to budget improvement, our office has spent conservatively on expenditures while promptly paying our bills, which was not always the case in years past. When I became the Interim IG, the office had multiple bills that were more than a year past due which has now been corrected. Our office utilized our resources to strategically hire nine new personnel which essentially doubled the size of the OIG.

The ability of the OIG to collect sensitive information is directly linked to our ability to process secure digital transactions. Our office underwent a complete revitalization of our network switches, software and hardware; hence, the OIG has created a secure environment where we can receive and transmit digital data in a secure environment. Our newly designed website is now representative of our office and the expertise of our staff. The reputation of the OIG continues to improve with the public with each new report detailing fraud, waste and abuse.

Our enhancement of partnerships has enabled us to combine our limited resources to ensure risks are identified and mitigated in an efficient and effective manner. Our partnerships with local and federal intelligence and law enforcement, as well as City Stakeholders, has resulted in the dismissal or termination of multiple City employees.

#### Critical Element 3: Relating to Others and Providing a Professional Service:

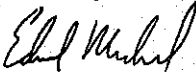

I have continuously interacted in a very professional manner with both the public and private Stakeholders. I am highly regarded in City Government by the City Council, CAO and City Attorney for my willingness to work with everyone while fully maintaining the Independence of the OIG. The Association of Inspectors General conducted a Peer Review and interviewed local Stakeholders, which included the FBI and the MCC as well as other City Officials, all of whom were complementary of the renewed focus and increased productivity under my leadership.

The reports and recommendations created and disseminated by the OIG have largely been accepted as best practices and continue to improve City operations while simultaneously reducing risk. I have provided an environment that is conducive to productivity with mutual respect for all employees. The development of our personnel and the expansion of our partnerships has facilitated stability which in turn has led to numerous successful publications as well as recovery of City funds. We have increased our productivity from 3 reports in 2021 to 11 in my first year as IG. I have re-designed our monthly report from a 3-page word document to a 15-page graphic document that clearly and accurately reflects the value of the OIG.

In addition to the above, I have also hired a general counsel as well as a law firm who has successfully established OIG jurisdiction in the Fourth Circuit Court of Appeals, as well as successfully represented the OIG in Civil Service Court, the Louisiana Fourth Circuit Court of Appeals, and the Louisiana Supreme Court as well as United States District court concerning employment matters. I have kept the ERB members informed of the success of the OIG while originating and disseminating a risk-based management approach, fostering an unprecedented level of transparency and productivity by the OIG.

The OIG budget has enough resources to facilitate a pay raise for the IG should the ERB deem it appropriate.

Sincerely,\

Edward Michel

Dane,

Due to the OIG's conservative use of funds and stringent budgeting practices, an increase of 10-25% in the Inspector General's salary would have no effect on our office's staff or resources. Our office has a "Miscellaneous expense" category that we rarely use and this increase would still leave more than enough reserves in that fund for other expenses. We also carefully review our budget in a manner that we never have to layoff staff and can promote deserving employees appropriately.

Please do not hesitate to reach out if you have any questions or concerns.

**RE: Self Evaluation: Highlights and Areas of Improvement; Pay Survey**

---

In 2022, I created a work plan with a set of very ambitious goals which I released to the Ethics Review Board, city leadership, and the public. This workplan set course for the work I intended to see completed by the different departments of the Office of the Independent Police Monitor (OIPM). In 2022, some of those goals were met, some were even surpassed. During the course of the year, I have identified some operational changes that will be made in the OIPM.

Below is a brief highlight of some of the accomplishments that I was able to spearhead in my first year being appointed as the Independent Police Monitor. After sharing those highlights, I include some areas where I intend to continue to develop and grow as a leader. Finally, I close with some salary overviews of similarly situated Police Monitors across the country.

I submit this document in compliance with conformity with Municipal Code of Ordinances, Part II, Chapter 2, Article XII Section 2-1121 (1)(a)2.

### **I. Accomplishments and Highlights from 2022**

In the last year, I've spearheaded the expansion of multiple areas of our work at the OIPM.

