Response from Unit: January 18, 2023

Final Report Submitted: January 19, 2023

Audit Team

This audit was managed and conducted by the Professional Standards and Accountability Bureau

Executive Summary

The Audit and Review Unit (ARU) of the Professional Standards and Accountability Bureau conducted a Domestic Violence Unit (DVU) Checklist Audit in December 2022. DVU checklist audits are completed to ensure that the Domestic Violence Unit is operating in compliance with the most updated New Orleans Police Department (NOPD) policies covering Chapter 42.4 and 42.4.1 regarding “Domestic Violence” and “Domestic Disturbances” respectively. The Consent Decree requires that DVU detectives are specially trained in DV specific matters. As a result, detectives will be able to respond timely to the investigations of domestic violence incidents; reviewing all evidence, statements, and conducting effective victim-oriented case follow-up as needed. The audit also focuses on ensuring that each detective is working actively to engage the victims and provide guidance on how to get counseling, assistance, and support from necessary social services.

This December audit was completed utilizing the most recent DV Audit Protocol at the time of audit. This audit consists of **32** questions and additional follow-up requests, which cover paragraphs 212-222 of the Consent Decree (CD). Based on the combined total of “one thousand and fifty-six” (**1,056**) checklist items rated, from the sample size of thirty-three (**33**) case files audited; the “**overall score**” of this Domestic Violence Unit case file audit conducted by the Audit and Review Unit was **99.7%**.

Supervisors should address any noted deficiencies with specific training through specific In-service Training classes or Daily Training Bulletins (DTBs). This training should be reinforced by close and effective supervision in addition to Supervisor Feedback Logs entries.

All thirty-three (**33**) questions scored compliant.

More detailed results are embedded in the Scorecards and Conclusion sections.

Introduction

The Audit and Review Unit of the Professional Standards and Accountability Bureau conducted an audit of Domestic Violence Unit investigation case files covering the period of October 2021 to September 2022. The time span to conduct the audit was from December 15, 2022, thru December 19, 2022. This audit required a double-blind process.

Purpose

The Domestic Violence Unit case file audit was conducted to verify departmental compliance with the Consent Decree and NOPD Operations Manual, 42.4 “Domestic Violence” and 42.4.1 “Domestic Disturbance” investigations.

Scope

This audit will determine and document whether there was a proper response by investigators and supervisors of the New Orleans Police Department’s Domestic Violence Unit in conducting follow-up investigations. The auditor is responsible for verifying that each overall response was proactive, victim-centered, and professional. Once the review is completed, the audit manager will submit a report to the Leadership in charge of the Domestic Violence Unit, as well as Leadership of the Professional Standards and Accountability Bureau, pointing out any deficiencies or confirming a properly conducted investigation. These audit reports will assist in the maintenance of thorough and complete Domestic Violence Unit investigations in the future. A report will also be sent to the appropriate member of the Office of the Consent Decree Monitor.

Methodology

Population size – the Domestic Violence Unit only.

Sample size –The selected sample size is a randomized selection of 15% of the total case files as mandated by the DVU Case File Audit Protocol. Documentation to be reviewed – All documents and investigative material contained within each individual case file.

Testing Instrument(s) – New Orleans Police Department Operations Manual Chapter 42.4 - “Domestic Violence Investigations” (Effective: 1/31/2021), 42.4.1 - “Domestic Disturbances (Effective 7/8/2018) and a thirty-two (32) point Domestic Violence Case File Audit Checklist.

In addition, the Consent Decree Paragraphs 212-222 will be verified and adhered to. Each individual case file will be audited in its entirety, via “double-blind” auditing process by two (2) members of the Audit and Review Unit (ARU), to give a reliable and thorough review of each case file.

