

2023 Public Integrity Bureau Annual Report

PIB shall include in its annual report a summary of each misconduct complaint, including a description of the allegation, the final approved disposition, and any discipline imposed. PIB's annual report shall also include aggregate misconduct data showing the number of each type of complaint and the number and rate of sustained cases after final approval, and shall provide an analysis of this data that identifies trends and concerns and documents NOPD's response to the identified trends and concerns. The PIB and the IPM [Independent Police Monitor] should coordinate and confer with each other in collecting, analyzing, and reporting this data to avoid or minimize duplication of efforts or resources. [Consent Decree ¶426]

The Public Integrity Bureau (PIB), commanded by Deputy Superintendent Keith Sanchez since September 2022, is responsible for the fair and consistent implementation of the disciplinary process, from the receipt of a complaint through its final resolution. This includes the assignment and processing of all disciplinary investigations; review of disciplinary investigations for fairness, impartiality, and thoroughness; review of recommendations in all disciplinary investigations and hearings; maintenance of disciplinary records; and the coordination of specific investigations with outside agencies such as the Federal Bureau of Investigations and the Independent Police Monitor.

All bureaus and divisions are included in the disciplinary process. Although officers assigned to PIB investigate allegations of criminal misconduct against both police officers and civilian employees, the investigation of violations of administrative regulations are shared with first-line supervisors. To hold first-line supervisors accountable and ensure their involvement in complaints against their subordinates, many administrative complaints, once reviewed and categorized by PIB's Intake unit, are forwarded to division Captains through their bureau chiefs for investigation. These investigations are reviewed through that bureau's chain of command, then ultimately by PIB and the Superintendent of Police.

The purpose of this report is to summarize misconduct complaint data collected for the year, analyze that data, and identify trends and concerns in the areas of misconduct and discipline. This report identifies demographic information on the individuals who file complaints, as well as the officers who are accused of misconduct; the status and dispositions of misconduct investigations opened in the previous calendar year; the types of allegations filed against officers; and summaries of the alleged misconduct, as stated by the individuals filing the complaints.

To ensure the quality and integrity of the Department's complaint process, the Office of the Consent Decree Monitor (OCDM) conducts bi-annual audits of NOPD misconduct investigations. PIB also has an internal Quality Assurance Unit, of commissioned and civilian employees, focused on ensuring misconduct investigations handled by PIB and District investigators all maintain the same high standards set forth by the Department.

Key definitions

Complaint—Any allegation of misconduct committed by any NOPD employee that is reported by any person, including any NOPD employee.

Exonerated— The recommended disposition when a misconduct investigation determines by a preponderance of the evidence that the alleged conduct did occur but did not violate NOPD regulations, policies, procedures, or training.

Formal Disciplinary Investigation— Internal investigation that may result in disciplinary action as set forth in the Civil Service Rules

Misconduct— Any action or inaction that violates any Departmental Rule, Policy, Procedure, Order, verbal or written instruction, or criminal law other than a grievance as defined in CAO Policy Memorandum 4(R) and Chapter 25.1 – Employee Grievances.

Minor violation/infraction— A violation of a Departmental Rule, Policy, Procedure, Order, regulation, or verbal/written instructions that a supervisor believes requires minimal intervention through redirection, retraining and/or non-disciplinary counseling to correct the employee's behavior (e.g., tardiness, uniform requirement, forgetting to complete an FIC, and cleanliness of vehicle). The behavior must not be the subject of a public complaint and must be sufficiently minor that it is correctable by minimal intervention by the supervisor, with the goal of non-repetitive behavior. Repetition of a similar violation within a twelve-month period (based on the date of the observed violation) may require discipline.

No Formal Investigation Merited (NFIM)—A complaint action in which the allegation, on its face, does not constitute a violation by an employee of any Departmental Rule, Policy, Procedure, verbal or written instruction, or criminal or civil law.

Not Sustained— The recommended disposition when an investigation is unable to determine by a preponderance of the evidence whether the alleged misconduct occurred.

Sustained— The recommended disposition when an investigation determines by a preponderance of the evidence that the alleged misconduct did occur.

Unfounded— The recommended disposition when an investigation determines by a preponderance of the evidence that the alleged misconduct did not occur or did not involve the accused member.

