Limited English Proficiency (LEP) Audit Report

Sample Period: Sep 2024-Feb 2025
Report Date: July 3, 2025

This audit was managed and conducted by the Professional Standards and Accountability Bureau

Executive Summary

The Language Access Coordinator and the LEP Innovation Manager of the Professional Standards and Accountability Bureau conducted an audit of the Limited English Proficiency Services (LEP) and Language Assistance Plan (LAP) of related incidents and documents. The LEP Audit is completed to ensure Limited English Proficiency is addressed in accordance with the rights secured or protected by the Constitution and laws of the United States. This process is regulated by the New Orleans Police Department's **Chapter 55.4: Limited English Proficiency Services, Chapter 42.11: Custodial Interrogations, Chapter 52.1.1: Misconduct Complaint Intake and Investigation, and the Language Assistance Plan**. This protocol addresses Consent Decree requirements from paragraphs 42, 189, 190, 190, 191, 192, 193, 194, 266, 390, 407, and 448.

The LEP audit addresses consent decree and policy requirements of the existence of relevant policies and plan, accessible translated resources, documentation, and recordation of services provided, Public Integrity Bureau (PIB) records of complaints and intake forms, maintaining and accuracy of the authorized interpreter lists, distribution of policies, plans, and translated documents, training, collaboration with other LEP organizations for the expansion of services and languages served, interviews and interrogations of LEP individuals, and Orleans Parish Communications District (OPCD) records.

The audit range is set to occur every six months. During this audit, the Innovation Manager reviewed documentation provided by the Language Access Coordinator, from **September 1, 2024 – February 28, 2025**. The Public Integrity Bureau, Recruitment, Investigation and Support Bureau, and the Human Resources Division were given a three-week notice of the audit plan and were provided questions for each specific office from the checklist of the audit criteria. This LEP Audit was conducted according to the current protocol and verified through a "Single Audit Review" and "Auditor Review and Resolution" process by the supervisor of the Community Engagement Section. During this audit, other languages that were required/requested for interpretation services other than Spanish (211) and Vietnamese (5), were Arabic (9), French Creole (1), Haitian Creole (1), Hindi (1), Mandarin (1), Polish (1) Portuguese (1), and Turkish (1); 21 incidents yielded circumstances where the language was unknown (there was no BWC information to verify the language required.) The VOIANCE services were used to serve the needs during these specific incidents.

The audit revealed NOPD received a total of 253 calls and requests for LEP services. Of the 253 calls, 80 calls did not receive interpretation or translation services from NOPD personnel for the following reasons 65 incidents received a final disposition of "Gone On Arrival" (when the officer arrived on scene the person was no longer at the reported location), 11 incidents received a disposition of "Duplicate" (the reported incident received more than one call by the 9-1-1 operators and the duplicate calls would not require additional police assistance), 3 incidents were "VOID" (voided out of the system by the 9-1-1 communications for a valid reason), and 1 incident was "CBC" (Canceled by Complainant). **The remaining 173 calls/requests received a complete assessment during the audit.**

During the previous assessment of LEP services, NOPD worked with the Department of Justice (DOJ) and the Office of Consent Decree Monitors (OCDM) to produce a traditional compliance score (percentage of compliance) as done in other NOPD audits and audit reports. NOPD will provide two (2) different compliance metrics. The first documented score will include incidents with disposition categories of GOA, NAT, and RTF as calls were received and documented by CAD (Computer Aided Dispatch) and divide the compliant services by the number of LEP total incidents document in CAD. The second documented score will not include the calls with a disposition of the incidents GOA. A portion of these incidents would not have required police assistance (DUP and VOI) and it is unknown what type of assistance the individuals would have received/required upon arrival of the officers for the other calls (GOA) to give an assessment of the incident. The Department will assess calls with a disposition of “Report to Follow” (RFT) and “Necessary Action Taken” (NAT). On these calls we can determine what, if any, services were received by the LEP individuals and if those services were according to NOPD Policy and as mandated by the Consent Decree. This equation uses the number of compliant services by the number of incidents with dispositions of NAT and RTF.

The chart below illustrates the equations explained above.