Data

The audit range is set for every six months. The Domestic Violence Unit upon request, will provide to the Innovation Manager of the Audit and Review Unit, or the Captain within PSAB, all item numbers that were assigned during that audit range period. The Audit and Review Unit will then take those item numbers and randomize them using Excel (Rand function) for cases to be selected for review. The Audit and Review Unit will then review at least **15%** of those cases within the audit range. A total of thirty-three (**33**) case files were selected via randomizer system from the **217** cases taken in by the Domestic Violence Unit for the period of Oct-2021 to Sep-2022.

Initiating and Conducting the Domestic Violence Unit Audit

The Innovation Manager of the Professional Standards and Accountability Bureau, initially contacted the Lieutenant, Commander of the DVU Unit, and the Sergeant of the Domestic Violence Unit, on December 1, 2022, to request the case file list for the review period involved. On December 8th, the DV Unit was sent the sample list of case files PSAB planned to audit and to notify them of a scheduled Domestic Violence Unit case file audit that would be initiated by the Audit and Review Unit, starting December 15, 2022, and concluding December 19, 2022.

The Lieutenant was given this advanced notice so that they would have a Domestic Violence Unit supervisor on standby to provide the requested case files to the Audit and Review Unit upon demand. The Lieutenant was also provided with the checklist that would be used, in addition to the audit protocol.

During this audit, the Audit and Review Unit requested and received the thirty-three **(33)** case files from the on-duty Domestic Violence Unit Sergeant for review. The ARU auditors remained at the offices of the Domestic Violence Unit to review the case files while conducting their audit.

Each case file was then systematically reviewed via “double-blind” audit process by the Audit and Review Unit for compliance with the New Orleans Police Department Operations Manual Chapter 42.4 and 42.4.1, as it relates to “Domestic Violence” investigations. To facilitate this process, the auditors used the thirty-three **(33)** point Domestic Violence Unit Case File Checklist (with an available commentary space to document any specific areas) as a gauge to review and analyze the content of every case file.

Total: 33 Case Files (double-blind)

The below listed checklist seen here was the instrument used by the Audit Team’s to audit each case.

Domestic Violence Unit Check-List Audit Scores Target 95%

DVU Case File Audit Results

The below listed information reveals the outcome of the Audit Team's 33 case file reviews.

The compliance percentage for requirements in the Domestic Violence Unit Case File Checklist Audit are as follows for the reviews of **15%** of the available case files during the period targeted for audit: **217*.15 = 22.5, rounded up to 33**. The source materials for all questions are in the case file documents.

31 case files each have an overall compliance percentage of **100%** following each file document review. No deficiencies are noted for any of these case files:

2 case files each were found to have minor deficiencies as noted below:

Deficiencies: Q2, Is there documentation that the investigator reviewed BWC? The detective did not document reviewing any BWC footage.

DVU Response: Agreed with PSAB assessment (See Responses and Notes Section)

PSAB Response: No Change

Deficiencies: Q20, Did the patrol officer or investigator document if the persons ever lived together? There was no documentation indicated by the investigator nor patrol officer.

DVU Response: Agreed with PSAB assessment (See Responses and Notes Section)

PSAB Response: No Change

Mandated Consent Decree paragraph responses (CD 212-222)

During the audit, the Audit and Review Unit corroborated to ascertain and verify the below listed information to address Consent Decree paragraphs 212 thru 222 pertaining to the Domestic Violence Unit:

The Commander reviewed the Mandated Consent Decree paragraph responses that covered (CD 212-222).

The New Orleans Police Department's Domestic Violence Unit and Municipal Training Academy remains in compliance with CD Paragraphs, 212, 213, 214, 215, 216, 217, 218, 220, 221, and 222.

CD 212

NOPD agrees to delineate the respective duties of communications staff, patrol officers/first responders, District-level detectives, domestic violence detectives, and supervisors in its domestic violence policies and procedures, and agrees to provide clear and detailed guidelines for steps at each stage of NOPD's response to a report of domestic violence, including dispatch response; initial officer response, including entry procedures; and **on-scene and follow-up investigation.**

- **On scene and follow up investigations (NOPD Chapter 42.4 Domestic Violence, Chapter 42.4.1 Domestic Disturbance and Chapter 41.4.1 Response to Calls, Domestic Violence Standard Operating Procedures).**
- CD 212 was covered with Question 1 and Question 2 of the DVU audit checklist.