Relevant Policies

Chapter 26.2, “Adjudication of Misconduct,” became effective May 15, 2016, partially replacing Policy 1021 and revised on July 18, 2016. This chapter establishes procedures for conducting predisposition conferences and/or disciplinary hearings following internal investigations that identify potential misconduct and for the administration of penalties if allegations of misconduct are ultimately sustained.

Chapter 26.2.1, “Disciplinary Matrix/Penalty Schedule,” became effective May 15, 2016, also replacing portions of Policy 1021 and last revised on March 18, 2018. This chapter provides penalty ranges for rule and policy violations. The disciplinary matrix delineates the lowest possible penalty, the presumptive penalty, and the maximum penalty for each level of offense.

Chapter 35.1.7, “Non-Disciplinary Responses to Minor Violations,” was converted to chapter format in 5/10/2015, and was last updated on March 18, 2018. That policy allows for counseling or training as resolution of minor violations or infractions.

Chapter 52.1.1, “Misconduct Complaint Intake and Investigation,” became effective on July 19, 2015, replacing former Policy 1020 and last revised on June 27, 2021. This new policy, which governs the NOPD’s investigation of misconduct complaints, was approved by the Office of the Consent Decree Monitor (OCDM) and the Department of Justice (DOJ), and it is fully compliant with the Consent Decree.

Chapter 52.2, “Negotiated Settlement Agreements,” became effective November 15, 2015, replacing Policy 1023 and last revised on November 4, 2018. The policy allows for resolution of misconduct complaints for minor violations reported by supervisors without a formal hearing. It was revised to allow for negotiated settlements involving body-worn camera violations.

Collaborating with the Independent Police Monitor

Collaborations with the Independent Police Monitor (IPM) involve review of Use of Force incidents, critical incident response, and the Use of Force Review Board recommendations. In addition, NOPD collaborates with IPM on the community-officer mediation program, audits of timeliness of complaint investigations, complaint investigation monitoring, complaint investigation reviews, disciplinary appeals, and complaint status updates. In their role to provide oversight for NOPD, the IPM and PIB work together to ensure transparency, and accountability whether in civil or criminal lawsuits, data analysis, or simply through information sharing. PIB and IPM work together on the analysis of statistics, trends, and patterns of misconduct. Also, anyone can file complaints with the IPM who will submit them to PIB for processing and investigation. All complaints are documented in the same database, which is viewable by both PIB and IPM for clarity

and to avoid duplication of complaints. See the [diagram](#) in the Complaint Process section of this report for more information on how IPM is involved in the complaint process.

The Complaint Process

The complaint process begins when a complainant alleges misconduct against an NOPD employee. Upon receiving a complaint, the Public Integrity Bureau reviews, classifies, and assigns the complaint investigation a PIB investigator or to the command of the accused who identifies the assigned investigator. The complaint investigator is required to contact the complainant and obtain a recorded statement; however, some complainants choose to remain anonymous. The investigator will ask the complainant to provide as much detailed information as possible regarding the incident.

