This audit was managed and conducted by the Audit and Review Unit of the Professional Standards and Accountability Bureau

Executive Summary

The Audit and Review Unit (ARU) of the Professional Standards and Accountability Bureau (PSAB) completed the 2021 Performance Evaluation Audit in April 2022. Performance Evaluations are conducted to ensure that officers who police effectively and ethically are recognized through the performance evaluation process, that officers who lead effectively and ethically are identified, and receive appropriate consideration for promotion. The performance evaluation ensures that poor performance or policing that otherwise undermines public safety and community trust is reflected in officer evaluations so that NOPD can identify and effectively respond. Performance Evaluation Audits are conducted to ensure officer performance is effectively documented and memorialized daily and annually. This process is regulated by Chapter 13.34 – Evaluations of Employees, of the New Orleans Police Department’s Operational Manual. In addition, Chapter 35.1.9 – Insight is used as a reference.

This audit, conducted from April 6, 2022 to April 20, 2022, was completed using the latest Performance Evaluations Protocol regarding the NOPD specific evaluation process. The audit addresses all sections of the NOPD specific performance evaluations, including: Narrative Section (reporting, decision making, safety, community engagement and problem solving); Insight Section; Performance Section; and Supervisor Section (if the person being evaluated is a supervisor).

Scores of **95%** or higher are considered substantial compliance. Noted deficiencies should be addressed with regard to supervisors writing more meaningful and effective evaluations with specific training through In-service Training classes, targeted in person training, or Daily Training Bulletins (DTBs). This training should be reinforced annually by close and effective oversight, in addition to Supervisor Feedback Logs entries.

The overall composite score for the Performance Evaluation Audit is **82%**.

The 5 sections audited by ARU include the following:

- Narrative Composite Score: Includes Q1 – Q4b: **52%**
 - Q1 through Q4b scored non-compliant.
- Insight Composite Score: Includes Q5a – Q5h: **97%**
 - Q5d and Q5e scored non-compliant.
- Performance Composite Score: Includes Q6 – Q9: **72%**
 - Q6, Q8a, and Q8b scored non-compliant.
- Supervisor Composite Score: Includes Q6 – Q9: **92%**
 - Q10.1 through Q10.2C and Q10.3 and Q10.4 scored non-compliant.
- Other Composite Score: Includes Q6 – Q9: **90%**
 - BWC, Self-Assessments, employee and reviewing signature, Employee Summary Report attachment (ESR) scored non-compliant.

While the performance evaluation scores still fall short, the overall 2022 audit score improved versus 2021, from **69% to 82%**. More detailed results are located in the Scorecards and Conclusion sections.

Introduction

The Audit and Review Unit of the Professional Standards and Accountability Bureau conducted a performance evaluation audit in March of 2021.

Purpose

The Performance Evaluation audit is conducted to determine whether officers are being recognized for effective and ethical policing through the performance evaluation process. Conversely, this audit further determines and documents whether an officer's performance is poor and otherwise undermines public safety and community trust. Performance evaluations are not only regulated by Chapter 13.34 Performance Evaluations, but also by the following NOPD Operations Manual chapters:

Chapter 13.03 Personnel Files
Chapter 13.27 Professional Performance Enhancement Program (PREP)
Chapter 13.27.1 Job Performance Improvement Plan (JPIP)

This list is not all inclusive.

Objectives

By applying the attached audit form as a rubric, the auditor qualitatively assessed the auditing data to determine whether Performance Evaluations substantively met the requirements of policy. Auditors compared the questions on the Performance Evaluation Audit Form to NEOGOV evaluation responses, EPRs, Body-worn Camera Footage, Supervisor Feedback Log, INSIGHT, Search Warrant Logs, and Audit and Review Unit Data. Auditors did not randomly select BWC recordings for verification, rather auditors accessed BWC recordings for incidents referenced in performance evaluations to verify the performance reviewer's substantive findings.