#### **Increased Work to Prepare the OIPM and NOPD for Post Consent Decree Oversight**

In 2022, I started overseeing the necessary transition work required to prepare for the expanded role of local oversight after the eventual termination of the Consent Decree or active federal monitoring during any Sustainment Period.

I required extra shadowing of the federal monitors during audits and policy revisions, I conducted sustainment strategy meetings with the federal monitoring team and wrote the first draft of our sustainment strategy and post-Consent Decree plan. I increased the amount of technical assistance being provided in real time to the NOPD through formal recommendation letters on investigatory tactics and policy concerns. The leadership team attended more meetings with Judge Morgan and hearings in Federal Court than ever before and I co-lead public forums with the Federal Monitors to get public feedback on the Consent Decree and the performance of the NOPD. This work included:

- Five (5) consent decree public forums,
- Quarterly U.S. Attorney Working Group on Consent Decree Compliance meetings with the District Attorney's Office, the NOPD, and Orleans Public Defenders Office
- Twenty-five (25) status meetings
- Four (4) public hearings in front of Judge Morgan

I should note that I have received and responded to complaints related to Consent Decree compliance, and many of those complaints were highly unusual and required me to consider issues related to multiple branches of government. This required me to consider highly sensitive issues and to deal with political actions, while ensuring that the complaints were properly handled without focusing on political pressures.

## Build Online Presence and Access Outside of Traditional Office Hours

In 2022, I tried to find new ways for the OIPM to be more accessible to the public without further burdening our small team. The answer was through creating a larger online presence through an improved website, more social media platforms, and building our 24-hour hotline.

I followed through on a recommendation from the Quality Assurance Review Advisory Committee to redesign our website to make it easier for the public to access OIPM work product, submit complaints and commendations, and present relevant data. This new website includes more functionality, ease of use on smart phones, and more relevant and updated information. This new website includes an auto-updating stream from our social media accounts so the public can find different platforms to learn more about our work and stay engaged. The website is updated with released reports and work product so the public can review the work being produced by the OIPM including monthly reports to the City Council and the Ethics Review Board, public letters, case reviews, reports, and data dashboards.

In 2022, I continued to oversee the building of our internal data dashboard that is available to the public. The goal of this data sharing is to increase transparency to inform and empower the community the OIPM was designed to serve. The public, our partners, and stakeholders can reference these charts and data in their work and further share this information. The data dashboard can be found online at: [complaints.nolaipm.gov/data](https://complaints.nolaipm.gov/data).

I continued to grow our social media following and impact. In 2022, we increased the informational posts on social media and received positive feedback, more traffic, and increased the amount of public engagement through the platforms (received complaint submissions and questions).

In 2022, I released the RFP and received vendor proposals for the 24-hour hotline for officer misconduct. This hotline would be available to everyone in New Orleans and be available in English, Spanish, and Vietnamese. This 24-hour hotline has been a huge goal of mine since the end of 2021 and I truly hope that we are able to finally build this vital resource in 2023 since it will increase our ability to serve the public while taking work off the plate of our small staff.

## Prioritized Community Presence: Increase Knowledge of the OIPM Through Community Engagement

Last year, I created "Community Office Hours" with the OIPM by having the team table in New Orleans East, the Westbank, and the Lower 9<sup>th</sup> Ward. This initiative made our office more accessible to all New Orleanians and increased our presence in the neighborhoods.

I also decided to start hosting "Coffee with the IPM" events for members of the public to sit down with me and other OIPM leadership and learn more about what it is we do and to provide feedback about the NOPD.

Additionally, I expanded our community outreach and media presence in 2022. I presented to City Council multiple times and appeared on multiple radio shows and conducted more interviews on different news programs to increase public awareness of our office and the work being conducted by the OIPM. This included interviews with WWL, WGNO, Fox8, and multiple interviews with the Times-Picayune. I also participated in national media including NBC News on the role of police oversight.