Equation #1	Incident Count
GOA	65
Compliant Services	173
Non-compliant and unknowns	18
Total	256
Compliance Score	67.57%

Equation #2	Incident Count
Compliant Services	173
Non-compliant and unknowns	18
Total	191
Compliance Score	90.57%

Audit Checklist Results

The Innovation Manager conducted the LEP Audit through in-person documentation review, CAD data analysis, the review of the completed Authorized Interpreter Activity Forms, Recruitment and Human Resource records, PIB records, review of translated NOPD forms, OPCD training, policies and NOPD AI (NOPD Authorized Interpreter list) lists, distribution of information to NOPD personnel, and meeting notes and agendas with LEP collaborators. The audit checklist has been modified and reorganized by Bureau sections and audit topics for better understanding of the audit results.

Below is the checklist with the responses of “Yes”, “No”, “Not Applicable (N/A)”, or clarifying comments used to verify requirements according to the Consent Decree specified paragraphs and NOPD Policies:

Audit Sheet 1: Public Integrity Bureau (PIB)

PIB: Sept 1, 2024 - Feb 28, 2025	Answer
Have any complaints been filed at PIB regarding a failure to provide language assistance?	0
Were there any sustained charges for failure to provide language assistance?	0
Did the sustained complaints lead to meaningful corrective actions?	N/A
Were any complaints filed by LEP individuals who stated they were not provided a qualified interpreter?	No
a. If so, how many?	N/A
Did PIB track the resolutions?	N/A
How many complaints were filed in the prior year?	1 (2024)
How many of those complaints were sustained?	0
Of those sustained, did they all involve corrective action?	N/A
Do PIB and OIPM have explanations of the complaint process and complaint forms in Spanish and Vietnamese posted online (and other languages available upon request)?	Yes
Does PIB have a process for taking, and tracking citizen complaints filed by LEP individuals?	Yes. The Public Integrity Bureau currently has three (3) New Orleans Police Department Authorized Interpreters. All are Spanish Speakers.
How many LEP individuals filed a complaint in the prior year?	1

How many LEP individuals filed a complaint to date this year?	0
Is there evidence the complainant received a complaint form in the appropriate language?	N/A
Is there evidence that a translation service was provided to the complainant?	N/A
Does the NOPD have documentation listing NOPDAI who conducted the interview or obtained the statement?	N/A
Were any LEP interviews conducted, or statements received in duty locations other than PIB?	N/A
How did PIB ensure the NOPDAI was not involved in the complaint?	N/A

*During this audit period, PIB did not receive any complaints from LEP individuals regarding LEP Services or otherwise.

Audit Sheet 2: Recruitment/Human Resources

Recruitment/Human Resources	Answer	Comments
Does NOPD use collected demographic and service data to identify and meet hiring needs for bilingual staff?	Yes	
How was the demographic data and service data used to meet hiring needs for bilingual staff?	N/A; NOPD hires based on qualified applicants received.	
During the preceding year, how many people with bilingual skills have been hired by the NOPD?	3	
How many NOPD personnel are bilingual?	35 NOPDAIs	
Does NOPD have a process for recruiting qualified bilingual personnel?	The process includes printed ads, targeted job postings, and virtual and in-person recruitment events designed to promote diversity in the workforce.	

<p>Is the process sufficient to achieve the goal of recruiting qualified bilingual personnel to meet demonstrated service needs?</p>	<p>Yes</p>	
<p>How many bilingual personnel have been recruited in the prior year? (2024)</p>	<p>The data below is based on self-reported information regarding the total number of applications received in 2024. The numbers represent the number of applicants who have indicated their comfort level with the languages as requested below.</p>	
<p>Total bilingual recruited ___</p>	<p>118</p>	
<p>Spanish speaking ___</p>	<p>92</p>	
<p>Vietnamese speaking ___</p>	<p>2</p>	
<p>Other language speaking beyond just English ___</p>	<p>24</p>	