CD 213

Ensure that NOPD prioritized victim safety and protection at each stage of its response to a report of domestic violence. Ensure that Protocols and guidelines are up to date on best practices for on scene and follow up investigations including:

- Identifying, locating, and interviewing suspects and witnesses
- Assessment of the crime scene
- Evidence collection, including documentation of victim injuries and seizure of weapons.

Chapter 42.4 and 42.4.1 are both policies pertaining to Domestic Violence and Domestic Disturbances. These policies were developed based on the best practices of the Blueprint for Safety model developed by Praxis International. NOPD was a pilot city for this model starting in 2013 and continues to operate in full compliance with this model. All DV investigations must be comprehensive and must be documented thoroughly to include all statements, evidence collection etc. NOPD must also document risk of the victim by asking 5 developed risk questions pertaining to any incident classified as DV. These risk assessment answers are then used to assist in predominant aggressor assessments to identify who is most at risk when determining who is the offender. They are also used in bond setting by Magistrates to hold offenders accountable for their actions. NOPD is one of the only agencies that prioritizes victim safety and DV by documenting these cases this way. In all cases of intimate partner and DV summonses are prohibited. All stakeholders, including advocacy agencies had input in development of the DV policy.

- **These protocols and guidelines were reviewed, revised, approved, and remain current.**
- CD 213 was covered with Q2-3, Q5-12, Q14, Q16-17, and Q20-31 of the DVU audit checklist.

CD 214

Ensure that NOPD discouraged dual arrests of offenders and victims by providing training on primary aggressor and require supervisory approval to effectuate a dual arrest.

NOPD does discourage dual arrest practice. This is clearly defined in 42.4 and must be approved by a supervisor. All officers were trained in this practice in beginning in 2013. MTA will have all training records pertaining to DV 42.4 in service. Chapter 42.4 "Domestic Violence" was also covered via DTB in December 2020.

- CD 214 was covered with Q13 and Q15 of the DVU audit checklist.

CD 215

NOPD agrees to continue to participate in the operation, development, and sustainability of the NOFJC; work in co-location with other civil and criminal agencies and community-based organizations; and support a centralized, multi-agency Family Justice Center model in the handling of domestic violence and sexual assault cases in New Orleans.

Ensure that NOPD continued to participate in the

- Operation, development, and sustainability of the NOFJC
- Work in a co-location with other civil, criminal agencies and community-based organizations,
- Support a centralized, multi-agency Family Justice Center model in handling domestic violence and sexual assault cases.

The Department developed a committee of representatives from the community, including rape crisis advocates, service providers, and/or legal providers to review, on a semi-annual basis (1) domestic violence investigation disposed of as unfounded. (2) a random sample of open domestic violence investigations with the approval of the DA. The Department has agreed to ensure that feedback and recommendations from the committee are incorporated into policies, general training, remedial training for specific officers are detectives, and the decision to re-examine and re-open investigations, if warranted.

A member of SART and NOFJC advised that the NOPD is actively participating with the established committees such as SART. They advised that the organizations and the NOPD discuss unfounded dispositions on a frequent basis. An Assistant District Attorney from the Orleans Parish District Attorney's Office DVU section advised that the relationship with the NOPD DVU Section is "great". A supervisor with the OPDA's Office DVU Section, advised that the NOPD DVU is a great business partner and stated that the Lieutenant and the Detectives go above and beyond with their assigned cases.

CD 216

Ensure that NOPD has collaborated with and referred victims to NOFJC.