## Increased in Number of Case Reviews

In 2022, I increased the number of case reviews conducted and completed by the OIPM. The OIPM completed 5 comprehensive case reviews in which the OIPM reviewed 7 different formal disciplinary investigations. This is the most case reviews completed since the office was created. These case reviews covered topics such as death investigations, use of force investigations, investigations of misconduct that involved elected city leaders, investigations into allegations of discrimination, and the thoroughness of traffic accident investigations.

Case review reports are two-tiered reviews during which the OIPM asks critical questions about the strength of the investigation, assess if there were any violations of the officer bill of rights, local, state, and federal law, evaluate risk management, supervision, and propose recommendations on policy, training, and investigatory practice. In the case reviews, the OIPM may agree or disagree with some of the NOPD's findings and in

response, suggest additional allegations, different outcomes, or policy recommendations. These case reviews that were completed received media attention and consideration from NOPD, public, and City Council.

### Monitored and Improved Secondary Employment Systems

In 2022, I continued to monitor, provide feedback and technical assistance to the NOPD and the Office of Police Secondary Employment (OPSE) regarding the allegations of misconduct that were raised in 2021. This area of work was very time consuming since it required that I attended multiple regular meetings with different agencies to address the problematic behavior, create new policy to resolve confusion and gaps, retrain and inform officers of the requirements around secondary employment, prepare supervisors for how to identify potential abuses within the system, and integrate different timekeeping systems to ensure that officers could not and would not be able to work a secondary employment shift at the same time as their required duty shift. I participated in the first hearing of the newly developed Serious Disciplinary Action Review Board under NOPD Chapter 1.3.8 to address the role of supervision in these allegations of misconduct. I also submitted three formal letters to the Chief and Deputy Chiefs outlining observed obstacles and concerns about the misconduct investigations completed around the secondary employment system and provided policy recommendations to address those concerns. Over the course of the year, the OIPM recommended and saw the NOPD implement improvements to training, system integration, and policy changes.

In 2023, I released a Secondary Employment Report summarizing all the changes, disciplinary actions, and trainings that occurred because of the recommendations and work conducted by our office during the monitoring of the Secondary Employment investigations.

### Produced Hurricane and Emergency Oversight Plan and Conducted Public Forum

Last year, I produced our second Hurricane and Emergency Oversight Plan regarding the role of police oversight during storms. This plan included detailed monitoring strategies and assessment criteria on how to review and evaluate NOPD performance during declared emergencies. In this report, I critically examined the NOPD's Hurricane and Emergency Plan and created a clear rubric with criteria on what ethical and compliant policing would look like during a hurricane or a declared emergency. In constructing this plan, I reviewed city policy, state law, and NOPD's operational policies.

This Hurricane and Emergency Oversight Plan also included public feedback that I received after releasing our report assessing officer performance during Hurricane Ida and after leading a public and online forum. During the month of June, the OIPM hosted a community forum that was streamed live on social media platforms about hurricane preparedness, policing during hurricanes, and police oversight during emergencies. I included partners from NOLA Ready who presented on hurricane preparedness - fielding individual questions posed by the community both in person and online – and included the sergeant from the NOPD Professional Standards and Accountability Bureau who is responsible for drafting the NOPD Hurricane Plan.

### Formal Letter Regarding Chief Search and Police Chief Informational Guide

After the resignation of Chief Ferguson in December, I sent a formal letter to Mayor Cantrell and City Council requesting a "collaborative search and selection process" for the permanent NOPD chief. The OIPM requested both for our inclusion as oversight in the process and for the community, NOPD employees, and other stakeholders to be given meaningful opportunities to contribute and provide input into the search process. The appointments and departures of police chiefs have left the public and even NOPD employees confused about the appointment process, how chiefs are selected, and what makes an individual an effective chief candidate. In response to the questions that the OIPM received in December around these leadership shifts, the OIPM prepared an informational tool on police chiefs for the public and partners to learn more about the logistics and criteria considered in these important appointments which was released in 2023.