Methodology

Auditors qualitatively assessed performance evaluations using the audit forms for each of the sections (Narrative Section; Insight Section; Performance Section; and Supervisor Section) of the Performance Evaluation Audit (see Appendix A). Auditors analyzed the following data sources:

1. NEOGOV Perform NOPD Specific Annual Evaluations
2. Electronic Police Reports (EPR)
3. Body-worn Camera (BWC) recordings
4. Supervisor Feedback Log (SFL)
5. INSIGHT
6. Search Warrant Logs
7. Audit and Review Unit Data

All documents and related incidents that are in the sample and are not audited must be deselected. All deselections are recorded in the Deselection Log. A review of the Deselection Log shows there were 3 entries for this audit that were deselected.

1. One officer was a provisional Captain for 2021 and therefore was deselected from sample.
2. One officer separated prior to audit. Another evaluation was substituted.
3. One supervisor separated prior to evaluation completion and the evaluation was left blank.

Auditors read the guidance in the audit forms on a regular basis. The first tab in the audit tool contains general guidelines for auditing specific examples of the performance evaluation.

1. To be specific, examples MUST have item numbers, or date and time, or must describe a single event.
2. All item numbers MUST be explained (listing an item number is not enough).
3. If the supervisor references a video, the time the relevant action occurred MUST be listed.
4. Examples MUST include analysis (a description of the impact of the action, or a description of why the action was a good example).
5. Examples should NOT be of routine actions.
6. The reader should NOT have to use the item number to find the related reports or videos to understand why the item number was listed.

Changes to audit forms are clearly communicated to auditors by the audit supervisor. Auditors re-read policies when guidance in audit forms recommend they do so or when the policy requirements are not clear enough to the auditor to allow him/her to confidently score an audit criterion.

When audit results require comments, auditors thoroughly explain the evidence they observed that led to their determination of the result for the audit criteria in question. Drawing on their knowledge of NOPD policies, auditors note any policy violations they observe that are not specifically addressed in the audit tools in the "Auditor Comments" section of the form.

Initiating and Conducting the Performance Evaluation Audit

By applying the audit forms as a guideline, the auditors qualitatively assessed the Supervision data to determine whether performance evaluations substantively met the requirements of policy.

1. Auditors compared the questions on the Performance Evaluation Audit Form to NEOGOV evaluation responses, EPRs, Body-worn Camera Footage, SharePoint Supervisor Feedback Log, INSIGHT, Search Warrant Logs, Audit and Review Unit Data, and SharePoint Reporting Supervisor Report. Auditors did not randomly select BWC recordings for verification, rather auditors accessed BWC recordings for incidents referenced in performance evaluations to verify the performance reviewer's substantive findings.
2. Auditors then documented their answers to audit questions on the Performance Evaluations Audit Form.
3. The evaluation encompasses four sections (Performance Evaluation Audit Question Numbers):
 - a. Evaluation Exists
 - i. Auditors determined whether an evaluation existed
 - b. Narratives (1-4b)
 - i. Auditors reviewed evaluation responses related to written documents, decision-making skills, safety, community policing and community engagement.
 - ii. Auditors checked to ensure at least two specific examples are included in each response. Each specific example must include (1) item number(s), if applicable, (2) date and time of single event or time stamps for body-worn camera recordings and (3) a detailed account of incident.
 - c. Insight Documentation (5a-5h):
 - i. Insight is an early warning data system used to document, analyze, and provide feedback on employee performance.
 - ii. Auditors verified evaluation responses related to attendance, training, complaints, secondary employment, and awards/commendations based on data from Insight's Employee Activity and Summary Reports.
 - d. Performance Details (6-9)
 - i. Auditors reviewed evaluation responses related to search warrants, non-compliance, quarterly check-ins/areas of growth and improvement and bilingual pay.
 - ii. Data was verified by using Search Warrant Logs, Audit and Review Unit raw data, Insight, and the Authorized Interpreter's list.
 - iii. All non-compliance and exceptional performance require documentation in evaluations.
 - iv. Auditors compared evaluation responses related to search warrants to the Search Warrant Log and the Supervisor Feedback Log.
 - v. Auditors compared evaluation responses of non-compliance related to stops, pat-downs and arrest to PSAB's raw data and the Supervisor Feedback Log.
 - vi. Auditors verified evaluation responses related to quarterly check-ins included (1) dates of quarterly meetings with subordinate and (2) descriptions of areas of growth and improvement discussed during the meetings.

