Supervision Audit February 2024

(FOB and ISB)

Report # S022024

Submitted by PSAB: 3/5/2024

Responses from Districts: 3/28/2024

Final Report: 4/2/2024

Audit Team

This audit was managed and conducted by the Audit and Review Unit

Executive Summary

The Audit and Review Section of the Professional Standards and Accountability Bureau conducted a Supervision Audit beginning February 10, 2024. Supervision audits are conducted to ensure that New Orleans Police Department (NOPD) supervisors are providing the close and effective supervision necessary to direct and guide officers in accordance with the Consent Decree and NOPD policies and procedures. Per the Consent Decree paragraph 306 supervisors shall: respond to the scene of felony arrests; review each arrest report; respond to the scene of uses of force; investigate each use of force (except those investigated by FIT – Force Investigation Team); review the accuracy and completeness of officers' Daily Activity Sheets; respond to each complaint of misconduct; ensure that officers are working actively to engage the community and increase the public's trust and safety; and provide counseling, redirection, and support to officers.

The audit consists of 7 sections: Paragraph 306 (General Duties & Reports), Technology, Video Review, Scheduling, Detective Selection, Forms and Reports, and Insight. The protocol covers the Consent Decree paragraphs 169 through 170, 306 through 312, 317 through 324, and 327 through 331. The source data, November 1, 2023, through January 31, 2024, was reviewed and analyzed using the Supervision Audit Protocol developed by Federal Consent Decree Monitors.

Data was collected from all eight (8) districts and the Special Operations Division (SOD). To analyze the data for compliance, auditors utilized a twenty (20) point Consent Decree Supervision checklist.

Scores of 95% or higher are considered compliant. Supervisors should address any noted deficiencies with specific training through In-service Training classes or Daily Training Bulletins (DTBs). This training should be reinforced by close and effective supervision in addition to Supervisor Feedback Logs entries.

The overall scores of the 5 sections of the Supervision Audit are as follows:

Paragraph 306 (General Duties & Reports) – 99%
Technology – 98%
Scheduling – 99%
Video Review – 100%
Detective Selection – 100%
Reports and Forms Available at FOB Districts – 93%
Insight General Knowledge – 91%

More detailed results are in the Scorecards and Conclusion sections.

Introduction

The Audit and Review Unit of the Professional Standards and Accountability Bureau conducted a Supervision audit in February of 2024 to ensure the compliance of Consent Decree and NOPD policies for supervision of subordinates.

Purpose

Supervision audits are completed to ensure supervision is conducted effectively and in accordance with the rights secured or protected by the Constitution and laws of the United States. Supervision requirements are regulated by the following policies of the New Orleans Police Department's Operations Manual:

Chapter 1.3 Use of Force

Chapter 1.3.6 Reporting Use of Force

Chapter 1.9 Arrests

Chapter 11.0 Organizational Command Responsibility

Chapter 11.0.1 Duties and Responsibilities of District Commanders, Supervisory Members, and

Officers

Chapter 35.1.9 Insight: Early Intervention System

Chapter 41.3.10 Body Worn Camera

Chapter 41.13 Bias-Free Policing

Chapter 42.3 Task Forces

Chapter 42.11 Custodial Interrogations

Chapter 52.1.1 Misconduct Intake and Complaint Investigation

This list is not all inclusive.

Objectives

This audit is designed to ensure that an adequate number of qualified first-line supervisors are deployed in the field to allow supervisors to provide the close and effective supervision necessary for officers to improve and grow professionally; to police actively and effectively; and to identify, correct, and prevent misconduct.

Generally, the auditor is responsible for verifying and documenting that the NOPD provided proper supervision through:

- 1. A supervisor's presence when required.
- 2. Required reports were reviewed and signed.
- 3. Officer activity reports were reviewed and signed.
- 4. Use of force incidents were reviewed, approved (action taken when not acceptable), and signed.
- 5. Misconduct cases were accepted, investigated, and reported as required.
- 6. Supervisors took corrective action (redirection, counseling, training, discipline) when necessary.