<p>What local and state-wide organizations and community organizations have NOPD established relationships as a source for qualified bilingual applicants?</p>	<p>We have established a relationship with Mrs. Ana Gil, Director of the Hispanic Chamber of Commerce of Louisiana. We have been attending the Hispanic Chamber of Commerce job fairs for the past several years, including the one held on February 22, 2025. We have a relationship with two organizations to assist in the search for Vietnamese-speaking officers: The American Pacific American Society (APAS) sponsors the Asian Pacific American Heritage Festival during Asian Pacific American Heritage Month in May. We also have a contact at the Mary Queen of Vietnam Church, which hosts the annual TET Fest here in New Orleans, coinciding with the Asian New Year's celebrations, typically in February. We participated in this event from January 31 to February 2, 2025.</p>	<p>We are considering attending one of the events sponsored by the Xavier University of Louisiana Vietnamese Association (XULAVA) this coming fall 2025.</p>
<p>Can NOPD provide a list of the organizations?</p>	<p>Yes, listed above</p>	
<p>How does NOPD continue those relationships? (Meetings, e-mail, phone calls, etc.)</p>	<p>Attending community events, emails and recruitment events</p>	
<p>Does the NOPD have a list of those interactions?</p>	<p>Yes, listed above</p>	

Audit Sheet 3: Interviews and Interrogations

Interviews and Interrogations	Answer
<p>Does the NOPD have interrogation and interview protocols for LEP individuals?</p>	<p>70 (SVS)</p>

How many times was a qualified interpreter used during interrogations and interviews?	68; 2 incidents used EID for ASL interpretation
---	---

*The Homicide Division did not have any incidents, interviews, or interrogations that required LEP Services.

Audit Sheet 4: New Orleans Police Department Authorized Interpreters (NOPDAIs)

NOPDAIs	Answers	Comments
How many NOPD personnel were certified as translators for Spanish-speaking persons?	33	
How many NOPD personnel were certified as translators for Vietnamese-speaking persons?	2	
Has the NOPD implemented incentives for bilingual employees to become NOPDAI?	Yes	
Do the incentives include pay differentials?	Yes	
What are the pay differences?	5%	
Do the incentives include consideration during performance evaluations?	Yes	
What consideration is provided during performance evaluations?	supervisors should indicate if their subordinate is an AI and provide examples of their interpretations	
Do the incentives include choices in assignments?	No	
How many assignments were at least partially met by bilingual ability?	N/A	
Where is the documentation of bilingual staff who have been evaluated for language proficiency?	Testing scores provided via email from the Director of Civil Service and recorded on the department internal network	
Does that documentation include the following:		
a. Staff are listed by language	Yes	
b. Staff are listed by job title	Yes	

c. Staff are listed by level or proficiency	N/A	scores are either pass or fail
d. Staff listed by vital documents translated	N/A	Documents are translated by a third-party contractor
e. Staff listed by languages into which the documents were translated	N/A	Documents are translated by a third-party contractor
How were they assessed by NOPDAI exam to be considered bilingual?	Employees take a verbal test with a third-party contractor assigned by the Civil Service Department	
How many were approved?	1 during the audit period	
Where are the records for the proficiency and qualifications maintained?	NOPDAI List and Civil Service	
Can the NOPD provide the list of NOPDAI?	yes	
Is the NOPDAI list current?	yes	
When was it last updated?	6/30/2025	

Audit Sheet 5: Orleans Parish Communications District Records (OPCD)

OPCD Records	Answers
Can OPCD provide a list of personnel who were provided the LEP SOP?	Yes - SOP was provided.
Can the OPCD provide a list of all personnel trained in providing language Assistance to LEP individuals?	Yes
Is there an adequate lesson plan for personnel trained in providing language assistance to LEP individuals?	The LEP topic is covered during our mandatory six-week Operations Training Academy, which all Operations personnel are required to complete. Additionally, OPCD's Standard Operating Procedure (SOP) for language translation for your reference.
When was the last updated NOPDAI list provided to the Orleans Parish 911 Communications Center?	1/13/2025 during the audit period; 06/30/25 year- to - date
Does the NOPDAI list concur with the Orleans Parish 911 Communications Center?	Yes

