Audit Team

This audit was managed and conducted by the Professional Standards and Accountability Bureau – Audit and Review Unit

Executive Summary

The Auditing and Review Unit (ARU) of the Professional Standards and Accountability Bureau (PSAB) conducted an audit of Domestic Violence (DV) Patrol Responses in May and June of 2023.

The audit encompassed a data sample from July of 2021 to June of 2022. The DV Patrol response audit is completed to ensure the New Orleans Police Department (NOPD) responds to and investigates reports of domestic violence professionally, effectively, and in a manner free of gender-bias, in accordance with the rights secured or protected by the Constitution and Laws of the United States. The audit shall assess the overall quality of the initial response and investigation, including dispatch response, initial officer response (including entry procedures), and on-scene and follow-up procedures. This response is regulated by Chapter 42.4 “Domestic Violence” of the New Orleans Police Department’s Operations Manual and Consent Decree (CD) paragraphs 212-222.

Supervisors should address any noted deficiencies with specific training through Roll Call Training, In-Service Training classes or Daily Training Bulletins (DTBs). This training should then be reinforced by close and effective supervision in addition to Supervisor Feedback Log entries as needed.

This audit was conducted using the Domestic Violence Patrol Response (DV Patrol) Protocol. The audit addresses the **twenty-nine (29)** DV Patrol Audit Checklist questions.

Number of Non-Compliant Checklist Questions **(4)**:

Q09: If child witnesses were present, did officer(s) separate them- **(76%)**

Q18: Did officer(s) refer victims to the NOFJC – **(93%)**

Q19: Did officer(s) provide victims with Form #45 and Rights brochure - **(91%)**

Q25: Were signs and symptoms of strangulation noted - **(91%)**

Number of Incidents Used to Create Sample: **(14,149)**

Number of BWC’s reviewed in the audit sample: **(557)**

Final Audit Sample Target Number: **(280)**

The sample target represented approximately **2%** of available incidents

Scores of **95%** or higher are considered substantial compliance. Supervisors should address any noted deficiencies with specific training through In-service Training classes or Daily Training Bulletins (DTBs). This training should be reinforced by close and effective supervision in addition to Supervisor Feedback Logs entries.

The overall compliance score of the DV Patrol Audit is as follows: **(98%)**

More detailed results are embedded in the Scorecards and Conclusion sections.

Introduction

The Auditing and Review Unit (ARU) of the Professional Standards and Accountability Bureau (PSAB) conducted an audit of Domestic Violence Patrol Responses for the period of July 1, 2021, to June 30, 2022. The time span it took for the auditors to conduct the audit was from May 19, 2023, thru June 2, 2023.

Purpose

The Domestic Violence Patrol Response audit was conducted to verify Departmental compliance with the Consent Decree and NOPD Operations Manual, Chapter 42.4 “Domestic Violence” investigations.

Scope

The audit will determine and document whether there was a proper initial response to Domestic Violence scenes by members of the New Orleans Police Department, in compliance with Chapter 42.4. This audit focuses primarily on the initial patrol response. The auditor is responsible for verifying that each overall response was proactive, victim-centered, and professional. Once the review is completed, the audit manager will submit a preliminary report to the District Captains and the Captain of the Professional Standards and Accountability Bureau, pointing out any deficiencies or confirming a thorough investigation. These audit reports will help to maintain thorough and complete Domestic Violence Patrol Responses in the future. A report will also be sent to the appropriate OCDM monitor.

Methodology

Population size – Department CAD data only.

Sample size – Two hundred and eighty (**280**) Patrol Responses were selected via randomizer system; from the **14,149** cases taken in by the New Orleans Police Department from the 2nd half of the 2021 calendar year to the 1st half of 2022 calendar year.

- Documentation to be reviewed – All CAD Reports for each call cleared with a “D” designation, in addition to EPR Reports and BWC videos for the randomly selected item numbers contained within each investigation.
- Testing Instrument(s) – New Orleans Police Department Operations Manual Chapter 42.4, “Domestic Violence” (Revised: 1/31/2021), and a twenty-nine (**29**) point DV Patrol Responses Audit Checklist.

Each response will be audited via “single review” auditing process by the assigned auditor of the Auditing and Review Unit (ARU), to give a reliable and thorough review of each patrol response.

Data

The audit range is usually set for every six months (Semi-Annually). For this audit, two six-month ranges were combined to close the gap from activity to audit. An SQL data dump of all item numbers that are classified with a “D” designation is generated internally by PSAB and then given to ARU for the audit time range to be reviewed. The Auditing and Review Unit then takes those item numbers and enters them into the EXCEL’s randomizer generator for incident responses to be selected for review. Approximately 2% of those investigations were selected from sample range.

Initiating and Conducting the DV Patrol Response Audit

The PSAB Innovation Manager ran the SQL query data dump on May 23rd, 2023, of all CAD data for incidents of Domestic Violence which were indicated with a “D” in the department’s CAD system. Upon retrieving the CAD data information, a computer randomizer was used to select 2% of Domestic Violence Patrol Responses, for a total of two hundred and eighty **(280)** investigations for review.

Each investigation was then reviewed via “single review” audit process by the ARU auditors, based on each response’s compliance with the New Orleans Police Department Operations Manual Chapter 42.4, as it relates to “Domestic Violence”. To facilitate this process, the auditors used a twenty-nine **(29)** point Domestic Violence Patrol Response audit checklist as a gauge to review and analyze the content of every investigation.

The “single review” audit conducted by the ARU Auditors was completed timely and covered the appropriate policies and Consent Decree areas.

Total: 280 (DV) Patrol Responses

The below listed “Domestic Violence Patrol Response” checklist seen here was the instrument used by the Auditors to review each patrol response:

Recommendations

1. It is recommended by the Auditing and Review Unit, that all District Platoon Lieutenants/DIU Lieutenants and/or immediate supervisors continue to emphasize and prioritize NOPD Operations Manual Chapter 42.4 “Domestic Violence” with all platoon/DIU personnel at Roll Calls and/or mandatory unit meetings. Taking these actions would enhance the probability of correcting all deficiencies and help to ensure that all future DV Patrol Responses are investigated thoroughly per policy.
