MPF VI is implementing an investment strategy of portfolio diversification by private equity sub-asset class, manager and vintage year. MPF VI is constructing a portfolio of approximately 40 premier private equity partnerships established principally during the 2013 to 2016 vintage years and also making opportunistic investments in the secondary market. MPF VI's expected portfolio construction will allocate approximately 35-40% to U.S. buyout, 20-25% to non-U.S. buyout, 20-25% to venture capital/growth equity, and 15-20% to special situations.

Fee Description: "Crescent Direct Lending intends to originate and invest primarily in senior secured loans of private U.S. lower middle-market and middle-market companies, primarily in conjunction with private equity sponsored transactions. Fund III's investments in senior secured loans will include primarily first lien and unitranche loans, which are referred to collectively as "senior loans." Crescent Direct Lending believes that the lower middle-market and middle-market offers investors the opportunity to earn yields at a significant premium to the broadly syndicated market, with a senior secured focus that provides strong preservation of capital.	

Crescent Direct Lending will pursue a well-defined investment strategy based upon in depth evaluations of the credit fundamentals of issuers, with an emphasis on capital preservation (i.e., an issuer's ability to service its debt and maintain cash flow generation) and limiting volatility, while generating current income at a premium to the broadly syndicated market.

Crescent Direct Lending will target borrowers in the lower half of the middle-market (middle-market typically defined as \$50 million of EBITDA or below). Crescent Direct Lending's initial target focus is generally in the lower half of the middle-market, or companies with \$5 million to \$35 million of EBITDA, but Fund III may invest in upper middle-market companies where opportunities arise.