Audit Sheet 6: Language Assistance Plan Review and Recommendations

LAP Review and Recommendations	Answers	Comments
Does the Department have a language assistance plan and policy that complies with Title VI of the Civil Rights Act of 1964 and other applicable laws?	Yes	
Does the policy comport with best practices and professional standards?	Yes	
Does the NOPD have a list of documents subject to translation to Spanish and Vietnamese when publicly disseminated?	Yes	51 translated documents
Does that list include:		
consent to search forms?	Yes	
witness and victim statement forms?	Yes	
citation forms?	Yes	
victim rights notification forms?	Yes	
citizen complaint forms?	Yes	
notices advising LEP persons of free language assistance in connection with NOPD activities?	Yes	
Does NOPD have a record of annual review of forms in need of update or newly translated forms pursuant to its Language Access Plan	Yes	
Was the language assistance plan and policy translated into Spanish and Vietnamese?		
Can the NOPD provide a copy in Spanish and Vietnamese?	Yes	
Was the plan translated into any other languages?	No	
If so, what languages?	N/A	
Have the Spanish and Vietnamese translations been posted on the website?	Yes	
Are the English and translated versions posted in the public area of the following:	Yes	
a. Each district?	Yes	
b. SOD?	Yes	
c. Headquarters?	Yes	
d. PIB Building?	Yes	

What community organizations serving LEP communities encountered by NOPD have received the plan?	Familias Unidas En Accion (10/18/24, Louisiana Language Access Coalition (10/22/24), Office of Human Rights and Equity at the Mayor's Office, Language and Communication Access Coordinator, Lauren Hall, 02/19/225.	
Does the NOPD have a list of the organizations and when they received the plan?	Yes.	
Can the NOPD provide a list of personnel who were provided the LEP plan?	Yes	
Does NOPD have a language access coordinator?	Yes	
How does the coordinator coordinate and monitor compliance with the language assistance plan?	Constant review of BWC videos from CAD sent by OPCD, reading officers' reports and reviewing completed NOPDAI Activity Forms dashboard.	
How does coordinator assess the effectiveness and efficiency of the plan?	Same as above. As well as constant training provided at the academy to NOPD personnel via emails and/or academy training.	
Are there written reports or documents that explain the assessments of the language assistance plan?	Yes.	
Where are the reports to the Superintendent regarding needed improvements and accountability concerns?	Online.	
What changes did the Superintendent (or designee) make to ensure the language assistance plan is effective?	Constant training via the Municipal Training Academy, now implemented in Core 1 In-Service.	
Where are those changes documented?	Email, academy records of attendance, online (SABA).	

What is the process of consulting with representatives of the LEP community to develop and annually review implementation of the language assistance plan?	Emails or in-person meetings, sometimes phone calls.	
Are there reports documenting the consultations?	Email records or weekly reports.	
What other evidence does the department have of annual reviews with the LEP community?	Audits that are documented and posted online.	
How has the collaboration with the LEP community enhanced the accuracy and quality of NOPD language assistance services?	The results are in the work the NOPD is doing by providing interpretation services and documented in their reports or online forms.	
What is the process for determining whether new documents, programs, services and activities need to be made accessible for LEP individuals?	Frequency of form/document use by Department and frequent requests from LEP individuals. Also, community events hosted by NOPD and Recruitment efforts and flyers.	
Are there reports documenting the ongoing efforts?	Yes	Emails between PSAB Manager, Community Engagement Section Supervisor and LAC

Audit Sheet 7: Limited English Proficiency (LEP) Services Count¹

LEP Services count	Answer
Is NOPD able to provide documentation and data that demonstrates the provision of LEP services? This includes that all NOPD personnel take reasonable steps to provide timely, meaningful language assistance services to LEP individuals they encounter and whenever an LEP individual requests language assistance services.	yes

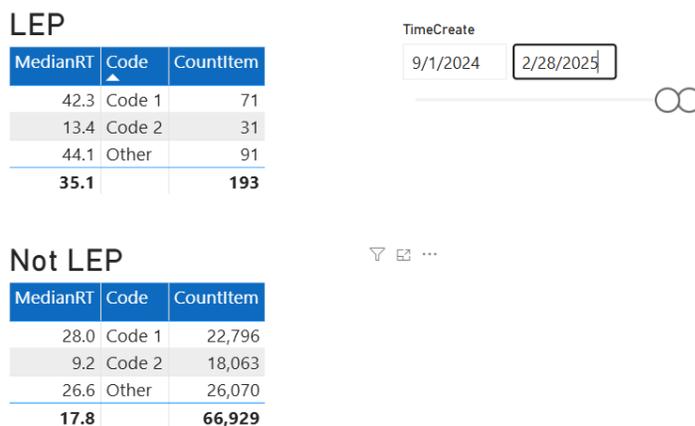

¹ The incidents in the audit sheet below only reflect the incidents by calls for service and does not include PIB complaints nor interviews/interrogations.