### Training Recommendations Adopted to Build a Better NOPD

Over the summer, Bonycle and I met with the Academy Curriculum Director for the NOPD to provide recommendations to create a new generation of prepared and effective leadership at the NOPD. The training recommendations were based on our own assessments and based on feedback we've collected from the

community and officers themselves. One recommendation proposed was that OIPM lead a weekly training for supervisors regarding active listening, conflict resolution, and communication. OIPM has been providing this active listening training almost weekly since January 2023.

Additionally, we recommended that the NOPD offer a financial literacy course for officers that includes an explanation of all benefits and programs that officers are eligible for and should take advantage of in order to increase wealth and benefit from their employment. This recommendation was also accepted by the Academy Curriculum Director.

## **II. Areas for Improvement**

When I reflect on 2022, there are a couple areas where I noticed a leadership shortcoming that I intend to address and build on in the coming years. Below are examples of areas where I would like to grow as the Independent Police Monitor and a director of an agency.

### Utilizing Community and Special Interest Organizations in Our Work

In September, the OIPM planned to host a public forum regarding facial recognition software and the NOPD. As the event drew closer, I realized that I failed to include a community organization in this space - and their voice was too valuable to be missing. Ultimately, I decided to cancel the event and apologize to the organization for the mistake. This misstep caused me to reflect on how to ensure that the appropriate stakeholders are present and included in the work that we conduct moving forward.

### Conflict Management and Protocol for Staff Issues

I would like to improve my conflict resolution skills. In 2022, I issued my first suspension without pay as a supervisor. I consulted with the Civil Service Commission and our attorney on how to proceed, but it was very difficult to implement progressive discipline tactics with this individual.

Overall, the disciplinary process took a lot of my attention in 2023.

Personally, it drew my attention to my discomfort in dealing with unhappy or problematic team members and made me realize that I need to improve my confidence in handling internal conflict, so it does not affect the rest of our small staff.

In the future I would love to receive management coaching or attend some type of executive training in how to handle these types of conflicts and implement constructive discipline.

### Codifying Procedures

Second, I inherited this team from a different leader who created the office and many of the practices that I was trained in, but in my first year as IPM, I am now realizing how much of our operations are not clearly captured in policy or written down but instead is just “the way we do things.” I frequently receive the answer “that’s how we’ve always done it” or “I don’t know” when I ask about procedures for workstreams.

Moving forward, I do not want problems or operations to be dealt with as “one offs” or a case-by-case basis. All work and processes will be codified in a way that can be understood by other team members (most importantly, by supervision).

### Increased Transparency with the ERB

I recognize that if I had immediately informed the ERB of the possibility of the ordinance with Councilmember JP Morrell. The confusion over the budget issues – which were separate – may have been eliminated. I do not want that issue to overshadow the good things I’ve done to expand the OIPM, improve our work (quality, quantity, and impact), or cause the ERB to have any doubt in me.

I have learned how my actions can be perceived as political and calculating when they aren’t, and that by not communicating with my Board, I lost an important opportunity to be transparent and to have their support.

### III. Pay Surveys of Independent Police Monitors

Fort Worth, TX

The salary range for the Independent Police Monitor is \$180,000 – \$222,000.

Arlington, VA

\$171,600

Boulder, CO

The salary range for the Independent Police Monitor is \$112,528 – \$180,024 with an anticipated *hiring range* of \$130,000 – \$160,000 and will depend on the qualifications of the successful candidate.

Sonoma, CA - *could not find the director but instead relied on the recruitment information sent to me.*

\$142,194 – \$171,289

Orange County CA – *could not find the director but instead relied on the recruitment information sent to me.*

\$125,148 – \$237,348

There is a common misconception that it is cheaper to live in New Orleans than in other cities, however, when I was conducting research on salaries, I started to use a comparison calculator and found that the equivalent of those salaries in New Orleans would actually be comparable or higher (for example, it would be comparable to Denver, CO but the cost of living is higher in New Orleans than in Fort Worth, TX).