- 7. Supervisors ensured officers reported non-working recording equipment (ICC (In Car Camera), BWC (Body Worn Camera), CEW (Conducted Energy Weapon), hand-held recorders, etc.)
- 8. Supervisors ensured required vehicles had operable recording devices.
- 9. Supervisors ensured there were recordings of required police actions.
- 10. Supervisors ensured proper testing of all recording devices.
- 11. Supervisors ensured non-working equipment was reported and repaired.
- 12. Supervisors ensured officers used recording equipment (CEW, MVR (Mobile Video Recorder), and BWC)
- 13. Supervisors reviewed recordings.
- 14. Supervisors possess a handheld recording device.
- 15. Supervisors use handheld recording devices to record use of force investigations and misconduct investigations.
- 16. Supervisors ensured the proper level of supervision was provided daily in the districts (one supervisor to 8 officers)
- 17. Supervisors ensured patrol officers reported to the same supervisor(s)
- 18. Supervisors ensured detectives regularly reported to the same supervisor (except during training, annual leave, or sick leave)

Background

Supervision audits have been conducted, whole or in part since May of 2016. No Supervision Audits were conducted in 2020 because of other Consent Decree priorities and because of the December 2019 cyber-attack that disabled the technology infrastructure of the City of New Orleans. Since January 2021, a new Supervision Audit Protocol has been developed and used. All current and future audits will continue to be completed using this protocol.

Methodology

Auditors qualitatively assess supervision using the forms for each of the 5 sections of the Supervision Audit (see Appendix A). Auditors analyze the following data sources:

- 1. Officer Daily Activity Sheets (trip sheets)
- 2. Supervisor's Daily Activity Sheets
- 3. Daily lineups
- 4. Felony arrest reports
- 5. Use of force reports
- 6. After action reports for specialized units
- 7. List of misconduct complaints reported to an officer or a supervisor either in the police station or in the field.
- 8. Counseling/Redirection files or SFL (Supervisor Feedback Log) entries
- 9. INSIGHT data
- 10. List of disciplinary actions
- 11. List of all vehicles assigned to the district/unit.

- 12. List of vehicles with AVL (Automatic Vehicle Location)
- 13. Record of testing for AVLs
- 14. List of vehicles with ICCs
- 15. Record of testing for ICCs
- 16. Record of recording equipment failures and repairs
- 17. BWC recordings
- 18. CEW recordings
- 19. ICC recordings
- 20. Equipment repair records
- 21. Log of supervisor reviews of recordings, if available
- 22. Documentation that supervisors used information learned from the reviews of recordings for officer performance evaluations.
- 23. Evidence officers reported non-working recording equipment possible sources include:
 - a) Log of officers reporting non-working equipment
 - b) Activity sheets (trip sheets)
- 24. Evidence supervisors ensured non-operating equipment was repaired—possible sources include:
 - a) Log of supervisors reporting non-working equipment for repairs
 - b) List of repairs to recording equipment
 - c) Other documented evidence of supervisors ensuring recording equipment was repaired (i.e., email correspondence between EMD (Equipment Maintenance Division)/NOPD tech and DSA's (District System Administrator's)/Fleet Managers and ICC repair logbook)
- . Evidence supervisors ensured officers used recording devices.
- 25. Evidence supervisors have a hand-held recording device.
- 26. Evidence supervisors use the devices for use of force and misconduct investigations.

All documents and related incidents that are in the sample and are not audited must be deselected, if excluded from the audit. All deselections would be recorded in the Deselection Log. A review of the Deselection Log shows there were no items deselected for this audit.

Auditors read the guidance in the audit forms on a regular basis. Changes to audit forms are clearly communicated to auditors by the audit supervisor. Auditors re-read policies when guidance in audit forms recommends, they do so or when the policy requirements are not clear enough to the auditor to allow him/her to confidently score an audit criterion.

When audit results require comments, auditors thoroughly explain the evidence they reviewed that led to their determination of the result for the audit criteria in question. Drawing on their knowledge of NOPD policies, auditors note any policy violations they observe that are not specifically addressed in the Supervision Audit tools in the "Auditor Comments" section of the form.

Initiating and Conducting the Supervision Audit

By applying the audit forms as a rubric, the auditors qualitatively assessed the Supervision data to determine whether Supervision substantively met the requirements of policy.