Per Domestic Violence Unit Sergeant, every domestic violence victim is provided a resource sheet containing all NOFJC contact information by platoon officers. Every case handled by the Domestic Violence Unit are provided direct contact to the advocates at the NOFJC. All of this is documented within initial and supplemental reports pertaining to victim engagement and referrals to advocates.

CD 217

Ensure that the Superintendent or a designee at a Commander Level meet with the Executive Committee of the NOFJC on a quarterly basis. A sergeant or above attended the quarterly meetings for the purpose of reviewing and coordinating NOPD's policies on Domestic Violence.

(The designated sergeant or above shall review NOPD's policies for internal consistency and consistency with the Integrated Protocol developed by the NOFJC, the Blueprint for Safety, and to review and update policies at least annually or as necessary. The designated sergeant or above shall also be responsible for identifying training needs with respect to implementing NOPD domestic violence policies, the Integrated Protocol and/or the Blueprint for safety.)

DV Sgt. attends the NOFJC Quarterly Meeting pertaining update and policy revisions with the Blueprint Interagency Coordinator and the NOFJC.

CD 218, 219, 220, 221, Training Related**CD 218**

Ensure that the adequate amount of manpower is assigned to the DVU at the NOFJC (sufficient detectives based on the number of calls for service).

- To ensure that detectives are able to review, on a weekly basis, District-level reports on incidents of domestic violence for the purpose of identifying training needs and tracking Districts' response to DV.
- Have sufficient staff to conduct an appropriate follow up investigation on felony offenses (weapon involved or serious bodily injury) including coordination with the District Attorney's Domestic Violence Prosecution Unit.

Since 2011 DV manpower has remained as 1 supervisor and 4 detectives. The Domestic Violence Unit is able to operate with the allocated manpower. Sergeant Pari personally reviews every DV case from the previous 24 hours based on information supplied by the Repo within NOPD Applications. Each case is triaged and assigned accordingly to a DV investigator to conduct additional follow up to obtain necessary information so it can be successfully screened by the DV Screener. This is all about continued victim engagement.

In any typical year the DV Unit will be assigned approximately 400 follow up/initial cases to be completed.

This number will increase if STOP Grant funds are not allocated to provide overtime for additional cases to be worked by the unit.

CD 219

Ensure that NOPD offered training in best practices including IACP recommendations and annual updates to reflect changes in policy, law and developments in research and best practice. This can be verified through the yearly policy update review conducted by the Policy Innovation Manager.

Per the Policy Innovation Manager (IM), the review has not been initiated. As part of the Annual Review process, he will be reaching out to the DV Unit and the Blue- Print for Safety group who assisted in developing the policy. According to the Innovation Manager the Department is ahead of the curve nationally, but he consistently monitors for “trends” and Best Practices.

The Domestic Violence Unit will work with the Policy IM and members of the Blueprint for Safety Committee to ensure CD 219 is initiated and meets future compliance.

CD 220

Ensure that NOPD provided at least 4 hours of initial and training on DV for all officers, and ongoing annual In-service training by checking training records.

Ensure that NOPD has incorporated fact-based scenarios involving DV into recruit and in-service training.

Topics:

- General investigation
- Crime scene preservation
- Report writing
- Policies and procedures (including the Integral Protocol and/or Blueprint for Safety)
- Dynamics of domestic violence
- Identifying the primary aggressor
- Responding to and investigating strangulation in the context of domestic violence
- Interviewing victims, witnesses, and suspects
- Report writing
- Discovery

Per the Academy Curriculum Director recruits receive a week (32 hours) of Domestic Violence training which includes all of the CD 220 specified items listed below.

The In-Service curriculum for both Supervisors and Officers in years prior to 2020 has annually included a dedicated course to Domestic Violence. For the year 2020, the 40-hour in-Service curriculum was designed in Problem Based Learning activities rather than the traditional lecture format. Elements of the CD required topical areas were involved in multiple PBL courses as approved by OCDM. A specific PBL activity was created to satisfy the annual in-service requirements for Domestic Violence.