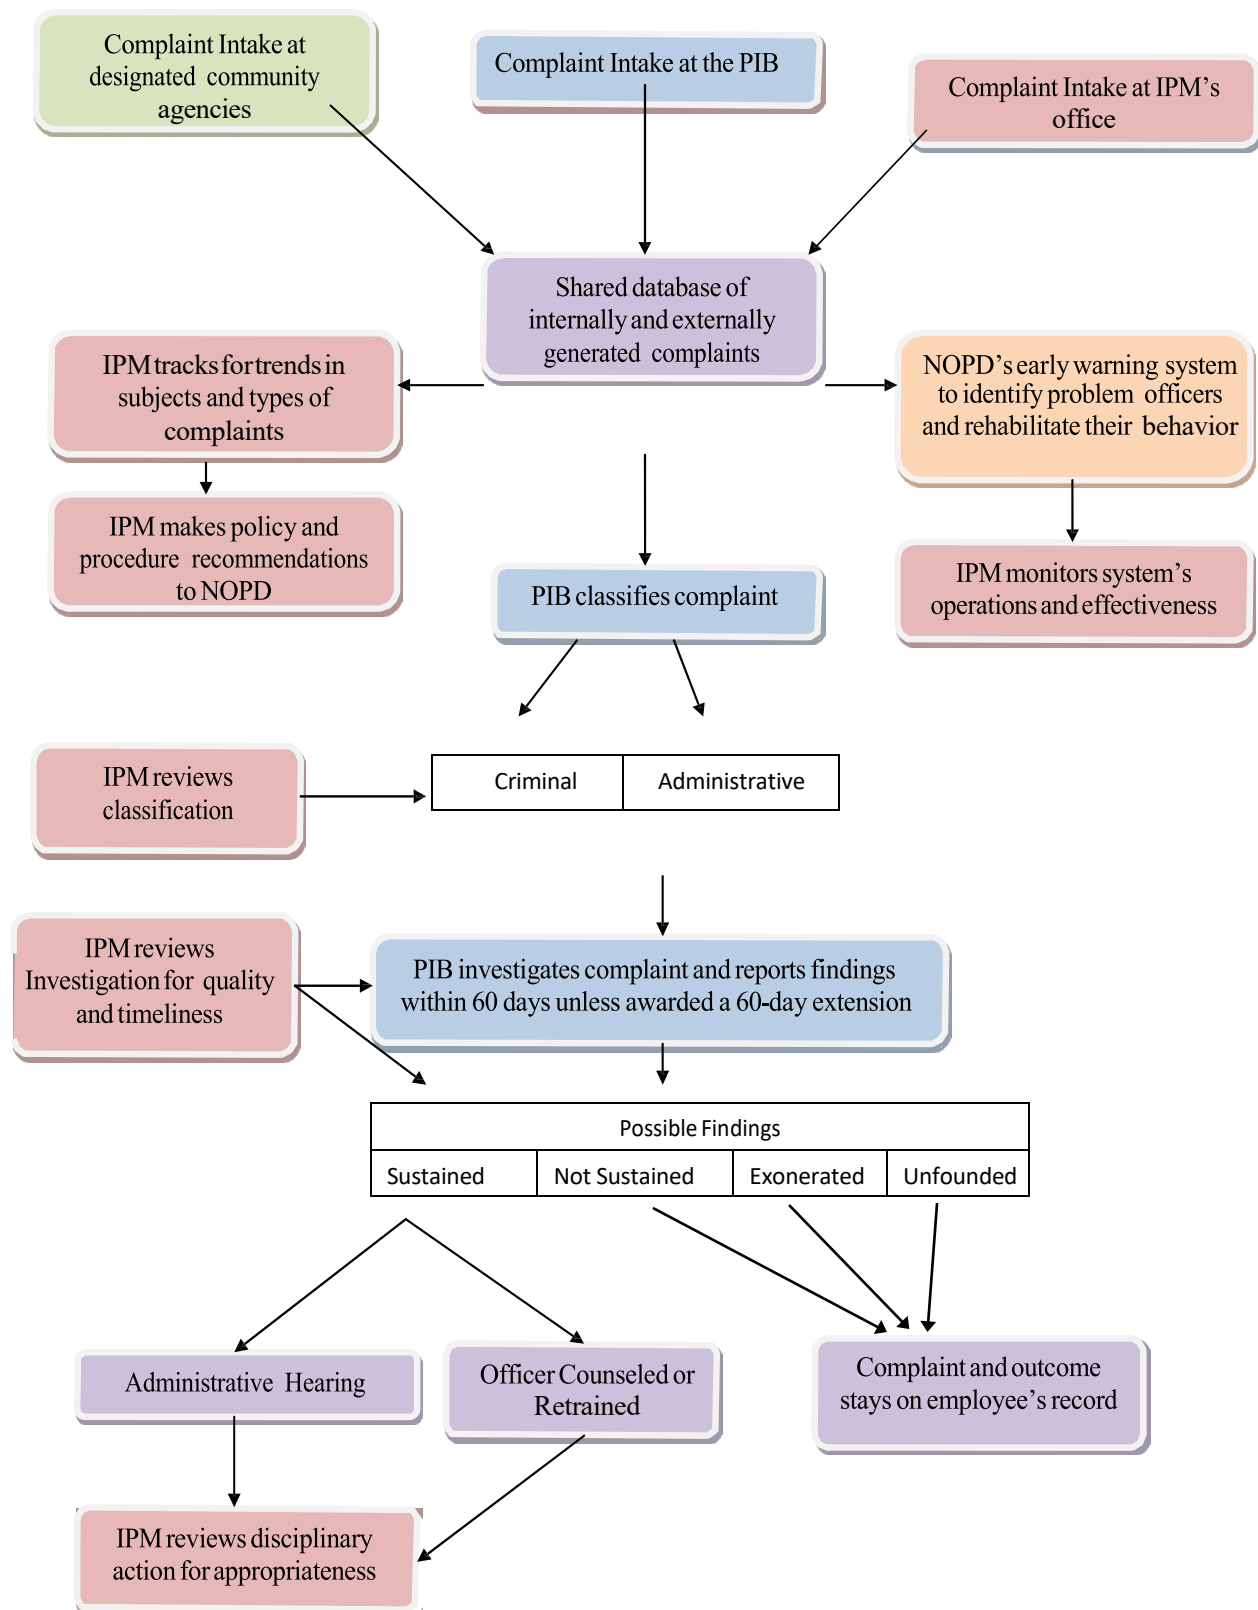

The investigator will contact all identifiable witnesses, including police officers; examine all relevant evidence; and gather all information pertinent to each allegation. The investigator will update the complainant every forty-five days.

The findings of the investigation may result in several outcomes, depending on the final disposition of the complaint allegations. If the disposition is Exonerated, Unfounded, or Not Sustained, no disciplinary action will be taken. In all cases for which the complainant's identity is known, the person who made the complaint will be notified in writing of the investigator's findings.

When an allegation is Sustained, the matter may proceed to a disciplinary hearing, at which time a penalty will be recommended. The Superintendent of Police ultimately determines what penalty is appropriate. The penalty may range from an oral and/or written reprimand, to remedial training, suspension, fine, demotion, or dismissal from the Department.

If the complaint includes allegations of criminal wrongdoing, a separate criminal investigation may be conducted in addition to any administrative investigation. The PIB unit that conducts administrative investigations is separate from the one that conducts criminal investigations. The investigators working on the administrative allegations are prohibited from sharing information with the investigators working on concurrent criminal allegations. Depending on the results of the criminal investigation, the District Attorney may be consulted regarding the filing of criminal charges and the possible arrest of the offending employee.

Misconduct Complaint Findings

In 2023, the Public Integrity Bureau (PIB) processed 711 misconduct complaints, including 530 (75%) lodged by members of the public and 181 (25%) that were initiated by members of the NOPD. The total number of complaints per year increased from 2022 to 2023 returning to a level similar to 2017-2019 and 2021. It is important to note that police activity was generally lower in 2020-2023 when compared to 2019 and earlier. In 2020-2023, calls for service were down 8-29% from 2019 and arrests were down 41-47%. Specifically in 2023, calls for service were down 29% and arrests were down 42% compared to 2019.