- 1. A week prior to the audit, districts/units were notified of the audit to ensure the duty location was prepared for the audit and all documentation was available for review.
- 2. Two or three auditors were assigned to each district/unit to review the documentation.
- 3. The auditor used a paper and digital version of the audit form to verify the existence of the required documentation while in the field.
- 4. The auditor inspected the selected documents provided by the district/unit as evidence of compliance or reviewed digital data.
- 5. When the documentation was unavailable at the time of the audit, the district/unit was given additional time to provide the necessary material for audit.

6. **Audit Criteria**

A. Review Approved vs. Pending arrest reports – Review all pending and approved arrest reports online generated through Power BI.

B. Daily Activity Reports

- i. Auditors reviewed one randomly selected month of officer's daily activity reports for a randomly selected platoon for the district/unit in question.
- ii. Compliance included:
 - a. Indications by the officer that an event was not recorded, or a recording device malfunctioned.
 - b. Completed technology check boxes.
 - c. The supervisor's signature, indicating his/her review.
- iii. Auditor recorded:
 - a. The randomly selected month and platoon
 - b. The total number of activity sheets reviewed.
 - c. The date and unit number of activity sheets missing a signature.
 - d. The date and unit number of activity sheets with incomplete technology checkboxes.

C. Misconduct/civilian complaints

- i. Each auditor requested a list of all civilian complaints filed at the duty location for the audit period.
- ii. Compliance occurred if complaints were assigned PIB control numbers.
- iii. Auditor recorded:
 - a. The total number of civilian complaints filed at the duty locations for the time period.
 - b. Number of complaints without a PIB control number.

D. Officers engaged with the community.

- i. Auditors reviewed compliance with this requirement, such as:
 - a. Community policing records
 - b. Problem solving activities with the community.

- c. Attendance at community event (documentation required the officer(s) positively interacted with community members).
- d. Instruction provided to officers at roll call or during the shift.
- ii. Auditors determined:
 - a. If Supervisors ensured officers worked actively to engage the community and increase public trust. Failure to provide documentation was recorded as evidence of non-compliance.

E. Redirection/Counseling

- i. Auditors reviewed the reporting function of the SFL application.
- ii. All counseling and redirection for the time period and district was noted as evidence of compliance.

F. Support

- i. Auditors requested evidence of compliance with this requirement.
- ii. Evidence of compliance can be:
 - a. Referrals to officer assistance
 - b. Officer peer support provided.
 - c. Officer commendations (not all evidence should be in this area)
 - d. Evidence of positive reinforcement at roll call and during the shift
 - e. Other documentation of evidence of support

G. Patrol officers assigned to the same supervisors.

- i. Auditors reviewed the monthly schedule of one randomly selected month for each shift.
- ii. Evidence of compliance was line-ups that showed each officer consistently worked with the same lieutenant and sergeants assigned to that platoon.
 - a. An officer regularly assigned to report to a supervisor who is not assigned to the platoon is evidence of non-compliance.
 - b. If no lineup or other evidence is provided for any day, the shift was marked non-compliant.
- **H. Officer/Supervisor ratio** this review was completed independent of this audit. See the separate scorecards for details.

I. District investigators and their assigned supervisors

- i. Auditors reviewed the monthly schedule for each detective squad for the period.
 - a. Compliance was noted if detectives generally reported to a detective (DIU) supervisor (Sgt./Lt.) on the day of the audit period.
 - b. Non-compliance was noted if the detectives reported to a platoon supervisor (Sgt./Lt.) on the day of the audit period.
- **J. AVL** reviewed via Mobile Data Terminals at the District office.

K. Mobile Video Recorders (In-Car Cameras)

- i. Auditors reviewed up-to-date fleet reports from each district/unit and reviewed ICC videos.
- ii. Evidence of compliance was noted if vehicles assigned to platoons/units that answer calls for service, conduct self-initiated activity or prisoner transport as

indicated on the fleet report, that are listed as in-service on the fleet report, and that have an ICC video within one week of the date the fleet report was updated.

