DISTRICT COMMUNITY POLICING PLAN PRIORITIES.....	6
APPENDIX.....	10

OVERVIEW

The Fourth District encompasses approximately 22 square miles with nearly 60,000 residents. The Fourth District has the distinction of being the only police district in the City of New Orleans located on the west bank of the Mississippi River. From its old town façade in Algiers Point to its modern flare in the English Turn Subdivision, Algiers represents everything unique about New Orleans from the Cut-Off to the Ferry. Algiers' charm is due to strong community pride, diversity of its residents and proximity to downtown.

The Fourth District has 82 officers, as of June 11, 2021. The Fourth District station's phone number is (504)658-6040. For more information about the work of your Fourth District officers, please visit our Facebook page: <https://www.facebook.com/NOPDFourth/>.

LEADERSHIP

Lawrence Dupree, a 21-year veteran of the NOPD, was appointed as Captain of the Fourth District in February 2020. Captain Dupree has worked in a diverse compilation of previous assignments, including Captain of the Seventh District for six (6) years, investigations commander for two (2) years in the Seventh District and held numerous supervisory assignments throughout his career. He holds a Bachelor & Master's Degree in Criminal Justice from Southern University at New

Orleans. His major achievements with the NOPD include receiving a Meritorious Citation for Outstanding Achievement, three Medals of Commendation for Outstanding Achievement and being awarded the Crimestoppers Award for Outstanding Achievement in Community Partnerships. He attended the intensive, three-week training at the 69th session of the Police Executive Research Forum's (PERF) Senior Management Institute for Police (SMIP) in Boston, Massachusetts. Captain Dupree's focus is multi-faceted, as he works daily to make significant impacts on crime within the Fourth District, fosters a positive working environment for officers and supervisors alike and is keenly aware of the importance of nurturing partnerships within the community and developing the community outreach initiatives that will heighten the public's trust in the Fourth District.

Lieutenant Ray Jones, a 23-year veteran of the NOPD, serves as Assistant-Commander of the Fourth District. His responsibilities include the management and direction of patrol strategies as well as deployment of the Fourth District's detectives and investigative initiatives. Lieutenant Jones has worked in various assignments during his tenure with NOPD, including various leadership roles. Additionally, he has an extensive background in narcotics investigations and the

development of proactive strategies to deter crime in particular areas. He has a Bachelor of Accounting Degree from Upper Iowa University.

FOURTH DISTRICT COMMUNITY POLICING TEAM

Sergeant Charles Love serves as the Fourth District's Systems Administrator (DSA). He is responsible for the supervision and management of administrative requirements for the district as well as direct supervision of community outreach initiatives that are done by the Fourth District's community liaison officers and school resource officers. He has over 15 years of law enforcement experience with supervisory responsibilities.

Senior Police Officer Jamal Kendrick serves as one of the Fourth District's Community Liaison Officers. He has over 10 years of law enforcement experience.

Senior Police Officer Patrice Swan serves as one of the Fourth District's Community Liaison Officers. She has over 10 years of law enforcement experience.

Senior Police Officer Shantell Minor serves as one of the Fourth District's School Resource Officers. She has over 10 years of law enforcement experience.

Senior Police Officer Calvin Day serves as one of the Fourth District's School Resource Officers. He has over 10 years of law enforcement experience.

COMMUNITY ENGAGEMENT PROGRAM OVERVIEW

On June 4, 2021, the NOPD hosted a forum with the 4th District Police Community Advisory Board (PCAB) via Zoom platform. The purpose of this event was to identify and prioritize public safety concerns voiced by community members. PCAB members reviewed 311 data collected year-to-date in the 4th District and reviewed Algiers Police Anti-Crime Council (APACC) citizen concerns to form a list of issues that the 4th District should address. The Community Liaison Officers collected feedback from the PCABs and analyzed the feedback to identify trending problems that could be developed into robust problem-oriented policing plans.

We will continue to survey the community every 2 years to update and prioritize these issues. Thus, we will continue to establish transparent, actionable items and update them on a monthly basis to show community members the district's efforts in resolving community concerns.

DISTRICT COMMUNITY POLICING PLAN PRIORITIES

Given the issues raised by the community, the primary area of focus in the 4th District Community Policing Plan, drafted for June 2021, will be to do the following:

- 1. Enhance patrolling strategies to increase visibility within neighborhoods**
- 2. Enhance youth engagement activities**
- 3. Partner with City agencies and community groups for problem-solving partnerships in various capacities**

Beginning at the Algiers Police Anti-Crime Council (APACC) meeting in July 2021, the 4th District will begin updating the community on the progress of the concerns raised. This plan will be a working document. Advancement and progression on this plan will be presented at every APACC meeting for the next year. As a form of documentation, updates will be included in the APACC meeting agendas, which will be included in the appendix. NOPD will also update the community about the progression on this plan at APACC and PCAB meetings. Captain Dupree's commitment to community engagement and community policing has remained an ever-present priority and prominent strategy in the overall vision and direction of the 4th District.