The 2020 and 2021 Annual Master Training Plans were amended to include a combination of POST and

NOPD designed E-Learning modules. The plan was approved by OCDM to satisfy the annual training requirements. Listed below are the specific courses which satisfied the DV obligation.

2020: POST E-module - "Responding to Calls of Domestic Violence"

2021: POST E-modules – "Louisiana Protective Order Registry" and "Louisiana Victim Information and Notification"

NOPD E-Learning module – "Domestic Violence Intervention" (4 total modules)

CD 221

Ensure that DV Detectives have no fewer than 32 hours and ongoing annual In-service training. This can be verified through the Education and Training Division (SABA)

Training shall include advanced:

- Skills based instruction in evidence collection
- Victim assistance
- Interviewing, including taped mock victim interviews
- Other topics

All members of the DVU have obtained at least 32 hours in specialized training in interview and interrogation and very specific training pertaining to DV. These classes were not offered by NOPD, but all investigators possess certificates that were validated by the Federal Monitors during initial DOJ audits. They do not receive annual additional 32 hours of DV Training. This was modified for all investigative units after obtaining the initial portion of the courses in order to be assigned to an investigative unit. All other ongoing classes offered by NOPD are tracked within the old Power-DMS system and new SABA system, to include annual Detective In-service.

CD 222

Ensure that NOPD tracked dispositions of DV investigations including:

- Arrests: acceptance and refusal rates
- Dismissed cases
- Plea agreement (s)
- Tried
- Final Verdict, including taped mock victim interviews
- Other topics

Pertaining to tracking of all dispositions and DA's Office information, this is tracked by PSAB. According to Innovation Manager PSAB, this information is usually gathered for the 2021 DV annual report.

Arrests (2,325)

D.A. Refused Cases (1,732). None were law enforcement based.

Plea Agreements (37)

Tried (4) – (1) not guilty by judge. (1) guilty as charged by judge. 1 was found guilty as charged by jury. 1 was found guilty of a lesser offense by a judge.

NOTE: 2022 DV REPORT WILL BE AVAILABLE END 1Q 2023 AND NEW DATA METRICS WILL BE ENTERED.

Conclusion (Final)

Results

The overall results of the December 2022 Domestic Violence Unit case file audit, of Oct 21-Sep 22 data, revealed no specific patterns of deficiency.

Recommendations

Note: Lt. Celious concurs with the following PSAB recommendations:

1. It is recommended by the Audit and Review Unit that the immediate supervisors of the Domestic Violence Unit continue to conduct regular reviews of detectives' case files for the presence of all mandatory documentation – Specifically **Body Worn Camera** footage.
2. Investigators and/or Patrol Officers ensure to document whether any persons involved live or have ever lived together.

Taking these actions would hopefully address any one-off deficiencies and continue to ensure that all Domestic Violence Unit case files are complete and accurate.

Domestic Violence Unit Responses to PSAB Notes:

Deficiencies: Q2, is there documentation that the investigator reviewed BWC? Detective did not document reviewing any BWC footage.

DVU Response

In this case, the detective acknowledges that he did not review BWC video relative to this incident because he was actively on-scene and remained involved in the preliminary investigation. Detective believed he had enough firsthand knowledge to proceed with his follow-up investigation and worked extremely hard on this case to obtain justice and resources for this victim.

Going forward, Detective will review and document all BWC videos as a part of his follow-up investigation and reporting.

PSAB Note: Score Unchanged. No Audit updates required as a result of this review.

Deficiencies: Q20, did the patrol officer or investigator document if the persons ever lived together? There was no documentation indicated by the investigator nor patrol officer.

DVU Response

The Audit Team was correct that neither the district personnel nor the DV detective noted this fact in this particular incident. This is not a common occurrence.

PSAB Note: Score Unchanged. No Audit updates required as a result of this review.