### IV. Cost of Living and Inflation Overview for the IPM Salary

After doing some internet research on the changes in the cost of living and inflation, it appears that the ordinance set starting salary of approximately \$131,000 set in 2008 would be the equivalent in purchasing power to about \$184,882 today. This would mean that the salary would have increased approximately \$54,882 over the last 14 years. The dollar had an average inflation rate of 2.55% per year between 2009 and today, producing a cumulative price increase of 42.22%.

Salary with Cost of Living and Inflation Changes

The previous Independent Police Monitor did not receive any raises from the Ethics Review Board during her tenure. She did receive an annual increase of 2% that all city employees receive each year.

**RE: Budget Accommodations**

---

The budget of the Office of the Independent Police Monitor can accommodate a salary modification for the IPM position (and the Deputy Position and the Director of Mediation position). The OIPM sets its budget at an amount lower than what is allocated by the City to ensure a “cushion” or a surplus each year to accommodate possible changes in personnel or operation of the office. For example, in 2022, the OIPM total budget was \$915,301.73; however, our accepted budget from the city was higher, giving us a surplus of \$126,012.27. Additionally, the OIPM is in the process of restructuring staffing that is changing our personnel budget.

Dane,

A few details to share with you regarding salary from the searches we've been a part of.

In working with the City of Boulder, the Human Resources team reclassified the position to increase the salary. The full range is now \$112,528 - \$180,024 and we posted a hiring range of \$130,000 - \$160,00 expecting to be at the high end of that range for the selected candidate.

For Fort Worth, the salary range was \$180,000 - \$222,000 and they also offered \$10,000 in relocation and a monthly car allowance.

NACOLE would also be a wonderful resource for other offices across the country.

I hope this is helpful.

Best,  
Heather

Heather,

The City of New Orleans Ethics Review Board hires and oversees the Office of the Independent Police Monitor. You have been recommended as a resource for hiring in this area. In fact, you may have been involved in the Fort Worth search that resulted in the hiring of our former Deputy IPM Boncyle Sukundbi.

The board is considering a pay raise for its Police Monitor and Inspector General and has asked me to reach out to you regarding whether you have or know of any available information regarding the salaries for these positions across the country. We would be happy to pay for the information so that the board can make an informed decision regarding these pay raises.

*Advancing Professionalism, Accountability & Integrity*

## Independent Police Monitor

Full Time

[Boulder, Colorado](#)

Posted 3 months ago

City of Boulder

### The Position

The Independent Police Monitor leads the operations of the Independent Police Oversight Office. This civilian role reports to the City Manager and provides independent oversight aimed at preventing inefficient and unlawful police operations. The Independent Police Monitor continues to set the operational philosophy of the Office and develops and maintains standard operating procedures to ensure all matters are handled in a thorough, objective, fair, and impartial manner. They work with a small staff of Administrative Assistants and Interns and collaborate to establish and update criteria and policy around reviewing, monitoring, assisting, overseeing, and advising on the investigation of internal and citizen complaints and other administrative investigations.

The Independent Police Monitor provides liaison activity to the Police Oversight Panel and partners with the co-chairs regarding the ongoing functions of the panel. They collaborate with panel members to expand awareness and increase community input that informs and shapes the panel's work and overall mission. The Independent Police Monitor assists the panel by providing summaries of complaints and complaint investigations, data on monthly statistics, analysis of local policing trends, and access to national best practices. The Independent Police Monitor onboards new panel members and coordinates training opportunities for all members. Specifically, the Independent Police Monitor receives and processes complaints concerning police employees, monitors the complaint investigation, and recommends best practices to the Police Department during the course of an investigation. The Monitor performs ongoing

quality assurance functions, including analyzing complaint trends and recommending changes to police policy, practices, and training.

The Independent Police Monitor embraces this unique role as an independent public servant monitoring the Police Department's internal investigations and complaints and is excited by the opportunity to collaborate in further developing an Independent Police Oversight Office that is transparent, accountable, and responsive to the community. The successful candidate is motivated by and has a strong desire for community service, enhancing public health, and protecting the economic vitality of Boulder. A commitment to racial equity and an understanding of oppression and institutional racism is essential. The preferred candidate understands racial inequalities, specifically in the criminal justice system, and brings prior experience successfully working with multicultural communities. The Independent Police Monitor also demonstrates knowledge of social injustices and will quickly understand the community's attitude toward the organization and our historical and contemporary race relations.