- L. MVR required recordings (see ICC Test & CFS (Call For Service Protocol)
 - i. Auditors reviewed evidence of compliance that an MVR was activated when officers conducted any of the 9 below listed police interactions:
 - a. All traffic stops.
 - b. Deployed drug detection dogs
 - c. Requested a consent to search.
 - d. Conducted a vehicle search.
 - e. Transported a prisoner who was violent or resistant.
 - f. Handled prisoners with injuries to the prisoner or officer.
 - g. Used force.
 - h. Engaged in a pursuit.
 - i. Were subject to a misconduct complaint.
 - ii. A random check was made of at least 3 interactions that required an MVR recording.
- M. Officers' notification of recording failures (see D Daily Activity Report)
- N. Testing recording equipment (see D Daily Activity Report)
- O. Supervisors' handheld digital recording devices
 - i. Auditors choose an available Sergeant.
 - ii. Evidence of compliance was demonstrated if the available Sergeant has an audio recording device, can record a test recording, and knows when they are required to use the device.
- P. Supervisors Review Video as Required (CD 328 E)
 - i. Auditors should review the Evidence.com audit trail of the video for a random sample of:
 - a. EPRs documenting injuries to persons in custody.
 - b. Vehicle pursuits
 - c. First report of injury reports
 - d. Misconduct Complaints
 - e. Level 2-4 Uses of Force

Q. Detective Selection

- i. Auditors selected the last available KSA packet from each district/unit to ensure the following attachments are present: Form 184, Experience level (Resume), Writing Sample, Supervisor Recommendations, and IPro PIB Short Form.
- ii. Auditors verified with the DIU (District Investigative Unit) supervisors that all detectives currently assigned to the district/unit had required new or annual detective training.
- iii. Auditors choose two random detectives.
 - a. Detectives should have knowledge of the available actions (Authorized Interpreter/Mobile Phone app) to interrogate a subject whose primary language is not English.

R. Forms and Reports

- Auditors reviewed the front deck of each district/unit to ensure the district/unit has the following documents available to the public in English, Spanish, and Vietnamese:
 - a. Filing a Complaint Brochure
 - b. New PIB Complaint Form
 - c. Language Assistance Plan

S. Insight

- i. Auditors interviewed an available Sergeant or Lieutenant to verify that ranked officers have an understanding of the navigation and utilization of Insight.
- 7. Once the auditors entered their audit results, as recorded on the paper copies of the audit form, into the auditing database, the compliance rate for each of the requirements was determined. This final report documents whether the compliance rate for each requirement met the threshold for substantial compliance (95%).

Audit Review Results - Scorecards

Below are the audit review results via Excel Spreadsheet. The spreadsheet results are shown by district and overall, for each of the 49 questions representing 20 category items.

General Comments

ARU audited a defined period, for completeness and accuracy as required by the Consent Decreee.

For an explanation of the procedure and scoring system for this review, see the associated "protocol" document.

For the audit results for each case file, see the accompanying RawData spreadsheets.

Scores below 95% are highlighted in red.

Conclusion

The results of this audit were verified through an Audit Supervisor Review. Once this process was finished, the districts/units had an opportunity to review all the audit results and scorecards. If the Districts/Units identified any discrepancies or had any concerns, an Audit Re-Evaluation Request Form could have been submitted to PSAB documenting their concerns.

The compliance results are as follows:

- Approved Arrest Reports this requires the district/unit to show that there are no "pending" incident reports older than 72 hours nor 30 days. Auditors used the internal EPR Application to view a list of EPRs, filtered by date range, district, incident or supplemental, and status. All districts and divisions reviewed had at least one unapproved EPR older than 72 hours and four of the nine divisions had at least one unapproved EPR older than 30 days. The overall aggregated (1b,1c) score was 98%, whereas the previous audit score was 99%.
- Approved Activity Sheets this requires that a supervisor review and approve all activity sheets (trip sheets) for the district being audited. Auditors reviewed the trip sheets of a random platoon for the period. Compliance was determined by counting the number of unsigned trips sheets compared to the number of approved trip sheets. The overall aggregated (2c and 2e) score of 99% remained unchanged from the last audit.
- Responded to Misconduct Complaints this requires that supervisors respond to citizeninitiated complaints appropriately. Auditors reviewed all citizen complaints filed at the
 duty location. Compliance was determined if the complaint was assigned a PIB control
 number. The overall score of 100% remained unchanged from the last audit.
- 4. Engaged Community/Increased Public Trust Auditors reviewed daily lineups or other documentation that showed roll calls pertained to bias-free policing, procedural justice, or community engagement for the time period. Failure to provide documentation was recorded as non-compliance. The overall score of **100%** remained unchanged from the last audit.
- 5. Redirection/Counseling this section pertains to non-disciplinary counseling or redirection. When needed, supervisors are required to give guidance to an officer to correct a problem or inappropriate behavior. These interactions are documented in the Supervisor Feedback Log (SFL). Auditors reviewed SFL entries to determine compliance. The overall score of 100% remained unchanged from the last audit.
- 6. Support this section pertains to whether officers have access to support services. Auditors reviewed examples of compliance, such as: referrals to the Officer Assistance Program; documentation of peer support; commendations; and documentation of positive reinforcement during roll calls. The overall score of 100% remained unchanged from the last audit.
- 7. Patrol Officers Assigned to Same Supervisors this section is to ensure that supervisors are