COMMON 311 COMPLAINTS

1. Blight
2. Abandoned vehicles
3. Nuisance properties
4. Illegal dumping
5. Overgrown lots
6. Oversized vehicles in residential neighborhoods

7. Nuisance bars
8. Loitering

ACTIONABLE ITEMS

Actionable items are specific steps the District will take to implement the District Community Policing Plan. Actionable items will be quantified or qualified through data analytics. The actionable items are transparent and will be updated monthly to allow the community to verify the actions of the District. Actionable items are given via tasks.

1. The 4th District will enhance patrol strategies to increase visibility within neighborhoods.

Citizens have always asked for NOPD to be more visible in their community. This plan will discuss in detail several ways that the 4th District will increase visibility in Algiers' neighborhoods. While the pandemic had hampered some initiatives that were proven to work in other communities, we will see a difference this year. Although every specific neighborhood is not listed below, the 4th District's sector deployment covers the entire district.

Task 1: The 4th District has committed to dedicated coverage in the following communities.

- Dedicated Cut-Off Units (24-hour daily coverage)
- Dedicated Garden Oaks Unit (24-hour daily coverage)
- Dedicated Algiers Point/Old Algiers Unit (24-hour daily coverage)
- Dedicated Fischer Community Liaison Officers (17-hour daily coverage)

The 4th District will utilize analytics to qualify and quantify on a monthly basis via review of area patrols, business checks and walking beats.

Task 2: Ready, Set, Engage: An initiative created by Captain Dupree and only in the Fourth District, where every officer pledges to positively engage with the community. Every encounter starts with a simple introduction. Locations, neighborhoods and community initiatives featured in the Ready, Set, Engage initiative will be reported back to the community via review of Facebook posts on the 4th District page and Captain Dupree's weekly newsletter.

Task 3: Weekly Neighborhood Walking Beats: The 4th District commits to walking the beat in all subdivisions, neighborhoods, and apartment complexes in Algiers. Walking beat data will be provided to the community, including how many were conducted over a month and the duration.

Task 4: Include pictures in the appendix.

2. Enhance Youth Engagement Activities

The 4th District has two full time School Resource Officers who not only focus on school interactions, but the SROs relationships also transcends to summer camps, summer schools and day care(s) to stay engaged with kids.

The 4th District will continue to build on community partnerships such as Mr. Tory “Coach Toe” Davis as well as Heroes of New Orleans with Mr. Greg Ravy. These two local leaders have been outstanding partners with the 4th District with youth engagement and outreach. The best part about their efforts is that they were both born and raised, and still reside in Algiers. It is Captain Dupree’s strong belief that these efforts will stop those most vulnerable from ever being introduced into delinquent behavior as well as separate the followers from the enablers who are looking for any reason or excuse to stay out of trouble; they just need a little nudge.

Task 1: Mounted Rides: Scheduled mounted rides across Algiers (heat index consideration), which will consist of officers whose focus will be to patrol Algiers neighborhoods, as well as interact with the community. Both kids and adults love to see our beautiful NOPD horses!

Task 2: Youth – Police Dialogue Sessions: Done at schools in the 4th District, this will be done during summer camps as well. YPDs allow for both youth and police to learn more about each other and understand the role of law enforcement in society and the parameters of the job. It also allows for relationship building and bridging the information gap that sometimes exists.

Task 3: Report outcome of youth dialogues and include which schools and officers from the District participated. This will be reported monthly at APACC meetings and PCAB meetings, as well as online on the NOPD’s community policing plan dashboard.

Task 4: The Fourth District will include pictures of all youth events in the Appendix of this document, which will be shared in a binder every month at APACC and PCAB meetings.

3. Partner with City Agencies and Community Groups to form Problem-Solving Partnerships in Various Capacities.

Due to the needs of the district, Captain Dupree has established two full time Community Liaison Officers whose purpose is to proactively engage the community to build relationships and conduct in-depth problem-solving with the community regarding neighborhood concerns. The officers are not responsible for calls for service. They are community problem solvers. Their responsibility includes such things as: walking the beat, stickering abandoned & junk cars, attending neighborhood meetings and lecturing on Crime Prevention and Crime Prevention Through Environmental Design (CPTED).

Under Mayor LaToya Cantrell’s leadership, the NOPD regularly partners with City agencies for a holistic approach centered on community based problem-solving designed to address issues that impact the quality of life in New Orleans neighborhoods.

Task 1: Invite City agencies to APACC meetings to address the particular concerns of citizens such as 311, Code Enforcement, Sanitation and Public Works.

- a. This information will be tracked monthly and made available to the public on the Fourth District's Facebook page, to include the agencies invited, agencies that attended, issues identified, and follow-up strategies that will be utilized to address community concerns.

Task 2: Strategize with the Police-Community Advisory Board (PCAB) and the Algiers community regarding their suggestion to partner with the 4th District on their community concerns. This will be reported back to the community via review of Facebook posts on the 4th District page and Captain Dupree's weekly newsletter.

- a. The Fourth District will develop problem-oriented policing projects based on the information received from the community. The problem-oriented policing projects will follow best practices to reduce a problem or concern in the community. Strategies will include providing non-enforcement resources to address what can be root causes of crime or disorder, including job fairs, food drives, or any other resource to improve economic stability or underlying causes of crime.
- b. Partnerships with nonprofits, job fair, resource allocation, enforcement activities, and any partnerships with schools or government agencies will be documented monthly and shared at APACC and PCAB meetings, as well as online on NOPD's website.