The Independent Police Monitor works to enhance community relationships and builds trust through ongoing community engagement opportunities. They proactively provide the community with reports related to the work of police oversight and auditing. Furthermore, the Monitor develops reports highlighting the work of the Independent Police Oversight Office and presents any findings and recommendations to the City Council, Police Oversight Panel, Police Chief, and the community. The Independent Police Monitor leverages data and utilizes information in reports to recommend visionary practices that streamline and enhance civilian oversight in policing. A natural convener and collaborator, the Independent Police Monitor recognizes the importance of relationships and partnerships at all levels. The successful candidate has a passion for developing positive community relations with the ability to build strong, yet independent working relationships with a wide variety of internal and external partners and community representatives. POLICE OVERSIGHT MONITOR

# City of Fort Worth

## The Position

The Police Oversight Monitor (Oversight Monitor) leads the operations of the Office of the Police Oversight Monitor (OPOM). Reporting directly to the City Manager, this role provides impartial and unbiased civilian oversight aimed at preventing inefficient and unlawful police operations. The Oversight Monitor continues to set the operational philosophy of the Office and develops and maintains standard operating procedures to ensure all matters are handled in a thorough, objective, fair, and impartial manner. This work includes evaluating all Police Department programs, projects, processes, procedures and systems, and ensuring that all service offerings are compliant with federal, state, and local laws, regulations, and codes.

The Oversight Monitor receives and processes public complaints concerning police employees, maintains confidentiality in compliance with state and federal law and the City's Meet and Confer Agreement with the Police Union, and conducts initial interviews with complainants. The Oversight Monitor will explain police policies and procedures to complainants and may accompany complainants to the Internal Affairs Intake Office.

The Oversight Monitor performs ongoing quality assurance functions, including analyzing complaint trends and recommending changes to police policy, practices, and training. They also analyze and verify reporting trends in completed police employee disciplinary decisions, all with the goal of identifying systemic changes that improve police services to the community.

The Oversight Monitor works to enhance community relationships and builds trust through community engagement opportunities. They proactively provide the community with reports related to the work of police oversight and auditing. Further, the Oversight Monitor develops reports highlighting the work of the Office and presents any findings and recommendations to the City Manager, Fort Worth City Council, Police Chief, and the community. The Oversight Monitor leverages data and utilizes information in reports to recommend visionary practices that streamline and enhance civilian oversight in policing.

## Priorities

- Collaborate with the Police Chief to identify and recruit potential new members for the Police Community Advisory Board. Be purposeful in reaching out to and engaging people of color and community members from historically excluded and underserved communities.
- Build meaningful connections, establish trust, and ensure genuine and honest engagement with the community in support of positive relationships and partnerships that lead to multiple opportunities to honestly convey the concerns and needs of the community.
- Establish and maintain effective relationships with the Police Chief and Police Department personnel to understand trends, support modern practices, and inform of innovative approaches in police recruitment and training.
- Routinely network and build relationships with others in the industry, including state and national experts, in civilian oversight of police departments. Monitor best practices to inform and recommend practices that streamline and enhance our civilian oversight in policing.

## The Successful Candidate

The Police Oversight Monitor (Oversight Monitor) will embrace this unique role and collaboratively further develop a Police Oversight Office that is transparent, accountable, and responsive to the community. The successful candidate will be motivated by and has a strong desire for community engagement, enhancing public health, and protecting the economic vitality of the City.

The Oversight Monitor will have a commitment to racial equity and work to develop and embrace an ongoing understanding of oppression and institutional racism. The successful candidate understands racial inequalities, specifically in the criminal justice system, and brings prior experience successfully working with multicultural communities. The Oversight Monitor must also demonstrate knowledge of understanding social injustices and work to address these injustices. The Oversight Monitor will work to quickly understand the community's attitude toward the organization and the City's historical and contemporary race relations.