NOPD has worked to make the complaint process accessible to the public, by posting complaint information and forms online, as well as physical copies in locations across the entire city. Printed complaint forms and brochures are available in English, Spanish, and Vietnamese at every police district station, NOPD Headquarters, PIB, the Office of the Independent Police Monitor, the Orleans Parish Public Defender's Office, City libraries, and courthouses. All pages of the nola.gov website, including the online complaint form, are available in many languages through the Google website translation service. The Department also created a detailed PowerPoint presentation for the public that explains the misconduct complaint process; the PowerPoint is available on the NOPD Web site (visit nola.gov/nopd/citizen-services/complaints and scroll down to the Complaint Process section).

Figure 1: Total Complaints by Source 2016-2023

Between 2016 and 2023 the portion of complaints that were initiated by a member of the public fluctuated between 58-75% and the portion of complaints that were initiated by members of NOPD fluctuated between 25-42 percent.

NOPD continues to explore non-disciplinary alternatives in appropriate situations. For example, remedial training, redirection, and counseling can be effective ways to resolve minor administrative violations that are not the subject of a public complaint. Additionally, from 2016 through 2023, NOPD worked with the Independent Police Monitor to successfully resolve 257 complaints through mediations between complainants and accused officers. See [NOPD Ch 24.2 – Community-Police Mediation](#) found at nola.gov/nopd/policies for more info on mediations.

Summary of Complaints by Allegation

Whether public- or rank-initiated, complaints may contain more than one allegation against an accused employee. Table 1 below gives frequencies of allegation types over the last six years.

While complaints increased from 572 in 2022 to 710 in 2023, allegations increased from 901 in 2022 to 1,233 in 2023. From 2016 to 2019 the number of allegations decreased from 1,825 to 1,459.