- supervising the same platoon. Auditors reviewed the daily lineups for a random month and platoon within the audit period and documented any day when a platoon supervisor not assigned to that platoon was supervising. The overall score was **100%**, whereas the previous audit score was **99.6%**.
- 8. Officer/Supervisor Ratio this section is to ensure that districts are not exceeding the policy ratio for supervisors to subordinates on a daily basis. Auditors reviewed the daily lineups of a random month and platoon and compared the total number of officers on duty that given day to the number of supervisors on duty. Any day where the officer to supervisor exceeds 8:1, the auditor marked noncompliance for that particular day. The overall score was 100%, whereas the previous audit score was 99%.
- Reporting to a DIU Supervisor: DIU/Detectives and Assigned Supervisors this section requires DIU detectives to be assigned to DIU supervisors daily. Auditors reviewed monthly schedules to determine if detectives reported to DIU supervisors. The overall score for this category was 95%, whereas the previous audit score was 90%. Districts 2 and 6 were noncompliant.
- 10. Captains and Lieutenants close and effective Supervision this section is to ensure that captains and lieutenants provide close and effective supervision to all subordinates. Auditors reviewed daily lineups, emails, SFLs, etc. to ensure a Captain or Lieutenant of the district has authored or led any of those events/reports. The overall score of 100% remained unchanged from the last audit.
- 11. AVL Screen Shots Supervisors are required to ensure that officers maintain and operate the AVL system. Auditors reviewed the daily lineup on the day of the site visit to analyze which vehicles were active and available at the time of visit. The auditor then asked the supervisor to pull the AVL system and locate all available vehicles. If a vehicle was not present on the system, a receipt of the malfunction or explanation of inactivity (vehicle parked at station) should be available. If not available, the vehicle was marked as non-compliant. The overall score of **100%** remained unchanged from the last audit.
- 12. Cars have ICC Videos with Working External Mic Auditors reviewed an updated fleet report and selected all working patrol vehicles that are required to have an MVU/ICC. The ICC system (Axion or L3) was checked to ensure the vehicle had a video with external sound within the last week. The overall score for this category was **79**%, whereas the previous audit score was **90**%. District 1,2,3,4,5,6, and 8 were below compliance.
- 13. Examples of When Officer Notes Events are not Recorded Officers are required to note on the activity sheet or in an email when events are not recorded or of technology failures. Auditors reviewed examples of this documentation to determine compliance. The overall score of **100%** remained unchanged from the last audit.
- 14. Supervisors Ensure Technology is Working and is Used Auditors reviewed fleet reports, section of the activity sheet that highlights the equipment testing checkbox, 105s relevant to the proper activation of technology, or roll call topics relevant to the proper use of technology. The overall score of **100%** remained unchanged from the last audit.
- 15. Recordings Maintained for 3 years this section is to ensure that all video recordings are stored for a minimum of 3 years and if deleted prior to 3 years the deletion is within