The successful candidate will be a natural convener and collaborator and recognizes the importance of relationships and partnerships at multiple levels. The successful candidate will have a passion for developing positive community relations with the ability to build strong, yet independent working relationships with a wide variety of internal and external partners and community representatives. Hearing, balancing, and respecting a variety of views during the decision-making process, while conducting oversight activities openly and transparently, will be key. The successful candidate must be an effective communicator and active listener who values honesty and integrity and believes in cultivating objectivity and independence to ensure against any perception of bias. The ideal candidate should enjoy working independently and have a high level of resiliency, including the ability to not personalize adversity.

The successful candidate will bring proven experience managing people, developing, and managing programs, and building community relations. The successful candidate will have the ability to easily distill technical information and provide written and verbal presentations that adapt to meet the needs of various audiences. The successful candidate will bring deep-rooted expertise in conflict resolution, addressing public confrontation, and interacting with the media. The ideal candidate has prior knowledge and experience in the operation, service, and activities of an oversight program. With significant experience in data analysis and trending, the successful candidate easily identifies trends and problems hindering progress and develops and implements best practices to drive necessary change.

## Qualifications

**Minimum requirements** include any combination of education and experience equivalent to a bachelor's degree from an accredited college or university with major course work in labor/employment law, mediation, human resources management, business or public administration, or a related field and including four years of administrative and supervisory responsibility. Experience in Police monitoring, civilian oversight administration, and procedural justice is strongly desired.

**Preferred qualifications** include any combination of education and experience equivalent to a master's degree from an accredited college or university with major course work in labor/employment law, mediation, human resources management, business or public administration, or a related field and including four years of administrative and supervisory responsibility.

## Inside the City of Fort Worth

Fort Worth is a council-manager form of government. Councilmembers are elected from the district in which they reside, with the exception of the Mayor who is elected at large. The Mayor is the official head of the City's government and represents Fort Worth on ceremonial occasions. The Mayor is a voting member of the City Council, presides over Council meetings, and represents the Council to the public. Councilmembers and the Mayor are elected for two years terms, after which they must step down or run for re-election. In the absence of the Mayor, the Mayor Pro Tem presides over Council meetings. Duties of the Council also include setting the tax rate, approving the budget, planning for capital improvements, adopting all city ordinances, selecting residents to serve on boards and commissions, and approving major land transactions, purchases, and contracts. It takes six members to constitute a quorum.

Mayor Mattie Parker was elected in June 2021 as the 45th Mayor of Fort Worth. Leading one of the fastest-growing large cities in the nation, Parker set her focus on key issues that move Fort Worth forward including economic development, growth, innovative transportation and mobility solutions, quality education opportunities for every student, and building safer, more prosperous communities.

City Manager David Cooke became Fort Worth's City Manager on June 30, 2014, and oversees the overall administration of the City's government.

## The Police Oversight Office

The City of Fort Worth's Office of the Police Oversight Monitor was established in 2020 as a mechanism with which to provide oversight and accountability of the Fort Worth Police Department. The Office serves as a proactive leader in law enforcement accountability to the Fort Worth Police Department and the population it serves. The office includes seven staff and internships with a total annual budget of \$1,024,359 for the current fiscal year

## The Community

First incorporated in 1873, the City of Fort Worth, Texas, is a booming metropolis full of rich history and culture. Located in North Texas, Fort Worth is the fifth-largest Texan city and the 13th largest city in the United States. Fort Worth is home to more than 958,000 people of all ages and backgrounds.

The City pays homage to its Western heritage today in a variety of ways – Fort Worth boasts the world's first and largest indoor rodeo, has world-class museums, and offers a full calendar of festivals and a robust local arts scene. Fort Worth enjoys a compact, walkable downtown with easy access to 12 nearby entertainment districts that showcase the unique personality of a “City of Cowboys and Culture.”

For those interested in hiking, canoeing, or birding the 3,621-acre Fort Worth Nature Center and Refuge reserve is available to residents and visitors as one of the largest urban parks of its type in the United States, featuring a small bison herd and native prairies, wetlands, and forests.

