Subject: FLUM Amendment Submission

Dear Sirs

Re: Maria-Treffinger-Application_2.pdf
FLUM reference: PD-7-35

I am a Bywater resident and member of the BNA.

I attended the NPP for the properties frequently referred to as "The Truck Farm."

I support the owners' application to change the land use designation so that each property has one designation, not a line across the properties parallel to the street changing the use and possibly zoning between the front and back sections of the same property. It does not seem logical and hampers proper and normal use of the land.

Please link this message to the application file.

Thank you for your consideration.

Yours faithfully

Bob Freilich