The allegations that increased the most from 2022 to 2023 were violations of Rule 4: Paragraph 4 “Neglect of Duty” (279 more), Rule 2: Paragraph 6 “Unauthorized Force” (31 more), and Rule 2: Paragraph 1 “Adherence to Law” (25 more). On the other hand, in 2023 there were 17 fewer allegations of violations of Rule 3: Paragraph 1 “Professionalism” than in 2022, 11 fewer allegations of violations of Rule 4: Paragraph 2 “Instructions from authoritative source”, and 6 fewer allegations of violations of Rule 5: Paragraph 2 “Associations.”

Secondary Employment Complaints

PIB received and investigated 43 complaints surrounding secondary employment in 2023. Twenty-two of the complaints were made by complainants external to the Department and twenty-one came

from internal complainants. The 43 complaints amounted to 143 allegations. The three most common allegation categories were:

1. Rule 4 Performance of Duty, Paragraph 4 Neglect of Duty (88);
2. Rule 2 Moral Conduct, Paragraph 1 Adherence to Law (28); and
3. Rule 4, Paragraph 2 Instructions from an Authoritative Source (18).

Sixty-six allegations were sustained. One resulted in a suspension, 15 in a letter of reprimand, 46 are awaiting a hearing, and 4 are awaiting the disciplinary letter.

Complaint Dispositions

Table 2 lists the number and percentage of dispositions and statuses for complaints made from 2016 to 2023. The portion of complaints that were sustained increased slightly from 20% in 2022 to 21% in 2023. The portion of complaints that were determined to be unfounded was 30% in 2022 and 27% in 2023. See NOPD [Chapter 52.1 Complaint Intake and Investigation](#) found at nola.gov/next/nopd/topics/policies/ for more information on complaint dispositions.

1-Includes Negotiated Settlements.

2-Includes Withdrawn

3-An option for complaints initiated by supervisors who prefer to implement a less severe form of corrective action. See NOPD policy [52.1.1 Misconduct Complaint Intake and Investigation](#) paragraphs 39-41 for details about the requirements for cancelling internally generated complaints.

4-Includes DI-2s and Redirections

5-PIB uses the disposition “proscribed” when they are unable to complete the investigation within the time constraints required by Louisiana’s laws regarding the rights of officers under investigation. See [Louisiana Revised Statute 40:2531](#).

The investigations that are deemed “proscribed” are reviewed by the Public Integrity Bureau for policy violations and system failures. For example, if an investigation is submitted outside of its due date, the investigator may be subject to a formal disciplinary investigation for a late FDI submission.

6-In 2022, two investigations were nullified per RS 40:2531, paragraph C.

Sustained complaints may be appealed by the accused to New Orleans’ Civil Service Commission.

Civil Service Commission decisions are available at [nola.gov/next/civil-](https://nola.gov/next/civil-service/topics/commission/decisions)

[service/topics/commission/decisions](https://nola.gov/next/civil-service/topics/commission/decisions). The Public Integrity Bureau reviews all Civil Service

decisions, especially those overturned via the Civil Service Commission or the Louisiana Fourth Circuit Court of Appeals. Once the Public Integrity Bureau is notified of an overturned “sustained” disposition, the disposition remains “sustained” in IAPRO, however, the “actions taken” section is updated to reflect the reversal of discipline. In 2023, the Public Integrity Bureau withdrew one of two disciplinary actions under 2023-0114-P through a Civil Service settlement agreement.

Complaints by Demographics

The following tables describe the complaints filed against NOPD organized by the demographic information (race/ethnicity, sex, and age/years of service) provided for both the complainants and the accused employees. NOPD’s complaint reporting software does not require input of complete demographics, and some individuals involved in the complaint process choose not to provide identifying information making the demographics of some complainants unknown. The tables below represent all complainants listed which is sometimes more than one per complaint. Additionally, because the accused employee is often unknown to the complainant and indeterminable by investigators, the demographics of the accused are sometimes unknown. The following analysis is based on the most accurate information that can be pulled from the data available.

The first group of tables below identifies the complainants, both external to NOPD and internal, by the demographic information provided during the time they filed their complaint. In 2023, 42% (315) of complainants were female and 43% (323) were male. The distribution of complainants by sex remained relatively consistent from 2016 to 2023, except for 2019 which had an increase in the portion of complainants for whom their sex is unknown.