- policy. Auditors requested a list of all deleted recordings within the last 3 years. No recordings have been deleted by the districts within the prior 3 years. The overall score of **100%** remained unchanged from the last audit.
- 16. Supervisors are Prepared to Take Statements Auditors met with a random supervisor and verified that the supervisor could display the digital recording device, record a statement, and play it back, and know that statements are required to be recorded for Misconduct Complaints and Use of Force investigations. The overall score for this category of 100% remained unchanged from the last audit.
- 17. Supervisors Review Video as Required this section is to ensure that supervisors are reviewing their subordinates' recordings when required per policy. Auditors reviewed data received regarding in custody injuries, vehicle pursuits, Use of Force, and misconduct complaints to ensure the supervisors reviewed the videos if required. The overall aggregated (17a through 17e) score was 100% whereas the previous audit score was 99%. All videos were reviewed.
- 18. Detective Selection (application packet, training, LEP investigations) this section is to ensure that detectives have complete KSA packets, required new/annual detective training, and understand the means of communication during LEP investigations. Auditors reviewed the application packet for the most recently assigned detective(s), including sergeants. The packets are required to include the following: applicant's writing sample; resume; a supervisor's recommendation; and the applicant's IPro Short Form. The score for this category was 99%. Auditors reviewed documentation that showed a list of all assigned detectives (including sergeants and lieutenants) and the date of their most recent detective training. The score for this category was 100%. Auditors measured compliance by independently asking 2 random detectives, "When you interrogate a subject whose primary language is not English, what method do you use to communicate?" Answer: NOPDAI. The score for this category was 100%. The overall aggregated (18a through 18c) score was 99%.
- 19. Forms and Reports this section is to ensure that each district has the correct and accurate reports and forms available and accessible to the public. Auditors reviewed the form and reports on site and ensured that the correct forms were available and, in each language, required (English, Spanish, and Vietnamese). The overall aggregated (19.1 through 19.15) score was **97%**.
- 20. Insight Two supervisors from each district and division audited were interviewed for this portion of the audit. Only one supervisor was interviewed for District 1 and District 7 due to having only one supervisor available. The Auditor asked the supervisor 15 yes or no questions (14 measurable and 1 information only) regarding understanding and navigation of NOPD's Early Warning System (EWS), Insight. The overall aggregated (20.1 through 20.14) score was 91% whereas the previous audit score was 100%. Supervisors interviewed had difficulty navigating to find subordinates (District 1,2, and 3), Insight profile, finding Use of Force with resisting arrest data, finding initiated criminal proceedings, and having pending tasks over 30 days. Supervisors also had difficulty understanding the purpose for Insight (finding patterns to prevent problems for officers).

Recommendations

- 1. A uniform fleet report should be implemented throughout the districts to mitigate any errors for vehicles being in service or out of service. For the best results of accuracy and transparency, fleet should be recorded in one central location (i.e., logbook, excel spreadsheet database, management dashboard) to minimize errors of fleet being in service. This recommendation also gives management and district supervisors the ability to analyze fleet data (i.e., cars in service, 20x vehicles per district, take home vehicles, etc.). Note that the fleet MVR repair log was recently created in the NOPD Logbooks to log when vehicles required work that placed them out of service.
- 2. Supervisors need to ensure that the fleet report is accurate on a weekly to bi-weekly basis to ensure accuracy of the report.
- 3. DIU detectives should be assigned to DIU supervisors. DIU detectives should continue to report to the platoon supervisor(s) on duty any day a DIU supervisor is not available. DIU Sergeants and Lieutenants who are called in while AWP (off day) and the time is paid to them should document the time worked on the daily lineup. An email to DIU Lieutenants to begin tracking on daily lineups will be sent via PSAB Deputy Superintendent when drafted.
- 4. DIU Persons and Property should be treated as one division. DIU daily lineups should include both Persons and Property Crimes detectives and supervisors on the roster and lineup. DIU detectives should report to DIU rank regardless of their location of Persons or Property Crimes before they report to platoon rank.
- 5. Supervisors should ensure that all the applicable signatures are completed for activity reports and trip sheets. Also, when a recording failure and/or malfunction occurs, Supervisors immediately report the issue to the proper chains of command to get the situation rectified.
- 6. Any officers assigned to the front desk should be trained in where to find all publicly published Monitor and NOPD PSAB audit reports electronically. All patrol officers should know where to find public audit reports. In order to assist in this, PSAB will explore the development of a quick reference guide incorporating City QR codes to assist both the officers and citizens in locating needed documents and resources more efficiently.
- 7. Supervisors should review all videos when required. Supervisors should also ensure officers correctly label videos to ease reviewing for the supervisor or any other applicable person.
- 8. Supervisors need to understand that Insight is not an application for discipline, rather an early warning system. Supervisors should analyze **ALL** data points within Insight to detect if a pattern of behavior is developing with the subordinate to intervene with the behavior becoming a problem for the officer and department.
- 9. This report will serve as notification of district/unit performance during this audit.