- vii. Auditors verified bilingual employee pay with Authorized Interpreter's records.
 - e. Supervisor's Evaluation Statement (10.1-10.4):
 - i. Auditors verified evaluation responses completed by rated supervisor on his/her random direct report.
 - ii. Data verification is located in a direct report's evaluation, Supervisor Feedback Log, Insight and Reporting Supervisor Report.
 - iii. The supervisor's evaluation statement section includes a review of how the supervisor (1) addressed and deterred misconduct, (2) identified patterns in Insight, (3) addressed non-compliance and (4) described direct reports ability and effectiveness in conducting supervisory reviews.
- 4. The evaluation encompasses four sections (Performance Evaluation Audit Question Numbers):
 - a. Narratives (1-4b)
 - b. Insight Documentation (5a-5h)
 - c. Performance Details (6-9)
 - d. Supervisor's Evaluation Statement (10.1-10.4)

Note: The audit includes an "Other" section consisted of the following:

- a. BWC references
- b. SVS interactions
- c. Signatures (3 levels)
- d. Self-Assessment attachments
- e. Employee Summary Reports

The total number of performance evaluations reviewed was **73**. Once the auditors entered their audit results into the auditing database, the compliance rate for each of the requirements was determined. This final report documents whether the compliance rate for each requirement met the threshold for substantial compliance (95%).

2021 Audit Exceptions

During the 2021 Performance Evaluation completion period (Jan. 4 – March 31, 2022) there were some administrative changes that occurred which prevented the completion of signature steps in the evaluations. Because of this change, this Division Commander's signature was skipped in the process and auditors were instructed to deem these evaluations with only his missing signature "Complete". NOPD's INSIGHT system was updated in 2021 to INSIGHT 2.0. During this update the Employee Summary Report generates the employees' information with two options. Supervisors can review and upload the data for either 18 months or four quarters. Auditors were instructed to accept the 18-month range of information as compliant due to the system process as long as the supervisors referenced information that occurred in 2021 and not from 2020.

General Comments

ARU audited the sample list case files for the defined period, for completeness and accuracy as required by the Consent Decree.

For an explanation of the procedures and scoring system for this review, see the associated "Protocol " document.

For a list of relevant policies, contact ARU as needed.

For the audit results for each case file, see the accompanying RawData spreadsheets.

Scores below 95% are highlighted in red.

Conclusion

The results of this audit were first verified through an Auditor Peer Communication process. In this process, the reviewing auditor discusses any variances with the originally assigned auditor to reach a consensus. If a consensus is not reached, the Audit Innovation Manager is consulted for resolution. This process is documented in the audit tool.

The Auditor Peer Communication process is completed, and the Audit Innovation Manager Review has concluded. Any issues identified by the Audit Innovation Manager were sent back to the assigned auditor for review and resolution, but none were identified. Following the completion of this process, the districts/units have an opportunity to review all the audit results and scorecards. If any discrepancies or concerns are identified, an Audit Re-Evaluation Request Form should be submitted to PSAB documenting their concerns.

The Q# correlates to the number of the questions on the actual performance evaluation. The text following the Q# is the question asked of the assigned auditor in the audit tool. There were **73** performance evaluations reviewed for this audit.

Recommendations

Performance Evaluations continues to show overall improvement over the prior audit. However, there are opportunities to improve in the following areas:

Narrative Section (Q1 – Q4B):

While examples and detailed descriptions are improving, supervisors need continuous reinforcement of the expectations around clear and concise explanations for those given answers.

1. This report will serve as notification of district/unit performance during this audit.
2. Work with Policy Standards Section to develop DTB's to address the training issues identified in this report.