How many requests did NOPD receive for LEP services (through OPDC or through direct interaction) as recorded in NOPDAI form?	253
How often did NOPD meet that need by:	
a. Direct NOPDAI use	82
b. Electronic translation device	23
c. Ad-hoc interpreter (not acceptable)	18
d. Need not met	4: The officer requested an interpreter, but none was available
Has the department identified and assessed demographic data for the LEP individuals within the city and each district?	Yes
Where is the data maintained for LEP individuals who sought NOPD services?	CAD; NOPDAI Forms; Custodial Interrogation Logs
How has the NOPD compared response times between LEP and non-LEP individuals seeking assistance?	See LEP response time graph
What documents does the NOPD have explaining the response times?	See LEP response time graph
What were the results of LEP and non-LEP calls?	See LEP response time graph
How many times has the Orleans Parish 911 Center dispatched a NOPDAI?	253
How many 911 calls did 911 call takers note a caller was LEP?	253
How many of those 911 calls included the language of the LEP?	232
How many incidents were there during the past year?	645 in 2024
Where are the reports documenting the number of LEP persons requiring NOPD services and their primary language?	NOPDAI forms and CAD
During the audit period, how many of each language were indicated LEP for interpretation?	Arabic (9), French Creole (1), Haitian Creole (1), Hindi (1), Mandarin (1), Polish (1) Portuguese (1), and Turkish (1), Spanish (211) and Vietnamese (5)

How many times were each of the language interpreters used by telephone or in-person?	
a. Spanish telephone	31
b. Spanish in person	50
c. Vietnamese telephone	1
d. Vietnamese in person	0

CAD ² Dispositions				
DUP	GOA	RTF	VOID/CBC	NAT/SUP
11	65	114	4	59

LEP vs. Non-LEP Response Time Graph³

Audit Sheet 8: Training Assessment

Training	Answer ⁴
Can NOPD provide a list of all personnel trained in providing language Assistance to LEP individuals?	2024 In-Service Annual completion: 887 2024 In-Service Audit Period: 363
Is there an adequate lesson plan for personnel trained in providing language assistance to LEP individuals?	Yes

² Computer Aided Dispatch (CAD).

³ The LEP Dashboard does not capture calls with the disposition of VOID or DUPLICATE; these additional dispositions are counted in the CAD data. Additionally, the dashboard does not count calls with a priority lower than Code 1.

⁴ The Officers who did not complete In-Service Training in 2024 were out ADD and had medical waivers completed with the State.

Does the lesson plan and training include	
a. NOPD's LEP plan and policies; and the requirements of Title VI and the consent decree?	Yes
b) how to access NOPD-authorized telephonic and in-person interpreters?	Yes
c) how to work with interpreters in the field?	Yes
d) cultural diversity?	Yes
e) how to communicate with LEP individuals in commonly encountered scenarios?	Yes
f) basic command of Spanish or Vietnamese, for officers assigned to Districts with significant LEP populations?	Yes
Does the Training Academy provide recruit instructional hours in how to communicate with LEP individuals in commonly encountered scenarios?	Yes
a. How many hours?	37.5 hours
b. Are the number of hours adequate?	Yes

Audit Sheet 9: Total Services Count

Total	Answer
How many LEP victims and witnesses sought NOPD services for the audit period?	323 (253 CFS, 70 Interviews/Interrogations)

Review of Deficiencies

The listed information below reveals the deficient outcome of the Auditor's checklist.

- 16 calls the officer did not request a NOPDAI
- 1 call the officer did not request the Electronic Device
- 1 call where the officer requested an interpreter, but none were available (assisted by bilingual bystander)
- NOPD personnel will continue to receive notices for the completion of the NOPDAI Activity Form, which could be due to lack of the use of the EID and/or the online form.
- Recruiting bilingual personnel is low which in turn, the NOPD has a low number of NOPDAIs.

Recommendations

The LAC recommended continuous training on the use of the Electronic Interpretation Device since additional devices have been provided to district's supervisors and DIU personnel. The

training was considered by the NOPD Master Training Academy to be added to Core In-Service to include more information on the proper use and documentation of the device.

Continue to increase communication with OPCD and NOPD regarding updates on NOPD LEP technology and resources to ensure proper dispatch of officers is used on LEP calls and incidents.