10. Work with Policy Standards Section to develop DTB's to address the training issues

District Re-evaluation and PSAB Responses

5th District Re-evaluation:

ICC video within a week

Response: on 2/21/2024, an email was sent to the service desk for unit B20067 because the ICC was having issues. I cannot pull up the log to attach the spreadsheet because in the logbooks, it will not allow me to download the spreadsheet. This vehicle is a take home unit.

As far as unit B22002, this is Officer Dominique Lawrence's take-home unit. She has not been at work since February 13, 2023. She is out sick. She has not returned as of 2/27/2024. I have spoken to her, and she does not have an expected return date as of yet per her doctor's orders.

PSAB Response: The auditor reviewed the information provided and gave credit for Unit B22002 due to the officer being injured and out on leave. However, vehicle B20067 will remain non-compliant because the ICC video needed to be available between the dates of February 18, 2024, through February 25, 2024. Because the repair request occurred on February 21 a test video should have been available on February 18, 19, or 20.

7th District Re-evaluation

Insight: ADP Correct

Response: DSA stated that ADP enterprise is correct for the supervisor who were interviewed for the Insight portion of the supervision audit, however Insight did not reflect this.

PSAB Response: The auditor reviewed the information and found that there is a technical error between Insight and ADP enterprise. Due to the circumstances, the auditor scored the supervisors as N/A.

8th District Re-evaluation:

DIU supervisors on duty

Response: Attached are the two line-ups from the G drive for DIU on 01/13 and 01/14. Property had a Sgt working, Persons has a platoon Sgt listed on their line-ups.

PSAB Response: The auditor reviewed the two uploaded lineups and found that the DIU sergeant was on duty for those days. The auditor revised those two days as compliant.

Record the count of FTN#s you deselected because there is no corresponding video. Level 2-4 UoF with NO video Auditor Comments Supervision - Insight: Edit Form District **Auditor** Supervisor Platoon Reporting Month Find items Find items Find items Find items **Reporting Year Supervisor Selection Supervisor Rank** Find items Find items Find items 1. Auditor asks: "In Insight, show me all the officers that you supervise or all the officers on your platoon?" Supervisor Can Review If the supervisor is a Sgt on a platoon with multiple Sgts, he or she searches the Assignments tile for his/her Lt. **Basic Information** If the supervisor is a Lt, he or she searches the tile for him/herself. Find items The random supervisor may manually find each employee in the Personnel Jacket tile that reports to them and score "Yes" for this requirement. 2. The Assignments tile reflects ADP. Ask the supervisor if the Assignments tile (ADP) appears correct for their LT. **ADP Correct** If it's a LT, ask them if the correct people are assigned to them. If they say "No" choose "No." Find items 3. Auditor asks: "Can you show me how one of your officers compares to his/her peer group on injuries to Supervisors Use Insight for persons in-custody (or Vehicle Pursuits or "Non-disciplinary corrective action")?' Peer Group Comparison

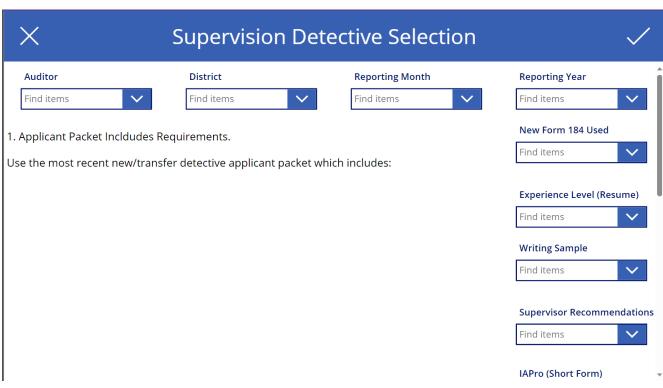

A random supervisor shows how one of his/her officer's "In-custody Injuries" (or "Pursuits" or "Non-disciplinary

Corrective Action", respectively) count in the Employee Activity Report or Supervisor Dashboard Report shows how the officer is doing better or worse than his/her peer group. [OCDM may ask different data points.