Task 3: Enhance community-based education programs, whereby 4th District officers will provide community awareness programs on personal safety, protection and situational awareness. This will be reported back to the community via review of Facebook posts on the 4th District page and Captain Dupree's weekly newsletter.

Task 4: The Fourth District will include pictures of problem-solving initiatives in the Appendix of this document, which will be shared in a binder every month at APACC and PCAB meetings.

APPENDIX

Annual Survey Questions and Results

1. In your opinion, what are the greatest problems in your district and how can the police dept help? Please provide specific examples.
2. How can the community collaborate with the police department to address these issues?
3. What does the police dept do well in terms of community engagement? Please provide specific examples.
4. What could the police dept do better in terms of community engagement. Please provide specific examples.
5. What activities should the department undertake to improve relationships with youth?

Survey results are included below.

Question 1

- Increase in theft and vehicle burglary
- Gun buy-backs needed
- Youth activity and home rental occupants/guests
- Random shootings
- Aggressive dogs off-leash in neighborhoods
- Use high school athletes, band members and school coaches for outreach

Question 2

- Education and awareness presented to the community
- Media coverage for safety tips
- Partner with police to notify residents it is ok to use 311 services for quality-of-life initiatives
- Community working with homeowners to alter management styles
- Getting the community to speak out and come forward
- Community/neighborhood meetings
- Marketing safe zones for selling and returning guns
- Neighborhood cameras

Question 3

- Police are fully engaged in the district; willing to listen without bias and truly engaged in rebuilding and regaining a trusting relationship with the community
- Excellent job on community engagement and social media presence

- NOPD Citizens' Academy
- Neighborhood walks
- PCAB set-up
- Coffee with cops

Question 4

- Create customer service/community engagement survey website
- Business cards for officers
- Community based education programs and talks
- Advertise good works and successes of police department
- Community service projects
- In-person MAX and APACC meetings (had been suspended due to COVID-19 restrictions)
- Police sports engagement clinics
- Health fairs
- NOPD Job fair for auxiliary positions

Question 5

- School involvement
- Host talk sessions
- Teen mentorship
- Canine and horse demonstration at the station
- NOPD boxing gym
- Sports clinics
- Host job fairs
- Community BBQ with youth and adults

Fourth District PCAB Peace Walk

Members of the Fourth District along with Superintendent Ferguson and District C Councilmember Kristin G. Palmer participated in the Algiers Peace Walk, spearheaded by the Fourth District Police Community Advisory Board (PCAB).

Over 200 community members participated in the 3.8 mile walk across Algiers. It is opportunities such as this that enhance police-community relationships; as both the police and community have more in common than that which is perceived to separate us.

Special thanks go out to the D4 PCAB for putting together this awesome event!!

Ready, Set, Engage!

Hyman Place

Fourth District SPO Verna Jones and SRO Shantell Minor walked the beat on Hyman Place. They provided personal protective equipment (PPE), brochures and door hangers about general safety.

Walking beats will be in all subdivisions, neighborhoods and apartment complexes that make up the Algiers community. If you see them out, don't hesitate to inquire about safety tips or simply stop by to say hello. Additionally, if the officers come across a community issue that falls under other City agencies' span of control, they will make the appropriate notifications.

If we find it, we will work to fix it.

Fourth District Sergeant Charles Love and CLO Jamal Kendrick walked the beat on Hyman Place. They provided personal protective equipment (PPE), brochures and door hangers about general safety.

Walking beats will be in all subdivisions, neighborhoods and apartment complexes that make up the Algiers community. If you see them out, don't hesitate to inquire about safety tips or simply stop by to say hello. Additionally, if the officers come across a community issue that falls under other City agencies' span of control, they will make the appropriate notifications.

If we find it, we will work to fix it.

Ready, Set, Engage!

Pakenham Subdivision

Fourth District SPO Verna Jones and SRO Calvin Day cycled along the Pakenham Subdivision, Eton, Lauradale, Socrates and the surrounding areas. They provided personal protective equipment (PPE), brochures and door hangers about general safety.

Bicycle patrols, walking beats and area patrols will be in all subdivisions, neighborhoods and apartment complexes that make up the Algiers community. If you see them out, don't hesitate to inquire about safety tips or simply stop by to say hello. Additionally, if the officers come across a community issue that falls under other City agencies' span of control, they will make the appropriate notifications.

If we find it, we will work to fix it.

Problem-Solving in the Algiers Community

Fourth District Community Liaison Officer Jamal Kendrick stickered abandoned vehicles in the 4800 block of Berkley Drive, after receiving citizen inquiries in the area.

Upon relocating to the area, CLO Kendrick observed the Department of Public Works' towing unit was in the process of removing the vehicles.

Under Mayor LaToya Cantrell's leadership, the NOPD regularly partners with City agencies for a holistic approach centered on community based problem-solving designed to address issues that impact the quality of life in New Orleans neighborhoods.