Table 3: Sex of Complainants

	2016	2017	2018	2019	2020	2021	2022	2023
Male	407 (47%)	384 (51%)	364 (48%)	317 (40%)	306 (48%)	365 (48%)	275 (47%)	323 (43%)
Female	378 (44%)	298 (40%)	321 (43%)	279 (35%)	247 (38%)	285 (38%)	215 (37%)	315 (42%)

The following table indicates each year more complainants are Black than any other race/ethnicity. In 2023, 415 (55%) complaints identified as Black and 135 (18%) identified as white. The distribution of complainants by race/ethnicity remained relatively consistent from 2016 to 2023. The number of complainants with unknown race/ethnicity was highest in 2019.

The following table gives the age ranges of complainants in 2016 through 2023. The largest group of complainants in 2023 were between the ages of 40 and 49 (184, 25%). The distribution of complainants by age range remained relatively consistent from 2016 to 2023.

This next group of tables provides information on the demographics of the accused employees. While each complaint is usually filed by individual complainants, multiple officers and/or NOPD staff are more frequently named in a complaint. Because multiple people can be named in any given complaint, the number of “Accused” is higher than the number of individual complaints. While there were 710 complaints filed in 2023, 952 individuals were accused. Of those 952, complainants

external to NOPD initiated complaints against 654 individuals, while internal complainants' initiated complaints against 298 individuals.

While there were slightly more males who filed complaints in 2023 than females, the majority of complaints were filed against male NOPD personnel. 650 (68%) of the accused were male, while 200 (21%) were female. These percentages are similar to the demographics of the Department's commissioned employees, which was consistently 75-78% male and 22-25% female from 2016 to 2023.

Employees with 0-5 years of NOPD experience were the subject of the most complaints in 2023 (231, 24%). Employees with 0-5 years of experience are the most likely to be patrol officers, which tend to have more interactions with the public than other types of officers like detectives or officers in administrative roles who tend to have more years of experience. Officers with 0-5 years of experience comprised 22% of NOPD officers in 2023. The distribution of accused individuals by age range varied slightly from 2016 to 2023. For example, employees with 6-10 years of NOPD experience were the subject of 21% (231) of complaints in 2016, 7% (70) of complaints in 2021, and 15% (145) in 2023.

Misconduct Complaint Summaries

The summaries in [Appendix A](#) describe the misconduct complaints lodged against NOPD officers and employees through the Public Integrity Bureau in 2023. The complaint process of the New Orleans Police Department is allegation-driven, and all allegations are taken seriously and investigated thoroughly. However, until a complaint is proven, allegations contained in the complaint have not been verified and should not be read as statements of fact. **It is important to note that the summaries below describe the complaint as described by the complainant and not the specific classification of the complaint allegations and findings of the investigation.**

Additionally, a “Sustained” disposition does not necessarily indicate that all the complainant’s allegations have been proven. Misconduct complaints often contain multiple allegations, and a “Sustained” disposition reflects that at least one allegation or violation was proven to be true by a preponderance of the evidence. In some cases, an investigator may discover additional allegations that are not contained in the original complaint; therefore, a case may be given a “Sustained” disposition even when none of the complainant’s allegations are proven.

Finally, a complaint may be given a “sustained” disposition when an investigation is completed, but that disposition may change once the complaint is adjudicated during a disciplinary hearing. The disposition of a complaint is not considered final until after the disciplinary hearing is held and the Superintendent of Police has approved the disposition and discipline, and the Department has notified the accused member in writing. Consequently, the disposition of cases for which the discipline is listed as “Awaiting Hearing” or “Pending” may ultimately change.

Actions Taken

The actions taken, or discipline, for each officer accused of misconduct in 2023 can be found in [Appendix B](#). Because multiple officers can be accused of misconduct by a complainant and each officer can be accused of multiple allegations, officers may receive more than one type of discipline. PIB does not document discipline in the database until after the disciplinary hearing is held and the Superintendent of Police has approved the disposition and discipline.

Appendix B provides the status of the misconduct investigation, which may be one of the following:

- Initial – The investigation has not yet been assigned to an investigator. PIB’s Intake unit may have conducted a preliminary review and may have collected some evidence.
- Active – The investigation is ongoing, evidence may still be collected and documented.
- Forwarded – The investigation is complete and may be under review, pending a hearing, or pending final approval post-hearing.
- Completed – No further action will be taken, although appeals may occur.