Fort Worth also hosts several university communities, including Texas Christian University, Texas Wesleyan University, University of North Texas Health Science Center, and Texas A&M University School of Law.

---

## EXPLANATORY NOTES:

- 1.) The number in parentheses immediately preceding each class title in this pay plan represents the occupational code (OC) as defined by the Federal Equal Employment Opportunity Commission for that class of work. These codes are as follows:
1. Officials and Administrators
  2. Professionals
  3. Technicians
  4. Protective Service Workers
  5. Para-professionals
  6. Office and Clerical
  7. Skilled Crafts Workers
  8. Service/Maintenance

This information is required for the preparation of statistical reports by the Management Information System and has no other significance.

- 2.) Under the heading EAP there is a designation "EX" to indicate which classifications are exempt from the FLSA regulations on overtime. This indicator is provided for informational purposes only and is subject to change.
- 3.) Two astericks (\*\*) indicate a hiring rate which incorporates a flexible hiring rate up to the step indicated.

In order for parity to be effected between certain law enforcement classifications and other comparable classes who also receive supplemental pay from the State, the base salary for each classification is determined by combining the monthly salary rate paid by the City of New Orleans with the monthly salary rates established by the State Legislature for supplemental pay in the amount of \$500.00 per month after one year of service.

For purposes of information only, it should be noted that personnel in the above Police classifications may also receive an annual millage distribution amounting to approximately \$3,545 currently. This amount is not included in the determination of what constitutes base pay.

### **MISCELLANEOUS- INNOVATION STIPEND**

In order to enhance the effectiveness of City operations and complement the on-going innovation efforts, the City will fund promising ideas to improve City government. Annually, the Chief Administrative Officer (“CAO”) will invite City employees to submit plans for improving City operations.

#### City Innovation Stipends

Successful applicants will be awarded a City Innovation Stipend (up to \$2,000) for taking on a voluntary, additional duties that are not part of their day-to-day responsibilities. Work on funded

projects should be completed outside of an employee's normal working hours. Any time an employee spends on grant-related work is purely voluntary and not compensable time under the Fair Labor Standards Act.

Revising business process, procurement efforts, and other operational concerns saves the City money and allows it to more efficiently deliver services to citizens and far exceeds the cost of providing this benefit. Employees in all classifications are eligible for this special rate of compensation upon acceptance of a proposal up to (\$1,000). An additional payment of up to (\$1,000) may be awarded upon implementation of the innovation developed through the proposal. Acceptance or rejection of a proposal is not an employment action and is not appealable.

In order to facilitate the review of applications and issue stipends, the CAO shall establish an Innovation Working Group. The Working Group shall assess proposals on the following criteria:

- (1) Value creation
- (2) Cost/feature of implementation
- (3) Impact on City business processes.

In awarding stipends, the Working Group must determine that, if successfully implemented, the proposed innovation would produce at least the equivalent value of the stipend itself. This value may be expressed in saved time and/or money for the City, partners, or community members or demonstrable improvements to City services.

Once the Working Group awards a stipend, the CAO shall transmit to the Civil Service Department a form that contains:

- 1) The amount of the stipend
- 2) Employee(s) receiving the grant
- 3) The evaluation completed by the Working Group

The Civil Service Department will not be responsible for assessing the merits of the proposal or approving the payment.

In the event that the Working Group issues an additional payment related to the successful implementation of a proposal, the CAO shall transmit to the Civil Service Department a form that contains:

- 1) The name of the employee(s) to be awarded the pay
- 2) A copy of the project charter
- 3) Statement from the Working Group that the project has been implemented as described in the project charter.

The Civil Service Department will not be responsible for assessing the merits of the project plan, success of implementation or approving the payment.

Notes: The effective date of each payment shall be the next pay day of the month following CAO's submission of the form(s) described above.

\*Innovation Stipends are intended to enhance the cost-effectiveness of City services. Consideration and awarding of Stipends is contingent upon available funding as determine by the CAO.