NOPD will update the annual training materials for all personnel and NOPDAIs as the needs for the community change with the current climate of the LEP concerns.

Conclusion

The NOPD has seen an increase in compliance in Limited English Proficiency Services. The Department continues to provide training on LEP Services, cultural diversity, updated and/or new laws surrounding LEP individuals and resources to better service the LEP community.

The Department provided departmental cellphones in December 2024. Training has been expanded to all NOPD officers to be provided in Core 1 In-Service for one hour of LEP training with a comprehensive PowerPoint presentation that began in January 2025. The NOPD remains committed to enhancing our recruitment strategies to reflect the diversity of our communities. This dedication to diversity and inclusion is not just about staffing; it's about enhancing our capacity to provide quality service and fostering a more profound sense of trust and understanding between the NOPD and the diverse communities we proudly serve.”

Appendix A

LEP Population in New Orleans

New Orleans has a current estimate population of 369,749 residents, according to a recent U.S. Census Bureau report (July 1, 2022).⁵ Of those residents, approximately 8.4 percent speak a language other than English, 2.7 percent speak English less than very well, and 4.0 speak Spanish at home, meaning they are considered LEP. *Figure A* below shows the percentage of the population speaking the most common languages in New Orleans, which is co-extensive the city’s data. Spanish and Vietnamese are the most prevalent languages among LEP individuals, with approximately 13,327 LEP Spanish speakers and 7,493 Asian and Pacific Island Languages (a percentage of this number of which is Vietnamese speakers). While there is a sizable population of Indo-European languages (some of which is French), the majority speak English “very well” and therefore, are not considered LEP.

Figure A: Population by Language (s) Spoken⁶

	Number of Individuals	Percentage of Population
Total:	356,262	
Speak only English	328,463	92.20%
Speak Spanish	13,327	3.70%
Speak English "very well"	9,067	68.00%
Speak English less than "very well"	4,260	32.00%
Speak Indo-European Languages	5,180	1.50%
Speak English "very well"	4,498	86.80%
Speak English less than "very well"	682	13.20%
Speak Asian and Pacific Island Languages	7,493	2.10%

⁵ Data are summarized from information found at the U.S. Census’s American Community Survey website. The consulted data is titled “Language Spoken at Home.” Data are from the 2021 American Community Survey 1- Year Estimate.

<https://www.census.gov/quickfacts/neworleanscitylouisiana>

<https://data.census.gov/table?t=Language+Spoken+at+Home&g=160XX00US2255000>

⁶ <https://www.census.gov/acs/www/about/why-we-ask-each-question/language/>

Speak English "very well"	4,964	66.20%
Speak English less than "very well"	2,569	33.80%
Speak all other languages	1,799	0.50%
Speak English "very well"	1,399	77.80%
Speak English less than "very well"	400	22.20%

While LEP individuals reside in every police district throughout New Orleans, geographic data show that certain districts are home to larger LEP populations. The 7th district, which comprises Little Woods, Village De L'Est and West Lake Forest neighborhoods, has the largest population of LEP Spanish and Vietnamese speakers. Followed by the 6th and 1st districts, having the largest population of LEP Spanish speakers. These neighborhoods' data suggest that the need for NOPDAIs and other language services is disseminated throughout the city.

Figure B: Languages Spoken Less Than "Very Well" by Police District⁷

Neighborhood/District	Total Population	Percentage of Population Native English speaker or speaks English as a second language 'well' or 'very well'	Percentage of Population that Speaks Spanish at home and speaks English 'not well' or 'not at all'	Percentage of Population that Speaks other languages at home and speaks English 'not well' or 'not at all'
St. Bernard (1st District)	6,427	99.50%	0.50%	0.00%
Fairgrounds (1st District)	6,575	99.40%	0.00%	0.60%
Seventh Ward (1st District)	16,955	99.60%	0.20%	0.20%
Bayou St. John (1st District)	4,861	99.50%	0.50%	0.00%
Treme'/Lafitte (1st District)	8,853	99.60%	0.40%	0.00%

⁷ Data are summarized and analyzed from information found at the Data Center's website, which utilizes information from 2000 and 2010, American Community Survey 2017-2021, and 2020 Local Employment Dynamics data for each neighborhood statistic area. Neighborhood data were then mapped onto police district boundaries to determine statistics by police district.
