COMMUNITY ENGAGEMENT PROGRAM OVERVIEW

On Friday, May 12, 2023, the NOPD hosted a forum with the 7th District Police Community Advisory Board (PCAB) via the Zoom platform. The purpose of this event was to identify and prioritize public safety concerns voiced by community members. PCAB members reviewed 311 data collected year-to-date- in the 7th District, reviewed New Orleans Neighborhood-Police Anti-Crime Coalition (NONPACC) citizen concerns to form a list of issues that the 7th District should address. The Community Liaison Officers collected feedback from the PCABs and analyzed the feedback to identify trending problems that could be developed into robust problem-oriented policing plans.

We continue to survey the Community every 2 years to update and prioritize these issues. Thus, we continue to establish transparent, actionable items and update them on a monthly basis to show community members the district's efforts in resolving community concerns.

DISTRICT COMMUNITY POLICING PLAN PRIORITIES

Given the issues raised by the community, the primary area of focus in the 7th District Community Policing Plan, drafted for June 2023, will be to:

- Focus on Youth Engagement
- Enhancing the Quality of Life
- Increase Patrol Visibility to

ACTIONABLE ITEMS

Actionable items are specific steps the district will take to implement the District Community Policing Plan. Actionable items will be quantified or qualified through data analytics. The purpose of actionable items is to ensure transparency. To that end, the actionable items will be updated monthly to demonstrate to the community the exact steps that the district executed.

1) The Seventh District will begin enhancing youth engagement activities.

Task # 1: SRO Dabney will develop a district level police-youth intervention program, in partnership with district officers and assigned schools. Non-SRO officers will do

check-ins at schools, so that students can become familiar with officers within their district.

- a. Attend School Sponsored sport events and host additional events,
- b. Conduct home visits for at risk youth and have an open dialogue with parents and students regarding behavior and excessive absences.
 - a) Implement Big Brother/Big Sister Program with officers and students
 - b) Advertise Citizens Academy for Youth
 - c) Partnering officers with high school graduates to build positive relationships and create possible connections for Law Enforcement career opportunities.

Task # 2: Document each step in implementation using the Community Policing Form, specifically noting when the SRO met with school principals to build the program and gathered names of students.

- a. Conflict resolution session. Involve students within conflict, their parents (guardians), school administration, and the SRO to identify issues and solutions the students can implement in their lives to become better individuals and students within a safe environment.
- b. Partnering with Youth Opportunity Center to provide resources for youth and families in need.
- c. Host "Painting Canvas and Conversations" with youths and officers.
- d. Participate in Senior Capstone final assignment in order to graduate. This program involves the students, school administrators, and officers. The students present their final project and demonstrate completion of their assessment for their final grade.

Task #3 Seventh District Social Worker will provide necessary references regarding programs in which each student could further benefit from.

- a. The School Resource Officer will partner with the Social Worker, at each school, on actionable tasks to complete each month and follow up on progress to assist youth who have issues that become apparent through these mentorship and youth engagement activities.
- b. Identify students with excessive absences and provide parent with solutions, while also identifying at risk youth through the process.

Task #4: Report the outcome of youth dialogues and include which schools and officers from the district participated.

2) The Seventh District will enhance prevention strategies specifically targeting the Illegal Dumping of tires/ debris/abandoned cars.

Task #1: The Seventh District will develop a partnership with Entergy with hopes to install better lighting in high dumping areas.

Task #2: Develop partnerships with City Agencies and community groups in erecting privacy fences around high dumping areas primarily focusing on City Owned Property.

Task #3: Strategize with RTCC (Real Time Crime Center) to install additional cameras in high dumping areas which RTCC will monitor and report activity to police.

- a. Patrol in the areas of frequent illegal dumping.
- b. Request signage postings of fines by violators of illegal dumping.

Task #4: Coordinate with Parks and Parkways to plant privacy trees in high dumping areas which will prohibit access to these areas.

Task #5: Ticket and request towing of abandoned vehicles.

- a. Use 311 tickets and citizen complaints to identify abandoned vehicles.
- b. Determine if the vehicle is connected to an open case and report to the investigating officer/detective.

3) The Seventh District will enhance patrol strategies to increase visibility within neighborhoods to deter panhandling, shootings, and other trending crime.

Task #1: Continue the partnership with Louisiana State Police (LSP) in a joint "Operation Golden Eagle," which will increase the visibility of patrols within the 7th District.

Task #2: Document arrest and enforcement activities and report findings to the Community through weekly MAX meetings and monthly NONPAC meetings, and other community meetings if a presentation is requested by the community group.

Task #3: Actively conduct foot patrols, bicycle patrols, and Mounted Patrols in areas of high crime.

- a. At least one foot patrol, bicycle patrol, or mounted patrol weekly to increase visibility.
- b. Sharing crime trend data at NONPACC and PCAB that demonstrated the need for additional patrols.

Task #4: Document the nearest intersections where high crime, including auto burglary, is occurring weekly based on crime trends to track officer patrols and monitor reductions in those areas.

Task #5: Track whether any crime was decreased because of the visibility.

- a. Request additional statistics from NOPD Analytics Team to identify the reduction.
